REMARKS.

The foregoing report shows a marked increase in the business transacted in the several Courts and departments of this office during the past year.

The receipts of the Courts for fees are more than \$5,000 in excess of the previous year, and the office would undoubtedly be self-sustaining, even with the present inadequate and unfair fee bill, were it not for the fact that the books and stationery for all the Courts and Judges, and the expenses for books and stationery, and clerical labor in preparing the Ward Registers, as required by law, are all charged to the County Clerk.

There is pressing need of a larger room for the main office of the County Clerk; the present one being too small, and greatly overcrowded with cases and pigeon holes, now filled with suits, many of which are becoming torn and mutilated by too close packing. The room is also very dark, and badly ventilated, and is unsuitable for present use.

The work in my office is kept closely up, and the different branches of it are in very good condition.

Respectfully submitted,

THOS. H. REYNOLDS,

County Clerk.

CORONER'S REPORT.

CORONER'S OFFICE,
San Francisco, July 27th, 1876. }

*Hon. A. J. Bryant, President, and Gentlemen Members of the
Board of Supervisors of the City and County of San
Francisco:*

In accordance with Resolution No. 9,122, (new series), passed by your Honorable Body July 17th, 1876, herewith is presented the Coroner's Report for the Fiscal year ending June 30th, 1876.

The number of deaths investigated by the Coroner during the year, is three hundred and twenty-one (321), an increase of twenty-four (24) over the preceding year.

In one hundred and fifty-three (153) cases a formal inquest by jury was required and held.

The remainder, after full investigation, were buried on a certificate as to cause of death being given by the attending physician, approved by the Coroner, or by the Coroner himself, after inspection of the body or an autopsy.

The year has been remarkable for the increased number of deaths of strangers, due to the large immigration into our State, in most cases an autopsy being the only clue as to cause of death. In all cases where doubt existed as to cause of death, an autopsy has been ordered; also in criminal cases, in order that the requirements of the law might be fully met.

The growth of our city during the year 1875, especially as to the suburbs, (about eleven hundred new buildings having been erected,) greatly increased the labor of the office, rendering the then existing force inadequate to the proper performance of its duties.

The facts were duly laid before the State Legislature, 21st Session, 1875-76, by the Coroner, and an amendment to the existing Act in Relation to Coroners of San Francisco, was passed and approved authorizing the appointment by the Coroner of a second deputy, which appointment was made on the 6th day of April, 1876.

The accompanying tables will exhibit:

FIRST.—The number of deaths investigated and inquests held during each month of the year. (The largest number occurring during the month of December, 1875.)

SECOND.—The birth-place of deceased, in each case, as far as could be ascertained.

THIRD.—The cause of death in each case, and the nature of the crime charged, if any.

FOURTH.—The deaths from natural causes, classified as to disease producing the same, as shown by inspection or autopsy.

Also, accompanying will be found a schedule, exhibiting the property found, with or upon the bodies of deceased persons, taken by the Coroner, and the final disposition of the same.

The law has been fully complied with, the property being delivered to a legal representative, the Public Administrator, the City Treasurer, or in accordance with a resolution of your Honorable Body. In every case a receipt has been taken for the same, and filed in this office.

The property consisted of money to the amount of seven thousand four hundred and sixty-one dollars and eighty-eight cents, (\$7,461.88), jewelry, clothing, furniture, pictures, books, stocks, and all sorts of personal effects, value unknown.

The following expenses have been incurred during the year, in the prosecution of the duties of the office. Demands on the City Treasurer have been made for the same, certified by the Coroner, and approved by your Honorable Body.

Autopsies, 110 cases.....	\$2,200 00
Chemical Analyses, two cases.....	100 00
Rewards for bodies recovered from the Bay of San Francisco, 36 cases.....	360 00
Total.....	<u>\$2,660 00</u>

In suits against the Sheriff, fees have been collected by the Coroner, and paid over to the City Treasurer, in accordance with the law, amounting to one hundred and fifty-five dollars and forty-five cents, (\$155.45.)

In conclusion, I would state that my thanks are tendered to Deputy Coroners Phelps and Wheeler, and to Messenger Smith for faithful performance of their several duties.

The autopies have been made by Dr. John T. Crook, and the chemical analyses by Mr. Louis Falkenau, who have, in the discharge of their duties, rendered exceedingly valuable service.

I am under great obligations to Chief of Police Ellis, and force, Sheriff Nunan, and deputies, for valuable assistance in the discharge of my official duties.

All of which is respectfully submitted.

BENJ. R. SWAN, M. D.,

Coroner.

PUBLIC ADMINISTRATOR'S REPORT.

OFFICE OF THE PUBLIC ADMINISTRATOR, }
San Francisco, July 1, 1876. }

*To the Honorable the Board of Supervisors
of the City and County of San Francisco:*

GENTLEMEN:—Herewith I submit to you a report of all estates administered on by me during the year ending June 30, 1876, containing a statement in each case of the date of issuance of letters by the Probate Court, the value of the estate, the expenditures made therein, the amount of money on deposit with the City and County Treasurer, the amount left at interest in the different savings banks of this city, and the balance in my hands.

The report also embraces all cases in which special letters of administration have been granted, and all estates the value of which has been too small to justify the issuance of letters by the Court, and a statement of estates settled and distributed during the year.

Respectfully yours,

SIMON MAYER,

Public Administrator.

REPORT

OF THE

SUPERINTENDENT OF PUBLIC STREETS, HIGHWAYS AND SQUARES.

OFFICE OF SUPERINTENDENT OF PUBLIC STREETS, ETC., }
SAN FRANCISCO JULY 1, 1876. }

To the Honorable Board of Supervisors:

GENTLEMEN—I have the honor to submit herewith my report for the Fiscal Year ending June 30, 1876.

A comparison of the amount of work done during the past year with that of previous years, will show the excess has been in the matter of brick sewers and pavements.

The length of sewers constructed during the year is $14\frac{205}{1000}$ miles, making a total length of sewers in good working order, $88\frac{415}{1000}$ miles.

An important feature in the Sewerage of the city is the construction of the Channel Street Sewer, extending from Ninth to Eighteenth Street; and I would most earnestly recommend the immediate filling of Mission Creek, that the sewers in Eighteenth, Seventeenth, Sixteenth, Fifteenth, Fourteenth and Eleventh Streets may be extended and connected with this main artery of sewerage before the commencement of the rains, and the Channel Street Sewer itself made available for the purposes intended in its construction.

The low grades existing along the eastern and southern portion of the city, more especially the intersecting streets between

Fourth, Fifth and Sixth Streets, which are principally wooden sewers, should be raised and reconstructed of brick. They are at present receptacles for sand, and their inclination is so slight, owing to the grades, that they are a source of continual expense in their cleansing, as well as also failing to perform their functions in drawing water from house connections.

Where good grades exist, pipe sewers should be put in, instead of the large brick sewers heretofore constructed.

Seventh Street Sewer should be extended from Harrison Street to the Bay, as at present the Sixth Street Sewer has to perform all the work that should devolve upon other outlets. I would recommend that all brick sewers proposed to be constructed, should be forwarded prior to the commencement of the rains. I have arranged the specifications in a manner to increase the richness of cement mortar, thereby insuring solid work, and together with having all brick work and paving and mixing of mortar under a Superintendent appointed by myself, I feel confident that class of work is being well done.

For a statement in detail of Sewers constructed, giving location, material and cost, reference is made to the table accompanying this report.

PAVEMENTS.

The streets where new paving has been laid are also shown on tabulated statement. In this connection I would state that the expansion of the various wooden pavements proves them valueless in this climate. The cobble stone paving, owing to the instability of the foundation along the water front and east of Montgomery Street, is rendered costly in consequence of the frequency of repairs. On the steep grades no pavement can surpass the cobble.

The granite block pavement has been proven to be the best yet laid in this city for heavy travel, and while the expense attending the first laying is slightly in excess of cobble, it is, beyond a doubt, the best and most satisfactory paving material that has as yet been adopted, as a solid and permanent roadway for heavy teaming on our business streets.

The so called Basalt Stone from Napa County, owing to its flinty nature, wears so smooth that in a short time it becomes dangerous for horses by slipping. I would recommend that in those places on Montgomery and Sansome Streets where cobble stone paving now exists, that the granite block be substituted, and also where wooden blocks are laid when repairs become necessary, as it is ultimately cheaper to repair wood with stone, than to replace with the original material; and also in this connection, I deem it proper to recommend an increased number of crosswalks laid on Market Street, from Montgomery Street as far west as Sixth Street. The immense pedestrian travel across Market Street makes it extremely necessary that increased facilities should be provided in this locality.

I desire to call your attention to the fact that there is no portion of the city where work should more promptly progress than on Montgomery Avenue. Its present condition is such that unless immediate steps be taken to forward the work, the rainy season will place it in a most deplorable condition, and I earnestly recommend to your Honorable Body the necessity of improvements on this thoroughfare.

Your attention is also called to the condition of many of the areas where asphaltum sidewalks exist. Recent repairs on Kearny and Montgomery Streets have shown many of them to be exceedingly dangerous, and it is recommended that a competent party be appointed to inspect all areas where asphaltum sidewalks are laid, and report their condition that proper steps may be taken to make them secure, as a precaution against accident and danger to life and limb.

The Bridge across Mission Creek at Ninth Street is in a dilapidated condition, though repairs have been made upon it that are ample in case the work of filling in the Creek is accomplished this season.

The Bridge across Second Street cut has also been repaired, and measures taken to insure its security.

The amount expended on repairs is submitted in appended statements.

The depleted state of the Street Department Fund, in consequence of which your Honorable Body found it necessary to di-

minish for a time the force required to work on accepted streets, rendered it impossible for me to keep the main thoroughfares even in as good condition as desired.

Very respectfully submitted,

JOHN HAGAN,

Superintendent of Public Streets, Highways and Squares.

ASSESSOR'S REPORT.

ASSESSOR'S OFFICE,
San Francisco, July 28, 1876. }

*To the Honorable the Board of Supervisors
of the City and County of San Francisco:*

GENTLEMEN—In compliance with Resolution No. 9,122, adopted by your Honorable Body on the 17th day of July, 1876, I herewith beg leave to submit my Annual Report as City and County Assessor for the Fiscal Year ending June 30, 1876.

EXPENSES OF OFFICE.

Salary of Assessor.....	\$4,000 00
Books, Stationery, Blanks, Maps, etc.....	3,087 32
Salaries of Deputies from July 1, 1875, to July, 1876,	50,770 00
Total.....	\$57,857 32

In accordance with the law I delivered to your Honorable Body, on the first Monday in June last, the Assessment Roll of Personal Property, comprising eight (8) volumes, amounting to \$71,757,030; and on the first day of July following, the Real Estate Roll in twenty-four (24) volumes, amounting to \$188,791,972—the total Rolls aggregating \$260,549,002. In addition thereto you have received two (2) volumes of Assessments for the opening of Montgomery Avenue; two (2) volumes of Alphabetical Index; the Military Roll; and nineteen (19) volumes of Block Books, containing maps of all Real Estate within the limits of this County. As compared with the totals of the Rolls of last year, there is a falling off of \$58,762,341. This was oc-

casioned by the decision of the Supreme Court, declaring solvent debts and mortgages unassessable. Last year mortgages and solvent debts were assessed in the sum of \$80,075,850, from which little or no tax was collected. Deducting mortgages and solvent debts from last year's Roll, the comparisons will show an increase on property from which a tax can be collected, of \$21,313,509, in favor of this year. Notwithstanding the increase this year of the assessment on Real Estate and improvements of almost eighteen millions of dollars over last year, the number of applicants before your Honorable Board for reduction has been less than any previous year. After the great care exercised by your Honorable Body while sitting as a Board of Equalization, I feel highly gratified at the manner in which the assessments were sustained. The rapid growth of the city, and the additional labor required in making the assessments as near correct as human agency can provide, has made my force of deputies almost inadequate for the task. The law is such that I can employ as many deputies as I require from the first of March to the first of July, but from the first of July until the first of March, the very time when the maps and diagrams should be prepared, before the rush and excitement consequent upon the preparation of the Personal Roll, the force is entirely inadequate to perform the work properly. I shall apply to the next Legislature to have this changed, giving me less deputies in the spring, and more in the fall and winter. The amount collected from Poll Taxes from July 1, 1875, to July 1, 1876, amounts to \$92,000.

Annexed I beg to submit to your Honorable Body my Annual Report to the Surveyor-General of this State, together with the Statistics of the Mechanical and Manufacturing industries of this City and County.

All of which is respectfully submitted,

ALEXANDER BADLAM,

City and County Assessor.

ASSESSOR'S OFFICE,
San Francisco, July 28, 1876. }

HON. WM. MINIS,

Surveyor-General of the State of California:

DEAR SIR—I beg herewith to submit my Annual Report to your office, in accordance with the law, of the Agricultural products of this County, together with a report of the Mechanical and Manufacturing industries during the year 1875.

A very satisfactory exhibit of the results of enterprise and skill are herein shown, while on the other hand, the Agricultural Statistics of this City and County are necessarily small. Statistics of several of our most important industries have been approximated, as the managers decline, for business reasons, to give information concerning them. The list is as nearly correct as it could be made.

Very respectfully yours,

ALEXANDER BADLAM,

City and County Assessor.

The constantly over-crowded condition of the Broadway Street Jail renders the removal of prisoners to the Branch Jail necessary, in order to provide against epidemics. The building used as the Branch Jail is totally unfit, in its present condition, for a prison, affording little or no obstacle to criminals anxious to regain their liberty, to prey upon the community.

I would, therefore, respectfully suggest that the said building be altered and improved in such a manner as to render it secure against escapes, and a relief to the over-crowded condition of the Broadway Jail.

Yours, very respectfully,

MATTHEW NUNAN,

Sheriff of the City and County of San Francisco.

AUDITOR'S REPORT.

CITY AND COUNTY AUDITOR'S OFFICE, }

PARK COMMISSIONERS' REPORT.

OFFICE OF THE PARK COMMISSION,
San Francisco, June 30, 1876. }

*To the Honorable the Board of Supervisors
of the City and County of San Francisco:*

GENTLEMEN—The undersigned, Park Commissioners, submit their report for the fiscal year ending with this date, regretting that recent legislation has compelled them to modify their plans and retarded the progress of the work committed to their care.

RECENT LEGISLATION.

Your attention is asked to some of the features of the statute passed at the last session of the Legislature.

There are five public reservations, destined for improvement as pleasure grounds, in charge of this Board, viz: "Golden Gate Park," "The Avenue," (the approach to the Park,) "Buena Vista Park," "Mountain Lake Park," and the "Great Highway," upon all of which it is necessary to expend more or less money for the purpose of preservation of public property.

In terms of unequivocal meaning, the Act makes provision for Golden Gate Park alone. It provides that the City and County Surveyor shall be the Engineer to this Board, although it by no means follows that the most competent of Civil Engineers possesses the necessary qualifications for this specialty.

The same Act so restricts the Commission, that it cannot employ a Secretary, nor engage the services of a Lawyer, Architect

or other professional person whose aid might be indispensable. No provision is made for office rent, stationery, printing, or other contingent expenses. Such are the conclusions of the City and County Auditor, based upon a written professional opinion by the City and County Attorney, transmitted to this Board.

NECESSITIES OF THE PARK.

As to the necessities of the works and grounds committed to the charge of this Commission, we beg leave to introduce a copy of a letter addressed by us to one of the Senators representing this City and County, the contents of which were communicated to the Legislature:

SAN FRANCISCO, March 20, 1876.

HON. WM. S. PIERSON:

SIR—To your request for definite information as to “the amount of money which it will be absolutely necessary to expend upon the grounds in charge of this Commission during the next two years,” in order that they may be properly maintained and preserved from deterioration, their use “regulated and governed,” we reply as follows:

The total cost of maintaining and administering the affairs of the Golden Gate Park, for the year ending November 30, 1875, as shown by detailed tabular statements, compiled from records of service, supplies and material expended on this line of duty and work alone, is \$37,106.55.

This includes the proportion of superintendence chargeable to maintenance; efficient clerical duty; cost of maintenance proper, under the following headings, viz: overseeing, guard duty, road dressing, cleaning and repairing drives and walks, sprinkling drives, maintenance of gates and fences, of water and drain pipes, of buildings and structures, plantation watering, plantation attendance, grass maintenance, general work and incidental expenses.

It does not take into consideration the economy with which much of this work has been performed, while being carried forward at the same time with improvement, and an estimate for maintenance alone, should be placed at a figure ten per cent. higher than that given on this account.

Furthermore, it does not include items of expenditure which must be incurred to prevent great deterioration in value, actual loss and destruction of property, which would otherwise inevitably result. We refer to the preservation of the improvement in progress upon the drifting-sand portion of Golden Gate Park. And in this connection, the word “preservation” means nothing short of the vigorous prosecution to completion of the work of reclamation itself. As a dam to a reservoir is not fitted for use until thoroughly water-tight, so these sands are not reclaimed until completely mastered.

As the entire structure would be swept away, involving not only destruction of itself, but of much other valuable property, should such a dam be allowed to remain in a half-finished and leaky condition; so will the work already performed on these sands, for their reclamation, be erased and other Park property overwhelmed within the next two years, should this work of reclamation be arrested at its present stage.

The sands have been reclaimed by use of the Lupin bush, to a condition wherein they are kept from drifting for a few years, and during this period they must be planted with young trees, which upon the death of the Lupin, will take its place and maintain the mastery of the drift. It would have been proper to have planted many thousands of these trees during the past season, but the condition of the funds at the disposal of this Commission forbade the expense. It cannot be delayed more than one season longer.

The advance of the sand has been primarily checked at the beach, according to the plans set forth in the last two biennial reports of this Commission. This work must be prosecuted at fitting times, in the natural course of events as the sand is brought upon the beach.

In the present state it happens that the next two seasons are most important. Should this work be neglected, that which has been expended upon it may be lost, and the reclaimed lands and roadway now under its protection, will be overwhelmed by the advancing sands. In our judgment it will be necessary to expend upon these two works, viz: The completion of the reclamation and foresting of the sands, and the beach protection works, during the next two years, the sum of \$50,000, which expenditure will put the sand lands of the Park in a condition to be let alone, without material further expense for years to come—make them, in other words, a thriving young forest, the full benefit of which can only be appreciated fifteen or twenty years hence.

In view of the foregoing we desire to state distinctly, that in our opinion, the sum of \$50,000 per annum, at least, should be provided for the further improvement and maintenance of Golden Gate Park, and a further sum of \$50,000, provided for the completion of the reclamation works as aforesaid, for the next two years.

In submitting these statements to you, as a member of the Delegation representing this City and County in the Legislature of this State, we feel that we have done our whole duty in the matter, and thank you for having given us the opportunity to clearly express our views on the subject.

E. L. SULLIVAN,
WILLIAM ALVORD,
LOUIS McLANE.

Park Commissioners.

To this we have nothing to add except to say that the means placed at the disposal of the Commission will aggregate about \$40,000 per annum, a little less than one-half the amount shown to be necessary for the preservation and prosecution of its works.

PROSPECTS FOR THE FUTURE.

If a much more liberal policy be not soon adopted, the present generation will scarcely derive any benefit or pleasure from the improvement of these grounds, as the return for Park improvement is by no means immediate, on account of their necessarily gradual development.

If the street railway companies are expected to provide means for transporting visitors to and from the parks, the grounds must be brought to a condition which will render them sufficiently attractive to the people to warrant the companies in constructing lines of transportation, and operating them.

As it is, the means provided will barely keep in order and guard the portions of the grounds already improved.

RESIGNATION OF SUPERINTENDENT.

Soon after the recent action of the Legislature, Mr. Wm. Hammond Hall, our Chief Engineer and Superintendent, tendered his resignation, which we accepted with regret. He had been connected with the Golden Gate Park since its inception, and we have found him everything that could be wished, in capacity, intelligence and integrity.

FINANCIAL EXHIBIT.

We present herewith, in Exhibit "A," the usual statement of the receipts and disbursements, from the organization of this Board to the present date; and refer to our last annual report, as printed in the Municipal Reports for the fiscal year ending June 30th, 1875, for an explanation of the classification and nomenclature of subdivisions of expenditures, and receipts shown therein.

RECEIPTS.

At the date above given, the full number of Park Bonds, to issue which authority had been given by Legislative enactment, had been disposed of, viz.: 475 of \$1,000 each, for which the sum of \$442,577.50 had been received. Other receipts, as per

Exhibit, brought the total to \$447,570.62. The amount which had been expended was \$385,927.71; and the balance on hand, with which to enter upon the year just past, was \$61,642.91.

The receipts during the year have been as follows:

From sale of Rustic Lumber.....	\$ 48 80
From Police Court Fines.....	460 00
From Pound Fees.....	265 00
Total Receipts	\$ 773 80

DISBURSEMENTS.

With the balance of cash on hand June 30th, 1875, and aggregate of receipts as above given, the amount of available funds for the year has been \$62,416.71, of which \$61,792.54 have been expended, leaving a cash balance of \$624.17 in the Park Fund at this date.

FUTURE REVENUE.

The legislation of the session of 1875-6, concerning the affairs of this Commission, did not authorize the issuing of additional Park Bonds, but provided, in Senate Bill No. ———, that a special tax of one and a half cents on each one hundred dollars valuation of taxable property in the City and County, be levied and collected in the usual manner, the proceeds of which to be applied, by this Board, to the "preservation and improvement of Golden Gate Park;" and in Assembly Bill No. ———, that "the sum of fifteen thousand dollars be transferred from the General Fund of the City and County, to the Park Fund, the same to be expended, as heretofore, for the maintenance of Golden Gate Park."

It is expedient that the last mentioned sum be placed at the disposal of this Board at once, to meet the demands which must necessarily be drawn on the Park Fund, pending the time of its replenishment by the revenue from the tax levy spoken of.

The proportion of valuation of property in the City and County, upon which taxes will be collected during the present year, being about two hundred and twenty millions of dollars,

the tax of one and a half cents on each hundred dollars will raise a revenue of thirty-three thousand dollars, which, with one-half of the fifteen thousand dollars, (the other half being carried over into the next year to aid the levy for that year,) the fund at the disposal of the Commission for the ensuing year, will amount to about forty thousand dollars, as stated heretofore.

EXPENSES OF THE PAST.

We call your attention to Exhibit "B," wherein the sum charged to "Improvements and Maintenance," in the Ledger, as shown in Exhibit "A," is accounted for in detail, upon a systematic arrangement of the items of expense, as recorded in all the bills and vouchers paid by this Board, and charged to that account.

In Exhibit "C" will be found a summary of the Stock Account, showing, according to an extended classification, the values of stock purchased, expended, and remaining on hand. The original cost is taken as the value of the items in each instance, and articles yet in good repair, and serviceable, are ranked as on hand.

The total cost of stock purchased, given in this statement, in addition to stock charged to "Improvements and Maintenance," as per Exhibit "B," also includes cost of items of stock, such as *permanent account books*, some *office fixtures*, *draughting implements*, etc., charged to "Stationery," "Printing," or "Office Expense" accounts, in Ledger.

The values of the several kinds of material, supplies, etc., purchased, as per Exhibit "B," and remaining on hand at this date, are shown by Exhibit "C," while the value, as established by the actual cost, of the class of stock, etc., produced by the expenditure or combination of some of that labor and material, and remaining on hand, is shown in Exhibit "E."

In Exhibit "F" is shown the actual cost of Park works, according to memoranda, accounts, etc., as made by the use and expenditure of the several classes of material, labor, etc., the cost of which has been shown in the preceding Exhibits. In this statement the item, *Preparation of the Grounds*, includes the

works of grading, shaping, dressing, soiling, plowing, subsoiling, digging, and fertilizing. *Construction of Roads and Walks*, means the macadamizing and claying of the same. *Engineering Works*, comprises the cost of wells, pumping works, engines, mills, tanks and forcing pipes, water distribution and receiving systems, and drainage works. *General Works*, is the appellation of fencing exterior and interior. *Structures*, are divided into three general classes, viz.: frame houses, barns, stables and sheds; glass houses, frames, etc.; and rustic pavilions, shelters, bowers, seats, etc. *Reclamation of Sands*, is subdivided into primary plantations, preparing the same by sowing, by brush covering, by claying, construction of protection fences, and temporary roads for use on the work, sowing tree and grass seeds through the primary plantation, and some small miscellaneous expenses. *Sundry Small Works*, are composed principally of small mechanical jobs, not properly ranked under any of the other headings, unavoidable temporary works, etc. *Horticultural Improvements*, comprise the propagating or purchasing, and planting out of all trees, shrubs, flowers, grass, etc., with much other gardening and clearing out or foresting work, and value of nursery stock on hand. *General Maintenance*, comprises proportionate amount of overseeing, guard duty, road dressing, cleaning and repairing drives and walks, sprinkling drives, maintenance of gates and fences, of water distributing works, of buildings, and miscellaneous small items. *Horticultural Maintenance*, comprises proportionate amount of overseeing, plantation watering and attendance, turf maintenance, general work, and miscellaneous small items. *Hauling Sundries*, comprises, for the most part, small jobs of hauling from town by park teams, not readily apportioned to specific works. The other items of this Exhibit explain themselves.

The charge to *Maintenance*, on this account, does not include the proportion of other items than those charged to "Improvements and Maintenance," in the Ledger, (and necessarily included in an estimate for maintenance of the Parks,) as does the amount given in the body of this report, as the actual cost of the maintenance of the Park for the year ending November 30th, 1875.

These statements, with the details of accounts from which they were prepared, were drawn up by the former Engineer to this Board, and they present a very complete and satisfactory accounting for the works prosecuted under his superintendence.

We present further in other Exhibits, the customary statistics of the use and government of the Parks.

Upon examination of Exhibit "H," it will be observed that the total number of vehicles which entered the Park during the past year was 169,263, an increase of 4,638 over the number for the preceding fiscal year; and the total number of people, 561,288, an increase of 14,455 over the number for the same period.

All of which is respectfully submitted.

E. L. SULLIVAN,
WILLIAM ALVORD,
LOUIS McLANE,

From the foregoing exhibit of expenditures, it will be seen that the per capita cost is a trifle lower this year than last, while the average number of inmates has been less.

The boys have been generously fed and well clothed, yet the cost for these two items has been reduced three cents per capita per day, or eleven dollars (\$11) per year.

The expenses for fuel, lights, salaries, etc., of course remain about the same, without regard to numbers.

The 400,000 gallon reservoir mentioned in my last report, then in course of construction, has been completed, and, together with new supply pipe, fire mains, etc., has cost \$5,518.30, the whole of which is included in this year's account. Had it not been for this, the expenses of the School the past year would have been considerably within the amount of the appropriation. The building of this immense cistern has supplied a long felt necessity, and now furnishes a plentiful supply of water for the School, and the House of Correction adjoining. At the rear of the building two large hydrants have been placed, the Fire Department having generously supplied 500 feet of hose. These water works are now a safeguard against fire, and afford ample means of irrigation for the gardens and grounds of both institutions. While the House of Correction reaps equal advantage from this reservoir, the whole cost of its construction has been paid from the funds of the School.

During the past year, many boys who were friendless and homeless have been placed in the way of earning their own living, where, by good conduct, they have the opportunity of securing for themselves a prosperous future.

Fifty-seven boys, of suitable age and physique, have been transferred from the School to the "Training Ship Jamestown." This has left the Institution, at the present time, with small boys only, (with a few exceptions,) which renders it difficult to do the necessary work as thoroughly and systematically as I could wish, and at the same time allow each boy to attend regularly in school. I have, however, endeavored to utilize the labor of the boys in such ways as would result in the most advantage to themselves and the Institution, even the

smallest being made to understand that labor is both necessary and honorable.

The Band of the Institution has made great improvement during the year, and is a source of pride and pleasure to all. Besides playing for a large number of churches, societies, and charitable institutions, free of charge, it has earned sufficient money to pay all current and incidental expenses, and leave a balance on hand.

On the 18th of April, the Band gave a concert at Platt's Hall, for the purpose of raising funds for the purchase of a new uniform. This was not only a success financially, but attracted a large and select audience, who appreciated the music of the boys, and manifested their satisfaction in a most flattering manner.

The educational department has progressed as favorably as could be expected, during the year. As a rule, the boys committed to the School are very backward in their studies, being of a class who dislike restraint, and have an antipathy for study of any kind, having given the truant officers much trouble before they came here. While in the Institution, they are of course compelled to attend two sessions of school daily, and most of them make decided and rapid improvement during their stay.

The health of the inmates for the past twelve months has been uniformly good, having had few or no cases of severe sickness, and only one death. This was a boy who retired to bed in good health, and was found dead in the morning, having suffocated during the night.

In conclusion, gentlemen, I desire to return my grateful thanks to the Industrial School Committee of your honorable Board, for their uniform courtesy and kind coöperation. To these gentlemen I am indebted for many wise councils and judicious suggestions.

To the officers of the Institution, who, as a rule, have performed their duties faithfully, I am under many obligations.

Respectfully, your obedient servant,

D. C. WOODS,

Superintendent.

REPORT OF CHIEF OF POLICE.

OFFICE OF THE CHIEF OF POLICE, }
SAN FRANCISCO, CAL., August 1, 1876. }

*To the Honorable the Board of Supervisors
of the City and County of San Francisco:*

GENTLEMEN—In response to Resolution No. 8,378 of your Honorable Board, I submit my Report of the Police Department for the year ending June 30, 1876.

Schedule "A."—Exhibits the number and tabulated statement of the arrests made by the Police during the year.

Schedule "B."—Shows the number of arrests by and strength of the Police Force, for fourteen years preceding June 30, 1876.

Schedule "C."—Exhibits the arrests made in San Francisco and other large cities, showing the number of Policemen, and the average number of prisoners arrested in a year by one officer, in such cities.

Schedule "D."—Cash received during the year from Sheriffs of other counties, masters of vessels, and others, for keeping of prisoners in the City Prison.

Schedule "E."—Exhibits value of property reported as lost or stolen during the year, and amount recovered by the Police.

Schedule "F."—Exhibits the number of witnesses subpoenaed for the Police Judge's Court and City Criminal Court, nuisances on private property abated, and lost children restored to their parents by the Police, for the year ending June 30, 1876.

Schedule "G."—Unclaimed property and money in the possession of the Chief of Police to June 30, 1876.

Schedule "H."—Exhibits the name, age, nativity, length of service, mystery, and social condition of the members of the Department.

The arrests made during the past year have been more numerous than any previous year, as will appear by reference to Schedule.

CRIMES OF VIOLENCE.

The efforts of the officers have been especially directed to break up the gangs of young ruffians who have, from time to time, committed outrages on our citizens, and many offenders have been discovered and punished.

The greatest difficulty which the Police experience in these cases is, the unwillingness of spectators to testify to the facts. This unwillingness results from the loss of time and business involved in attending Court, and in some cases from timidity. Neither of these excuses are good. The State has a right to the time and knowledge of a witness, in aid of the administration of justice, and timid persons can feel assured that they shall enjoy complete protection, for this is one of the ends for which Courts of Justice are established. But the invalidity of these excuses does not help the officers to supply the evidence thus lost. The officers have been instructed to prosecute all known offenders, and, by compulsory process, bring reluctant witnesses to Court.

ORDINARY DUTIES.

The Police have been persistent and unremitting in their efforts to prevent and punish crime. That they have been successful is witnessed by the peace and order which has generally prevailed.

Our Chinese inhabitants are more frequent violators of sanitary and police regulations than any others, and the large number of arrests made among them show that the Police have been

active in enforcing the law. The Honorable A. J. Bryant, Mayor of this city, has given me a cheerful and earnest support in enforcing these laws among the Chinese.

LODGING HOUSES.

The Act passed by our last Legislature, "Concerning Lodging Houses and Sleeping Apartments" within the limits of incorporated "cities," has been in force three months, during which time 518 persons have been arrested by the officers detailed therefor, for violating its provisions.

POLICE DRILL.

In order to improve the bearing and carriage of the officers when on duty, and to prepare them for being properly moved in case of riot or public disturbance, the force have been drilled in simple evolutions; they have also been instructed in the use of the police baton, which experience has shown to be a most effective weapon for the dispersion of mobs, and more merciful and humane than firearms.

THE POLICE DEPARTMENT

of this city is the smallest known, in proportion to the number of inhabitants, and, considering the extent of territory covered by our city, the number of arrests made, and the other duties performed by the department, it is not equaled in efficiency by any.

All of which is respectfully submitted.

H. H. ELLIS,
Chief of Police

REPORT

OF THE

BOARD OF FIRE COMMISSIONERS.

FIRE COMMISSIONERS' OFFICE, }
San Francisco, September 11th, 1876. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco:*

GENTLEMEN—In conformity with Resolution No. 9122, (new series), adopted by your Honorable Body, the Board of Fire Commissioners submit this their Tenth Annual Report of the condition and workings of the Fire Department of the City and County of San Francisco during the fiscal year ending June 30th, 1876.

The Board at present consists of William Ford, Gordon E. Sloss, Edward Flaherty, Bernard Ordenstein, and Charles Field.

At an election for City and County officers, held on the first day of September, 1875, Edward Flaherty, Bernard Ordenstein and Charles Field were elected Fire Commissioners for four years.

Commissioners Flaherty, Ordenstein and Field, took their seats as members of the Board on the 6th day of December, 1875

The Department at present consists of eleven (11) Steam Fire Engines, seventeen (17) Horse Hose Reels, three (3) Hook and Ladder Carriages, and Horses, together with the necessary equipments, in active service, and four Steam Fire Engines,

two Hose Reels, and one Hook and Ladder Truck, in reserve at the Corporation Yard, the condition of which is as fully kept up to the standard required as that of the apparatus in active service.

The Department as now organized is entitled to two hundred and forty-five members, including the Board of Engineers, Clerk of the Board of Fire Commissioners, Messenger of the Board of Fire Commissioners, Veterinary Surgeon, and men employed at the Corporation Yard, divided as follows: One Chief Engineer, four Assistant Engineers, one Clerk to the Board of Fire Commissioners, one Messenger to the Board of Fire Commissioners, one Superintendent of Steam Fire Engines, one Assistant Superintendent of Steam Fire Engines, one Corporation Yard Keeper, one Corporation Yard Drayman, two Hydrantmen, eleven Enginemen, eleven Firemen, twenty Drivers, six Stewards, and three Tillermen, and one Relief Engineer, recently created by the Board of Supervisors, who is employed at the Corporation Yard—who are permanently employed. These, together with the Veterinary Surgeon, who gives his attention to the horses of the Department, and renders professional services whenever required, and one hundred and eighty-three men who do duty only when alarmed, constitute the entire Department.

For a detailed statement of the workings of the Department for the fiscal year ending June 30, 1876, we refer your Honorable Body to the report of the Chief Engineer, accompanying this.

In conclusion, we desire to acknowledge our indebtedness to your Honorable Body for the promptness with which you have seconded our every effort to maintain and increase the efficiency of the Fire Department.

Very respectfully,

W. FORD,
G. E. SLOSS,
ED. FLAHERTY,
B. ORDENSTEIN,
CHAS. FIELD,

Fire Commissioners.

REPORT OF THE CHIEF ENGINEER

OF THE

SAN FRANCISCO FIRE DEPARTMENT.

To the Honorable the Board of Fire Commissioners

of the City and County of San Francisco:

GENTLEMEN—In conformity with a rule of your Honorable Body, I have the honor to present to you this, the Tenth Annual Report of the San Francisco Paid Fire Department.

I respectfully present a detailed statement of the condition and working of the Paid Fire Department for the fiscal year ending June 30, 1876, together with such recommendations as my experience as Chief Engineer suggests, and which, if carried out, will, in my opinion, greatly increase its efficiency, and enable it to cope more successfully with fires

I have endeavored to present to your Honorable Body in this Report all the items of interest connected with the working of the Department during the fiscal year just closed.

In it will be found a complete Roll of the Department, including Number of Badge, Name, Position, Age, Residence and Occupation of every man attached to the Department proper, a list of men employed at the Corporation Yard of the Department and their respective positions, together with a detailed statement of the property in possession of the Department, including Engines, Hose-Reels, Hook and Ladder Carriages and appurtenances thereto, Hose, Horses and property at the Corporation Yard. Also, a list of the number and location of Hydrants and Cisterns, from which a supply of water can be obtained when required, together with a list of the number and location of Signal Boxes; a record of the fires and alarms during the fiscal year commencing July 1, 1875, and ending June 30, 1876; the origin of all fires, as far as it could be ascertained; a statement of the losses by fire during the year; amount of insurance on property damaged or destroyed, and amount of insurance paid; the number of alarms responded to by each Company, number of times in service, and time at work on fires, and a statement of all such losses that exceeded two hundred dollars.

It affords me great pleasure to testify to the fact that during the past year the officers and members of the Department have by their promptness in

responding to the calls of duty, and through their skill and daring in battling with the fiery element, maintained for the Fire Department that reputation for efficiency and bravery which it has enjoyed since its organization—a reputation second to that of no other fire department in America.

During the year just closed a number of fires occurred which threatened destruction to a large amount of property; but the promptness and bravery of the members of the Department prevented any very serious conflagration in every case, with perhaps two exceptions—that of Brittan, Holbrook & Co. and the Bay Sugar Refinery—where a very large amount of property was destroyed.

HOSE.

In another portion of this Report will be found a statement of the quantity, quality and condition of all the hose in possession of the Department, and available for fire purposes, and how and where distributed; also, a statement of the quantity of hose in the possession of private parties, the names of said parties, and where the hose is kept.

CISTERNS.

In another portion of this Report will be found a tabular statement of the number, location and capacity of cisterns from which the Department can, in case of need, obtain a supply of water.

HYDRANTS.

The number of Hydrants erected prior to the 30th of June, 1875, was one thousand and seventy-three (1,073); during the fiscal year ending June 30, 1876, the number erected was sixty-nine (69); making a total of one thousand one hundred and forty-two (1,142) now available for the purpose of extinguishing fires.

DEPARTMENT APPARATUS.

All the apparatus of the Department in actual service is in good working condition; but in my judgment additional apparatus should be purchased, for while the number of steam fire engines and other apparatus in possession of the Department, and available for the purpose of extinguishing fires may be adequate for all ordinary purposes, I desire to say that our city, standing as it does almost entirely isolated from any point from which assistance could reach us, we would have to rely wholly upon the fire apparatus in our possession for the preservation of the city, or a large portion of it, from total destruction.

DEPARTMENT HOUSES.

The houses of the Department are in good condition, and comfortably furnished. During the fiscal year ending June 30, 1876, two new houses have been erected, one for Engine Company No. 8 on Pacific avenue near

Polk street, and the other for the new Hose Company, No. 6, recently organized by your Honorable Body, on McAllister street, west of Buchanan.

The following table will show the losses by fire during the year, and the number of buildings burned, together with the amount of insurance paid, for which I, am indebted to John L. Durkee, Esq., Fire Marshal, who has kindly furnished me with the necessary data.

HOUSES.

I would recommend that the old house of Engine Company No. 8 on Pacific street be repaired, and that a new Hook and Ladder Company be organized for service in that portion of the city, as in case of any large fires, the companies in the lower portion of the city experience a great delay in reaching fires in that neighborhood.

WATER SUPPLY.

I would again call the attention of your Honorable Body to the smallness of the mains on the City Front, from Front street to East street. Also on Rincon Hill, and that section of the city south of Brannan street, from Sixth street to First street; also east of First street, from Harrison to Mission streets, as this portion of the city is composed of the most inflammable materials, such as hay barns, lumber yards and manufactories.

FIRE BOAT.

I would again call the attention of your Honorable Body to the necessity of a Fire Boat for the use of the Department. This addition to the Department would afford protection to the shipping and property along the water front. Again, if the vessels moored at any wharf where a fire might be raging were aground, and could not be moved to a place of safety, this boat could be used to very great advantage, and assist the Department in preventing the spread of the fire to the shipping.

I would recommend that Engines 3, 4, 6, 9 and 10 be supplied with heaters for generating steam, so that the engine can have from twenty-five to thirty pounds of steam on at all times. This will enable them to throw a powerful stream of water on fires occurring in the immediate vicinity of their respective houses, and check them in their incipency. The advantage gained by this improvement will be very great, as the localities in which these companies are situated are occupied to a great extent by mills, foundries, machine shops, etc., all built of inflammable material, which affords excellent opportunities for extensive and destructive conflagrations, and render it necessary to have a full supply of water in the start of a fire, which is not now afforded by the hydrant pressure in the section of the city covered by the companies designated.

MORE HOSE NEEDED.

I would recommend the purchase of ten thousand (10,000) feet of the best Carbolized Hose, as we should have a large quantity on hand at the Corporation Yard, from which the Department could draw in case of need, so that if an extensive fire should occur, at which a large quantity of hose might be

destroyed, the Department could be supplied without delay with enough to replace that destroyed.

I would urge upon your Honorable Body the great necessity for immediately strengthening the Department by the organization of another Truck Company, to be located in the old house of Engine Company No. 8. on Pacific street, between Leavenworth and Jones; and also a Hose Company to be located in the northwestern portion of the city.

I would recommend the purchase of a large size Chemical Engine for service in the lower portion of the City, where fires occur frequently in the upper stories of buildings filled with valuable goods, and the danger of damage by water is great, when, as at present, it is necessary to run a line of hose to the upper floors and turn on water, which necessarily causes more or less damage to goods on the lower floors. This Engine could be used to advantage in these cases, and the damage to stock greatly lessened, if not wholly prevented. The force required to man the Engine will be a Foreman, Driver, and two permanent Hosemen.

I would recommend the purchase of a Fuel Cart for the Department, to be used for supplying Engines with fuel when at work on fires requiring considerable time to extinguish, as the Engines have carrying capacity for only a small quantity of fuel, and it frequently happens that valuable time is lost in obtaining an additional supply. An ample supply could be kept at the Corporation Yard, from which to draw when occasion requires, if the Department is furnished with a Fuel Cart to be used for hauling it to the Engines at any point they might be at work. I think it should be obtained without delay.

Before concluding my report, I wish to tender for myself and the Department our heartfelt thanks for valuable aid received during the year, which has been of great assistance to the officers and members of the Department, and has contributed materially towards the success which the Department has met with in battling with the fiery element.

To the Honorable the Mayor, the Board of Supervisors, and the Fire Department Committee of the Board of Supervisors, for their prompt attention to all requests made to them to provide for the wants of the Department; for their assistance in matters relating to the Fire Department, and for the cordial and prompt manner in which they have co-operated with me in my efforts to maintain the efficiency of the Department.

To Chief of Police Ellis and his department, for their valuable assistance at fires, and for the promptness with which they have responded when called upon to aid the Department.

To Fire Marshal Durkee, for the prompt and cheerful manner in which he has always responded when called upon for assistance, and for valuable services rendered by him at fires.

To Captain White, of the Fire Patrol, and his Company, for their hearty co-operation with the Department since the date of their entry into active service.

Also, to Mr. Urquhart, Superintendent of the Fire Alarm and Police Telegraph, and his Assistants, for the promptness and efficiency displayed by them in their Department.

To Mr. Lohse, Assistant Superintendent of the Spring Valley Water Works, for the prompt and efficient manner in which he has performed his duties in connection with the care and repair to water pipes and hydrants, which he has kept in excellent condition, thereby enabling the Department to obtain a supply of water without unnecessary delay at all times.

In conclusion, allow me to tender your Honorable Body my sincere and heartfelt thanks for the earnest support extended to me at all times during the year, without which my efforts would have been vain indeed. My every effort has been heartily seconded by you, and I shall ever cherish with feelings of gratitude the many acts of kindness and expressions of friendship on your part, assuring you that as long as you repose confidence in me by retaining me in the position of Chief Engineer of the Fire Department, I shall spare no effort to prove to you that I am not unworthy of the trust reposed in me.

All of which is most respectfully submitted.

DAVID SCANNELL,

Chief Engineer.

During the past twelve months there has been set seven miles of poles, including thirty 40-foot poles and three 60-foot, on Clay, Stockton and Fourth streets.

Twenty-seven miles of wire has been run, the greater part of which has replaced old worn-out wire.

Eleven miles of wire has been taken down, nearly all of which is useless for telegraphic purposes.

There still remains about ten miles of wire on Dupont street to be taken down; all of which has been replaced by new wire running along Stockton street.

Three new boxes have been placed in circuit, and thirty-five boxes removed from buildings and placed on poles, that being much the safest place for them.

SOUTH SAN FRANCISCO.

Two more boxes and one mile and a half of wire have been placed in circuit, connecting with Engine House No. 11, making a total of four boxes and one gong in circuit at that place.

REMARKS.

The attention of the Honorable members of the Board is respectfully called to the urgent necessity of purchasing an Automatic Repeater for the Central Office, as the repeater now in use is only designed to strike numbers below one hundred, and as nearly one-half our boxes are numbered above ninety-five, we are liable to give the wrong signal to the Fire Department, and cause considerable delay in their reaching the proper locality, and a serious conflagration might occur in consequence.

I also require six Automatic Non-interference Boxes to complete the circuit lying south of Market, and east of Fourth street. The wires throughout the city are in splendid working order.

All of which is respectfully submitted.

JAS. S. URQUHART,

Superintendent Fire Alarm and Police Telegraph.

HEALTH OFFICER'S REPORT.

HEALTH OFFICE, }
San Francisco, July 1, 1876. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco:*

GENTLEMEN—I herewith have the honor to submit the annual report of the affairs of this office, including the Mortuary Statistics for the Fiscal year terminating June 30, 1876.

Having been your Health Officer but a few weeks, I shall content myself with a simple recital of the work performed as I find it recorded in this office; reserving any recommendations for the improvement of the sanitary condition of the city until such time as experience and a thorough knowledge shall dictate the same.

The very comprehensive tables included in this report, are the result of the intelligence and work of my immediate predecessor, Henry Gibbons, Jr., M. D., assisted by Mr. N. G. Sawyer, late Secretary.

The population of the city, as estimated by Mr. Langley in his very accurate and comprehensive Directory, is 272,345, an increase of 42,213 over that of last year.

During the fiscal year ending June 30, 1876, there were 4,791 deaths in this city, an increase of 628 over the deaths of the preceding year. The per cent, per 1,000 is a little less than 17.6, a slight improvement as compared with the death rate of the last fiscal year.

When we consider that our city is but a little over a quarter of a century old, and that it already has a population of nearly 275,000, rapidly increasing, instead of being surprised at the condition of our streets, and imperfect character of our sewerage, we are only astonished at the wonderful amount of work that has been accomplished in so short a time. Indeed, what has been accomplished is the result of an enterprise, energy and intelligence unsurpassed, if equalled, by that of any city of modern times.

The experience of the past gives assurance that the near future will very rapidly develop all the improvements necessary to place our city in a sanitary condition equal to that of any city of the world.

Very respectfully,

J. L. MEARES, M. D.,

Health Officer.

REPORT OF QUARANTINE OFFICER.

SAN FRANCISCO, September, 1876.

J. L. Meares, M. D.,

Health Officer City and County of San Francisco:

DEAR SIR:—I have the honor to report that during the year ending June 30, 1876, the amount of \$2,286.00, Quarantine fees, were collected and turned into the City Treasury. This amount is an increase of \$111.75 over the previous year.

I would farther state, that during the year but one vessel was placed in Quarantine, and aside from a few cases of Scurvy (the result of long voyages), our port has been unusually healthy.

Very respectfully, etc.,

P. H. HUMPHREY, M. D.,

Quarantine Officer.

MARKET INSPECTOR'S REPORT.

SAN FRANCISCO, September 18, 1876.

To J. L. Meares, M. D., Health Officer:

SIR—There have been seized and condemned, the following articles, as unfit for human food, during the year ending June 30, 1876:

Ninety-five and one-half calves seized and confiscated. Thirty-two chickens, 15 turkeys, 60 quails, 31 ducks, 1 goose, 1 lamb, 1½ hogs. Seized 1,000 lbs. of fish, condemned as being putrid.

One complaint for keeping slaughter house within the city limits—abated. Two complaints for keeping putrid meats in butcher shops—abated. One complaint against a sausage factory; 23 complaints against hog ranches, of which 17 were abated, and 6 returned as no cause for complaint.

The above seizures were made by my predecessor, Jacob Wray.

Since the 1st of May, I have seized and confiscated 75 calves, 500 pounds of fish, 8 hogs, and 9 lambs.

All of which is respectfully submitted.

JOHN HAYDEN,

Market Inspector.

CLERK OF THE JUSTICES' COURT.

CLERK'S OFFICE OF JUSTICES' COURT, }
 City and County of San Francisco, August 31, 1876. }

*To the Honorable the Board of Supervisors
 of the City and County of San Francisco:*

GENTLEMEN—I herewith present my report of the business of this Court for the fiscal year ending the 30th June last, in compliance with your Resolution No. 9,122, (New Series.)

Number of suits instituted during the year	4,278
Number of suits instituted during the year in "forma pauperis," (included in the first above sum.)	131
Number of appeals to County Court	490
Number of orders of examination and discovery, and served by Sheriff.....	434
Number of executions issued by me and levied by Sheriff.....	764
Amount of fees received by me and paid over to City and County Treasurer.....	\$15,285 00
Amount of fees received by me in appeal cases, and paid over to County Clerk.....	980 00
Amount of fees collected by Sheriff on processes issued from this Court, as per Sheriff's report.....	10,972 25
Making a total of fees collected from this Court, from all sources, of.....	<div style="border-top: 1px solid black; border-bottom: 3px double black; display: inline-block; width: 100%;">\$27,237 25</div>

It will be seen from the foregoing figures that the business of this office has greatly increased, and the number of suits is largely in excess of last year, and the fees collected in a corresponding ratio. The space now used for the clerical department of this Court is wholly inadequate for the proper performance of the duties enjoined.

Immediate provision should be made for more suitable rooms for the accommodation of valuable papers, inasmuch as the files from this Court are daily used in the higher Courts as evidence in large and important cases, and used after many years.

This office makes no "expenditures" out of the money received, nor have I any means of knowing, from this office, the cost of sustaining the Court. This will be shown by the report of the City and County Auditor.

Respectfully submitted,

GEO. L. WEDEKIND,

Clerk of the Justices' Court.

REPORT

OF THE

SUPERINTENDENT OF COMMON SCHOOLS.

OFFICE OF THE SUPERINTENDENT OF COMMON SCHOOLS, }
San Francisco, 1876. }

*To the Honorable the Board of Supervisors
of the City and County of San Francisco:*

GENTLEMEN—As required by law, I have the honor to submit the following report for the year ending June 30, 1876:

“The time of miracles has passed,” is a common saying. Yet it can hardly be said that this applies to San Francisco. Scarcely thirty years ago the eye of the spectator beheld, on this narrow peninsula, nothing but dry and treeless hills, arid dunes scantily covered with unsightly shrubs, and extensive swamps filled with a vegetation by no means in keeping with such places elsewhere. What a change in so short a time! We now see spread out before us an immense city, the metropolis of the western coast of the American continent, with a population of nearly 300,000 inhabitants. This population, heterogeneous as it is, did not, in its struggle for wealth, lose sight of the greatest of American institutions—the Public School. And, to-day, it is my privilege to report that over 34,000 children, accommodated in fifty-six buildings of almost palatial dimensions, are taught by 574 teachers, who fit and prepare this rising generation to struggle successfully in the battle of life.

This highly satisfactory condition of our Public Schools does not exclude the idea that there is still room for improvement, almost in every direction. During the last six months of the past school year, several measures calculated to improve the system have been introduced, and are now in operation. I refer here to the revision of the course of study, the change made in the manner of our annual examinations, and the suppression of some text-books deemed superfluous.

It is my firm conviction that mere text-book teaching must necessarily retard progress, and work an injury, alike to pupils and teachers. All progressive teachers long for an opportunity to teach the common branches orally, and to cast aside the fetters which were always in the way of developing rational methods of teaching. In the face of these incontrovertible facts, it would be a violation of duty, on the part of public officers, to deny this just request—a request which lessens expenses, and makes instruction more rational, effectual, and lasting. In compliance with this request, made by the leading Principals, the Board of Education consented to discontinue the following text-books: Robinson's Rudiments, French's First Lessons, Colburn's Intellectual, Brown's First Lines, and Monteith's Introduction.

A general revision of the course of study was deemed a necessity by all teachers who had given the subject special attention. In consequence thereof, I kindly requested the Principals to meet with me, from time to time, to discuss the entire course, point by point. The result of these meetings, the revised course of study, is now in operation. According to this revised course, English grammar is taught orally in all grades. In the study of arithmetic, no book on the subject is allowed in the hands of pupils up to the second grade. The material of political geography has been considerably curtailed, and the history of the United States will be taught hereafter by topics.

The revised course provides material for biographical sketches of eminent men. This exercise of furnishing monthly a biographical sketch of some great man will induce our children to pay more attention to general reading at home, and lay a broad foundation for a better understanding of historical events. The revised course provides further a suitable number of poems to

be memorized, recited and transposed. Memory cannot be too much exercised in early youth, provided the material to be memorized is of a suitable character, is perfectly understood, and well digested. The transposition of poems leads to a thorough understanding of the subject matter, a logical arrangement of thoughts and sentiments expressed, and to an insight into the syntactical structure of the language afforded by no other exercise in the study of language. To attain better results in oral instruction, it was absolutely necessary to present the matter of the different subjects to be studied in a more systematical order to the young and inexperienced teachers. For, to prepare the subject-matter of an object-lesson, worthy the name, is a task of the most difficult order, and requires, on the part of the teacher, a deep knowledge of psychology, language and natural history. The work "Lessons on Objects in a Pestalozzian School," adopted for the use of teachers, meets our present wants.

I regret exceedingly that at the last revision of the schedule of salaries, Section 1,687 of the State School Law was ignored, which Section provides that beginners shall be taught for the first two years by teachers who have at least four years experience; and that such teachers shall rank in point of salary with those of the first grade. To begin well is a postulate, recognized as the prime condition of success in all human affairs. But in spite of this postulate and a special provision in law, above referred to, young and inexperienced teachers are still placed in charge of eighth grade classes to serve there their apprenticeship. The effects of this perverted and unsound policy are clearly visible and keenly felt throughout all the higher grades. It is, therefore, sheer folly to expect that good teachers, in charge of the higher grades, shall undo the mental maiming, produced in eighth grade classes by inexperienced teachers. Is this marked anomaly of our public school-system to be perpetuated? Can we afford to jeopardize the future welfare of sixty promising children, brimful of life, for every young teacher who is unwilling to spend a few years in obtaining a professional training? Why did we establish Normal Schools in this State, if professional training is not requisite—is not a necessity? Every candid and experienced

teacher admits that the strictures and unfavorable criticisms upon our Public Schools, which have become of late so widespread, are due to the indiscriminate employment of untrained, inexperienced teachers.

It is no wonder, under these existing evils, that many a class is not taught, but simply kept; and it is not to be wondered at that people are painfully aware of this, and are awakening to the fact that there is an enormous waste of time, energy and money, and that the results obtained are not at all commensurate with the labor and the treasure bestowed upon our schools.

I presume it is permissible to reproduce here, in support of my views on the subject of teaching in primary classes, and the indiscriminate employment of untrained teachers, two short paragraphs from my report of 1872-3, and one from a lecture of Professor Atkinson, of the Boston Institute of Technology.

Professor Atkinson describes the effect as follows:

"I think it must have struck many teachers as a strange fact, that, in the early days of childhood, before school discipline comes into operation, there is an intense and most easily awakened curiosity in children, respecting the phenomena of the outside world. Every bird, beast and insect is a marvel; the clouds, the moon, the stars, the beautiful forms and colors of flowers, the very stones under their feet, all, to the fresh and unsophisticated mind of childhood, are objects of study, objects of wonder. But after a few years of ordinary school teaching, all this is found to have disappeared, and too often no other curiosity, no other interest, or worse still, some bad one has risen to take its place. I think I am too strong in my statement; but what a satire is this on what we call education! Has the Creator implanted those instincts only to be stifled by education? Or, is the process of teaching first to kill as a preliminary to artificially restoring them? Alas! in too many cases they are never restored, and our education consists only in a mental maiming."

"Teaching is an *art* to be learned by apprenticeship, like any other art, and the special training for the business of teaching is as indispensable as for any other pursuit or profession; and the time, it is believed, is not very distant, when intelligent par-

ents would think it no less absurd to place their children in charge of a teacher who had not been trained in the principles and methods of instruction, than to employ a surgeon who has never made himself acquainted with the science of human anatomy. In the language of the gifted Edward Everett: 'If the teacher was to fashion your child's personal proportions, or to remodel his features, with what jealousy would you inquire after his qualifications for that task? Is it of less importance how he fashions and moulds the features of the mind? The husbandman can tell us if it is a matter of little or no consequence whether you employ a skillful or unskillful person to raise a crop of corn, the growth of a few months, under a simple process of culture. Every man's reflection and experience will satisfy him that the teacher's duty is important, complicated, and arduous. It is not a mere piece of jobwork to which any one can turn his hand, but a professional calling, which requires knowledge, judgment, and experience.' "

"Dr. Channing, in an address delivered in Boston, on the twenty-eighth of February, eighteen hundred and thirty-seven, states that 'the most crying want in this commonwealth is the want of accomplished teachers. We boast of our schools; but our schools do comparatively little, for want of educated instructors. Without good teaching, a school is but a name.' Dr. Channing's declaration has been repeated again and again, even *ad nauseam*, but it must be repeated until the people prove no longer blind to their highest, holiest interests, but awaken to the necessity of qualified instructors, of teachers systematically educated for the profession. Then will they demand that we shall have not only 'educated shoemakers, and carpenters, and goldsmiths—that is, men brought up to their business'—but also educated schoolmasters. Then, the reign of the school *keeper* will be at an end, and that of the school *teacher* will begin."

The truth of these statements is frankly admitted; but quickly disposed of by saying: "there are no means to carry out the intention of the law." In my opinion the means, at hand, are adequate and sufficient, provided the most essential requirements of the law are first attended to, and disposed of. It is not

necessary to reduce the salaries of other teachers, or limit what is termed higher instruction, to comply with the law.

Every applicant is examined, as required, in drawing and music, because the law expects him to teach these branches; and yet there are employed four special teachers of drawing, and seven special teachers of music. The employment of two special teachers for each branch would fully answer all practical purposes. Again, the reorganization of the Cosmopolitan Schools, as proposed by me, would also result in a reduction of expenses. All pupils studying French or German should be concentrated in as few buildings as possible, and each one of the teachers, now known as special teachers of languages, should be placed in charge of a class, and required to rotate with three English teachers daily. On this plan these schools were organized in 1865, and continued until 1871. During this period of six years it became evident that Cosmopolitan Schools need not cost a cent more per class, and that their pupils accomplished as much as others in the common branches.

The following table, showing the per cent. of pupils promoted to the High Schools from the Denman, Lincoln, and South Cosmopolitan Grammar Schools, will sustain my assertion:

	1869.	1870.	1872.	1873.	1874.	1875.	1876.
Denman Grammar.....	98.1	70.0	80.4	100.0	85.7	76.9	89.2
Lincoln Grammar.....	33.7	93.6	71.4	66.9	46.4	56.6	70.4
South Cosmopolitan.....	84.8	100.0	80.0	95.2	50.0	87.0	84.0

Why these schools were reorganized on a costly plan; and why Cosmopolitan classes were formed in almost every building in the city, I shall explain in my next report.

Again, another reduction of expenses could easily be effected by a proper and judicious consolidation of classes.

"The greatest good to the greatest number," is a proud saying; but entirely meaningless when applied to our schools. A little more than seventy-two per cent. of the children attending school belong to the four lower grades, termed collectively the

Primary Department; and a little over twenty-seven per cent. to the four higher grades, known as the Grammar Department. This remarkable decrease upward indicates that a large number of children never reach the Grammar grades. But notwithstanding all this, the Primary Department is invariably selected as the one where untrained teachers must serve their apprenticeship. Here the novice begins to experiment with sixty children—sixty future citizens—and, when he has acquired some experience, he is rewarded by a transfer to the Grammar Department, where a higher salary is paid for his services, and where the work is comparatively lighter.

The evil and pernicious effects of this irrational practice are but partially mitigated and diminished by the indefatigable principals and the few experienced teachers who prefer to remain in the Primary Department. I shall repeat again, and again, reform must begin at the beginning, in the Primary Department; and until this reform has been effected, all others, of whatever nature, will prove simply palliatives.

Many, admitting the necessity of reform, suggest a reduction of the branches taught, as a means to improve the condition of our Public Schools, and to prevent the undue cramming and overworking of the children. This inference is fallacious. Eliminating, in this chain of reasoning, one factor, the untrained and inexperienced teacher, and substituting the trained and experienced, we shall arrive at a very different conclusion.

Changing text-books and the manner of hearing recitations, erecting elegant school houses, furnishing desks of the most improved style, paying strict attention to all details of manipulating classes—all this cannot supplant the live teacher, the soul which inspires the whole educational fabric with life and energy.

Therefore, the erection of a suitable building for a Normal and Training school, even at great expense, would prove a happy financial operation, provided that all teachers hereafter to be employed, were compelled to receive their training in such a school, or those who had educated themselves were obliged to demonstrate, in such an institution, their ability to teach, before being placed in charge of a class.

The days of empiricism in educational matters have passed;

and pedagogy has risen to the dignity of a science. The best minds of all civilized nations have devoted their most precious time to this all-absorbing subject of education; and a thorough investigation of the vast fields of psychology, physiology, and history, has resulted in this—that language, arithmetic, geometry, history, geography, natural sciences, drawing, music and religion, are the branches indispensable for a harmonious development of the human mind. He who advocates the omission of any one of these branches, declares himself an enemy of human progress, and should be branded with infamy by the genius of mankind. With the advent of Pestalozzi and his followers closed the period of simple memorizing, and that of visual instruction began. But it was soon found that even his system was lacking a most important element necessary for rational instruction. It was left to Froebel and his followers to demonstrate convincingly that the principle of “work” (manual labor) was as essential a factor in education as visual instruction. *To know*, and *to do*, is the fundamental principle underlying the foundation and organization of Kindergartens, Advanced-labor and Polytechnic schools.

It can not be maintained, at present, that the introduction of this new principle in schools, as a branch of instruction, has been, in every respect, satisfactory. Not the principle of work itself is contested, but simply the order, manner and extent to which manual labor shall be pursued simultaneously with mental exercises. This problem is still to be solved. That it will be solved successfully no one can doubt who has given even slight attention to this subject. The Advanced-schools of Denmark, Sweden, Russia, Austria, Holland, in fact of all the European nations, have already produced good results, and it may be safely asserted that a happy solution of this great problem is a mere question of time.

The *ethical principle* involved in manual labor, receives now its due share of attention everywhere, and the recognition of this very principle in labor by the public, may largely contribute to a speedy solution of our own social problems.

I cheerfully introduce here statements on “Practical Culture,” by Miss Emma Marwedel, who is now a resident of this State:

“Traveling in England, France, Germany and Belgium, as I did, to study the subject of industrial education, I published a report in Germany of my observations, of which report a brief review has since been published in *Harper's Monthly*, for May, 1870. The advantage to the labor of a nation afforded by these schools is but a small part of their service to the world. Visiting the Newgate prison, in London, its earnest inspector, to whom I was introduced, remarked: ‘The yearly cost of this institution is five million pounds sterling; if half that amount was spent in the industrial education of our poor children, thus keeping them out of the street and occupying their minds with something useful, providing them meanwhile with suitable play places and play utensils, such as you describe at the Birbeck schools, this great building would soon be empty.’” How far is this remark true?

Under our present system of education, children pass from the constraints of schools, often physically feeble and always only half developed—having received only book-training—and entirely unfit to act on their own responsibility, or to think independently. In this state the poorer classes enter a condition of personal freedom which they do not know how to use, and are thrown among people who do not feel for them the least educational or moral responsibility. Not trained in any branch of industry, and yet forced to look out for their own support, what wonder that so many boys and girls enter upon careers of crime! And yet we say, “this is one of the evils of the time,” forgetting that it is our own fault, and that we and the State are alone responsible.

“We are proud of our benevolent and social institutions, affording, as they do, care for the sick and insane, the inebriate and more degraded; we boast of our schools of reform for vicious youth, and of our well-regulated prisons; but do we reflect how many of these might be saved by early instruction in the laws of health, and by industrial education, combined with elementary and practical instruction, whereby the God-given faculties of the human being should be developed and trained? What necessarily must be the lot of the surplus of unskilled laborers? They must work for beggar's wages—for what capital chooses to

give. Especially is this the case with unskilled female laborers. The iron law of supply and demand—the law of greed and selfishness—knows no sex, nor swerves, though a part of its fruit be starvation and sin.”

“Now, the practical culture which alone can remedy this evil condition has been and may be afforded in self-supporting institutions. The working-women’s colleges in London, Edinburgh, Dublin, in every town in Belgium, and in every considerable city in Germany, are mostly self-supporting, and are all flourishing and satisfactory.”

[*Lecture on the Reform in the Education of Children by Miss Emma Marwedel.*]

The most prominent question of our day is *how to live!* It is not merely a phrase, but the centralized effort of thought and scientific investigation. In short, “how to live,” has become the question of our time. We have outgrown the fanaticism which regarded a life of pain and trouble on this earth, the necessary account book for rewards in another world.

We are forced to see and to learn that man and his surroundings are effects of causes, and that man is responsible for man.

Starting from the idea that the state represents only a collection of men, and that the same laws which dictate the welfare of man dictate the welfare of the state, we are taught by scientific investigations, called statistics, and the laws of morals, that to *live well* each man has to serve himself and others. And the science to do this well, or the systematic development of all inborn faculties to be used in man, we call *education*.

Education being the science “to live well,” we may see how the two bodies to which we trust the educational training of our young understand their mission.

SCHOOL AND HOME.

Repeating frequently the sentence “our time,” it seems necessary to state that “our time,” in regard to the science of education is a very short one, humanity and political economy giving birth to it. Its parents are hardly matured themselves; the child has been looked at only by those who foresee the gigantic, powerful, reforming greatness of a free-born child of such parentage. Nevertheless the child is alive; and still more, it grows and its nature is understood; but—and this is impossible—not by the large masses.

Comparing its principles with our actual habits and arrangements at home, and in our schools, we see how far we are from the commandments of a Pestalozzi, Spencer, John Stuart Mill, Crandle and Froebel. But how can we expect otherwise, finding that Herbert Spencer the Englishman, although the latest, speaks only of Pestalozzi the Swiss, of whom Froebel the German

is a much more advanced pupil; and when we find that William Crandle, your countryman, speaks of none. And yet these five thinkers, although speaking in different tongues, and differing here and there in outside arrangements, are *au fond* one body.

They all command that to *live well*, we must serve ourselves and others; and to do this well we have to combine physical, moral, intellectual and industrial education, beginning at the earliest time, at the cradle, making primary education the most important.

Neither Herbert Spencer nor William Crandle having given a distinct systematic arrangement for their ideas, and Froebel being a pupil of Pestalozzi, I will try to give a short insight of his system, which he introduced practically and arranged systematically.

Frederich Froebel was a native of Oberweissbach, Germany, studied at the University of Jena, until called home by the death of his father, a clergyman. Compelled to earn his living, he became a teacher. Afterward, returning to his studies, he went to Jena and to Berlin, devoting a part of his time to teaching at a school on the plan of Pestalozzi.

In 1813 and '14 he entered the war. In 1816 he opened, in connection with two of his friends, a very large and successful college for boys. His writings not being clear, and very difficult to read, some nine or ten prominent thinkers and writers on education have tried to condense them and to make them readable. His system is known as the "Froebel," or "Kindergarten" system, and it is very much to be regretted that it has not been introduced under a different name in this country.

The first kindergarten was opened at Blankenburg, in 1837, the Prince of Meiningen giving a pleasant building for a normal training-school for *kindergartnerinnen*. A congress of teachers and *kindergartnerinnen*, held in 1851, declared the system a success; but the government of Prussia declared it to be the germ of socialism, and against religion, and its establishment in Prussia was forbidden. The same orders were given in the Kingdom of Saxony; but in the free city of Hamburg, under the inspiration and invitation of women, he started, in the same year, the first high school for the introduction of his system.

Froebel's method—a systematic education, beginning with the cradle—aims to manifest nature freely, giving opportunity to develop every inborn faculty according to individual strength and capacity; yet, far from being a mechanical drill, it uses play, and leads the child unconsciously to creation and invention by self-activity and self-reliance. The method awakens the intellect, renders the hand skillful by practical labor, develops taste and sense of beauty, supplies bodily exercise, accompanied by songs and graceful movements of every kind.

Social responsibility, increasing constantly, tends more to prevent evils than to remedy them. The study of human nature and the passions, the relation between causes and matter, the science of man, have to be made popular and practical before we can live well. The Froebel system solves this problem.

It supplies this want, dictates the laws—nature's grand laws of material, moral, spiritual and physical development.

In every human mind exists the divine power of creation, which is shown in an uncontrollable desire to achieve, to produce, or to destroy. It may be said that the desire to destroy is not an evidence of the power to create; but it must be remembered that evil is only prevented good, and destruction only creation inverted. On the uncontrollable desires, called "instincts"—the child's true nature—Froebel founded his system. The instincts to be preserved and developed in the child, according to Froebel, are the following:

1.—THE LOVE OF PLAY.

The importance of play consists in the power it gives to create an independent world, absolutely our own; thus enlarging our existence, enabling us to forget for awhile the necessities of life, and to find happiness in the ideal world we are creating. This absolute freedom from toil is demanded more and more by our physicians, as much for older persons as for the young; and it has been for years a matter of earnest thought, and a subject of careful experiment in Europe. There no school or home is without a suitable playground. Switzerland educates her strong, healthy citizens in her games; in England there is Primrose Hill and the parks of London; the Bois de Boulogne in Paris, the public places in Belgium, and finally the German *Jugend-wehr* and *Turner* places for boys and young men, with their well-ordered swimming and fencing schools, recall the history of the ancient Olympic games.

What a great step toward living well would it be, in our family life, if fathers and mothers and children were able to unite more in play? "How to play," needs to become a study, a science to be perfected by the whole genius of the time.

Froebel's system begins with play and its invigorating effects. His "*Mutter und Koselieder*" (mother and cooing songs) show us how educational and bodily development should be carried on in infants. The natural love of play is systematized. His educational efforts turn play to work, and "lead through work to work." He follows nature freely, giving opportunity for every inborn faculty to develop in proportion to individual strength and capacity.

2.—THE LOVE OF CULTIVATING THE GROUND.

This instinct serves to develop the love of home, and to make home beautiful; leads the child to observe germination, and the budding and blooming of all life around it. Nature becomes to it, from the beginning, a *living body*, a dear, well-known friend. Geology, botany, chemistry, natural history, and all the physical sciences readily fall into its mind, it being thus awakened and prepared to receive them. The practical use and inspiration arising from such early preparation, to understand and study the laws of nature, can hardly be over-estimated in a country like America.

Humboldt says: "That while at present only a few insects are employed in

the service of mankind, there might be found many more, and especially by the skillful observing eyes of properly educated women; and the same may be said about increasing the use of plants."

3.—THE LOVE OF PRODUCING—FORMING.

This becomes under systematic training the very genius of invention and art. None are so liable to rush into vice and crime as those who possess undeveloped creative power in the largest measure. The inventive power of Americans, left to accidental development has almost annihilated time and space. Your national pride, your self-made men, show the immense amount of vital spiritual forces. Let the children of America for the next quarter of a century be placed in kindergartens, and kindred institutions; let their wonderful native genius be systematically developed, and applied to forms of use and beauty; and conceive, if possible, the transformation in the external and internal lives of the people and in the material world around them, to say nothing of the purifying social effect of such a change. Think of the beautiful forms for the most practical needs found in Pompeii, that prove every potter to have been an artist. Every vase was made by the workman himself; there was a college for potters.

4.—LOVE OF MUSIC.

Froebel observes: "You hear rhythms in the first cooings of the babe." Its exquisite sensitiveness to sounds, is one of the finest instincts to be developed. As it grows, its little plays in the kindergarten are accompanied by music; and it is easily led to dramatic and musical representation of what occupies its childish thoughts.

What a blessing for the restless little ones, and the whole human race, when music shall charm our ears, and graceful movements exercise our limbs, instead of the coarse oaths and flying stones which are the main educational agencies now employed in plays and on our streets—the *chief American playgrounds*.

5.—THE LOVE OF KNOWLEDGE.

The ardent desire of children to know everything is too often rudely checked by the hasty answer, "Don't trouble me, I have no time"—stones for bread! Froebel meets this craving for information by object lessons. As the child brings us the plant raised by itself, taken up by the roots, and asks a question concerning it, the earth clinging to its little fingers, the first lesson is given in the process of germination, and he is taught how to set and care for it.

The most complete system of object lessons, in excellent working order, I saw in the so-called Birbeck schools, at London. A couple of children were learning reading and writing and spelling from and by lessons on a skeleton; taught at the same time with construction of the human body. Another group

sat in the laboratory analyzing milk, another was busy over a collection of metals, still another examining an engine belonging to the school.

In this school was a globe, *en relief*, at least five feet in diameter. The walls were covered with all kinds of charming drawings, mostly executed by the children themselves. A number of blackboards of all sizes interested me exceedingly, as presenting various ornamental designs, with the children's names attached to them—absolutely individual!—from children all under thirteen years of age. A large aquarium, splendid casts and models for designs, besides hundreds of cards and maps illustrating architecture, natural history, engineering, geography and physiology, for object lessons, were found in this model school. The walls of the primary class-rooms were covered with cards, on which, for instance, were attached, in connection with the drawing of wheat, the straw, the ear, the flour, and different kinds of biscuits.

For the older classes were large show-cases, with arrangements like those at our agricultural bureau, namely, examples of everything, from the raw material to the manufactured, in all branches of industry. And these schools, with all their advantages, are mostly devoted to the poorer classes. No child pays more than a sixpence a week.

In 1867 four of these school-houses were built, each only one story high, and surrounded by play grounds so spacious that their boundaries were almost out of sight, furnished with all necessary apparatus for gymnastics and games; and for use in bad weather under the whole building was an open cellar. Wooden rolling doors, from twenty to twenty-five feet in width and of the same height, were always open.

Now, who started these model schools in London, in the center of this great city, where land is so expensive? you may ask. They were built by the generous originators of the system, as it seems, inspired by Pestalozzi, Froebel, Lancaster, and perhaps Mill, Spencer, and William Ellis, proprietor of a large factory for iron and brass work in London, also known as a writer and lecturer on political economy, and publisher of a series of school-books on his system.

While teaching the children of the Queen of England he introduced to them his theories on political economy. As soon as he finds a teacher competent to work out his ideas of instruction he builds another school-house, furnishing it with the necessary apparatus, and gives the whole to a teacher to act independently. The oldest establishment of this kind is in Peckham (London city east), under the excellent care of Mr. Child. It contains more than 1,000 children. The large doors opening into the yard stand always open, but so deeply interested are the children in their studies that not one was ever known to run home. Once every week Mr. Ellis himself gives a lesson on political economy. Nothing more and nothing less than a mutual conversation in which 1,000 children, amphitheatrically seated, from the largest to the smallest, are most deeply interested; eliciting reflection, elevation of mind, reasoning, practical observation, and inculcating especially

a sense of right and wrong. They are true masterpieces of the art of instruction. Once the lesson was as follows: A boy was requested to write an order for coal on the blackboard, which was then criticised and corrected. From this order, as a starting point, Mr. Ellis drew out questions about coal, as a substance—What is it? How and where is it procured and produced in our country? Where made use of, or to what countries exported? How exported? What do we receive as equivalent value? What would be the amount of the bill in this case? How would it be paid? etc. Closing with the money market, and the necessary morals and obligations in all money matters.

It was after one of these admirable lessons that Mr. Ellis, on his road home, as we were passing some well-built alms-houses, remarked to me: "If we had schools as richly endowed as those structures, we should need no such asylums."

6.—THE LOVE OF SOCIETY.

"What shall be done to keep our children out of bad company?" is the constant anxious inquiry of careful parents, who cannot bear to deprive their children of pleasure. Froebel's plan is to encourage the friendships of children, and to make the children themselves immediately instrumental in educating one another. They are thus taught to esteem each other, to deny and subordinate themselves, to be just and true, in short, to co-operate harmoniously for useful purposes in miniature communities.

Our whole life in marriage, in family, in society, in church and state, is nothing but co-operation. In its true sense, the highest idea of self-denial and self-content. The way to live well! How far our life is from the realization of this ideal is too painfully apparent in all our endless battles for justice, and in the narrowness of our social life.

Children must be taught—taught before their own thoughts and views have been misdirected, so that they will unconsciously remodel the homes of our time. They must be trained for the duties of a large, broad republicanism and social responsibility, to be borne equally by men and women! Self-activity, self-disposal, self-responsibility, all cultivated for the sake of general welfare only, will produce living results, never attained by abstract book-learning—as we are trying in our schools at present to do.

7.—LOVE FOR SPIRITUAL LIFE.

The cultivation of the finer qualities of the mind and their application to the daily uses of life lays the foundation for a fine character, nourishes the inborn higher faculties into a healthy, vigorous spiritual body, which will be too much occupied with doing right to find time for nourishing evil thoughts, or cultivating inherited evil propensities. While the child is learning to see throughout nature the spiritual forces which form its life, its love for a higher state of existence than the material one is constantly cherished.

This system (I give a very incomplete description in regard to its deep philosophical reform), has been recognized by all friends of education and civilization as the best method to remodel our schools, and if possible our homes. Nearly a quarter of a century in practical and popular operation in Europe, it has proved highly successful. Two associations of the leading friends of education and civilization in Prussia and Austria, presided over by the Empresses of the two nations, have recently taken fresh steps toward extending its advantages to all children, "rich and poor," using their influence before the "Reichstag" to secure its adaptation and promote its application to the whole school period, so that children of all ages may be taught on the Froebel method. They formed an international association, urging all nations to join in the supporting and strengthening the great reform work which they have in view. A congress of European philosophers have announced the introduction and promotion of the Froebel system to be its highest and most practical aim. The philosopher, Professor Fichter, in his book, "The National Education of our Time," says in regard to the Froebel system: "It is the only safety from moral and physical destruction;" and our latest European news tells of the project of establishing at Berlin a large kindergarten training-school for mothers, teachers and nurses, teaching how to develop children from the first day in life until the age of nine years.

I am glad to say nearly all practical efforts in regard to the establishment of kindergartens have been the work of women, and Baroness von Mahren Bulow, its first disciple, who has introduced the system already under five different tongues, was quite lately requested by the liberal political party in Italy to introduce it there. She stands equal to Miss Elizabeth P. Peabody in this country.

Twenty years ago, William L. Crandle, of Syracuse, in his excellent work, "Three Hours a Day," wrote as follows: "It is to *make* men, not to *fill* them, that we want schools. Our public schools, therefore, should embrace the science of man, the science of agriculture, the science of mechanics, the science of drawing, the science of housewifery. We thus enter upon the domain of nature, and the moment we do that our range is unlimited."

With these prophetic words, William Crandle leads unconsciously to Froebel's system and its extension, the so-called youth-gardens—adapted to children of all ages, and to the whole school period. Its advantages should be extended to boys and girls alike, and to all children equally in our public schools. Such an extension only, and nothing else, will teach our children how to *live well*; supplying the great defects of our present one-sided school system, so rigid, so unhealthy, so impractical; of which Professor C. O. Thompson, of the Free Industrial School at Worcester, has said: "The difference between the common school of the North and that of the South is vast; between that of the South and none at all is as great as the difference between a draught of cold water to a thirsty soul and death; between that of the North as it is and as it is to be, immeasurable!"

From play to work, or through work to work, the kindergarten must be

extended and enlarged in its form and its aim. It must include the normal training of its own teachers from the beginning, which will also be the true training for the coming duties as parents.

John Stuart Mills says "that boys and girls need to be educated for the duties of home life, and the bringing up of children." Youth-gardens must become the practical and theoretical training-schools for both sexes, under obligations not to leave them until they shall have learned to serve themselves and others. Girls will issue from such schools with knowledge of the most important, but most neglected duties of social and domestic life. Half grown girls will help to instruct little children, and share their sports and joys, educating themselves to self-denial, justice and trustfulness by actual experience. Teachers acquainted with the system, qualified in various branches of mechanics, are to be engaged; there must be classes for the science of health and anthropology, for the teaching of housekeeping and needlework to girls, for drawing (the key to every industrial and artistic pursuit); agriculture and horticulture properly belong to such schools. Teachers of different nationalities have to support the learning of foreign languages by mutual conversation, and the earliest training, supported by songs, plays and a suitable system of learning words will enable every child, when not without any talent for foreign languages, to enter the study of "comparing grammar" at an early age. How to introduce and combine kindergartens and youth-gardens with our public instruction is the open question of the day. What a difference in Cornell University; what a difference in all our colleges and universities, if they should stand behind kindergartens and youth-gardens, instead of before them. What a difference in regard to our draughtsmen and mechanics, our artists and practical science investigators; what a difference, finally, in regard to our daughters, the coming mothers; educated and developed in the highest sense to serve themselves and others.

Canton Zurich, in the Republic of Switzerland, has lately formed a new law, directing as follows: Every secondary district has to establish at least one school under the name of "civil school"—instruction free—for both sexes from fifteen to twenty years of age; lectures are given in history, natural history, physics, and all branches of general interest; also in the constitutional laws of the state, and civil rights, in the administration of the states and cantons, in the organization of the states and their divisions.

For young men: military exercises, and for four years exercises with arms.

For separate section: instruction for mechanics, theoretical and practical; instruction for farmers and agriculturalists.

For young girls: instruction in housekeeping; education and training for children, and to develop and instruct them; instruction in hygiene.

The workmen of England, guided by their leaders, John Bright and Disraeli, have requested the starting of similar schools. The republican power concentrated in the American system attracts a whole world's admiration; and young as is their work, it has and will perfect itself under the laws of humanity and political economy. America has open eyes and open ears, she has open

hands, and a mind open to reason, she has justice and enthusiasm; once convinced, and the kindergarten and youth-garden will not long remain an open question.

No nation can simply copy or imitate the institutions of another, but every nation may profit by the experience of another. This fact will induce us to originate plans of our own, in full accord with our own national institutions. The American Kindergarten will as necessarily differ from the European, as our own Public Schools differ from those of Europe. The same will be the case with our future Labor and Polytechnic Schools. In the East a beginning has been made, and we in the West cannot afford to delay any longer. But whatever is done, should be done on the smallest possible scale to avoid waste of money and energy. The first requisite of any new undertaking is a person thoroughly qualified and experienced, and to him only should be entrusted the organization, and to a great extent, the management. Such a person will soon surround himself with suitable elements that are able and willing to assist in carrying out successfully his ideas.

DIFFERENT STUDIES.

I take pleasure in stating that commendable progress has been made in the different studies pursued in the Public Schools; and if the teachers continue in their efforts to free themselves from slavish adherence to text books and rote-teaching, we may look for the most flattering results in the future.

Free Hand and Industrial Drawing.—This branch of education has not been introduced for the purpose of making artists. Its object is simply to prepare and better qualify children to become good mechanics, inventive designers, and skillful architects, or to enable them to pursue any other calling more successfully. Drawing refines the mind, develops the perceptive faculties, and cultivates taste. It would be, in fact, difficult to suggest any other study of greater educative value, and of a more general application in life. The ability to draw or to sketch assists materially in the acquisition of positive knowledge in almost every branch, and should therefore receive its due share of atten-

tion in all the grades. The results already attained justify the prediction that drawing will be regarded as one of the most essential studies to be pursued in the public schools; not solely for its bearing on practical life, but also for its ethical influence; for a cultivated and refined mind cannot and will not yield to sordid propensities. The specimens of industrial drawing now furnished by our pupils reflect very creditably on both teachers and pupils.

Penmanship evidently does not receive like attention in all the schools; for, in some schools, the pupils show, even in the lowest grades, a proficiency in penmanship vainly looked for in higher grades of others. A careful drill on the elements, and incessant attention paid to every exercise in writing, are the first requisites to attain satisfactory results. The frequent use of copy-books is less calculated to improve penmanship than the inexorable rule, never to receive any written exercise unless it shows evidence of the very best efforts on the part of the pupil.

The branch of instruction taught in the least satisfactory manner is *Reading*. Many children pass through several grades before they are able to call words at sight and learn to read with tolerable fluency. This defect arises mainly from an imperfect understanding and application of the so-called word-method. Inexperienced teachers allow themselves to be deceived by the readiness with which children recite their memorized reading lessons, and omit, therefore, the indispensable analytical and synthetical exercises, written as well as oral, calculated to acquaint the child with the power and force of each individual letter. In the more advanced grades, children are frequently wonderfully ignorant of the meaning of even common words, and not unfrequently almost entirely unconscious of the ideas and sentiments expressed. These serious faults may be safely ascribed to the unwarrantable presumption, on the part of the inexperienced, that common words of the mother-tongue require no special attention and explanation, and to the undue haste, on the part of teachers, to drill their classes in elocutionary reading, before a perfect understanding of the subject-matter has been secured. The power of expression depends, at all times, upon the power of comprehension. In other words,

logical reading must precede the elocutionary, to avoid distasteful affectation, and to open the only avenue to our children for self-improvement in after life; for the lore of the world is stored in books, and the ability to extract it from them must be acquired during school life. If this is lost sight of, the school fails to accomplish one of its most important purposes.

Rational methods must be deduced from principles—must be built up, as it were, on principles—else the whole superstructure has no foundation, but rests in the air, and must soon degenerate into deadening mannerism, calculated to suppress and stifle the native powers of the mental productivity of the children and condemn them to passive receptivity and barren recital.

“The education of the child must accord, both in mode and arrangement, with the education of mankind, as considered historically.”—[Spencer.] In other words, the history of any branch of instruction suggests its own method.

“First the idea, then the sign.” Man thinks first and then he speaks; and because he desires to communicate he invents words, signs; the idea, thought, is therefore the creator of the word, and without the idea words are mere empty shells, which cannot awaken an interest in the eagerly absorbing mind of our children; they are, in fact, mere ballast on the memory, and are, in consequence thereof, speedily rejected and forgotten. The children ask for bread and we give them stones.

In teaching children to read, two very distinct elements must be discriminated and separately treated of. The first element is the logical, or the thoughts expressed—the contents, or subject-matter; the second, the phonetic, or the words in which the thoughts are expressed. By means of conversation and explanation, the child must first be made quite familiar with the subject-matter before expressive and intelligent reading can be expected. The interrogatives who? whose? whom? which? what? what kind? how many? where? when? why? etc., are the magic wands by means of which the teacher touches the mind of his pupils, and rouses it to reflection and productive activity. Has the child been thus familiarized with the contents, he will read in an expressive and intelligent manner, and will also be able to make a clear and comprehensive statement of the subject-matter in writing.

He who made the first attempt to write words phonetically must have operated as follows: First, he resolved words into their elementary sounds; he analyzed. Second, he invented a representative sign for each sound; he wrote. Third, he articulated the elementary sounds represented by signs; he read.

The principles here adduced indicate plainly the different steps to be taken in teaching reading in primary, as well as in advanced, classes.

The methods now pursued in the study of geography produce better results. Teachers carefully avoid teaching that surplus of minute details of political geography which encumbers our text-books. The time allotted to geography in the higher grades is mostly devoted to the study of physical geography. This is the more praiseworthy and commendable because it is the most instructive part, and about the only study pursued which acquaints children with nature and nature's law.

In arithmetic more attention is paid to the working of practical examples, and to the study of those branches which have a more direct bearing on the actual pursuits of life.

In the study of language especially, great changes have been effected, and a more rational method is pursued. The numerous technicalities of grammar are largely ignored or disregarded. Frequent exercises in parsing enabled pupils to analyze sentences, according to rules of grammar which are often arbitrary in the extreme; but in compositional exercises the bad effects of this incessant analysis became apparent. It was found that children were scarcely able to frame simple sentences and to express their own thoughts in correct language. Such results must always be expected, when analysis is not immediately followed by synthetic exercises. Had we teachers given the slightest attention or thought to the course of self-improvement adopted by Benjamin Franklin, we would not have groped in the dark in regard to rational methods of teaching language.

At the moment of closing my report, I received from E. Steiger, of New York, the appended lecture, which I deem of such great importance that I cannot refrain from having it here re-printed for the benefit of all interested in the reform of popular education:

THE SCIENCE AND ART OF EDUCATION.

At the beginning of last year I delivered, in this room, a lecture intended to inaugurate the Course of Lectures and Lessons on the Science and Art of Education, which the Council of the College of Preceptors had appointed me to undertake. The experiment then about to be tried was a new one in this country; for, although we have had for some years Colleges intended to prepare Elementary Teachers for their work, nothing of the kind existed for Middle Class and Higher Teachers. As I stated in that Inaugural Lecture, the Council of the College of Preceptors, after waiting in vain for action on the part of the Government or of the Universities, and attempting, also in vain, to obtain the influential co-operation of the leading scholastic authorities in aid of their object, resolved to make a beginning themselves. They, therefore, adopted a scheme laid before them by one of their colleagues—a lady—and offered the first Professorship of the Science and Art of Education to me.

We felt that some considerable difficulties lay in the way of any attempt to realize our intentions. Among these, there were two especially on which I will dwell for a few minutes. The first was the opinion very generally entertained in this country, that there is no Science of Education; that is, that there are no fixed principles for the guidance of the Educator's practice. It is generally admitted that there is a Science of Medicine, of Law, of Theology; but it is *not* generally admitted that there is a corresponding Science of Education. The opinion that there is no such Science was, as we know, courageously uttered by Mr. Lowe, but we also know that there are hundreds of cultivated professional men in England, who silently maintain it, and are practically guided by it. These men, many of them distinguished proficient in the *Art* of teaching, if you venture to suggest to them that there must be a correlated *Science* which determines—whether they are conscious of it or not—the laws of their practice, generally by a significant smile let you know their opinion both of the subject and of yourself. If they deign to open their lips at all, it is to mutter something about "Pedagogy," "frothy stuff," "mere quackery," or to tell you point-blank that if there is such a Science, it is no business of theirs; they do very well without it. This opinion, which they, no doubt, sincerely entertain, is, however, simply the product of thoughtlessness on their part. If they had carefully considered the subject in relation to themselves—if they had known the fact that the Science which they disclaim or denounce has long engaged the attention of hundreds of the profoundest thinkers of Germany—many of them teachers of at least equal standing to their own—who have reverently admitted its pretensions, and devoted their great powers of mind to the investigation of its laws, they would, at least, have given you a respectful hearing. But great, as we know, is the power of ignorance, and it will prevail—for a time. There are, however, even now, hopeful signs which indicate a change of public opinion. Only a week ago, a leader in *The Times* called attention to Sir Bartle Frere's

conviction expressed in one of his lectures in Scotland, that "the acknowledged and growing power of Germany is intimately connected with the admirable education which the great body of the German nation are in the habit of receiving." The education of which Sir Bartle Frere thus speaks, is the direct result of that very science which is so generally unknown, and despised, because unknown, by our cultivated men, and especially by many of our most eminent teachers. When this educated power of Germany, which has already shaken to its centre the boasted military reputation of France, does the same for our boasted commercial reputation, as Sir Bartle Frere and others declare that it is even now doing, and for our boasted engineering reputation, as Mr. Mundella predicts it will do, unless we look about us in time, the despisers of the Science of Education will adopt a different tone, and perhaps confess themselves in error; at all events, they will betake themselves to a modest and respectful silence. No later back than yesterday, (January 19,) *The Times* contained three letters bearing on Sir Bartle Frere's assertion "that the increasing commercial importance of Germany is due mainly to the excellence of German education. One writer refers to the German *Realschulen* or Thing-Schools and to the High Schools of Commerce, in both of which the practical study of matters bearing on real life is conducted. Another writer, an Ex-Chairman of the Liverpool Chamber of Commerce, says: "I have no hesitation in stating that young Germans make the best business men, and the reason is, that they are usually better educated; I mean by this, they have a more thorough education, which imparts to them accuracy and precision. Whatever they do, is well and accurately done; no detail is too small to escape their attention, and this engenders a habit of thought and mind, which in after-life makes them shrewd and thorough men of business. I think the maintenance of our commercial superiority is very much of a schoolmaster's question." A third writer speaks of the young German clerks sent out to the East as "infinitely superior" in education to the class of young men sent out from England, and ends by saying: "Whatever be the cause, there can be no question that the Germans are outstripping us in the race for commercial superiority in the far East."

Some persons, no doubt, will be found to cavil at these statements; the only comment, however, I think it necessary to make, is this: "Germany is a country where the Science of Education is widely and profoundly studied, and where the Art is conformed to the science." I leave you to draw your own inferences. Without, however, dwelling further on this important matter, though it is intimately connected with my purpose, I repeat that this dead weight of ignorance in the public mind respecting the true claims of the Science of Education, constitutes one of the difficulties with which we have had to contend. The writer of a leading article in *The Times*, January 10, said emphatically: "In truth, there is nothing in which the mass of Englishmen are so much in need of education as in appreciating the value of Education itself." These words contain a pregnant and melancholy truth, which will be more and more acknowledged as time moves on.

But there was another difficulty, of scarcely less importance, with which we had to contend, and this is the conviction entertained by the general body of teachers that they have nothing to learn about Education. We are now descending, be it remembered, from the leaders to the grand band of mere followers, from the officers of the army to the rank and file. My own experience, it may well be believed, of teachers, has been considerable. As the net result of it, I can confidently affirm that until I commenced my class in February last, I never came in contact with a dozen teachers who were not entirely satisfied with their own empirical methods of teaching. To what others had written on the principles of Education—to what these had reduced to successful practice—they were, for the most part, profoundly indifferent. To move onward in the grooves to which they had been accustomed in their school-days, or, if more intelligent, to devise methods of their own, without any respect to the experience, however enlightened, of others, was, and is, the general practice among teachers. For them, indeed, the great educational authorities, whether writers or workers, might as well never have existed at all. In short, to repeat what I said before, teachers, as a class, (there are many notable exceptions), are so contented with themselves and their own methods of teaching, that they complacently believe, and act on the belief, that they have nothing at all to learn from the Science and Art of Education; and this is much to be regretted for their own sakes, and especially for the sake of their pupils, whose educational health and well-being lie in their hands. However this may be, the fact is unquestionable, that one of the greatest impediments to any attempt to expound the principles of Education lies in the unwarrantable assumption on the part of the teachers that they have nothing to learn on the subject. Here, however, as is often the case, the real need for a remedy is in inverse proportion to the patient's consciousness of the need. The worst teachers are generally those who are most satisfied with themselves, and their own small performances.

The fallacy, not yet displaced from the mind of the public, on which this superstructure of conceit is raised, is that "he who knows a subject can teach it." The postulate, that a teacher should thoroughly know the subject he professes to teach, is by no means disputed, but it is contended that the question at issue is to be mainly decided by considerations lying on the pupil's side of it. The process of thinking, by which the pupil learns, is essentially his own. The teacher can but stimulate and direct, he cannot supersede it. He cannot do the thinking necessary to gain the desired result for his pupil. The problem, then, that he has to solve, is how to get his pupil to learn; and it is evident that he may know the subject without knowing the best means of making his pupil know it too, which is the assumed end of all his teaching. He may be an adept in his subject, but a novice in the art of teaching it—an art which has principles, laws, and processes peculiar to itself.

But, again; a man, profoundly acquainted with a subject, may be unapt to teach it by reason of the very height and extent of his knowledge. His

mind habitually dwells among the mountains, and he has, therefore, small sympathy with the toiling plodders on the plains below. The difficulties which beset their path have long ceased to be a part of his own experience. He cannot then easily condescend to their condition, place himself alongside of them, and force a sympathy he cannot naturally feel, with their trials and perplexities. Both these cases tend to the same issue, and show that it is a fallacy to assert that there is any necessary connection between knowing a subject and knowing how to teach it.

Our experiment was commenced on the 6th of February last. On the afternoon of that day, only seventeen teachers had given in their names as members of the class that was to be formed. In the evening, however, to my surprise, I found no fewer than fifty-one awaiting the lecture. This number was increased in a few weeks to seventy, and on the whole, there have been eighty members in the course of the year. Having brought our little history down to the commencement of the lectures in 1873, I propose to occupy the remainder of our time with a brief account of what was intended, and what has been accomplished by them.

Generally speaking, the intention was to show (1) that there is a Science of Education, that is, that there are principles, derived from the nature of the mind, which furnish laws for the educator's guidance; (2) that there is an Art founded on the Science, which will be efficient or inefficient in proportion to the educator's conscious knowledge of its principles.

It will be, perhaps, remembered by some now present, that I gave in my Inaugural Lecture a sketch of the manner in which I intended to treat these subjects. As, however, memories are often weak, and require to be humored, and as repetition is the teacher's sheet-anchor, I may, perhaps, be excused if I repeat some of the matter then brought forward, and more especially as I may calculate that a large proportion of my audience were not present last year.

I had to consider how I should treat the Science of Education, especially in relation to such a class as I was likely to have. It was to be expected that the class would consist of young teachers, unskilled in the art of teaching, and perhaps even more unskilled in that of thinking. Such in fact they, for the most part, proved to be. Now, the Science of Education is a branch of Psychology, and both Education and Psychology, as sciences, may be studied either deductively or inductively. We may commence with general propositions, and work downward to the facts they represent, or upward from the facts to the general propositions. To students who had been mainly occupied with the concrete and practical, it seemed to me much better to commence with the concrete and practical; with facts rather than with abstractions. But what facts? That was the question. There is no doubt that a given art contains in its practice, for eyes that can truly see, the principles which govern its action. The reason for doing may be gathered from the doing itself. If, then, we could be quite sure beforehand that perfect specimens of practical teaching, based on sound principles, were accessible, we might have set

about studying them carefully, with a view to elicit the principles which underlie the practice, and in this way we might have arrived at a Science of Education. But then this involves the whole question: Who is to guarantee dogmatically the absolute soundness of a given method of teaching, and if any one comes forward to do this, who is to guarantee the soundness of his judgment? It appears, then, that although we might evolve the principles of medicine from the general practice of medicine, or the principles of engineering from the general practice of engineering, we cannot evolve the principles of education from the general practice of education as we actually find it. So much of that practice is radically and obviously unsound, so little of sequence and co-ordination is there in its parts, so aimless generally is its action, that to search for the Science of Education in its ordinary present practice would be a sheer waste of time. We should find, for instance, the same teacher acting one day, and with regard to one subject, on one principle, and another day, or with regard to another subject, on a totally different principle, all the time forgetting that the mind really has but one method of learning so as to really know, though multitudes of methods may be framed for giving the semblance of knowing. We see one teacher, who is never satisfied until he secures his pupils' possession of clear ideas upon a given subject; another, who will let them go off with confused and imperfect ideas; and a third, who will think his duty done when he has stuffed them with mere words—with husks instead of grain. It is then perfectly clear that we cannot deduce the principles of true science from varying practice of this kind; and if we confine ourselves to inferences drawn from such practice, we shall never know what the Science of Education is. Having thus shut ourselves off from dealing with the subject by the high *a priori* method, commencing with abstract principles, and also from the unsatisfactory method of inference founded on various, but generally imperfect practice; and being still resolved, if possible, to get down to a solid foundation on which we might build a fabric of science, we were led to inquire whether *any* system of education is to be found, constant and consistent in its working, by the study of which we might reach the desired end. On looking round we saw that there is such a system continually at work under our very eyes,—one which secures definite results, in the shape of positive knowledge, and trains to habit the powers by which these results are gained—which cannot but be consistent with the general nature of things, because it is *Nature's own*. Here, then, we have what we are seeking for—a system working harmoniously and consistently towards a definite end, and securing positive results—a system, too, strictly educational, whether we regard the development of the faculties employed, or the acquisition of knowledge, as accompanying the development—a system in which the little child is the pupil and Nature the educator.

Having gained this stand-point, and with it a conviction that if we could only understand this great educator's method of teaching, and see the true connection between the means he employs and the end he attains, we should get a correct notion of what is really meant by education; we next inquire,

“How are we to proceed for this purpose?” The answer is: By the method through which other truths are ascertained—by investigation. We must do what the chemist, the physician, the astronomer do, when they study their respective subjects. We must examine into the facts, and endeavor to ascertain, first, what they are; secondly, what they mean. The bodily growth of the child from birth is, for instance, a fact, which we can all observe for ourselves. What does it mean? It means that, under certain external influences—such as air, light, food—the child increases in material bulk and in physical power; that these influences tend to integration, to the forming of a whole; that they are all necessary for that purpose; that the withholding of any one of them leads to disintegration or breaking up of the whole. But as we continue to observe, we see, moreover, evidences of mental growth. We witness the birth of consciousness; we see the mind answering, through the senses, to the calls of the external world, and giving manifest tokens that impressions are both received and retained by it. The child “takes notice” of objects and actions, manifests feelings of pleasure or pain in connection with them, and indicates a desire or will to deal in his own way with the objects, and to take part in the actions. We see that this growth of intellectual power, shown by his increasing ability to hold intercourse with things about him, is closely connected with the growth of his bodily powers, and we derive from our observation one important principle of the Science of Education, that *mind and body are mutually interdependent, and co-operate in promoting growth.*

We next observe that as the baby, under the combined influence of air, light, and food, gains bodily strength, he augments that strength by continually exercising it; he uses the fund he has obtained, and, by using, makes it more. Exercise reiterated, almost unremitting; unceasing movement, apparently for its own sake, as an end in itself; the jerking and wriggling in the mother's arms, the putting forth of his hands to grasp at things near him, the turning of the head to look at bright objects; this exercise, these movements constitute his very life. He lives in them, and by them. He is urged to exercise by stimulants from without; but the exercise itself brings pleasure with it (*labor ipse voluptas*), is continued on that account, and ends in increase of power. What applies to the body, applies also, by the foregoing principle, to the intellectual powers, which grow with the infant's growth, and strengthen with his strength. Our observation of these facts furnishes us, therefore, with a second principle of education:—*Faculty of whatever kind grows by exercise.* Without changing our ground we supplement this principle by another. We see that the great educator who prompts the baby to exercise, and connects pleasure with all his voluntary movements, makes the exercise effectual for the purpose in view by constant reiteration. Perfection in action is secured by repeating the action thousands of times. The baby makes the same movements over and over again; the muscles and the nerves learn to work together, and habit is the result. Similarly in the case of the mind, the impressions communicated through the organs of sense grow from

cloudy to clear, from obscure to definite, by dint of endless repetition of the functional act. By the observation of these facts we arrive at a third principle of education:—*Exercise involves repetition, which, as regards bodily actions, ends in habits of action, and as regards impressions received by the mind, ends in clearness of perception.*

Looking still at our baby as he pursues his education, we see that this manifold exercise is only apparently an end in itself. The true purpose of the teaching is to stimulate the pupil to the acquisition of knowledge, and to make all these varied movements subservient to that end. This exercise of faculty brings the child into contact with the properties of matter, initiates him into the mysteries of hard and soft, heavy and light, etc., the varieties of form, of round and flat, circular and angular, etc., the attractive charms of color. All this is knowledge, gained by reiterated exercise of the faculties, and stored up in the mind by its retentive power. We recognize the baby as a practical inquirer after knowledge for its own sake. But we further see him as a discoverer, testing the properties of matter by making his own experiments upon it. He knocks the spoon against the basin which contains his food; he is pleased with the sound produced by his action, and more than pleased, delighted, if the basin breaks under the operation. He throws his ball on the ground, and follows its revolution with his enraptured eye. What a wonderful experiment it is! How charmed he is with the effect he has produced! He repeats the experiment over and over again with unwearied assiduity. The child is surely a Newton, or a Faraday, in petticoats. No, he is simply one of Nature's ordinary pupils, inquiring after knowledge, and gaining it by his own unaided powers. He is teaching himself, under the guidance of a great educator. His self-teaching ends in development and growth, and it is, therefore, strictly educational in its nature. In view of these facts we gain a fourth principle of the Science of Education:—*The exercise of a child's own powers, stimulated but not superseded by the educator's interference, ends both in the acquisition of knowledge and in the invigoration of the powers for further acquisition.*

It is unnecessary to give further illustrations of our method. Every one will see that it consists essentially in the observation and investigation of facts, the most important of which is, that we have before us a pupil going through a definite system of education. We are convinced that it is education, because it develops faculty, and, therefore, conduces to development and growth. By close observation we detect the method of the master, and see that it is a method which repudiates cramming rules and definitions, and giving wordy explanations, and secures the pupil's utmost benefit from the work by making him do it all himself, through the exercise of his unaided powers. We thus get a clue to the construction of a Science of Education, to be built up, as it were, on the organized compound of body and mind, to which we give the name of baby. Continuing still our observation of the phenomena it manifests, first, in its speechless, and afterwards in its speaking condition, we gain other principles of education; and lastly, colligating and

generalizing our generalizations, we arrive at a definition of education as carried on by Nature. This may be roughly expressed thus: *Natural education consists in the development and training of the learner's powers, through influences of various kinds, which are initiated by action from without, met by corresponding reaction from within.*

Then assuming, as we appear to have a right to do, that this natural education should be a model or type of formal education, we somewhat modify our definition thus:

Education is the development and training of the learner's native powers by means of instruction carried on through the conscious and persistent agency of the formal educator, and depends upon the established connection between the world without and the world within the mind—between the objective and the subjective.

I am aware that this definition is defective, inasmuch as it ignores—or appears to ignore—the vast fields of physical and moral education. It will, however, serve my present purpose, which is especially connected with intellectual education.

Having reached this point, and gained a general notion of a Science of Education, we go on to consider the Art of Education, or the practical application of the Science. We are thus led to examine the difference between Science and Art, and between Nature and Art. Science tells us what a thing is, and why it is what it is. It deals, therefore, with the nature of the thing, with its relations to other things, and consequently with the laws of its being. Art derives its rules from this knowledge of the thing and its law of action, and says: "Do this or that with the thing in order to accomplish the end you have in view. If you act otherwise with it, you violate the laws of its being." Now the rules of Art may be carried out blindly or intelligently. If blindly, the worker is a mere artisan—an operative who follows routine, whose rule is the rule-of-thumb. If intelligently, he is a true artist, who not only knows what he is doing, but why this process is right and that wrong, and who is furnished with resources suitable for guiding normal, and correcting abnormal, action. All the operations of the true artist can be justified by reference to the principles of Science. But there is also a correlation between Nature and Art. These terms are apparently, but not really, opposed to each other. Bacon long ago pointed out the true distinction when he said: *Ars est Homo additus Naturæ*—Art is Nature with the addition of Man—Art is Man's work added to (not put in place of) Nature's work. Here, then, is the synthesis of Nature and Man which justifies us in saying that natural education is the type or model of formal, or what we usually call, without an epithet, education, and that the Art of Teaching is the application by the teacher of laws of Science, which he has himself discovered by investigating Nature. This is the key-stone of our position; if this is firm and strong, all is firm and strong. Abandon this position and you walk in darkness and doubt, not knowing what you are doing or whither you are wandering—at the mercy of every wind of doctrine.

The artist in education, thus equipped, is ready not only to work himself, but to judge of the work of others. He sees, for instance, a teacher coldly or sternly demanding the attention of a little child to some lesson, say in arithmetic. The child has never been led up gradually to the point at which he is. He has none but confused notions about it. The teacher, without any attempt to interest the child, without exhibiting affection or sympathy towards him, hastily gives him some technical directions, and sends him away to profit by them as he may—simply orders him to learn,” and leaves him to do so alone. Our teacher says: “This transaction is inartistic. The element of humanity is altogether wanting in it. It is not in accordance with the Science of Education; it is a violation of the Art. The great educator in his teaching, presents a motive and an object for voluntary action; and, therefore, excites attention towards the object by enlisting the feelings in the inquiry. He does not, it is true, show sympathy, because he acts by inflexible rules. But the human educator, as an artist, is bound not only to excite an interest in the work, but to sympathize with the worker. This teacher does neither. His practice ought to exemplify the formula, *Ars = Natura + Homo*. He leaves out both *Natura* and *Homo*. ‘His *Ars*, therefore, = 0.’”

Another case presents itself. Here the teacher does not leave the child alone; on the contrary, is continually by his side. At this moment he is copiously “imparting his knowledge” of some subject to his pupil, whose aspect shows that he is not receiving it, and who, therefore, looks puzzled. The matter, whatever it is, has evidently little or no relation to the actual condition of the child’s mind, in which it finds no links of association and produces no intellectual reaction, and which, therefore, does not co-operate with the teacher’s. He patiently endures, however, because he cannot escape from it, the down-pouring of the teacher’s knowledge; but it is obvious that he gains nothing from it. It passes over his mind as water passes over a duck’s back. The subject of instruction, before unknown, remains unknown still. Our artist teacher, looking on, pronounces that this teaching is inartistic, as not being founded on Science. “The efficiency of a lesson is to be proved,” he says, “by the part taken in it by the pupil; and here the teacher does all the work, the pupil does nothing at all. It is the teacher’s mind, not the learner’s, that is engaged in it. Our great master teaches by calling into exercise the *learner’s* powers, not by making a display of his own. The child will never learn anything so as to possess it for himself by such teaching as this, which accounts the exercise of his own faculties as having little or nothing to do with the process of learning.”

Once more; our student, informed in the Science of Education, watches a teacher who is giving a lesson on language—say, on the mother-tongue. This mother-tongue the child virtually knows how to use already; and if he has been accustomed to educated society, speaks and (if he is old enough to write) writes it correctly. The teacher puts a book into his hand, the first sentence of which is: “English grammar is the art of speaking and writing the English language correctly.” The child does not know what an “art” is,

nor what is meant by speaking English "correctly." If he is intelligent, he wonders whether he speaks it "correctly" or not. As to the meaning of "art," he is altogether at sea. The teacher is aware of the perplexity, and desiring to make him really understand the meaning of the word, attempts an explanation. "An art," he says (getting the definition from a dictionary), "is a power of doing something not taught by Nature." The child stares with astonishment, as if you were talking Greek or Arabic. What can be meant by a "power"—what by "being taught by Nature?" The teacher sees that this explanation has only made what was dark before darker still. He attempts to explain his explanation, and the fog grows thicker and thicker. At last he gives it up, pronounces the child stupid, and ends by telling him to learn by rote—that is, by hurdy-gurdy grind—the unintelligible words. *That* at least the child can do (a parrot could be taught to do the same), and he does it; but his mind has received no instruction whatever from the lesson—the intelligence which distinguishes the child from the parrot remains entirely uncultivated.

Our teacher proceeds to criticise. "This is," he says, "altogether inartistic teaching." Our great master does not begin with definitions—and indeed gives no definitions—because they are unsuited to his pupil's state of mind. He begins with facts which the child can understand, because he observes them himself. This teacher should have begun with facts. The first lesson in Grammar (if indeed it is necessary to teach Grammar at all to a little child) should be a lesson on the *names* of the *objects* in the room—objects which the child sees and handles, and knows by seeing and handling—that is, has ideas of them in his mind. "What is the name of this thing and that?" he inquires, and the child tells him. The ideas of the things, and the names by which they are known, are already associated together in his consciousness, and he has already learned to translate things into words. The teacher may tell him (for he could not discover it for himself) that a *name* may also be called a *noun*. "What then," the teacher may say, "is a noun?" The child replies: "*A noun is the name of a thing.*" He has constructed a definition himself—a very simple one certainly—but then it is a definition which he thoroughly understands because it is his own work. This mode of proceeding would be artistic, because in accordance with Nature. There would be no need to commit the definition to memory, as a mere collection of words, because what it means is already committed to the understanding which will retain it, because it represents facts already known and appreciated. Thoroughly *knowing* things is the sure way to *remember* them."

In some such way as this our expert brings the processes commonly called teaching to the touchstone of his Science, the Science which he has built up on his observation of the processes of Nature.

I am afraid that, in spite of my illustrations, I may still have failed to impress you as strongly as I wish to do with the cardinal truth, that you cannot get the best results of teaching unless you understand the mind with which you have to deal. There are, indeed, teachers endowed with the power of

sympathizing so earnestly with children, that in their case this sympathy does the work of knowledge, or rather it is knowledge unconsciously exercising the power proverbially attributed to it. The intense interest they feel in their work almost instinctively leads them to adopt the right way of doing it. They are artists without knowing that they are artists. But, speaking generally, it will be found that the only truly efficient director of intellectual action is one who understands intellectual action—that is, who understands the true nature of the mind which he is directing. It is this demand which we make on the teacher that constitutes teaching as a psychological art, and which renders the conviction inevitable that an immense number of those who practice it do so without possessing the requisite qualifications. They undertake to guide a machine of exquisite capabilities, and of the most delicate construction, without understanding its construction or the range of its capabilities, and especially without understanding the fundamental principles of the science of mechanics. Hence the telling, cramming, the endless explaining, the rote-learning, which enfeeble and deaden the native powers of the child; and hence, as the final consequence, the melancholy results of instruction in our primary schools, and the scarcely less melancholy results in schools of higher aims and pretensions, all of which are the legitimate fruit of the one fundamental error which I have over and over again pointed out.

In accordance with these views, it has been insisted on throughout the entire Course of Lectures, that teaching, in the true sense of the term, has nothing in common with the system of telling, cramming, and drilling, which very generally usurps its name. The teacher, properly so called, is a man who, besides knowing the subject he has to teach, knows moreover the nature of the mind which he has to direct in its acquisition of knowledge, and the best methods by which this may be accomplished. He must know the subject of instruction thoroughly, because, although it is not he but the child who is to learn, his knowledge will enable him to suggest the points to which the learner's attention is to be directed; and besides, as his proper function is to act as a guide, it is important that he should have previously taken the journey himself. But we discountenance the notion usually entertained that the teacher is to know *because* he has to *communicate his knowledge* to the learner; and maintain, on the contrary, that his proper function as a teacher does *not* consist in the communication of his own knowledge to the learner, but rather in such action as ends in the acquisition of knowledge for himself. To deny this principle is to give a direct sanction to telling and cramming, which are forbidden by the laws of education. To tell the child what he can learn for himself, is to neutralize his efforts; consequently to enfeeble his powers, to quench his interest in the subject, probably to create a distaste for it, to prevent him from learning how to learn—to defeat, in short, all the ends of true education. On the other hand, to get him to gain knowledge for himself stimulates his efforts, strengthens his powers, quickens his interest in the subject and makes him take pleasure in learning it, teaches him how to learn other subjects, leads to the formation of habits of thinking; and, in short,

promotes all the ends of true education. The obvious objection to this view of the case is, that as there are many things which the child cannot learn by himself, we must, of course, tell him them. My answer is, that the things which he cannot learn of himself are things unsuited to the actual state of his mind. His mind is not yet prepared for them; and by forcing them upon him prematurely, you are injuriously anticipating the natural course of things. You are cramming him with that which, although it may be knowledge to you, cannot possibly be knowledge to him. Knowing, in relation to the training of the mind, is the result of learning; and learning is the process by which the child teaches himself; and he teaches himself—he can only teach himself—by personal experience. Take, for instance, a portion of matter which, for some cause or other, interests him. He exercises his senses upon it, looks at it, handles it, etc., throws it on the ground, flings it up into the air; and while doing all this, compares it with other things, gains notions of its color, form, hardness, weight, etc. The result is, that without any direct teaching from you, without any *telling*, he knows it through his personal experience—he knows it, as we say, of his own knowledge; and has not only learned by himself something that he did not know before, but has been learning how to learn. But supposing that you are not satisfied with his proceeding thus naturally and surely in the career of self-acquisition, and you tell him something which he could not possibly learn by this method of his own. Let it be, for instance, the distance of the sun from the earth, the superficial area of Sweden, etc. When you have told him that the sun is 95 millions of miles from the earth, that the area of Sweden is so many square miles, you have evidently transcended his personal experience. What you have told him, instead of being knowledge gained, as in the other case, at first hand, is information obtained probably at tenth or even fiftieth hand, even by yourself, and it is, therefore, in no true sense of the word “knowledge” even to you, much less is it knowledge to him; and in telling it to him prematurely, you are cramming and not teaching him. Dr. John Brown (*Horæ Subsecivæ*, Second series, p. 473) well says: “The great thing with knowledge and the young is to secure that it shall be their own; that it be not merely external to their inner and real self, but shall go *in succum et sanguinem*; and, therefore, it is that the self-teaching that a baby and a child give themselves remains with them for ever. It is of their essence, whereas what is given them *ab extra*, especially if it be received mechanically, without relish, and without any energizing of the entire nature, remains pitifully useless and *wersh* (insipid). Try, therefore, always to get the resident teacher *inside the skin*, and who is for ever giving his lessons, to help you, and be on your side.” You easily see from these remarks of Dr. Brown’s, that he means what I mean; that matters of information obtained by other people’s research, and which is true knowledge to those who have lawfully gained it, is not knowledge to a child who has had no share in the acquisition, and your dogmatic imposition of it upon his mind, or rather memory only, is of the essence of cramming. Such information is merely patchwork laid over the substance of the cloth as compared

with the texture of the cloth itself. It is *on*, but not *of*, the fabric. This expansive and comprehensive principle—which regards all learning by mere rote, even of such matters as multiplication-table or Latin declensions—before the child's mind has had some preliminary dealing with the facts of Number or of Latin—as essentially cramming, and, therefore, anti-educational in its nature—will be, of course, received or rejected by teachers, just in proportion as they receive or reject the conception of an art of teaching founded on psychological principles.

And this brings me to the next point for especial consideration. I said that the teacher who is to direct intellectual operations should understand what they are. He should, especially as a teacher of little children, examine well the method already referred to, by which they gain all their elementary knowledge by themselves, by the exercise of their own powers. He should study children in the concrete,—take note of the causes which operate on the will, which enlist the feelings, which call forth the intellect,—in order that he may use his knowledge with the best effect when he takes the place of the great natural educator. To change slightly Locke's words, he is to “consider the operation of the discerning faculties or a child as they are employed about the objects which they have to do with”; and this because it is his proper function as a teacher to guide this operation. And if he wishes to be an accomplished teacher—a master of his art—he should further study the principles of Psychology, the true groundwork of his action, in the writings of Locke, Dugald Stewart, Bain, Mill, and others, who show us what these principles are. This study will give a scientific compactness and co-ordination to the facts which he has learned by his own method of investigation.

But it may be said: Do you demand all this preparation for the equipment of a mere elementary teacher? My reply is: I require it because he is an elementary teacher. Whatever may be done in the case of those children who are somewhat advanced in their career, and who have, to some extent at least, learned how to learn, it is most of all important that in the beginning of instruction, and with a view to gain the most fruitful results from that instruction, the earliest teacher should be an adept in the Science and Art of Education. We should do as the Jesuits did in their famous schools, who, when they found a teacher showing real skill and knowledge in teaching the higher classes, *promoted* him to the charge of the lowest. There was a wise insight into human nature in this. Whether the child shall love or hate knowledge,—whether his fundamental notions of things shall be clear or cloudy,—whether he shall advance in his course as an intelligent being, or as a mere machine,—whether he shall, at last, leave school stuffed with crude, undigested gobbets of knowledge, or possessed of knowledge assimilated by his own digestion, and, therefore, a source of mental health and strength,—whether he shall be lean, atrophied, weak, destitute of the power of self-government and self-direction, or strong, robust, and independent in thought and action,—depends almost altogether on the manner in which his earliest instruction is conducted, and this again on the teacher's acquaintance with the Science and Art of Education.

But besides knowing the subject of instruction, and knowing the Art of Education founded on the Science, the accomplished teacher should also know the methods devised or adopted by the most eminent practitioners of his art. A teacher, even when equipped in the manner I have suggested, cannot safely dispense with the experience of others. In applying principles to practice there is always a better or worse manner of doing so, and one may learn much from knowing how others have overcome the difficulties at which we stumble. Many a teacher, when doubtful of the principles which constitute his usual rule of action, will gain confidence and strength by seeing their operation in the practice of others, or may be reminded of them when he has for the moment lost sight of them. Is it nothing to a teacher that Plato, Aristotle, Plutarch, Quintilian, in ancient times; Ascham, Rousseau, Comenius, Sturm, Pestalozzi, Ratich, Jacotot, Fröbel, Richter, Herbart, Beneke, Diesterweg, Arnold, Spencer, and a host of others in modern times, have written and worked to show him what education is both in theory and practice? Does he evince anything but his own ignorance by pretending to despise or ignore their labors? What would be said of a medical practitioner who knows nothing of the works or even the names of Celsus, Galen, Harvey, John Hunter, Sydenham, Bell, etc., and who sets up his empirical practice against the vast weight of their authority and experience? I need not insist on this argument. It is too obvious. Much time, therefore, has been devoted during the year to the History of Education in various countries and ages, and to the special work of some of the great educational reformers. In particular, the methods of Ascham, Ratich, Comenius, Pestalozzi, Jacotot, and Fröbel have been minutely described and criticised.

And now it is only right to endeavor, in conclusion, to answer the question which may be fairly asked: "After all, what have you really accomplished by this elaborate exposition of principles and methods? You have had no training schools for the practice of your students; it has all ended in talk." In reply to this inquiry or objection, I have a few words to say. The students whom I have been instructing are for the most part teachers already, who are practicing their art every day. My object has been so forcibly to stamp upon their minds a few great principles, so strongly to impress them with convictions of these principles, that it should be impossible, in the nature of things, for them as my disciples, to act in contradiction or violation of them. Whenever, in their practice, they are tempted to resort to drill and cram, I know, without being there to see, that the principles which have become a part of their being, because founded on the truths of nature recognized by themselves, rise up before them and forbid the intended delinquency. In this way, without the apparatus of a training school, the work of a training school is done.

* * * * *

And now it is time to set you free from the long demand I have made on your patience. I have studiously avoided in this lecture tickling your ears with rhetorical flourishes. My great master, Jacotot, has taught me that

“rhetoric and reason have nothing in common.” I have, therefore, appealed to your reason. I certainly might have condensed my matter more; but long experience in the art of intellectual feeding has convinced me that concentrated food is not easy of digestion. But for this fault—if it be one—and for any other, whether of commission or omission, I throw myself on your indulgent consideration.

The accompanying statistics will convey an idea of the condition of the School Department the past year:

I herewith present the report of the Deputy Superintendent for the year. I desire to call attention to the remarks and practical suggestions which Mr. Stone has presented.

Respectfully submitted,

HENRY N. BOLANDER,
Superintendent of Public Schools.

REPORT OF THE DEPUTY SUPERINTENDENT.

To HENRY N. BOLANDER, Esq.; *Superintendent of Public Schools* :

SIR—I beg leave to submit my Annual Report of the educational condition of the public schools of this city, for the school year ending June 30, 1876, together with such suggestions as have occurred to me.

During the fraction of a year elapsing between the incoming of the present Board of Education and the end of the school year, all the classes were visited by me, some of them repeatedly, and oral examinations were held to as great an extent as the time permitted.

So far as my observation has extended during this limited period, I am gratified to be able to say, that, as a general thing, the duties of the teachers seem to have been intelligently and conscientiously performed. There is a great deal of good, honest, useful work done in our schools, and while, on the other hand, there is much room for improvement, I have found, almost uniformly, on the part of the teachers, a desire for instruction and for suggestion as to better methods of teaching, which has been very gratifying, and which promises well for the increased efficiency of our system of public education.

In the able and exhaustive report of my predecessor, attention was particularly called to some of the imperfections which exist in our public schools. As the result of my own observation and reflection, I concur entirely with the conclusions reached in that report.

With regard to the matter of supervision, it is evidently impossible that the Superintendent and his deputy can effectually inspect and supervise all the classes of so large a department as ours. In the absence of a sufficient number of inspectors or examiners, it becomes necessary that a large part of the work be devolved upon the Principals of the schools. This fact renders it especially important that these should be carefully selected, that they should be competent and conscientious teachers, able and willing not only intelligently to criticise the work of their subordinates, but to supply to them all needed information and instruction. They should also consider it strictly their duty to report to the proper authorities all instances of weakness or unfaithfulness on the part of their teachers.

Under the present arrangement nearly all the Principals are relieved from teaching, and it is, therefore, entirely practicable for them to inspect, constantly and carefully, all the classes in their respective schools. They should

be held to a strict accountability for the character of the instruction furnished by their teachers and the discipline exercised by them, and their reports upon the condition of their schools should be received with respect.

If a Principal has a weak and inefficient teacher, and he finds that, after patient instruction and suggestion, there is no improvement, either from incapacity or unwillingness, the recommendation of the Principal for the removal of such a teacher should be at once responded to. In the terse and well-chosen words of Ex-President Davis: "Give your Principals full swing, and hold them accountable for results."

It has been thought advisable, after long consultation with some of the most experienced teachers in the Department, to modify the course of study, under which, for some years past, the work of instruction in the schools has been performed.

In revising the course of study, the points aimed at in the two principal branches of instruction have been as follows:

In arithmetic the mental work must always precede and accompany the written. No new process in written work should be entered upon until the pupils have been so well drilled in the mental operation that the idea of the new step is clearly seen. A considerable number of obsolete and useless subjects have been entirely dropped, and an effort has been made to contract the amount of arithmetical work with a view to making it more immediately practical.

Text-books are dispensed with to a much greater extent than heretofore, devolving upon the teacher the duty of condensing the instruction in this branch, and of presenting it to the class in the simplest and most direct manner.

In grammar, the instruction, from the Seventh Grade to the First, inclusive, is based upon the Language Primer and Language Lessons of Swinton—works which are recognized as constituting a new departure in the study of language. The instruction is so distributed, that, if the directions of the Manual are faithfully followed, it will be almost impossible for a scholar to pass through the different grades without obtaining a full and practical knowledge of the English language. A great deal of attention is paid to the actual writing of good English, and but little to the formal and mechanical processes of parsing and analysis, over which so many teachers and scholars have vexed their souls from time immemorial.

Enough time has not yet elapsed since the introduction of the new course to decide fully upon its value and availability, but it is confidently hoped that the work of the different grades will be found to be more equally distributed, and to be in such a shape that it can be more satisfactorily accomplished than heretofore.

I would recommend that the attention of the teachers of the fifth, sixth and seventh grades be especially called to the fact that a large proportion of the scholars in our public schools never go beyond these grades, and that it is specially desirable that the work in them be made as practical as possible.

In arithmetic, particularly, I fear that too much time has been given to an attempt to master the analysis of numbers, and too little attention paid to that drill in common work upon which depends the real value of the knowledge of numbers in the ordinary business of life.

I hold that scholars who have creditably accomplished the work of the fifth grade should be able to perform readily and accurately any ordinary examples in the four ground rules of arithmetic, to write a fair and legible hand, to read aloud without hesitation, to spell correctly all the common words of the language, and should have the ability to express themselves correctly in speech or writing. To this should also be added a good knowledge of the geography of their own country and State.

This does not seem to be an unreasonable requirement, and yet no one knows better than teachers themselves how imperfectly it is accomplished, even in higher grades.

The fact is, we have attempted too much, and in going over a wider ground we have, perforce, sacrificed that thoroughness and readiness which form the true value of an ordinary education.

ANNUAL EXAMINATIONS.

There has been for some time past a growing feeling in the Department that the effect of the annual written examinations for promotion was not beneficial upon the general well being of the schools; that it would be possible to make the promotion from grade to grade quite as satisfactorily upon the judgment of the class teachers and the Principals, aided by their record of such examinations as had been held from time to time in the classes. It was thought that thus the usual unhealthy excitement of the last month of the school year might be replaced by steady and regular instruction, and that teachers and scholars might close up the year in better condition of mind and body. Accordingly, the Committee on Classification directed the Principals to give special attention during the last half of the Fall Term to the subject of classifying their schools, and at the close of the year to promote those only who had satisfactorily accomplished the work of their grade, granting simple certificates of promotion, without statement of percentages in the different studies.

Furthermore, the Principals were authorized to complete the classification of their schools for the ensuing year, wherever it was deemed expedient, during the last week of the term; and this was so completely and thoroughly done in many instances, that, at the beginning of the present term, lessons and the routine of school work were resumed as if only a day or two had intervened.

It was with some misgiving that so radical a change was recommended, but now that the schools have reassembled, I believe it is the general conviction that the classification is quite as satisfactory as in previous years.

A great majority of the teachers, as well as of the parents of pupils, are satisfied that the change is a decided benefit.

A partial exception was made in the case of the fifth and the first grades. The fifth being the highest primary grade, it was thought expedient to assist the judgment of the teachers by submitting the pupils to an examination in arithmetic, language, geography, and spelling.

The first grade classes were examined, as usual, at the respective high schools, during the last week of the term, the subjects of examination being limited to arithmetic, grammar, geography, word analysis, spelling, and history.

In both these grades, twenty-five per cent. of each class were promoted honorably, on their record for the year, and were excused from the final examination.

In the first grade classes the record for the year was considered as of equal value with the result of the examination, and promotions were made on the average standing.

I am convinced that the principle of relieving the highest section of a class from the final examination, and promoting them entirely upon their record, is a good one. The steady, persistent, honest work of the year is thereby taken as a standard, and not the result of a single examination at its close.

NORMAL CLASS.

The want of a suitable Normal School in this city has long been felt by all who are interested in education. Every year teachers have been appointed who had not the least idea of the art of instruction, and who, although industrious and willing, were obliged to gain by painful experience that training in their business which was necessary to render them valuable teachers. An important step toward such a school has been taken in the establishment of a Normal Class in connection with the Girl's High School, intended to give one year's instruction in methods of teaching to graduates of that institution. A competent teacher has been placed in charge, and the class numbers some thirty-six members. Two classes in the Model School on Geary street have been set aside as training classes, and members of the Normal Class are detailed in turn to take charge of them, under the instruction of experienced teachers.

HALF-TIME CLASSES.

It is well-known that the pressure upon the eighth grade classes leads to their being overcrowded in many of our schools. I would suggest to the Board that the most economical way of meeting this difficulty would be to establish in rented rooms small two-class schools on half-time. This plan has been successfully adopted in Oakland and in Los Angeles, and I am disposed to think that if the Board would try it in a few cases it would be found to be a solution of a difficult problem. No sensible parent would wish his little child of six or seven years to be confined in school longer than three hours a day, if arrangements could be made by which proper instruction could be given in that time. Either the same teacher could take charge of both

morning and afternoon classes, or, better still, the classes could have distinct teachers at salaries corresponding to the time.

MARKING RECITATIONS.

I believe it would be better that the plan of marking every recitation of each pupil, which is still adhered to by very many of our teachers, should be abolished.

In the first place, it does not accord with the best ideas of education to make every recitation an examination. It leaves altogether too little time and thought for teaching, which I hold to be the principal duty of a teacher.

Secondly, the necessity of diverting the mental attention of the teacher too frequently to the matter of judging and recording in figures the answer of the pupil, is certainly the occasion of a great loss of teaching force on the part of the teacher.

The record should be made only at stated periods, when there should be really an examination, either oral or written.

PREPARATORY CLASSES.

After the examination in May, it was decided by the Classification Committee to collect into classes all the first grade scholars who failed of promotion, and set them to work, under competent teachers, reviewing their first grade studies. It was argued, in favor of this arrangement, that the great majority of these boys and girls would leave school for good, unless they had such an opportunity, that many of them were almost as well prepared for High School work as those who passed the examination successfully, and that it would be better in any case to concentrate their work and fit them if possible for promotion in six months, rather than to throw them a whole year behind by remanding them to their first grade classes. Enough pupils availed themselves of the advantages offered to form three classes, one of boys and two of girls. These classes have been giving their attention principally to arithmetic, grammar and geography, and will be subjected to an examination in December next. Those who pass successfully, will be admitted to the Junior Class in the High School.

HIGH SCHOOLS.

These schools were frequently visited by me during the last half year, and the character of the instruction given to the scholars carefully observed. With the exception of the circumstance that in some of the classes too much time and thought seems to be given to the daily marking of recitations, I have only commendation for the work of the teachers.

The elastic character of the course in the Boys' High School seems to be a great improvement on the rigid routine of the past.

I have no doubt that scholars are often sent to both these schools at too young an age, and that a strict limitation in that regard would be beneficial both to the school and to the pupils themselves.

I cannot close this report without referring to a subject to which my attention has been directed, both by my own observation and by the occasional remarks of others. I refer to the care which teachers should exercise in regard to the language which they use in the presence of their pupils.

In the first place, they should be careful to use none but correct language. It seems hardly credible that those to whom is committed the responsible charge of forming the minds of the young, should allow themselves to speak in a slipshod, ungrammatical manner in their classes, but this is certainly sometimes the case.

This is a matter which study and care will speedily improve, and it is the duty of a Principal to call the attention of teachers to any such careless habits.

But far more reprehensible than this, is the use of language on the part of the teacher which is calculated to wound the feelings of the scholar. If there is a human being who is especially entitled to our respect, it is a little child. The maxim of the Romans, "*Puero reverentia debet*," was founded in the deepest knowledge of philosophy and of human nature. Children are far more sensitive to cutting, sarcastic, or abusive language, than adults, and it is an outrage for a teacher to apply such epithets to them as would hurt their feelings, excite their resentment, or blunt their sensibilities. Here, again, the special care and attention of a Principal should be exercised, to check any such tendency on the part of his subordinate teachers.

Respectfully submitted,

DUDLEY C. STONE,
Deputy Sup't of. Schools.

ANNUAL EXAMINATIONS—MAY, 1875.

CIRCULAR TO PRINCIPALS AND ASSISTANT TEACHERS.

Principals of Grammar Schools are requested to fill out the proper blanks, with the names of their first grade pupils, in alphabetical and vowel order, recording the average term standing of each in the appropriate column. These blanks must be sent to the respective High Schools on Monday, May 22d. Where a class is composed of both boys and girls, two separate lists must be made out. The names of those scholars who have been promoted, honorably, on their term standing, will be designated by a letter H, in *red ink*, in the column headed "per cent. in examination." Their term standing must be given with that of the other members of the class.

The examination in the fifth grades is intended simply as an aid to the Principals in promoting the scholars of that grade. Their term standing will also be taken into consideration, and those only who attain an average standing of 70 per cent. will receive Certificates of Promotion.

In all cases where it may seem desirable, Principals are authorized to arrange their classes for the coming year so as to avoid at least a portion of the confusion and delay incident to the reopening.

Principals and Assistants will observe the following rules:

1. Principals are instructed to assign assistant teachers, so that no teacher will have charge of his or her own class during any examination.
2. Teachers will require the name and the age of each pupil to be written at the head of each paper; also, the name of the school, the grade of the class, the name of the teacher of each class, and the name of the examiner in charge of the class during the examination.
3. Teachers will give the pupils no assistance during the examination, but they may give any explanation necessary to a fair understanding of the questions. The papers of all pupils detected in copying or communicating during the examination should be rejected.

All books relating to the subject under examination should be collected by the examiner before commencing the exercises.

4. All papers should be strictly and impartially examined and credited. The Committee on Classification does not desire to fill any grade with incompetent or unprepared pupils.

5. Principals will preserve the papers of each class for the use of the Committee on Classification.

6. All teachers are required to give their undivided attention to the class while passing any examination.

No crediting of papers or other work should be performed during such exercises.

7. No general recess should be given to the classes while passing an examination.

8. In order to secure uniformity in crediting, Principals will arrange the papers to be credited so that the same teacher will credit all the papers of the same study in each grade, except in schools having several classes in the same grade.

9. The examination questions will be delivered, on the order of the Principal, by 8 o'clock, A. M., on the day of the examination.

10. Blank certificates of promotion will be furnished to each Principal, and must be delivered to pupils before the close of the term.

11. Certificates of graduation of pupils of the first grade will be made out at the High Schools, and will be delivered to the proper parties on Saturday, May 26th, at 3 P. M.

12. Principals are authorized to hold such closing exercises, under the rules of the Board, as they may desire.

13. The credits in each study must be copied into the book of "Record of Examination."

As soon as all the credits of the pupils, including those of the first grade, shall be entered in this book, the Principals are requested to send it to the Board of Education for the inspection of the Committee on Classification.

The pupils of the first grade classes will be examined for graduating from the Grammar Schools, and for admission to the High Schools, on Monday, Tuesday and Wednesday, May 22, 23, 24.

The girls will meet on Monday, May 22, at 9 A. M., at the Girls' High School. The boys will meet at the same time at the Boys' High School.

The teachers of the Girls' and Boys' High Schools will examine and credit all the papers of the candidates for admission to these schools.

Deputy Superintendent Stone will have the general supervision of the examination and of the crediting of the papers.

It is desirable to have the papers of this examination carefully credited, and the work completed as soon as possible.

The percentage of credits for graduation and for promotion, is fixed at 70 per cent.

The order of examination in fifth grade classes will be as follows: Monday, May 22d—9 A. M., Arithmetic; 1 P. M.—Language. May 23d, 9 A. M.—Geography; 1 P. M.—Spelling.

MENTAL ARITHMETIC—25 Credits.

10 Questions, 1 Credit Each.

[Read twice; allow one minute for solution. Answers to be written in columns in regular order.]

1. Add $\frac{5}{7}$ and $\frac{2}{3}$.
2. 12 is $\frac{3}{11}$ of what number?
3. 8 is $33\frac{1}{3}\%$ of what number?
4. What is 6 % of 400?
5. Subtract $\frac{3}{6}$ from $\frac{1}{2}$.
6. Reduce $4\frac{1}{3}$ to an equivalent fraction, having 9 for a denominator.
7. 7 times one-ninth of 63=?
8. $\frac{4}{5}$ of $20 + \frac{3}{4}$ of 16=?
9. 40 lbs. of Sugar at $10\frac{1}{2}$ cents.
10. $\frac{1}{7} \div 4 \times 3 = ?$

Five questions, 3 credits each. The questions to be written on the board, and the full analysis to be written by the pupils.

1. A does a piece of work in 5 days, and B in 7 days. In how many days will they do it working together?
2. D does a piece of work in 12 days, D and E in 5 days. In how many days will E do it working alone?
3. What number diminished by its fourth and its eighth and 13 more=27?
4. If $16\frac{2}{3}\%$ per cent. is lost by selling a watch for \$45, what did it cost?
5. $7\frac{1}{3}$ is $\frac{1}{6}$ of what number?

GRAMMAR.

Eight Questions, ten Credits Each; one Question, twenty Credits.

1.

Flag of the free hearts' only home,
 By angel hands to valor given;
 Thy stars have lit the welkin dome,
 And all thy hues were born in heaven.
 Forever float that standard sheet!
 Where breathes the foe but falls before us,
 With Freedom's soil beneath our feet,
 And Freedom's banner waving o'er us?

Express the meaning of the above lines in prose, observing the following directions:

Put the first statement into an interrogative and negative form; change the

second to a question; change the third to a simple declarative form, and the last to a negatively declarative sentence.

2. Give the construction of each noun and pronoun in the stanza.
3. Parse *given, only, breathes, waving, angel*.
4. Under what circumstances must a collective noun have a singular verb?

Illustrate.

5. Write a sentence having the subject modified by an adjective, a noun in the possessive, and a relative clause; the predicate modified by an adverb and a phrase.

6. (a) Write the perfect participles of *fly, need, wear, rest*.

(b) Change to the plural—*axis, chimney, loss, leaf, criterion*.

7. Compare *gay, active, fore*. Give the masculine gender of *bride, roe, widow*. Give a synopsis of *drive* in the third person singular, indicative mood.

8. Mention all the methods of forming plurals of nouns, with examples.

9. Write a short composition of 15 or 20 lines on the subject of the coming vacation. (10 credits for composition, and 10 for accuracy in spelling, punctuation, and use of capitals.)

GEOGRAPHY.

10 Questions, 5 Credits Each.

1. Name and locate the ten most important cities of the Union.
2. (a) Name all the States lying along the Mississippi River, on the eastern side, in their order, beginning at the most northern.
- (b) Name all on the western side, beginning at the south, in their regular order.
3. Mention the principal ocean currents, and describe, specially, the current which has most influence upon the climate of Western Europe. Show how this effect takes place.
4. Tell where the following mineral productions are found: Quicksilver, lead, salt, gold, coal, tin, copper, iron, silver, and sulphur.
5. What are the different circumstances which affect the temperature of places on the earth?
6. Name and locate five important plateaus.
7. Explain the distinction between an isthmus and a cape, a plain and a desert, a prairie and a plateau, a valley and a gorge, a strait and a channel.
8. If one wished to go on a voyage from Philadelphia to Canton, one of which three courses might he take?
9. Give the latitude of San Francisco, Yeddo, Cape Horn, London, Madrid.
10. Bound California; give five principal cities, five principal rivers, area and population.

SPECIAL QUESTIONS.

Correct answers to each of these will cancel one credit of failure on the regular questions.

1. Where are the Adirondack Mountains, and for what are they noted?
2. To what nation does Cuba belong?
3. Mention five vegetable products of the United States in the order of their adaptation to climate, beginning at the north.
4. What meridian is a part of the eastern boundary of California?
5. What parallel is a part of the northern boundary of the United States?

WORD ANALYSIS.

10 Questions, 5 Credits Each.

1. Write sentences containing the following words, properly used: Sensitive and sensible, creditable and credible, honorary and honorable, artist and artisan, truth and veracity.
2. Give three words derived from the Greek root *chronos*, with definitions; three from *pendeo*; three from *doceo*; three from *audio*; three from *mitto*; three from *curro*; two from *dominus*.
3. Give five prefixes and five suffixes from the Latin. Give their meanings, and illustrate by examples.
4. Give the derivation and history of the following words: Tariff, tribulation, savage, rival, lunatic, calculate, Bible, alphabet, politics, epidemic.
5. Explain the difference between the words invent and discover, pride and vanity, character and reputation, temperance and abstinence, pleasure and happiness.
6. Combine sale and able, right and ous, rare and ify, courage and ous, abound and ant.
7. Name five Latin and Greek roots, with their meanings. Mention none that have been used in the previous questions.
8. Give five Latin phrases, with their meanings.
9. Name the proper derivatives from Genoa, Malta, Norway, Venice, Wales.
10. Define suffix, prefix, root, primitive, derivative.

HISTORY OF THE UNITED STATES.—(Administrations.)

10 Questions, 5 Credits Each.

1. Name all the Presidents in order, and tell which of them have been elected for a second term.

2. Give one important event in each of the following administrations: Jefferson's, Monroe's, Polk's, John Adams', Madison's.

3. For what will Lincoln be especially remembered? Sherman? Farragut? Captain Winslow? General Burnside?

4. Give an account of one important action of the last war with England.

5. Where was Washington inaugurated President of the United States? Who was his Secretary of the Treasury?

6. What territory has the United States acquired since the Revolution? State from what nations and in what manner two of these acquisitions were made.

7. Who were the two most prominent Generals in the Mexican War? In what parts of Mexico did they operate? What was the result of that war? What treaty closed it? In what year did it begin?

8. Name five great battles of the rebellion; five Union and five Confederate commanders.

9. Name five remarkable American inventions during the period under consideration, giving their dates, and the name of the inventor of each.

10. State the change that has taken place in the United States during the past hundred years in respect to number, area, population.

SPECIAL QUESTIONS.

A correct answer to either of these will cancel two credits of failure.

1. What was the Missouri Compromise?

2. For what achievement was Decatur noted?

3. On what day did two Presidents die? Name them.

4. Name four Indian Chiefs noted in the history of our country. In what section did each live?

GIRLS' HIGH SCHOOL.

SENIOR CLASS.

ALGEBRA—February 2, 1876.

1. Define Algebra, exponent, radical, Arithmetical progression, proportion.
2. The sum of five numbers in Arithmetical progression is 35, and the sum of their squares is 335; find the numbers.
3. Find the sum of $7 + \frac{2.9}{4} + \frac{1.5}{2}$, etc., to 16 terms.
4. Solve the equation $\frac{3x-1}{\sqrt{3x+1}} = 1 + \frac{\sqrt{3x-1}}{2}$
5. Discuss the values $a-x$ in the problem of the lights, supposing $b=c$.
6. Give the rule for the solution of an affected quadratic equation.

7. What two numbers are those whose difference is 8, and the sum of whose squares is 544?

8. When do the roots of a quadratic equation become imaginary; and why?

9. Solve the equation $\frac{x+22}{3} - \frac{4}{x} = \frac{9x-6}{2}$

10. Extract the square root of $x^6 + 4x^5 + 10x^4 + 20x^3 + 25x^2 + 24x + 16$.

JULIUS CÆSAR.

1. Where and at what period did the events occur which are represented in Shakespeare's tragedy of Julius Cæsar?

2. Give the names of the most important characters, and state their position in the Roman Commonwealth.

3. Give three of the most frequently quoted passages of the play.

4. State, briefly, the argument of the tragedy.

5. Under what circumstances, and by whom were the following passages spoken:

(a) "Domestic fury and fierce civil strife

Shall cumber all the parts of Italy."

(b) "Good Volumnius, thou know'st

That we two went to school together."

(c) "Then like a Roman bear the truth I tell,

For certain she is dead, and by strange manner."

6. Mention five words from the play which are now obsolete, five words whose meanings are obsolete, and two quotations containing obsolete constructions.

7. How does Shakespeare vary from history in his representation of events?

8. Scan the passages given in the fifth question, and state the peculiarities of the versification, defining the terms used.

ARITHMETIC.

1. (a) Multiply together the *sum*, the *product*, and the *difference* of

$$\frac{2\frac{1}{2}}{3\frac{3}{4}} \text{ and } \frac{3\frac{1}{5}}{2\frac{1}{3}}$$

(b) $(7.32 \times 6.07 + 3.1407 - 1.141) \div 3.21 = ?$

2. (a) What per cent. of 24 is 23?

(b) 6 % of 11 is what % of 12?

3. Find the contents of a field, in acres, which is $76\frac{7}{8}$ rods long and $18\frac{3}{4}$ rods broad.

4. Multiply $\frac{7}{8}$ of $\frac{8}{11}$ of $\frac{1}{4}$ by $\frac{5}{7}$ of $\frac{1}{9} \times \frac{1}{2}$.
5. How many rolls of paper, each 9 yds. long and 2 ft. wide will it take to paper the walls of a room 18 ft. long, 15 ft. wide and 12 ft. high.
6. Interest of \$618.50 at $1\frac{1}{2}\%$ per month for 1 year, 7 months, 16 days.
7. Define—prime number, least compound multiple, greatest common divisor, odd number, composite number.
8. Find the diameter of a circle containing 16 acres of land.
9. An importer bought sugar at $5\frac{1}{2}$ cents a pound, and sold it to the wholesale dealer at a profit of $16\frac{2}{3}\%$; the last to the retailer at 25 % profit, and the retail dealer to his customers at 20 % profit. Find the selling price of the sugar.
10. A tree is partially broken 26 ft. from the top, which strikes the ground 16 ft. from the foot of the tree. What was the height of the tree?

ENGLISH LANGUAGE.

1. What languages enter into the composition of the English? What proportion of the words come from each, and at what time did each element enter the language?
2. Give the principal characteristics of each element.
3. Give examples of as many elements as possible.
4. Explain the method by which words are introduced into the language.
5. Give some idea of the difference between the English of Chaucer's time and that of ours.
6. What particular benefits do we receive from the Anglo-Saxon element?
7. Give ten pairs of words which are synonymous, or nearly so, one of each pair a Saxon word, and one from the Latin.
8. What advantages do we experience from the Norman French element.
9. Give the Thirteenth Head in Craik's English Language.
10. (a) What classes of words come from the Greek, the Arabic?
(b) What is the origin of the verb "to be"?

GRAMMAR.

1. Define a primitive word, a pronominal adjective, a passive verb, a compound word, a derivative, and give one example of each.
2. Give five uses of capital letters, two uses of the period, two of the apostrophe, and one of the colon.
3. Write the plurals of *money* and *pony*, and the rules that apply. What difference is there in the use of the letter *s*, in the inflection of nouns and that of verbs?

4. Compare *fore*, *far*, *worse*, and *most*; and write a sentence containing the positive degree of the adverb *worst*.
5. Correct the following, if wrong, and give reasons for the correction:
The teacher promoted Sarah and I to the first division.
I wish to carefully correct this exercise.
The use of wine, brandy, and beer, are condemned by many.
A large assortment of the finest goods have just been received by us.
Who did you find in the room?
6. Let me go home.
Analyze and parse the above.
7. Make five separate statements about the State of California.
Combine them into one compound or complex sentence.
8. Write a synopsis of the verb *drink*, in the indicative and potential moods.
9. Name four cases in which the pronoun *that* is used in preference to *who* or *which*.
10. Name five different uses of the word *that*, illustrating each by a sentence.

RHETORIC.

1. How many ways are there of rendering style effective, and what are they?
2. Give and define the violations of brevity, and illustrate each by a quotation from Julius Cæsar.
3. Define the following: simplicity, strength, ludicrous, pathos. Mention with each of these a work characterized by that particular quality.
4. What are the different kinds of rhetorical sentences? Give with each an author whose style is characterized by that form of sentence.
5. What is the first requisite of the paragraph? What are the means of reference employed in a well-constructed paragraph?
6. What are the three methods of description? Mention the aids to description.
7. To what does narrative composition apply? What is the first principle of narrative composition?
8. From what are the materials for poetry selected?
9. Give and define the three grand divisions of poetry, giving an example of each.
10. What are the five rules for the construction of sentences?

NATURAL PHILOSOPHY.

1. Define cohesion, adhesion, specific gravity, impenetrability, equilibrium.
2. Explain the action of the suction pump, with diagram.
3. How does sound originate? How is it transmitted? What is its velocity

in air? What medium, gaseous, liquid or solid, transmits sound most rapidly? How is the octave of a note produced?

4. Find the specific gravity of a solid which weighs $16\frac{1}{2}$ ounces in the air, and 13 ounces in water? Explain the process. A flask containing 1,000 grains of water will contain 1,063 grains of a certain acid. What is the specific gravity of the acid?

5. What is heat? How does it affect matter? Name three good conductors of heat, and three poor ones. Why does ether when poured on the hand make it feel cold? At what temperature is water at its greatest density?

6. What is the law of reflection of light? What does light consist of? Name and describe the different kinds of lenses. How is light affected by a convex lens? By a concave lens? Give the velocity of light.

MIDDLE CLASS.

GEOMETRY.

1. (a) How is an angle inscribed in a circle measured?
(b) What angles can be inscribed in a segment greater than a semi-circle?
2. Show that a radius which is perpendicular to a chord, bisects the chord and also the arc subtended by it.
3. Define postulate, theorem, axiom. State three axioms frequently used, and state two postulates, two theorems.
4. If a straight line is perpendicular to a radius at its outer extremity, what follows?
5. Show how to find the center of a given circumference?
6. How are the areas of parallelograms found? triangles? trapezoid?
7. In any triangle, if a line be drawn parallel to one side, how does it divide the other sides? Illustrate.
8. Under what four different sets of conditions can it be proved that two triangles are equal in all their parts?
9. If in a right angled triangle, a perpendicular be drawn from the vertex of the right angle to the hypotenuse, what three facts can be proved?
(a) Show that the square described on the diagonal of a square, is double the given square.
(b) To what is the square described on the sum of two lines equal?

HISTORY.

1. What were the Crusades, over what period of time did they extend, and what benefits resulted to the people of Europe from them?
 2. Who were: Joan of Arc, the Chevalier Bayard, Wm. Caxton, Admiral Coligny, Wat Tyler?
 3. Mention three great battles, and two noted leaders of the wars between England and France during the Middle Ages.
 4. What causes can you give for the French Revolution? Mention four names of men noted for their connection with.
 5. Mention the cause and result of the civil war during the reign of Charles I in England.
 6. Name five important events in the life of Napoleon. Name five important battles in which he was engaged.
 7. When did the Franco-Prussian war take place? What was the result? Name the French and Prussian sovereigns, and a prominent commander on each side.
 8. Who were: Cromwell, Philip Augustus, Thomas à Becket, Saladin, Bismarck?
 9. What was the Edict of Nantes? The effect of its revocation on arts and manufactures in England.
 10. Why was Louis XIV called the Great King? Mention four important events of his reign.
-

CHEMISTRY.

1. Define Chemistry, Acids, Alkalies, Elements.
2. Give the symbols and molecular weights of three oxides of Iron, and one of Phosphorus.
3. What is Iron Pyrites, and what use is made of it?
4. Name the most *inert* element, the most *energetic*, the *lightest*, and one which is liquid at ordinary temperatures.
5. What is White Lead, how is it made, and for what is it used?
6. Tell all you can about Na.
7. What is the difference between distillation and sublimation?
8. Why does the dough rise, in making bread?
9. Name four alloys, tell their composition, and their uses.
10. Explain the difference between *cast* iron and *wrought* iron.

ALGEBRA.

1. Define binomial, residual, reciprocal, elimination, transposition.
2. (a) Prove that $a^0=1$; also, that
 - (b) $\frac{0}{b}=0$
 - (c) Factor x^6-7^6
 - (d) " x^2+3x+2 .
 - (e) " $2x^3+4x^2-70x$.
3. (a) $(x^4-\frac{1}{x^4})\div(x-\frac{1}{x})=\text{what?}$
 (b) $\frac{a}{2}-\frac{(ad-bc)x}{c(c+dx)}=\text{what?}$
4. State the Binomial Theorem of Newton, as regards (1) the number of terms, (2) the signs, (3) the exponents, (4) the letters, and (5) the coefficients.
5. *Solve and verify* the following equation:

$$\frac{9x+3}{27}+\frac{3x-6}{2x-5}=\frac{2}{3}+\frac{3x+22}{9}$$
6. How many methods of elimination are there? Name them, and solve the following equation by all the methods:

$$\begin{aligned} 3x-2y &= 9. \\ 6x+4y &= 37. \end{aligned}$$
7. When is a trinomial a perfect square? Give two examples.
8. Expand $(x+y)^6$ by the Binomial Theorem.
9. (a) How is a radical reduced to its simplest form?
 (b) Reduce to their simplest form:

$$^4\sqrt{80} \quad \sqrt{2527} \quad \sqrt{980x^5} \quad \sqrt{405y^9}$$
- (c) Prove that $\sqrt{ab}=\sqrt{a}\times\sqrt{b}$.
10. Solve the following:

$$^2\sqrt{\frac{5}{3}+\frac{1}{6}}\sqrt{60}+\sqrt{15}+\sqrt{\frac{3}{5}}=\text{what?}$$

AMERICAN LITERATURE.

1. Mention ten prominent American authors—three poets, five writers of fiction, and two historians.
2. Name one work by each of the authors you have mentioned.
3. (a) Contrast Longfellow's poetry with that of Whittier.

Worshippers; (7) Uncle Tom's Cabin; (8) Walden; (9) Battle Hymn of the Republic; (10) Dirge for Two Veterans.

5. Give a brief account of O. W. Holmes; name his principal works, and state the prevailing characteristic of his writings.

6. Name five of the best known female writers of the present day.

7. In what work do we find each of the following characters: Leatherstocking, Wouter Van Twiller, Baltus Von Slingerland, Bernard Langdon, Hayle & Kelso?

8. Tell the author of each of the following extracts, and the work from which it is taken.

(a)

"Thou dost speak
Alone of God, who found thee as a drop
From His right hand—bidding the soul that looks
Upon thy fearful majesty be still,
Be humbly wrapped in its own nothingness,
And lose thyself in Him." —Niagara. Mrs. Sigourney.

(b)

"Green be the turf above thee,
Friend of my better days!
None knew thee but to love thee,
Nor named thee but to praise."
—Fitz Greene Halleck on the death of Drake.

(c)

"The day is done, and the darkness
Falls from the wings of night,
As a feather is wafted downward
From an eagle in his flight."
—The Day is Done. Longfellow.

(d)

"I do not tremble when I meet
The stoutest of my foes,
But heaven defend me from the friend
Who never, never goes." —My Familiar. Saxe.

4. What are the chief points of a good editorial?

5. (a) State your idea of the difference between good writing and bad writing,

(b) Name the chief points of a well written history.

SENIOR CLASS.

ENGLISH LITERATURE.

1. (a) What were the distinguishing characteristics of the Elizabethan period of English literature?

(b) Name ten authors of this period, with one work of each.

2. Write an essay of not less than fifteen lines on Milton, his times, life as a man and as an author, titles and characteristics of his works.

3. State the name of the poem from which the following extract is made and give a rhetorical analysis of the passage:

The great brand
Made lightnings in the splendor of the moon,
And flashing round and round, and whirl'd in an arch,
Shot like a streamer of the northern morn,
Seen where the moving isles of winter shock
By night, with noises of the northern sea.
So flashed and fell the brand Excalibur;
But ere he dipt the surface, rose an arm
Clothed in white samite, mystic, wonderful,
And caught him by the hilt, and brandished him,
Three times, and drew him under in the mere,
And lightly went the other to the King.

4. Quote from each of the following works, naming the authors: The Deserted Village, Essay on Man, the Bard, The Lady of the Lake, Hymn on Mont Blanc.

5. Write a critique upon one of the works of Geo. Eliot or of Mrs. Browning, which you have read.

7. Quote two passages from Tennyson's works.
8. Quote two passages from Holmes' works.

ALGEBRA.

- What does a parenthesis indicate? A vinculum?
How is equality indicated? Inequality?
What is an axiom? Give two axioms which are frequently referred to?
- Factor $a^6 - 1$, $8 - c^3$, $1 - 2z + 36z^2$, $x^8 - z^8$
Find the least common multiple of $m^2 - 4$, $zm - 2z$, $m^2 + zm$.
- $\frac{a+b}{a-b} + \frac{a-b}{a+b} = ?$
- $(1 + \frac{1}{a}) \div (1 - \frac{1}{a^2}) = ?$
- A young man spent $\frac{3}{8}$ of his fortune the first year, and $\frac{1}{4}$ of the remainder the next year, when he had \$1,420 left. What was his fortune?
- $\frac{x}{4} + \frac{5y}{6} = 14$.
 $\frac{x}{8} + \frac{y}{6} = 4$.
Find the values of x and y ,
- Define independent, equations, elimination, co-efficient, similar terms, homogeneous.

8. Expand $(a+y)^6$ by the Binomial Theorem.
 9. Divide the number 56 into two such parts that their product will be 640.
 10. Two numbers are to each other as 5 to 6, and (a) the difference of their squares is 44. Required, the numbers.
- (b) $\sqrt{x-16}=8-\sqrt{x}$.
Find the value of x .

HISTORY.

1. (a) With what arts and sciences had the ancient Egyptians considerable acquaintance?
- (b) What was the great characteristic of their institutions?
- (c) What was the richest, most powerful, and most influential order among them?
- (d) What was the distinguishing feature of their architecture?

9. Who was the Duke of Alba? William of Orange? Philip II.? the Earl of Leicester? Henry of Navarre?

10. Give a brief account of the Invincible Armada.

SPECIAL QUESTIONS.

(Each of these questions, if correctly answered, may cancel one per cent. of failure in the regular questions.)

1. Why is the Rubicon famous in history?
2. Who discovered the passage around the Cape of Good Hope?
3. What effect had this discovery on Venice, and why?
4. What was the Edict of Nantes?
5. What was the Hapsburg dynasty?
6. Explain Richelieu's policy.

PHYSIOLOGY.

1. What are the *uses* and the *composition* of the bones? Why are the ends of the round bones *larger* than the middle portions? Name *two* flat bones and *three* round ones.

2. What is a *joint*? Name four joints in the human body, and tell what *kind* of joint each one is.

3. What is a ligament?

4. Give a general description of the process of *digestion*, naming all the organs concerned in it. (Half a page.)

5. Tell what you can about the *lungs*, and how we can guard them against injury.

6. Name the principal parts of the *ear*, and state, briefly, the physiology of hearing.

7. Define secretion, motor, sensory, cerebrum, gland.

8. Give five plain rules of Hygiene.

9. What is the office of the skin, and how should it be properly cared for?

10. Name the organs of circulation. Trace the blood in its entire course through the body. *Where* does the blood undergo its change from red to dark?

BOYS' HIGH SCHOOL.

SENIOR CLASS.

ALGEBRA.

1. Find the fourth root of

$$16a^4 - 96a^3x + 216a^2x^2 - 216ax^3 + 81x^4$$

2. Insert three arithmetical means between $\frac{1}{3}$ and $\frac{1}{2}$.
3. (a) Find the formula for the sum of a geometrical progression.
(b) The last term of a geometrical progression is 62,500, the ratio 5, and the number of terms 7. Required the first term and the sum of the series.

4. What are logarithms? Explain how multiplication, division, involution and evolution are performed by means of logarithms.

5. (a) Find $(a-b)^7$ by means of the Binomial Theorem.

(b) Find the cube root of 30 by logarithms.

(c) $\frac{3x-1}{\sqrt{3x+1}} = 1 + \frac{\sqrt{3x-1}}{2}$

POLITICAL ECONOMY.

1. Define capital, value, price, tariff, rent, credit, currency, taxes.
2. Explain the difference between fixed and circulating capital.
3. Upon what circumstances does the price of anything depend?
4. What is the value of money? Why is it sometimes erroneously supposed that the value of money is invariable?

8. What is *indorsing* a bill?

LATIN.

1. Scan and explain the peculiarities in the following:

Quid tempestatis autumnna et sidera dicam
Atque ubi jam breviorque dies et mollior aestas,
Saepe ego cum flavis messorum iuduceret arvis.

2. Translate:

Atque haec ut certis *possumus dicere signis*
Aestusque, pluviasque et agentes frigora ventos
Ipse pater *statuit* quid menstrua luna moneret.
Quo signo caderent austri, quid *saepe videntes*
Agricolae *proprius stabulis* armenta tenerent.

- 3 and 4. Parse italicized words in above.

5. Translate:

Qui te, Pollio, amat, *veniat* quo te quoque *gaudet*.
Mella fluant illi ferat et rubus asper amomum
Qui Bavium non odit amet tua carmina Maevi,
Atque idem jungat vulpes et mulgeat hircos.

6. (a) Rule for subjunctive. (b) Construction. (c) Principal parts.
(d) Rule for gender. (e) What kind of verb, and mention two other similar verbs.

7. Translate:

Nox erat, et terris animalia somnos habebat,
Effigies sacrae *divum*, Phrygiique penates,
Quos mecum à Troja mediisque ex ignibus urbis,

5. Of whom was it said, "The wisest, brightest, meanest of mankind"; and who said it?

Mention three of the leading works of the author of the above quotation.

6. Name the author of each of the following works, and mention another work by each author: Areopagitica, Annus Mirabilis, The Tale of a Tub, English Bards and Scotch Reviewers, Lay of the Last Minstrel, Rasselas.

7. Mention the five first great novelists—name one work of each.

8. Name the three historical writers of the eighteenth century, the leading work of each, and the defects of these historians.

MIDDLE CLASS.

ALGEBRA.

1. (a) Simplify $3(x^2 + y^2) - [(x^2 + 2xy + 7^2) - (2xy - x^2 - y^2)]$

(b) Simplify $x - \frac{4a-b}{2} - (7x - \frac{3a-2b}{3})$

(c) In reducing fractions to a common denominator, what principle is used?

2. (a) Square the difference of a^2 and $\frac{1}{4}$, and state the theorem.

(b) What is the product of the sum, and the difference of x^3 and y^3 ? State the theorem, and by it find the product of $(x^2 + xy + y^2)$ and $(x^2 - xy - y^2)$

3. (a) What is a common multiple of two or more quantities?

(b) The greatest common divisor of two or more quantities?

(c) Find the G. C. D. of

$$2x^4 - 7x^3 - 4x^2 + x - 4 \text{ and } 3x^4 - 11x^3 - 2x^2 - 4x - 16.$$

4. If the prime factors of two or more quantities be given, how would you obtain from them (a) the G. C. D., and (b) the L. C. M.? Analyze each operation.

5. Reduce to its simplest form, by the use of factors:

$$(a) \quad \frac{\frac{x^4 - y^4}{x^2 + 7^2 - 2xy}}{\frac{x^2 + xy}{x - y}}$$

$$(b) \text{ Simplify: } \frac{\frac{3x}{2} + \frac{x-1}{3}}{\frac{13}{6}(x+1) - \frac{x}{3} - 2\frac{1}{2}}$$

6. (a) On what principle are quantities transposed from one member of an equation to the other?

(b) $x^2 + a^2 - b = 20$. Transpose the known quantities from the left

hand member of the equator to the right, and explain by what right you transfer.

(c) Show that $a^0=1$.

Show that $a^{-2}=\frac{1}{a^2}$

7. (a) Solve $\frac{3x-1}{2x-1}-\frac{4x-2}{3x-2}=\frac{1}{6}$

(b) Show the principle of the rule employed by using the equation:

$$x^2+2px=q.$$

8. Solve $\frac{x+y}{3}+\frac{y-x}{2}=9.$

$$\frac{x}{2}+\frac{x+y}{9}=5.$$

(b) On what principle are equations solved by addition and subtraction?

9. (a) Simplify $\frac{1}{\sqrt[3]{2}}-\frac{1}{\sqrt[3]{16}}$

(b) Multiply $1+\sqrt{3}$ by $\sqrt{6}-\sqrt{2}$.

NOTE.—The first six questions six credits each, the last three questions eight credits each.

LATIN—CICERO.

1. Oration II against Cataline, Section 6, line 33, page 30.

Translate from *Hic* to *edocui*.

(a and b) Give rules for subjunctives *egisset* and *reticuisset*.

(c, d, and e) Principal parts of *quæsi*, *egisset*, and *edocui*.

2. Oration II, Sec. 13, line 8, page 37.

Translate from *Quæ* to the end.

(a, b, c, d, and e) Give rules for case of *prudencia*, *vobis*, *quibus*, *numine*, and *terra*.

3. Oration III, Sec. 7, line 2, page 45.

Translate from *Quod* to the end.

(a) Explain construction of *quod*.

(b) Explain conditional sentence "Si—remanisset."

(c) What English idiom corresponds to "ut—dicam"?

(d) Compare *levissime*.

(e) Rule for *nobis*.

4. Pro Archia, Sec. 8, line 21, page 67.

Translate from *quoties* to *sententias*.

(a) Write a synopsis of *utor* in subjunctive.

(b) Give the paradigm of the tense in which *scripsisset* occurs.

- (c and d) Decline *tempore* and *versuum*.
 (e) Give different meanings of *litera* in the singular and plural.
 5. Pro Marcello, Sec. 10, line 34, page 106.

Translate from *perfuncta* to *sanitatis*.

- (a) Rule for *bello*.
 (b) Rule for mode of *inflammaret*.
 (c) Rule for case of *exsilio*.
 (d) What is the construction of the clause "ut—velint."
 (e) Rule for case of *sapientiae*.

CHEMISTRY.

Eliot & Storer's Manual—To page 109.

1. Illustrate the difference between a chemical combination and a mechanical mixture; giving two examples of each.
2. In what forms does free O exist in nature? State its connection with the phenomena of animal life. How is it obtained in the laboratory?
3. Mention three methods of obtaining H. What are its characteristic properties? State the peculiarities of the hydrogen flame. Describe the oxyhydrogen blowpipe.
4. Give a brief description of P. How is it changed to Red P., and what new properties does it acquire?
5. Write at least twenty lines on the subject of sulphuric acid; its symbol, preparation, uses, etc.
6. Give the principal characteristics of chlorine. Tell what you can about its uses in the arts.

GEOMETRY.

1. What is a plane? a surface? a ratio? an inscribed angle? When are polygons said to be similar?
2. If from a point within a triangle two straight lines be drawn to the extremities of any side, what will be true of these two lines with reference to the other two sides of the triangle? Prove.
3. An inscribed angle is how measured? Prove.
4. On a given straight line, to construct a segment that shall contain a given angle.
5. Triangles that are mutually equi-angular are similar. Prove.

6. If from a point without a circle two secants be drawn terminating in the concave will they be reciprocally proportional to the external segments? Demonstrate.

CÆSAR.

1. Book 1, page 17, sec. 16. Translate from *Interim* to *nolebat*.
 - (a) Give rule for case of *œduor* and *frumentum*.
 - (b) What kind of an infinitive is *flagitare*?
 - (c, d, and e) Principal parts of *polliciti*, *posita* and *nolebat*.
 - (f) Rule for the case of *frumento*.
2. Book 2, page 45, sec. 11. Translate from *His* to *ponerent*.
 - (a) Rule for *His*.
 - (b) Composition of *prefecit*.
 - (c) Give an English derivative from *subsequi*.
 - (d) Plural of *fugientium*.
 - (e) Compare *fortiter*.
 - (f) How is *ventum erat* used?
3. Book 3, page 69, sec. 24. Translate from *Hoc* to the end of the section.
 - (a, b, c) Give six words in English derived from Latin words in this passage.
 - (d) Decline *alacriores* in the plural.
 - (e) Is *pugnandum* a gerund or a gerundive? How do you know?
 - (f) Construction of *expectari*.
4. Book 4, page 75, sec. 8. Translate from the beginning to *posuit*.
 - (a) Antecedent and government of *quæ*.
 - (b, c and d) Rewrite the whole passage in Latin *direct discourse*.
 - (e) Decline *ullos* in the singular.
 - (f) What does the adjective *verum* qualify?

GRAMMAR.

10. What amount of money has been invested when the broker's charges at $2\frac{1}{4}$ per cent. amount to \$34.20

ALGEBRA.

1. Define coefficient, exponent, reciprocal, factor.

2. Prove that $a^0=1$ and that $a^{-3}=\frac{1}{a^3}$

3. Divide $(a^2-\frac{a^4}{a^2-b^2})$ by $(\frac{ab}{b-a}-a)$

4. Find the value of the unknown quantities in the following equations:

$$x + \frac{1}{2}y = 10 - \frac{1}{3}z.$$

$$\frac{1}{2}x + \frac{1}{2}z = 9 - y.$$

$$\frac{1}{4}x - \frac{1}{4}z = 2y - 7.$$

5. (a) Multiply $(\sqrt{2}+1)$ by $(\sqrt{2}-1)$.

(b) Add $2\sqrt{c^2x-c^2y}$, $3c\sqrt{a^2x+a^2y}$, and $5\sqrt{a^2c^2x-a^2c^2y}$.

(c) Subtract $\frac{a}{13} \frac{\sqrt{361}}{5}$ from $\frac{2}{3} \frac{\sqrt{490a^2}}{338}$

6. (a) Find the square root of 651,249.

(b) Square root of $4a^4b^2-12a^3b^2+8a^2b^3+9a^2b^2-12a^2b^3+4a^2b^4$.

7. To what changes may both members of an equation be subjected without destroying the equality?

$$8. \frac{3}{x+1} - \frac{2x-1}{x^2 + \frac{x}{2} - \frac{1}{2}} = ?$$

9. Find the L. C. M. of $x^2-15x+36$, and $x^2-9x-36$.

BOARD OF SUPERVISORS.

Hon. JAMES OTIS, Mayor of the City and County of San Francisco and *ex-officio* President of the Board of Supervisors, died on October 30, 1875.

He had previously been connected with the municipal government, having served a term as Supervisor from the Tenth Ward in 1859-61, and was well known as a pioneer merchant of high and honorable standing, possessing the confidence and esteem of the business community. He was particularly distinguished in public positions as an honest, faithful and fearless officer of great executive ability and of remarkable public spirit.

As illustrative of his well known characteristics, the following extract from remarks made by the Hon. Sam'l H. Dwinelle, Judge of the Fifteenth District Court, on the occasion of adjourning his Court in respect to the memory of the deceased, is presented:

"It is altogether proper that the motion to adjourn should be granted. Mr. OTIS was the Chief Magistrate of our city, and one of our oldest inhabitants, and was connected with one of the first commercial houses of the city. We all knew him as a business man, but he was something more than that. He was very modest, very reticent in his manner, and a very just man, and would do his duty, no matter what impediment might be placed in his way. He despised the press whenever it undertook, improperly, to influence his official action, and showed a boldness of character in that regard, which was highly commendable, and might well be emulated by officials here and elsewhere. He was truly a great man and very generous; his charities were large and were given without ostentation."

At a Special Meeting of the Board, held on the thirtieth day of October, 1875, the sad event was communicated to the Board, in feeling terms, by Supervisor A. M. Ebbets,

After remarks by the respective members expressive of regret at the loss sustained, the following resolutions, introduced by Supervisor Macdonald, were adopted by a unanimous vote:

IN MEMORIAM.

Resolution No. 8014 (New Series.)

WHEREAS, It has pleased Almighty God to remove by death JAMES OTIS, Mayor of this City and County, a public officer and valuable citizen, respected for his personal worth and virtues, a pioneer resident and merchant of San Francisco, an event by which grief has been carried into the hearts of a wide circle of those who knew and appreciated his sterling worth and qualities; therefore,

Resolved, That in the death of JAMES OTIS the municipality has lost an independent, noble, and public-spirited officer, the community an honorable, enterprising merchant and estimable citizen, who discharged the duties of chief executive of the municipal government and other positions of honor with purity, zeal, and ability, and the members of this Board a friend, whose example in daily official and social intercourse added dignity to the responsible position which he occupied, the duties of which he so faithfully performed.

Resolved, That this Board holds in grateful recollection the many estimable characteristics of the deceased, which distinguished him for enterprise and unswerving integrity, and as the champion of the oppressed whenever and wherever found; for his self-sacrificing efforts and diligence in the cause of good government, and in the performance of all duties conducive to the good and well-being of the unfortunate.

Resolved, That the members of this Board sincerely condole with the family of our deceased friend, whose sorrow no words of ours can lighten or lessen, and earnestly hope they may receive that consolation from above which no earthly power can bestow.

Resolved, That these resolutions be spread upon the minutes, that a copy thereof be sent to the family of the deceased, and that the City Hall and Chambers of the Board be draped in mourning for a period of thirty days.

Resolved, That the officers of this City and County, and the officers elect, be and are hereby respectfully invited to attend the obsequies of the deceased, and that this Board do now adjourn to meet for that purpose.

On November 1st, the Board met, Supervisor A. W. Scott in the chair, and adjourned in respect to the memory of the Hon. JAMES OTIS, after the following remarks by Supervisor Lynch:

“MR. PRESIDENT:

It appears to me that it would not be proper for us to enter upon the discharge of any of the business of the Board to-night. On casting my eyes to the wall behind you, Mr. President, I observe the likeness of our late presiding officer; and that reminds me that the chair now occupied by you, and so long and honorably filled by the late presiding officer of this body, has not yet been filled by the appointment of his successor. For this reason it appears to me to be eminently proper to adjourn, out of respect to the memory of the deceased, without taking any action to-night toward filling the vacancy. I have conferred with some of the members of this Board this afternoon, and they have suggested Thursday evening as the time for our next meeting. I therefore move that this Board adjourn to Thursday evening. Owing to the suddenness of the call for the last meeting of this Board, I did not arrive here until the resolutions to the memory of our deceased President had been presented and adopted; and indeed I presume that scarcely a member of this Board felt like saying anything on that sad occasion. But it appears to me to-night that we should say something in regard to the deceased. I certainly do not feel competent to perform the task, because to-day it has been so much more ably performed than I can hope to do it; but I think that we owe it to the memory of the late Mayor, to present an oral tribute here to-night to the memory of the man, and in order to give public expression of the esteem in which he has been held by us.

In the summer of 1849, Mr. OTIS, then a young man, arrived here, and entered at once into business; and, as early as the spring of 1852, I recollect having seen the sign of the firm of Macondray & Co., on Sansome Street, of which he was a member, where it exists to-day. Since that time, as the years rolled by, the reputation of this young man grew as he grew amongst us, until he was honored on many occasions with positions certainly of honor, and oftentimes of profit. He has held numerous offices here, and, notwithstanding his retiring disposition and extreme modesty, he was sought out by his fellow-citizens, and honors were pressed upon him. He has been twice President of the Chamber of Commerce, twice President of the Mercantile Library Association, twice elected to the Board of Supervisors, and once to the Legislature, which last position he failed to fill, believing that he could not discharge the duties of his position, owing to the pressure of his private business. In addition to this, and as an example of how well his fellow-citizens appreciated him, I may state that, during the war of the rebellion, he was chosen President of the Pacific Branch of the United States Sanitary Commission. You have not forgotten the unanimity of the people of this coast, who were not drafted into the war, but responded in another way, by their liberal contributions to this fund. This money—and it was a very large amount—went into Mr. OTIS' hands as Treasurer, and every cent of it was properly accounted for. Thus, in every

position held by him, public or private, no one can be found to say that JAMES OTIS has ever failed in his duty as an officer and a man. To-day, on entering the cemetery where his remains repose, I read the name of JAMES OTIS, President of the Laurel Hill Association. One thing, Mr. President, is evident from his refusal to take his seat in the Legislature, and that was one of his noticeable characteristics: his untiring devotion to his official duties. He felt that, if he accepted an official position, and found himself unable to fulfill the duties required of him, he should resign. I remember that, two years ago, when the Legislature proposed to pass an Act changing the law referring to the President of the Board of Supervisors, so that the Board could elect one of their own members to take the chair, Mr. OTIS strenuously opposed the measure. He importuned the delegates, that if they contemplated the passage of such a law, they should allow the law to remain as it was during his term of office. Another characteristic of the man was his consciousness of right. In all his purposes, where he believed himself to be right, he was not susceptible to the influence of persons who perhaps did not understand the matter as well as he did, nor to the adverse criticisms of the Press; but in the inner consciousness of his own heart he left it to time to verify the correctness of his actions. San Francisco has lost a prominent citizen—a man always at the front when deeds of charity required support—a man who was liberal, yet not ostentatiously so, who would not let his right hand know what his left hand was doing; and in the collection of money for the Sanitary Fund, Mr. OTIS was ever ready to respond. And I feel sure that when, the other day, a great calamity fell upon our sister city, a meeting of the Board of Supervisors would have been called, had he not been unwell; and the citizens would have been invited to confer with us regarding measures for the relief of the suffering in that city.

This is the first time in the history of this city that the presiding officer of this Board has been called away during the term of his office. The community has lost a good citizen, and the family of the deceased a devoted and loving father."

On November 4th, 1875, Dr. George Hewston, Supervisor of the Tenth Ward, was appointed by the Board Mayor of the City and County, to fill the unexpired term, and on the 8th day of November, Jno. C. Roberts, Esq., the member elect for the succeeding term, was nominated by his Honor, Mayor Hewston, and confirmed by the Board as Supervisor of the Tenth Ward, to fill the existing vacancy.

On December 6th, 1875, the present Board was organized, the retiring members, after appropriate remarks, introducing their successors.

The retiring Mayor, the Hon. GEO. HEWSTON, addressed the Board as follows:

"GENTLEMEN AND MEMBERS OF THE BOARD OF SUPERVISORS, who have honored me with the exalted position of Mayor, to fill the unexpired term of our late lamented presiding officer, the Honorable JAMES OTIS—upon

whom no eulogy of mine can be expressed, in more fitting and affectionate terms, than has already been expressed by those who knew and appreciated his merits and worth; I would respectfully offer a few remarks on subjects which have presented themselves to me during the brief period in which I have occupied the position of Mayor and your presiding officer, with their suggestions.

The art of government has been one of the most difficult problems for mankind to solve since society was first brought together. Mighty minds, since the times of Solon and Lycurgus to Bacon and Locke, have attempted the solution, and yet difficulties arise and defects are found.

How to yield the greatest amount of happiness, liberty, and protection to the greatest number; to protect the minority from the majority, the weak from the strong, the poor from the rich, the rich from the poor, without infringing the rights of any one, are questions embraced in the laws of good government, whether State or municipal.

Experience has learned mankind in many of the points appertaining to government; yet our experience has seemed to produce but little benefit in establishing correct and much needed municipal laws and government for this city.

We are indebted to the Legislature at Sacramento to make our laws for all municipal purposes. And I would here inquire, of what interest is it to the member from Eureka or San Diego whether we have just and equal street laws, or a successful contract system, or whether we have any rights in fixing the rates of toll on our wharves along the city front, or building privileges, whereby we can erect, or finish, or maintain suitable buildings for our public purposes, any rights of improvements in our jails, hospitals, alms-houses, and homes for the destitute, or any rights to remove or equalize the burden of taxation of our citizens? The country is uniformly arrayed against the city, and State patronage is more coveted than justice to the citizens of San Francisco. Our Harbor Commissioners and our Board of Health are creatures of the State, and subject only to State control; yet the treasury of this city has to support the expenses of the latter, and our commerce and citizens the former.

Our hospital and alms-house employees are not subject to the municipal authorities. They are appointees of the State, through the Board of Health, and every member of that body is an appointee of the Governor, except the presiding officer.

Our street laws, our grades, and even the privilege of building our sewers must first be obtained from the Legislature. It is high time that this condition of dependency should cease, and that San Francisco should not be treated as a country village. She has a right to demand a municipal charter, which will free her from these annoyances and allow her to regulate her own internal affairs as will best suit her citizens, by and through her own local legislative body, who can understand and appreciate her wants, and can be held responsible for their acts to her own inhabitants. And I trust, that the new Board will adorn themselves by being the movers in this grand enterprise. The retiring Board attempted something in this matter, but thus far it has not

amounted to anything. Various plans of organization, looking to checks on the legislative body, can be presented, as we have numerous examples in other cities. The labor now devolving on the Board, as composed of twelve men, has become too onerous. It requires almost the entire time of a Supervisor who conscientiously performs his duty. This is asking too much, and as the city extends, the duties will become more and more arduous; so that the sooner a beginning is made to reorganize the municipal government the better, either by making two Boards, similar to the Senate and Assembly, or by a division of labor by increasing the number in the single Board, the latter of which I think much more objectionable than the former, as on the establishing of two Boards one can act as a check upon the other, and thus prevent hasty legislation.

FINANCES.

There are but few cities in the Union of the same population which can make a better showing of its financial standing than San Francisco. With a taxable value of \$268,532,859 on her real estate and personal property, her entire indebtedness amounts to \$3,820,951.24. From the recent examination of the Auditor's accounts we find the—

Funded debt to be.....	\$3,750,500 00	
Amount applicable for redemption.....	312,376 01	
Net indebtedness.....		\$3,438,123 99
Warrants not convertible into bonds.....		298,983 00
Warrants issued and unpaid on account of Second street cut....		83,844 00
Total amount of funded and general indebtedness.....		\$3,820,951 24

I would suggest that all taxes, whether paid under protest or otherwise, be required to be paid into the City Treasury by the Tax Collector.

I would also suggest that the time for payment of the taxes be May and October; instead of the time now fixed by law, and that all tax be stricken off from mortgages, as it is undoubtedly double taxation.

GAS.

Two very important subjects have been brought before the retiring Board for their consideration—the gas and water questions—one of which has been disposed of as deemed best in the judgment of the Board for the best interest of the city, while the other, after a large amount of outlay to the city, has not yet been definitely settled.

Gas may be considered as a luxury, although, according to modern ideas, a necessity. He who does not desire to use gas can adopt the lamp or candle, the improved fluids, or the old-fashioned whale oil. He may manufacture gas for himself, if he so determine. Gas is the product of a commercial article, consequently subject to fluctuation in price and quality, so that it might be a question admitting of many arguments, whether it would be best for the city to own her own gas works or be supplied by private corporations. In my judg-

ment it is better for the city to obtain her gas from the manufacturers, but exacting from them a standard quality at as low a rate as will compensate them for their capital and material. In order that monopoly may in a measure be avoided I would suggest the districting of the city say into several districts, and confine the manufacturers to one district alone, and then let the city receive a competitive application for the franchises, requiring bonds for the faithful performance of every article of agreement, and a bonus for the franchise. The present company could well afford to give the city light free for the privileges they now enjoy of occupying the streets and highways of the city for the supplying of their customers, and some such clause should be inserted before any more franchises are granted. By dividing up the privileges and not granting more than one franchise to a company, which must confine itself to the district applied for, you would soon have competition enough, and gas at a much cheaper rate than now, and it would be without establishing a large political cauldron in this city, where political patronage would be farmed out to the highest bidder, and thus establish a dominant rule on the body politic.

The quality of gas now furnished is very poor, and I would respectfully call upon the members of the incoming Legislature, and the Board of Supervisors, to establish some rule by which this condition can be remedied and the health and happiness of the citizen greatly improved by the use of a better and improved quality of gas.

During the past year the sum of \$262,557.53 has been expended by this city for the lighting of our streets; yet every citizen whose duty, occupation, or inclination has led him to be out at a late hour, and on many nights even at an early hour, when cloudy or rainy, has observed how shamefully the street lighting has been neglected, not only in the outer sections of the city, but on the most frequented streets.

If the present contract is carried out according to agreement, some very important modifications are required, and should speedily be effected by the new Board, so that our people shall have more light on our streets on dark or cloudy nights, without reference to the obscured moon, and, on dark nights, all night if required. The very method pursued in our street lighting is well calculated to engender crime and foster the very evils with which our city is nightly beset, and which is daily enumerated by the press. The nightly attacks of the depraved upon peaceable citizens has been of late growing most too frequent among us, and I would therefore plead that the new Board will see to it that we have better lighted streets for the future.

The gas contract was one of the important questions brought before the outgoing Board. This contract was in a measure a perpetuation of one entered into between the gas company and a former Board of Supervisors. All the advantages were on the side of the company, and we have a perpetuation of it for five years more from the date of contract. I trust that the present Legislature will be induced to adopt some method whereby the city and her inhabitants will be enabled to obtain a better quality of light, with less smoke and damage to household comfort and pulmonary derangements, than is now obtained from the present supply. I believe the Board acted as judiciously as

the circumstances would allow them in the renewal. As I have already stated, the gas company had the city at a very great disadvantage, arising from the terms of the former contract. I hope that the Legislature will authorize the Board of Supervisors to procure the necessary apparatus for testing the quality of the gas and its illuminating power, and also authorize the employment of suitable experts to systematically test the supply from time to time, under the supervision of a committee of the Board of Supervisors and disinterested citizens not connected with the gas company.

WATER.

The question has been raised, shall the city own her own water works and water supply? and the answer at the last Legislature was given in the affirmative by the passage of an act to provide and maintain public water works for the City and County of San Francisco.

The Board of Supervisors proceeded to action under the law, and have followed the requirements of the Act to a point where we now stand, in most masterly inactivity. The Spring Valley Water corporation appears to hold the key to the solution of this difficulty. This fact being well known to a number of gentlemen in this city, they, in their judgment, believed they saw millions of bonds looming up before them by the purchase of these works. Accordingly, while the city was making haste slowly, they energetically collected capital enough together to control the stock; and the works of the former company passed into their hands, and they now endeavor to sell the same to the city at the advance of some \$14,500,000, being \$6,500,000 over their purchase-money, which was justly repudiated by the commission appointed on behalf of the city. I trust that the incoming Board will apply to the Legislature and obtain such relief as may be required to obtain these works, or any others which may be essential to the supply of this city with good, pure water. God gave water to man for his use and benefit; and I cannot see the justice of allowing a few individuals to control the sources of water for their individual benefit. It is true, labor and material, engineering skill, and equipments, are necessary for the proper distribution of this essential fluid; yet these should not be placed in the hands of a few men. It is the duty of the Legislature to absolutely remove all hindrances that are existing, or that may arise in the final adjustment of this difficulty, between the corporation above named and the city. It is true, we have abundance of water, pure, clear, and cold, in our mountain fastnesses, and which is now only awaiting the engineering skill and capital to render it useful to the cities of the plains of California. But we are assured that, for the present wants, the works of the Spring Valley and the supply on our own peninsula are ample. I would suggest that we first attain the home supply before we look further.

It may even be advisable for the incoming Board to look at other supplies, and secure them for the future wants of the city, if they can be obtained

within reasonable limits of distance and money. A large amount of the city's money—about \$60,000—has been spent in the surveys made of useless water propositions, more than by some has been thought justifiable.

THE CALAVERAS SCHEME.

A desperate attempt was made to foist upon this city one of the most useless water projects that has ever been conceived; and I trust that the good judgment and honesty of the new Board will see that the city shall be protected from the schemers and organizers of this plan. For the individual facts connected with the subject, I would refer you to the last Municipal Reports.

That the supply of water is inadequate at the present time cannot be denied. The conduits are entirely too small, the water-mains in almost every part of the city are inadequate for the demand. Should a large fire occur in the southern and eastern portions of the city, the supply is so small that the fire-engines cannot obtain a sufficiency of water to keep them in constant use during the progress of any large conflagration.

I would suggest that engineering skill be applied for the introduction of water from the bay, either by large mains, laid sufficiently low for the water to be constantly maintained through them as far up as First Street, at least, so that the engines could apply the suction pumps by means of perpendicular connections with the lower mains; thus an abundance of salt water could be obtained for fire purposes. I am inclined to believe that this could be effected without a very great cost to the city. By laying the pipes below low water, a constant influx of the water from the bay would be maintained. I trust that the incoming Board will direct their attention to the pressing emergencies of this all-important subject.

The purity and quality of the water which we have is not that which a large city demands. There is entirely too much vegetable and decomposing animal matter contained in the present supply to render it a wholesome article for constant use in a large city. This is, doubtless, owing to the want of care, in keeping the reservoirs clean, and in an improper condition of the strainers over the main supply pipes. Large bodies of still water are very apt to accumulate quantities of confervoid growths upon their surface, especially during the summer months; as is demonstrated every year on the San Andreas, Pilarcitos, and Laguna Honda. These sources of miasmatic origin demand a most careful attention in a sanitary point of view, even at the present time; and will require it more and more as time advances and the city becomes more densely populated, and the atmosphere more impregnated with diseased germs and poisonous gases. And in the establishing of future works for this city, these are points that should not be overlooked, and provision made for the remedial treatment of the dangers arising from them.

STREETS.

One of the most difficult problems for the comfort of travel in modern cities has been the street question.

When the present Board assumed the duties of supervising the streets, a most deplorable condition of all our thoroughfares was presented. Time had developed the fact that all the wooden-block pavements were useless and expensive—most of them having fallen into almost absolute destruction. During the *regime* of the present Board the cubical stone-block of granite or basalt has been adopted, and many blocks in various sections of the city have been laid with this form of material, which has given satisfaction in a degree only. While affording a uniform surface for the passage of vehicles, and being less liable to displacement, time is beginning to develop some very important defects in the present style adopted. The blocks, as laid down, are too wide on the top and are growing so smooth that they are dangerous to travel, either for the light vehicle or heavy draught; horses cannot obtain a foothold upon them sufficient to prevent slipping and jeopardizing their lives. Most of the pavements of this kind now down, will from these facts, have to be removed in time, and replaced either with stone which will not exceed $2\frac{1}{4}$ to 3 inches on their face, or by other material which will give a rough surface for the foot.

Numerous patent pavements have been tried and are now undergoing investigation as to their adaptability, and to these I would call the attention of the incoming Board. Theoretical application in this subject seems to be a failure; time and experiment alone must be relied on to demonstrate for us which is the best. We cannot even judge by the success or disappointments of other cities, as our climate furnishes peculiar circumstances which will modify all other experiments made elsewhere. * We have the Zadig, the carbolized brick, and others now in use, all of which, when newly laid, seem to be admirable. But the two factors which we desire to enter into this problem are smoothness and durability, and with these noiselessness, if it can be obtained.

There are few cities on this continent which have expended more money on their streets than has this city, and I must justly say it would be difficult to find a city with more detestable thoroughfares. The plank streets and plank sidewalks are detestable, not only in the inconvenience of the travel over them, and their want of durability, but in a sanitary point of view; they are receptacles for all manner of filth, and as they are well calculated to retain the moisture which falls on them from above, they are also good preservatives for the moisture of the sand and soil on which they rest; hence we have the two essential elements for germination of morbid poison—heat during the sunny days, and moisture from the earth, and decomposition during the damp or rainy weather. My observations have led me to believe that many valuable lives have been sacrificed to this condition of our streets. I can see no good reason why property-owners should not be compelled to put down either brick or asphaltum sidewalks, instead of the damp, decomposing and rotten timber that is laid in our streets.

Plank sidewalks are the disgrace of this city. They are dangerous to the

pedestrian in many ways. During the rainy season they swell and are displaced; the spikes are thus drawn from the sleepers and project above the surface; they are not durable, and as soon as they become worn the projecting nails are both unpleasant and dangerous. A child who may accidentally fall on the sidewalk is in danger of having one of these projecting spikes fracture the skull, or destroy an eye, as I have witnessed in some few cases in my own practice. Planks might be permitted in the outer sections of the city, but in the settled portion no planks should be allowed, either for sidewalks or roadways. The macadamizing in the outer section of the city is as objectionable in many respects as the planking. This arises from several causes, but chiefly the very defective manner in which the work is done. In the beginning the sand is barely covered with the macadam; no attention is paid to settling the sand, or the macadam, after it is finished. To prove that there is material in abundance on the hills surrounding this city for the finest roads in the world, we have but to refer you to the roads of the Park, or the Cliff House road. These roads were properly built, by laying coarse material on the sand, then gradually finer material, in suitable layers, then well rolled and watered, until a compact roadway was obtained. It would be economy to the property owner, the tax-payer, and the city, to follow the same rule in all our outer streets; then in after years, as the necessity requires, these well rolled and hard streets would furnish a solid foundation upon which the cubical blocks could be laid, or any other hard superstructure that may be adopted.

The injustice of the street laws is very apparent in many particulars. All the accepted streets, prior to 1871, were accepted by the city as entire streets, including sidewalk as well as the roadway; while all the accepted streets since that time have been accepted only for the roadway. This is an injustice demanding an immediate remedy. Either all accepted streets should be accepted as an entire street, or all accepted only for the roadway. The administration of the street department for the past two years has been of the most lamentable character; infringements on all the rules and regulations of the Board, and laws governing the streets, have been permitted to be exercised without check or hindrance. The sidewalks have been allowed to be excavated and bridged over with timbers, which in two years have so rotted out as to endanger the lives of the citizens. Numerous instances of this can be seen on Kearny Street recently; and there are, on the same thoroughfare, many more of the same kind existing; and if the authorities do not take the matter in hand, a frightful calamity will most assuredly happen on some gala day, and the city may have a large debt to pay in consequence.

Property-owners, I contend, have no right to the underground of the sidewalks, any more than they have to the upper surface. The sidewalks are public property, and have no right to be converted into underground dens, or water-closets, or store-houses. I called the attention of the Board to this subject in the early part of my Supervisorship, but they took no action on the subject. I believe that the day is not far distant when these sidewalks will be required for the use of the city, and will contain the water and gas

pipes, instead of having them laid down in streets, requiring, as now, the constant destruction of the roadways for every renewal, removal, or repair. Either the sidewalks or the sewers are destined in the future to be the place for both the water and gas and telegraph wires, which also should be subterranean, rather than aerial, as at present. I am informed that the telegraph wires in some of the European cities are in the sewers, and not elevated on unsightly poles, disfiguring the streets, obstructing the view, and furnishing a lodgment for all sorts of floating bodies.

The roadways of our streets, after their acceptance by the city, are a constant source of expense to the tax-payers, as they require almost constant repair, which arises from the deficient and rascally manner in which the street work is performed by the contractors, and the carelessness on the part of the Street Superintendent in accepting work that has been so improperly performed. Another cause is the unwarranted use of narrow tires on all the heavy drays and teams used in conveying merchandise from one section of the city to the other. Enormous trucks, which will hold from six to eight tons, are drawn by two horses, and on four narrow wheels, and, in many instances, really plow up the entire pavements from one end of the block to the other. On the streets which are occupied in part by railroads, these teamsters select one side of the track for the wheels of one side of the dray, and, as the other side is thus canted, the additional weight is thrown upon it, and ruts and deep excavations are made in all of our business thoroughfares. I have endeavored in vain, during my time in the Board, to get some action requiring the widening of the tires; but as some of the more wealthy teamsters object, the whole subject has been allowed to go unattended to. I would suggest that the new Board signalize themselves by throwing off all such hindrances, and look only to the interest of the large body of tax-payers. No other city in the United States would permit such loads to be drawn over its pavements as are permitted here. The entire street paving, grading, and sewerage should either be vested in the Board of Supervisors, or in a Board of Engineers. Property-owners can now throw so many hindrances in the way of improvement, that it is impossible for the Supervisors to control or regulate a street throughout its entire length. One block may ask for plank, another for macadam, another for cobble, and another for cubical blocks, Zedig pavement, or carbolized brick; hence the Dolly-Varden style which we now have. And when in some instances a majority protest against paving or grading, the entire community and neighborhood may be greatly inconvenienced solely through the stubbornness of a few individuals.

The city, I believe, would save thousands of dollars by having her own force of workmen, carts and tools, and having the entire control of all work to be done, without the intervention of the property-owners. By breaking up the contract system, and levying a general street tax, a uniform system of paved streets and grades would thus be established, and the heads of the department could be held personally responsible for any irregularity or deficiency in the work.

STREET OBSTRUCTIONS.

I would call the attention of the incoming Board to the numerous obstructions in the streets, occasioned by the vendors of quack medicines, knife-sharpeners, game tricks, lightning calculators, &c. These have grown so audacious that they defy the police force, and are nightly rendering the streets hideous with shouting, clamorous singing, and jest-making.

Another of the growing evils is the obstruction of many of the principal streets by the horse-railroad authorities. Every Wednesday and Saturday afternoon, the entire street-crossings and roadways at the corner of Bush and Kearny are obstructed by the N. B. & M. R. R. and the Central cars, standing from ten to twenty minutes without moving, ringing their bells for the theater-going population—obstructing both streets for two blocks, and endangering the lives of pedestrians. They have grown so imprudent in these acts as to defy the police and all other civil authorities. I contend that railroads have no more right to obstruct the streets in this manner than an individual. Their franchises give them merely a right of way along the streets, and do not give them the liberty of stopping a number of cars for their accommodation, to the detriment of the open free roadway. I trust that the incoming Chief of Police, and other authorities, will stop this infringement of the public rights.

I regret to be compelled to say that great injustice is exhibited by the police authorities in these matters. A poor blind beggar will be snapped up for vending his box of cigars to the passers-by, while the miscreants mentioned in the first paragraph are suffered to continue their occupation without molestation. Likewise, we find a poor cartman, who may be unable to get his overloaded horse off the track in time for the jehu of the car company, will often be arrested for obstructing the streets; and these audacious corporations and their wealthy presidents suppose that the entire streets are under their control, and do as they please. But so long as public officers are compelled to apply to the members of corporations for their names on the bonds required by the city, so long will these corporations exercise a controlling influence in all legislation, and be capable of acquiring rights without any reference to the public good, and of exercising their will with impunity.

SEWERS.

The imperative necessity is daily presenting itself with reference to the importance of establishing a uniform system of sewage for this city. At present we have none whatever. In many instances we have brick sewers connecting with cement pipe and cement pipe connecting with wooden sewers, or entirely blind and without any outlet. In the southern section of the city we have instances where the inlet end of the sewer is lower than the outlet, and in quite a number of cases where it is impossible to attain any fall for the outflow of the sewage.

Were it not for the God-sent winds, which act as sanitary scavengers, many sections of this city would be uninhabitable.

This condition of things cannot long continue, as the population in these sections is increasing at a very rapid rate, and unless some speedy action is taken death and disease will follow such neglect. Our present City Surveyor has given considerable attention to this subject, and will present a map or plan to the Legislature, which, if approved, will be a beginning in this all important work. After having a starting-point it will be much more easy to improve upon it as the defects may present themselves.

No one subject that will come before you presents the same amount of importance to the well-being of the citizens as the proper drainage and sewage of the city. The underground system, being the one adopted in most American cities, requires some very important engineering and hydraulic principles to be understood in order to perfect any plan. Ventilation and the destruction of noxious gases are important factors in this problem. All these should be fairly understood, and no hasty or illy digested system adopted; for no system would be better than a bad one. Thousands of dollars can be lost or expended on this subject in the construction of sewers, as we have had frequent opportunities to demonstrate. The defective manner in which many of the existing sewers have been built is constantly shown by the caving in of our streets and roads. This subject more fully proves the necessity of a skillful engineer at the head of the street department.

CHANNEL STREET.

One of the most important improvements for the benefit of a large section of the southern and western part of the city has been inaugurated by the outgoing Board, in the carrying out of the Act of the Legislature as passed March 27th, 1874, relative to the Channel street sewer. I trust that the members of the incoming Board will continue the work and push it to final completion, so that a proper drainage may be afforded to this section of our fast growing city. Many unforeseen difficulties have arisen in the progress of the work, so that the anticipated cost will in a measure be exceeded. The want of a good foundation, and the very dangerous instability of the substrata, has rendered a vast amount of piling necessary which was not at first contemplated.

A change in a portion of the Act has been asked for, whereby the purchasers of the lots authorized to be sold at public auction, lying on Channel street and Mission Creek, from Ninth to Eighteenth streets, will be compelled to fill them to a grade sufficient to cause a proper drainage in the said Channel street sewer; which alteration will, I trust, find no opposition in the Legislature, as it is of the greatest importance in a sanitary as well as a pecuniary point of view.

AUDITOR AND TAX COLLECTOR.

Some very important changes are required by the Auditor for the furtherance of his duties, and as important checks on growing evils connected with this department in its relation with the Tax Collector's office.

According to the present system the Tax Collector makes his first settlement with the Auditor on the first Monday of January, and his entire and final settlement on the third Monday of the same month; but he continues to collect taxes in the interim as delinquent taxes; hence, the Auditor has no check on the Tax office, so that he can ascertain the amount paid in under the head of delinquent taxes, or as non-delinquent; much of the money thus paid with the delinquent penalty can be returned as having been paid prior to becoming delinquent. There is no check to ascertain how much delinquent taxes have been paid in the time between the first and third Monday of January. To avoid this great uncertainty and place a check where it is required, it would be better not to allow the Tax Collector to receive any taxes from the first Monday in January until after the third Monday of the same month, when he makes his final settlement with the Auditor. Looking to this object, the Auditor has prepared some amendments to Sec. 3,799 of the Political Code, which will doubtless be presented to the incoming Legislature, and which, I trust, will receive their cordial support.

According to the Political Code, there is a very great injustice as well as a very impolitic duty demanded of the Auditor, in requiring him to transcribe, year after year, the delinquent tax list into the assessment book of the succeeding year. If this policy is much longer pursued it will require a regiment of clerks to perform the work. It will cause a lumbering up of the official records and an enormous outlay to the city, as each year the number increases in a very great proportion. The Auditor therefore justly requests a repeal of Sec. 3,802 of the Political Code.

One of the most important reforms demanded in this connection is that of Sec. 3,881, which has given to the Assessor the power, with the approval of the District Attorney, to modify or alter, to supply or correct, the assessment roll, at his discretion, any time within twelve months. The law has called into existence a Board of Equalization, composed of the Board of Supervisors, whose duty it is to equalize all assessments; but after the assessment roll has left their hands, the Assessor has it at his discretion to alter or change in any respect the roll, as seems best to suit his purposes, so that if a party's assessment was fixed at \$100,000 during the time in which the books were open for inspection to the public and Board of Equalization, it might, if we have at any time a corrupt Assessor, be reduced for a consideration to \$50,000, and no one but the parties interested be anything the wiser, and the city could, in this way, be defrauded of large amounts of her revenue. The Auditor very justly will request a repeal of all such sections, and especially Sec. 3,881.

While treating of the necessary legislation required, I desire to call your attention, and the attention of the members of the incoming Legislature, to the injustice of allowing, out of the police fines, the sum of \$5,000 to the San Francisco Benevolent Society, a charity which, by its present management, has fallen into considerable dispute, and it is very questionable whether this money ever finds the true channels of charity for which it was intended. If

the city desires to administer this amount in charity, it had better be placed in the hands of a board of charity, organized from among the city officers—say the Mayor, Auditor and Chairman of the Finance Committee of the Board of Supervisors—who could have the authority to detail any police officer or messenger to ascertain the true necessities of cases applying for charity, and then distribute the alms of the city as required. The city has no control over this money after it leaves the Treasury, and it is a very rare instance in which any notice is taken of persons sent to the officers of the San Francisco Benevolent Society by any of the city officials. The whole act is unjust and one-sided, as there are numerous other benevolent associations much more worthy of aid than the one named. I trust, therefore, that Sec. 1 of the Act of April 1, 1870, will be repealed. I would suggest to the honorable members of the Legislature that this amount be withdrawn from this Benevolent Society, and that an act to establish a home for friendless children be passed, and the sum of ten thousand dollars should be appropriated for the maintenance of the same to be paid out of the receipts of the police court fines. Many small and helpless children are thrown upon the charity of the city every day, either from the destitution or dissipation of their natural guardians. These waifs of society cannot be admitted into the orphan asylum because they are not orphans, and they are either sent to the Alms House, amongst the poor, afflicted creatures there, or, if of sufficient age and size, if they are boys, are sent to the Industrial School, for no fault of theirs. If we had a home for friendless children the nightly scene witnessed in our city prison could be avoided, and a dark spot on our boasted civilization of the nineteenth century obliterated. The little, prattling, helpless offspring of drunken parents can be seen crawling over the asphaltum floor, or clambering along the bars of the cells in the prison, frequently at hours of the night when the poor nursling should be wrapped in sleep. I trust that this suggestion will be sufficient to prompt the speedy organization of such a charity. It is noble and exalted in character, and may be the means of saving many a good child from evil ways, and the city a future expense to punish the crime which it learned from the surroundings in which it was placed by our fostering care.

To him who may originate and carry into execution this good work it will be said, that—

“His name will live

Not in the memories but the hearts of men,
Because those hearts he comforted and raised,
And where he saw God's image cast down
Lifted them up again, and blew the dust
From the young features and helpless limbs.”

In the language of ELIZABETH BARRETT, I would say—

“Do ye hear the children weeping, O, my brother!
Ere the sorrow comes with years?
They are leaning their young hearts against their mothers',
And that cannot stop their tears.”

The young lambs are bleating in the meadows,
The young birds are chirping in the nest,
The young fawns are playing with the shadows,
The young flowers are blooming toward the west;
But the young children, O, my brothers!
They are weeping bitterly;
They are weeping in the playtime of the others,
In the country of the free."

HOSPITAL, ALMS HOUSE, ETC.

The Hospital on the Potrero, and the Alms House, near Laguna Honda, being the two great public charities of this city, should receive some notice in these closing remarks. These institutions, so far as their adaptation to the required wants, have been well arranged. The Alms House is one of the most creditable institutions of its kind in the United States, and under its present very efficient Superintendent, has given general satisfaction. If more of the adjoining land could be procured by the city and placed under proper cultivation, this institution could be made almost self-supporting, even with the disadvantages under which we now labor, and of which I shall speak presently.

The Hospital has for a length of time required certain additions and improvements for the convenience and comfort of the inmates and attending physicians; these additions are now in progress. A new ward and a suitable amphitheatre for operations and class demonstrations are being added to the building, which, when completed, will render this institution as perfect as most others of its class in any city of the Union.

These institutions are supported from the city treasury, yet the employés are in no wise subject to the civil authorities of the city, they being by the last Legislature placed entirely under the control of the Board of Health, which is a State body, appointed by the Governor, except the Presidency, which position is assigned to the Mayor. The State should allow a liberal appropriation for both these institutions, and not compel this city to bear the burden of their support. A large percentage of the inmates are persons whose homes are in other parts of the State; they come to the large city to be treated for their ailments, and many of them have but little means, hardly enough, in many instances, to pay their fare to the city, and as soon as they arrive, they are objects of charity, and are at once thrown upon the protection of this city; and indeed, in some instances, we are informed that the county authorities of some of the interior counties send their paupers away, furnishing them with money sufficient to pay their expenses to San Francisco. These facts demand some attention at the hands of our delegation at Sacramento, and the State appropriation should not be withheld.

NO BOARD OF PUBLIC WORKS.

A Board of Public Works has been recommended by some of our former Mayors, and held in contemplation by some of the present incoming legislators. In my judgment it would be much better for the interest of this city

that some other system should be adopted. I believe that a large proportion of the debt now hanging over New York was due to just such an organization, and I feel assured that should we be so unfortunate as to have this system thrust upon us, that we will in a very few years have cause to regret the establishing of such a Board. It would be much better for the Legislature to enact a law requiring the Street Superintendent to be a practical engineer, and whose duty it would be to fix grades and a system of sewerage adapted to the requirements of the various localities of the city. Should the Street Superintendent be a competent engineer, he could advise the Board of Supervisors correctly, and prior to adopting any of his plans the Board could call to their assistance (and, in fact, it should be required of the Board by law to do so) two or more competent engineers to advise, approve, or correct the plans of the Street Superintendent. Then the faults of the system could be saddled where they belonged, and a check could be had against any corrupting influence, or improper or unwise alterations under the name of improvements. The public would be constantly advised of all changes, and have an opportunity of canvassing the merits or demerits of the plan. But if we have a Board of Public Works, they will become independent of the Board of Supervisors, and are liable to assume arbitrary rule, extravagant expenditures of the public moneys, and become a close corporation within themselves, amenable perhaps only to the body that created them, namely, the Legislature.

I trust, therefore, that the Board of Supervisors will see to it that they are not shorn of all their rights, and occupy a position only to vote away the people's money, without the power to control its destination or fix its amount; for such will be the case if a Board of Public Works should be established.

CITY HALL.

The work on the Hall of Records has been progressing slowly during the past year. The Board of Supervisors have endeavored to forward it as fast as circumstances would allow. Some alterations had to be adopted of the original plans. A sheet-iron roof of boiler-plate iron was substituted for a cast-iron dome as originally intended. I trust that the entire Hall will soon be completed and occupied by the Recorder, as the present building can hardly be said to be very secure. I hope that the Legislative delegation from this city will urge the completion of the entire building of the new City Hall, as this city now requires better accommodations for her public offices and archives than we now possess. Large amounts are annually drawn from the Treasury for rents of the different court-rooms, and other public offices, that would be saved had we the new City Hall completed. It may have been an error in locating the Hall on its present site; but, as the work has been carried so far, it is now too late to undo it, and we had better go on with it to completion.

I most heartily concur in the suggestions made of the importance to this city of procuring a return of all the lots sold belonging to the City Hall property, and reserving the same for public purposes. This can certainly be

better effected at the present time than in later years, after the property has increased in value.

POLICE.

The complaints against the police force, both from the press and people, have been frequent of late. The numerous burglaries and garroting on the public streets would almost indicate that some modification of the force was required. We have but one hundred and fifty policemen on the force as regular officers, and many of these are so employed, either in the city prison or on detective duty, that we have not more than thirty-seven to forty on patrol duty at one time. Now it is utterly impossible to cover this city, in the populated districts only, with such a force. The great defect is in the limited number of officers, in the length of their beats, and in want of proper discipline. I believe we have as honest and efficient a force, so far as the men are concerned, as any city in the Union. If we had fewer specials and more regular officers it would be greatly to the advantage of the city.

FIREMEN AS SPECIAL POLICE.

I would suggest that the paid fire department be also enrolled and deputized as special police, for the protection of the property at fires, and in case of emergency, that any citizen could find an officer at the engine house when required. The increase of crime is mainly due to the fact that at this season of the year the desperadoes and thieves of the country resort to the city, and are compelled to resort to this method for a living during the winter months; but few of them continue their depredations for any length of time, as they are sure to fall under the supervision of our efficient detective officers. This is readily proven by the large number of this class now awaiting their trials and confined in the city prison and county jail.

It is much easier to find fault than to improve the circumstances that may appear wrong.

San Francisco has not been a very safe place for this class of men for years, and I believe that it will not be for years to come. We can complain of our officers; but when we come to compare them with other cities, we are satisfied that we have a very good set of officers, but a lamentably limited number for the amount of territory covered by the city.

There are many other subjects to which I would like to have called attention and made some suggestions, but time will not allow. I have already trespassed upon you, and I hope that you will pardon me for the length of my remarks; but the subjects were of such vital importance, in my estimation, that I did not dare pass over them too slightly.

Allow me, gentlemen, to tender you my sincere thanks for your kindness, and for the courteous manner with which you have acted towards me during the brief period which I have occupied the position and duties of your presiding officer. I trust that our friendly relations will continue when we shall have retired from public life and assumed our private relations as good citizens of this commonwealth.

ADDRESS OF MAYOR BRYANT.

The Hon. ANDREW J. BRYANT, Mayor of the City and County, on being introduced by his predecessor, addressed the Board as follows:

GENTLEMEN OF THE BOARD OF SUPERVISORS—For the first time since the adoption of the Consolidation Act, a majority of your Honorable Body, and the Mayor, have been nominated and elected by a national political party, based upon a platform under which, if we are true to ourselves, the affairs of the city will be administered for the best interest of every citizen. And when our term of office shall have expired we will, I hope, look back upon a successful administration with that pride and satisfaction that result from the faithful performance of the people's trust in our integrity and zeal. A strict account is certain to be demanded of us all. It will be my duty to point out to you, from time to time, those measures which, in my opinion, if adopted by you, will be beneficial, but the responsibility will be with you to cut off every extravagance and lay a tight grasp upon the public purse, regulate the receipts and expenditures of the city with the same economy that should mark the intelligent administration of our personal affairs. We have during the past year experienced financial excitements and witnessed many painful scenes, but I believe our troubles are past and the confidence of the people in our moneyed institutions is fully restored, and the prospects of a future prosperity are now flattering.

I regret the sudden death of my lamented predecessor, Mr. OTIS. In his demise the city is deprived of a faithful servant, and the mercantile community has lost an honorable and enterprising member, whose intelligence and integrity have materially aided in establishing the present commercial reputation of our city.

There are certain matters to which I desire to direct your attention:

SPECIAL LEGISLATION.

It has been the custom for heads of departments in the City Government, and sometimes even their subordinates, to ignore the Board of Supervisors, and make direct application to the Legislature in furtherance of schemes not designed for the public good so much as to increase their own profit, power and patronage; but, in my judgment, this practice should be abandoned. The entire legislative powers of the government should be vested in the representatives of the people in the Board of Supervisors, subject to the approval

of the Mayor. This, in my opinion, is a necessary step toward improving the government of the city. We require "Home Rule" in all our local affairs. We can govern ourselves, and ought to be at liberty to do so. Errors or wrongs committed can be more easily detected and remedied here than at Sacramento. All proposed legislation relative to the city government should be first presented to this Board and openly discussed, in order that the influence of the public judgment upon it may be directly felt. Without this no efficient control in the city government can exist; to secure this control your power should be so enlarged as to make the Board of Supervisors the real source of all legislation as regards our local affairs, and I recommend the appointment of a special committee to revise the Consolidation Act, and to draw up a new Act to submit to the Legislature for their approval, which shall harmonize in all its parts, and which shall provide—

First.—The consolidation of duties and diminish the number of employés, so as to do away, as far as practicable, with all unnecessary expense attending the city's service. And in illustration, I refer you to the Tax Collector's office, whose duties should embrace the collection of every tax, and the abolishment of both license and poll-tax collectors, together with their small army of clerks.

Second.—Fixing the salary of every officer and employé in the city, prohibiting any fee or perquisite outside of the salary, and making the retention of any such fee or perquisite a felony. To require the recommendation of this Board and the consent of the Legislature to all Acts for the increase of salaries. The Act should provide against the issuing of bonds, or the creation of any other indebtedness, except for the purchase or erection of water works, and that amount should be limited to seven million five hundred thousand dollars. All taxes collected, whether under protest or otherwise, should be paid into the City Treasury, and the receipt of the Treasurer should release the Tax Collector from all responsibility.

THE WATER SUPPLY.

This is a subject that demands your immediate action, and I recommend that your Body at once invoke Legislative aid in furtherance of practical results. At the present time, the fixing of water rates devolves upon five Commissioners—two appointed by your Board, two by the Company, and one by the County Judge; but this method of appraisement must always result to the city's detriment and the Company's interest, prolonging this indirect excessive burden, which has become insufferable, and so oppressive to the poor that the voice of humanity demands its extinguishment. In my opinion, the Board of Supervisors should have the exclusive power to regulate the price of water, gas, and the city railroad fares, as well as the right to condemn all property, whether public or private, in furtherance of the public necessities in these respects.

THE CHINESE.

The Chinese dens are a disgrace to the city. I recommend that one of our vacant squares or lots, in the outskirts of the city, be appropriated, and that a cheap, rough building be erected, of two wards—one for women and the other for men—designed expressly for this class. These people are brought into our city for immoral purposes; let them be sent there whenever they break our laws, to serve out their sentence; have them fed, while in prison, upon the same character of cheap food to which they have been accustomed, and made to work upon our public squares. In one year the dens of gambling and lewdness that now offend decency on our public streets will be driven out of sight; our jails will be relieved of these pests, and our police officers deprived of their present excuse for not eradicating the nuisance by wholesale arrests. This mode of treatment would also have a marked effect upon their importation, and Chinese immigrants would not then require the police to guard them against the public indignation on their arrival.

POLICE FORCE.

There is no branch of the city government upon which the welfare of the people so much depends as the Police Department. Charged as it is with the duty of preserving the public peace, it should be administered for the benefit of every citizen. Our police system must not be managed under party influence or for party purposes. Promotion and advancement in the force should not be the result of political influence, but upon personal merit. Appointments on the force ought never to be conferred unless the Commissioners are fully satisfied of the personal fitness of the applicant. Our force numbers one hundred and fifty men, which is ample to protect the city if they do their duty. I recommend that the special system now in operation be abolished at once; it is a burdensome tax on the people, of doubtful benefit.

SALOONS.

At the present time we have a large number of first class drinking saloons, and also a very large number that should not exist in any city. There should be some plan adopted that would regulate these places, and I recommend that it be required by ordinance, or such other restrictions as may be deemed best, that every person, upon applying for a license to vend liquor by the glass, should present a petition signed by at least ten property holders of the ward in which he intends doing business, that they have known him for one year, that he is a person of good character, and will, in their judgment, keep a respectable house.

STREET DEPARTMENT.

I call your attention specially to the bad condition of our streets. It seems to me, from the experience of New York, Boston, and other large

cities, neither the city nor property holders should be called on to spend one cent in experimenting; and instead of the large sums expended for different kinds of pavement, granite blocks only should be used in all City work. None should be accepted unless paved with granite or stone blocks laid in sand upon a well macadamized foundation. The different street railroads are required by law to keep in repair the street between their tracks. As they gather large sums of money from the people, they should be required to perform their part of the contract, which will do much towards improving the condition of our streets. I notice that contractors, after entering into contracts to do street work, invariably ask for extensions from this Board, which should never be granted unless the Board is fully satisfied that something has transpired after the contract was let which makes the extension necessary.

I would suggest that the law be amended so as to give each member of the Board (in his own district) the right to suspend all street work that in his judgment is not up to the requirements of the contract, subject to the report of the Street Committee and the final action of this Board.

CITY FRONT.

The natural advantages of the city, with its magnificent harbor and extensive water front, have secured to it that commerce which has made San Francisco the metropolis of the Pacific. The lands in Mission Bay, donated to the City by the State, are a valuable gift, and the only part of that water front over which the City has control. Instead, therefore, of leasing those lands, as proposed, I recommend the improvement of them by the City, which will at once bring a revenue into its treasury.

PUBLIC BUILDINGS.

I recommend proceeding with our public buildings as rapidly as is required to keep pace with the growth of the City; and I think, by economy in other expenditures, this may be accomplished without increasing the public debt; and, by an application of the same rule, there ought to be no difficulty in securing, out of the large amount of taxes collected, sufficient funds to carry on the gradual completion of the new City Hall, and the erection of other public buildings that are urgently required.

FIRE DEPARTMENT.

Our Fire Department is under the control of a very efficient force, but the Water Company should be required to put down twelve-inch mains in several of our prominent business streets.

I am glad to see that steps have been taken by the retiring Board toward getting a fire-boat for our harbor, and I hope you will pursue the subject to its completion.

OUR PRISONS.

The increase of crime is alarming. Our prisons are crowded, yet there are more complaints of lawlessness than ever before. Punishing petty criminals by long terms of imprisonment seems to punish only the tax-payer with their support. Shorter terms of imprisonment, with severer punishment while under control, are required. Work in the chain-gang, solitary confinement, and stricter discipline in the prisons, would in a great measure obviate the necessity of increasing our jail accommodations and serve as a better protection to our community, particularly against that class of vagabonds who, unrestrained by any sense of decency, seem to be fast taking possession of the city, and under the name of Hoodlums, patrol in large gangs and render our streets unsafe. I also recommend a provision in our laws authorizing credits for good behavior while under sentence, and such credits should shorten the time of imprisonment.

INDUSTRIAL SCHOOL.

It is a gross injustice to send children of tender years to this institution, who, guiltless of crime, but from the misfortune of being orphans or having worthless parents, are there confined and treated as criminals; forced to associate with depravity, and when released, sent forth penniless, and branded with a badge of disgrace.

I recommend that two wards be established: one for criminals from the courts; another for orphans, or children who have been deserted by their parents, or have been removed from their improper influence; but, in all cases where the parents of such children possess the means, they ought to be made to pay a certain and fixed monthly sum for their support. I also recommend that a law be passed authorizing the appointment of a Commission of three good citizens, who shall act as guardians for such of the inmates who are not criminals, with power to apprentice them to mechanical or other industrial employments for a term of years, authorizing an expenditure for the first year, on behalf of each, of a sum not exceeding the cost of his or her support in the institution. The large boys in this school, and all men in the Almshouse, physically capable, should be employed on the roads in the vicinity, and made to keep them in good order.

PUBLIC SCHOOLS.

Probably the greatest power for the permanent repression of social disorders, and for the development of those intellectual and moral qualities among our citizens on which our material and moral progress depends, is our public school system, which I regard as a sacred trust, for the safety of our liberties and the promotion of public and private virtue. While this institution ought to be judiciously limited in its method so as to secure the most general diffusion of useful knowledge, all attempts to restrict or divert

its operations for sectarian or sectional ends should be sternly and promptly repressed. Its absolute independence must be faithfully secured, and the most vigilant watchfulness ought to be exercised by our citizens against any effort, direct or indirect, to obstruct or pervert it, and any movement, on whatever pretext or however plausible, which would indicate such a design, should be promptly and vigorously suppressed. So long as we preserve this institution from such perversion we shall possess at least one very effective agency for inculcating those virtues which are essential to the preservation of our free government by the general diffusion of knowledge, which qualifies the citizen for the intelligent discharge of his public and private duties; and we can not be too watchful against any attempt to narrow its broad design or pervert its noble aim.

Sincerely entertaining these sentiments, it shall be my endeavor, as opportunity may be afforded me during my term of office, to encourage and aid in the extension and efficiency of our present comprehensive and liberal system of public instruction; but, in my judgment, the present system, which vests the financial government of the department in an independent Board, is not conducive to the city's interest.

I desire to submit to you a few figures that I received from the Auditor, showing the number of pupils attending the public schools, and the running expenses, not including interest, school buildings, and other permanent improvements:

<i>Yegrs.</i>	<i>No. of Pupils.</i>	<i>Expense.</i>
1871-2.....	18,271.....	\$566,610
1872-3.....	18,535.....	607,889
1873-4.....	19,390.....	686,479
1874-5.....	19,694.....	678,647

What our School Board has paid for rent the last six years:

<i>Year.</i>	<i>Rent.</i>
1869-70.....	\$13,868
1870-71.....	13,670
1871-72.....	11,498
1872-73.....	14,792
1873-74.....	18,396
1874-75.....	15,243

Bonds sold and other moneys expended since 1869-70. For

School Buildings.....	\$555,000
Surplus of 1874-5.....	101,500
Total School Buildings.....	<u>\$651,000</u>

You will see that the increase since 1871-2 is 1,423 children, and the increased expense is \$112,037. The average for 1871-2 is \$31.01; average for 1874-5 is \$34.41. You will also notice that the city is paying more for rent than in 1871-2, notwithstanding that the city has laid out six hundred and fifty-one thousand five hundred dollars in fine school buildings. It seems to me that there should be some check over that department. If I were in any doubt as regards the proper mode of legislating for the city, this would convince me at once that it should be in your body.

In conclusion, gentlemen, there are other matters to which I would like to call your attention, but time will not permit. We should make every endeavor to promote the prosperity of the city and to induce manufacturers and others to settle here. I do not know of any better way than to keep down extravagance in public expenditures, which I shall devote my best energies to secure. I trust each member will feel that he is responsible to the people, and will serve their interests as he would his own. You will have my cordial support in all good measures. I hope our meetings will be agreeable and harmonious, and when the time comes for us to separate, the same good feeling will exist then that does now.

PLAN FOR A SYSTEM OF SEWERAGE.

The importance of securing a comprehensive and intelligent system of sewerage, to effect a thorough, systematic, and effectual drainage, and to improve and promote the sanitary condition of the City and County, as well as to avoid useless and onerous expense to property owners in the construction of sewers, had long engaged the attention of the Board of Supervisors.

On the 8th of November, 1875, the Board of Supervisors passed a resolution instructing the Committee on Streets, Wharves, Grades and Public Squares, consisting of Supervisors A. W. Scott, Stewart Menzies, and D. A. Macdonald, to contract with Wm. P. Humphreys, Esq., the City and County Surveyor, to make the necessary surveys and prepare a map or plan of a system of sewerage. On the 22d of November the said contract was entered into, whereby Wm. P. Humphreys, Esq., agreed, for the sum of ten thousand dollars, to make the necessary surveys, and prepare a Sewer Map showing the size and materials of all sewers on public streets, constructed and to be constructed by authority of the Board of Supervisors, so as to present a plan of a system of sewerage to be adopted for that portion of the City and County where the grades were established; also, to prepare and report upon the mode and method to be adopted to secure the ventilation of sewers; also, a system of house-sewerage and the connection of private drains with the public sewers, with plans and rules as to the construction thereof; also, plans of street crossings, showing sewers of different sizes, cesspools, catch-basins, man-holes, chutes, and the connection of said chutes with the sewers, so as to clearly indicate the mode of construction of the same, and the connection of the lateral sewers with the main sewers or curves, with such other information as might be deemed advisable to promote the purpose named.

On the 22d of May, 1876, Wm. P. Humphreys, Esq., filed the following Report, accompanied with Maps and a communication from Gen. B. S. Alexander, U. S. A., approving the same.

REPORT OF WM. P. HUMPHREYS.

OFFICE OF THE CITY AND COUNTY SURVEYOR. }
 San Francisco, May 22d, 1876. }

To the Honorable Board of Supervisors,
 City and County of San Francisco:

GENTLEMEN—In accordance with a contract made with your Honorable Body, in November last, by which I was to prepare a system of sewerage for that portion of this City and County in which the grades of the streets have been already established, I have the honor to transmit herewith a general sewerage map of the city, and detailed drawings of sewer connections, man-holes, catch basins, and traps; also, detailed plans of house connections with sewers; and I now have the honor to submit the following:

We have no official record of the construction of any public sewer previous to the year 1858. It was in that year their construction was officially commenced, and since that time to July 1st, 1875, there have been constructed 74 $\frac{37}{100}$ miles of public sewers, at the following cost:

Brick Sewers.....	\$2,252,253 00
Redwood Sewers.....	378,395 00
Cement Pipe Sewers.....	54,043 00

Making a total cost of Sewers to July 1st, 1875.....\$2,684,691 00
 A large proportion of which was in currency.

The greater portion of these sewers are of brick, but their cost has been excessive, because, among other reasons, they have been unnecessarily large. The general sizes of the sewers are three (3) feet by five (5) feet. These brick sewers are egg-shaped, as they should be, with the smaller end down. Most of the streets in the older portion of the city have brick sewers, which extend up the hillsides to irregular distances. When these sewers approach the lower portions of the city, when the foundation is not sufficiently solid to sustain a brick sewer without a resort to piling, the sewers are of wood, and are generally level, or nearly level. Being down, or nearly down, to low water, the tide rises and falls in them, so checking their outflow that most of them are to-day nothing more than elongated cess-pools, badly choked with offensive sewage matter. This evil must go on increasing from year to year, until some change is effected and some remedy applied.

In fact, the existing sewers of the city have been built without regard to a system of any kind which looks to the general drainage of the city. Each sewer appears to have been built independently of all others, and without regard to the duty it has to perform. Some of the alleys and short streets in the city, for instance, where there are only a few houses, have sewers of the same size as those in the largest streets, whereas a foot earthenware pipe, at one-fifth the cost of the great brick sewer, would have afforded much more efficient drainage for all such alleys and short streets.

I need scarcely add that the want of system in the existing sewers greatly complicates the problem of designing a proper plan of sewerage for the city,

because, in order to curtail expenses, we are constrained to utilize, as far as possible, the sewers already built, and to reconcile them with those details which more correct principles demand.

THE PROPOSED SYSTEM OF SEWERAGE.

Before undertaking to devise the plan of sewerage for San Francisco, which is now presented for your consideration, in order to fully inform myself on the subject, I carefully studied the systems of sewerage in London and Paris, as well as those of all the principal Eastern cities of the United States.

The water carriage system is adopted in all these cities to the exclusion of "earth closets" or the "pneumatic system." As this is the system now in use in San Francisco, I recommend that it be continued.

In preparing the plan of sewerage now proposed, I have kept constantly in view the following considerations:

1st. The ready conveyance of rain waters and house sewerage to the Bay of San Francisco, with the least possible damage to public or private interests.

2d. The efficient drainage of the sub-soil and foundations of houses.

3d. That all new sewers be so proportioned in size as to admit of further extension to meet all possible future demands, without, at any future time, rendering useless any portion of them which may have been constructed.

4th. The least possible expenditure compatible with a complete and efficient system of sewerage.

5th. The use, therefore, as far as practicable, of all existing sewers.

The topography of this city is divided by Nature into several drainage districts. As an original question, the sewerage districts would correspond with these, but the existence of the present sewers, which it is desirable to utilize, makes some variations necessary.

For convenience of easy references, the sewer districts are designated on the large sewer map by numbers 1, 2, 3, etc., to 30, making altogether that number of districts, one of which includes a portion of the County of San Mateo.

On this map the sizes and the direction of flow of all existing sewers, as well as of those to be built hereafter throughout the city, are shown, so that every property-owner may see at a glance in what sewers he is most interested for the proper drainage of his own premises.

The true purpose of the sewer is the instant removal from the vicinity of dwellings of all refuse matter liable to decomposition and capable of being conveyed by water.

The principle now insisted on, is that each day's sewerage of each street, and of each dwelling, should be removed from the city on the day of its production; that it should pass away before decomposition begins, and that the sewage matter of any one day should not be found within the limits of the city on the next day.

It has already been said that the present brick sewers in the city are, with few exceptions, altogether too large. They are not as efficient as smaller sewers would be, because smaller sewers, with the same grade, would be self-

cleansing, whereas the present large sewers, in many places, have to be entered and cleansed—a disgusting and costly operation which ought never to become necessary in a well arranged system of sewers.

In the plan now proposed I have endeavored to correct these evils. The sizes of the sewers are proportioned to the duty they have to perform.

CONDITIONS GOVERNING THIS QUESTION.

The conditions governing the size of a sewer at any point are these:

- 1st. The amount of sewage proper passing that point.
- 2d. The amount of rainfall passing through the sewer at that point in a given time.
- 3d. The inclination of the sewer.

This brings the question, as to what should be the size of any sewer at any given point away from the regions of speculation, and confines it within the domain of scientific experiment.

The extremes of rainfall within a given time mainly govern the sizes of sewers; the household sewerage is a very small item in comparison.

In the Eastern cities of the United States, where modern sewers have been introduced, it is supposed that the heaviest rainfall is one inch per hour, and it is estimated that not more than one-half of this rainfall reaches the sewers within that hour.

Fortunately for the sizes of the sewers required in this city, we have not to provide for such an excessive rainfall. The heaviest rain of which I find any reliable note is that in the records of Mr. Thomas Tennent. This occurred on the 19th day of December, 1866, when the fall of rain in twenty-four hours was 4.28 inches, or at the rate (nearly) of $\frac{1}{100}$ of one inch per hour for twenty-four hours. It will be safe, therefore, to suppose that the heaviest rainfall in this city will not exceed $\frac{1}{200}$, or $\frac{1}{4}$ of an inch per hour. This is about 39 per cent. more than the heaviest recorded rainfall.

On account of the steep hillsides in many portions of this city, where the water falling on the streets and on the roofs of houses will reach the sewers rapidly, I have increased the proportion of rainfall which will reach the sewers within a given time to sixty (60) per cent. of the total, instead of fifty (50) per cent. in all Eastern cities. This gives $\frac{1}{100}$ of an inch of rainfall within an hour to be provided for by the sewers. A rainfall of one inch deep in one hour, over one acre, gives 3,630 cubic feet of water. Fifteen per cent. of this is 544.5 cubic feet.

The daily flow of sewage for a population of eighty (80) persons per acre, at eight (8) cubic feet each (a very large allowance), will be 640 cubic feet. But one-half of this, or 320 cubic feet, reaches the sewers in eight hours, or at the rate of 40 cubic feet per hour, making the total drainage 584.5 cubic feet per hour for each acre.

As the maximum sewerage per acre per hour (40 cubic feet) is a little over one (1) per cent. of an inch spread out over one acre, and as large buildings, like hotels and manufacturing establishments, may have a population of over eighty persons per acre, I have increased the percentage of an inch per acre,

to seventeen per cent., making 617.10 cubic feet per acre per hour, or 10.285 cubic feet per minute. It is for this amount of discharge per acre per minute that the capacity of the sewers now proposed has been calculated.

SIZES OF THE PROPOSED SEWERS.

In calculating the sizes of the proposed sewers, I have consulted the formulas of Weisbach, D'Aubaison, and Neville, and the sizes have been calculated by the formulas of each of these authors; the final calculations, however, being made by a modification of Weisbach's formula.

RESULTS.

It is found by careful calculations, that with the rainfall and house sewerage given above, that is, $\frac{7}{100}$ of an inch per hour—

A 12-inch pipe sewer with a grade of 1 in 300 will drain 13 acres.

This shows that large areas of the city may be drained by a sewer only 12 inches in diameter. When we come to larger sewers their capacities for drainage increase more rapidly than their sectional areas.

It is upon the proper determination of the sizes of the various sewers that much of the economy of the sewerage system of this city must depend. Experience in other cities has fully demonstrated that glazed earthenware pipes, or pipes of Portland cement, of from one foot to one foot six inches in diameter, are well adapted for small sewers, and their use is recommended in the plan now proposed. Even two feet pipe sewers are extensively used in London and in some of the Eastern cities of the United States.

The best earthenware pipe sewers have heretofore been made in Scotland, but if a constant demand for such sewer pipe is created in this and neighboring cities, a good quality of such pipes will doubtless soon be manufactured on this coast.

I know of no city more favorably situated by nature to their general introduction than San Francisco. The steep grades of many of the streets will enable these pipes to drain larger areas than in most other cities.

As we approach the summits of the hills one foot pipes will be amply sufficient. It is only necessary when we must collect the sewerage from very large areas into one sewer that brick sewers will become necessary.

Heretofore, the brick sewers of this city have been built with the common bricks of the country, and it may as well be known that in many cases neither the bricks nor the workmanship have been of the best character. Sewers require the best quality of sand and hard and thoroughly burnt bricks. No sal-

mon bricks should ever be used in a sewer. The invert of all sewers are particularly liable to wear from the erosion of the water running over them, and in many parts of this city the wear is greatly increased by the grinding action of the sand carried into the sewers in heavy rains.

The bricks in the bottoms of sewers should be smooth, so as to present the least possible frictional resistance to the flow of water. In small brick sewers special bricks or invert blocks should be used in their bottoms, or else bricks with radiating joints should be made to conform to the curve of the bottom of the sewer. Ordinary bricks are totally unfit for the construction of small brick sewers, on account of the wide gaping joints they leave on the back. Unless the mortar, in such a case, is of very superior quality, it will disappear in time, when the water in the sewer will escape through the joints, and the sewer will be liable to become undermined, and thereby destroyed, or it will become filled up with solid matter, which will choke it for want of the water necessary for the transportation of the sewage. The very best quality of cement is required in the construction of sewers. Every barrel should be tested, and the mortar should not be weakened by a too free use of sand.

Both cement and earthenware pipes are now coming into use in this city. If cement pipes continue to be used, only the very best quality of Portland cement should be used in their manufacture, and they should be made some four months before being used. Earthenware pipes should be salt glazed, thoroughly burned and tested as to strength, before being laid in place.

OUTFALL OF SEWERS.

Very few, if any, of the sewers of this city are provided with proper outfalls; whereas all writers on the subject tell us that this is the very first thing that ought to be attended to in designing a system of sewers.

The Bay of San Francisco being of great size, with strong tidal currents, affords great facilities for getting rid of the sewage matter of the city; but to make it available, the sewers must be carried out to points where there are strong currents. If they stop short, the lower parts of the city must always remain in an offensive and unhealthy condition.

Along the busy water-front of the city some of the sewers do not extend out into the bay, but stop short, terminating inside of the rubble stone bulk-head, where the offensive solid matter is deposited, and the liquid matter allowed to escape to the sea as best it can, rendering the slips between the wharves at times offensive to the last degree of endurance. All of these sewers should be carried out to the ends of the wharves, discharging their contents through a bent hood, leading from the outer end of the sewer down below the level of low water. Discharging at such points, the tide will speedily remove the sewage matter away from the city, and there will be no offensive smell about the wharves.

In the construction of new wharves along the water-front, preparations should be made for continuing the sewers under them out to their ends, and also for the protection of the outer ends of the sewers at these points.

It should not be forgotten that there is very little, if any, current in the slips between the wharves, particularly when they are crowded with vessels; and, if the sewers are discharged into these slips, the sewage matter and sand brought down by the sewers is deposited there. The slips soon become very offensive to the sense of smell, and in addition are rapidly filled up, thereby greatly increasing the amount of dredging which is necessary in order to maintain the proper depth of water for berthing vessels.

So serious is this matter of filling up the slips between the wharves, by allowing the sewers to discharge into them, that I seriously contemplated at one time, in the early stages of my investigation into the subject of sewerage for this city, to recommend bringing the entire sewerage of Hayes Valley down Market street to Dupont, then by tunneling Dupont street, from Geary street to the intersection of Dupont street and Montgomery avenue, and continuing the tunnel along the avenue to Greenwich street; a large sewer might be extended through this tunnel along Montgomery avenue to Point San Jose, draining one-half of the city, and discharging the drainage well out towards the sea, thereby greatly relieving the drainage of Mission Bay, and largely decreasing the deposits from the sewers along the city front.

Considerations of cost only induced me to abandon the idea of embodying this project into the plan now proposed.

The sewers now discharging into Mission Bay are, if possible, in even a worse condition; the whole region on the borders of this bay, and along Mission Creek is nearly uninhabitable at low water. Luckily a step has been taken in the right direction to relieve this great nuisance by the construction of a large sewer from Eighteenth street down to Ninth street, capable of carrying all the waters of Mission Creek and all its drainage. When this creek and the bordering low lands above Ninth street are properly filled up and graded, there will be a great improvement in the drainage of this portion of the city; but the outfall of this large sewer will be very imperfect. The nuisance will be concentrated at and below Ninth street, rendering that part of the city offensive at low water.

The proper remedy is to carry this large sewer through Townsend street to the bay. This should be done as soon as funds can be provided for the purpose.

All the outlet sewers in the northern portions of the city should be carried out into the bay, and either empty their contents through closed hoods leading down below low water, or have their outlets closed by a valve. Unless this is done the strong northwest winds of summer will be driven up these sewers in uncontrolled volumes, deranging all the means provided for ventilation, and rendering even the streets offensive and the houses dangerous.

DEPTH OF SEWERS BELOW PAVEMENTS.

In planning the system of sewers here recommended I have paid due attention to subsoil drainage, for it is well known that where the subsoil water has been removed from the foundations of buildings the result has always been to

improve the health of the inhabitants by lessening the amount of consumption and all similar affections. I have, therefore, planned the depth of the main sewers and sub-mains as far below the grade of the street as possible, care having been taken at the same time to guard against an unreasonable outlay to secure the end in view.

In studying what has been done in other cities in this respect, I find that the Commissioners of Sewers in the City of London have decided that the bottom of a common sewer should not in any part be less than twelve (12) feet beneath the surface of the street. The least general depth in Leicester, England, is twelve feet below the surface.

In Boston, Mass., sewers are laid in the suburbs at nine (9) feet below the grade of the street, but in the business part of the city a depth of twelve feet is considered necessary.

In Jersey City, N. J., the depth is twelve feet.

In Newark, N. J., the sewers are generally thirteen feet below the street, but sometimes that depth cannot be obtained.

In Colonel Adams' report to the Commissioners of Drainage of the City of Brooklyn, in 1857, it is stated that the grade of the sewers is to be thirteen (13) feet below the level of the curbstone, and that the same rule is observed in the City of New York. The invert of the pipe sewer is generally one foot less in depth below the grade of the street than that of the brick sewer.

In Cincinnati, brick or main sewers are at a depth of thirteen feet below the streets.

In St. Louis, the least depth is ten feet; but they have had to go as deep as sixty feet to obtain an outfall for one district. In the latter case there is a tunnel.

In Philadelphia, the practice is to make the house-connections with sewers eight and one-half feet below the level of the curbstone, and make the bottom of the connection at spring line of sewer.

Mr. Chesbrough, who is not inferior to any engineer as an authority on the subject, gives it as his opinion that the bottom of a pipe sewer should be ten feet below the grade of the street, but the bottom of a brick sewer should be two feet lower.

A depth of thirteen feet, when practicable, is recommended for this city in the business portion of it where deep cellars are required. In the interior or western portion of the city a depth of ten feet is considered ample.

THE ORDER IN WHICH THE SEWERS SHOULD BE BUILT.

Probably the most urgent matter connected with the proper drainage of the city is the completion of the sewerage of Mission Creek, which has been already commenced by the construction of a very large sewer in the border of the creek from Eighteenth street to Ninth street.

The whole creek should now be filled up from its southerly extremity as far north as Ninth street, and all streets crossing or intersecting the creek should be brought up to the proper grades, so as to allow their sewers to discharge

into the large intercepting sewer with the necessary fall to enable them to be self-cleansing; and the attention of the Board is earnestly called to the immediate necessity of extending the Fourteenth street sewer in a direct line, and connecting it with Channel street sewer, in order to avoid what must otherwise necessarily be requisite, a greater modification of grade in a portion of this district than has been recommended. As the Channel street sewer will carry all the water that flows through the creek, as well as the house sewerage of one of the largest sewer districts in the city, when it is completed, and the lateral sewers connected with it, a very important step will have been taken towards the proper drainage of the city.

In this connection it may be remarked that if this city ever succeeds in obtaining a fixed and permanent sea-wall or bulkhead, an intercepting sewer can be built behind it, after the ground has become sufficiently settled, and the entire drainage of the water front of the city carried to the strong tidal currents off Point San Jose (Black Point), thereby relieving the wharves of all offensive smells, and the slips of nearly all deposits. Such a sewer would have to be of large size. It may be built level, or nearly level. It would require to be flushed at every low tide, the water of every high tide being retained in a proper reservoir for that purpose.

It would be possible, of course, to build such a sewer at the present day: but, owing to the precarious nature of the foundation, its cost would now be so excessive that I have not deemed it proper to recommend its construction until the entire water front is fixed in position and made permanent.

In the construction of new sewers they should be commenced at their outfalls or lower ends and built upwards. The main or arterial sewers should be first constructed. The small pipe sewers can then be built and connected with the main sewers, as the wants of population require.

It should not be forgotten that all sewers projected and shown on the Sewer Map, amounting in the aggregate to about 296.5 miles, 275.5 miles of pipe and 20.8 miles of brick, need not be built in a year, or perhaps ten years. The object has been to present a complete system for the thorough drainage of the city, to be carried out from time to time, as the course of settlement and the wants of population require.

By using smaller sewers than those heretofore used (pipe sewers generally), large enough for all purposes, but no larger than are necessary, the cost per running foot of all the proposed sewers will not be more than one-half, possibly only about one-third of the brick sewers heretofore constructed.

If the city continues the construction of its sewers during the next fifteen years according to the plan now recommended, increasing the amount of funds for that purpose pro rata with the increase of population, and the work be managed economically, it will be found at the end of that time to be one of the best drained cities in the United States.

PUMPING WORKS.

That portion of the city east of Montgomery street, between Jackson and Pine streets, is very badly drained, yet it is the very heart of the business centre of the city.

It is a great misfortune that the grade of Montgomery street, between Jackson and Pine streets, and all that portion of the city eastward of it, had not been fixed at a higher level. But unfortunately the grade of Montgomery street, between Jackson and Clay streets, is only six feet above the city base, which base is only 6.7 feet above high water.

With such a small fall from there to the city front, it is impossible to obtain proper drainage, and the consequence is that the cellars and basements which should be very valuable portions of warehouses, are but little used.

Had the level of Montgomery street been fixed at twenty feet above the city grade, which it is at Bush street, millions would have been saved to the city; and the increased rentals of dry cellars and basements in its commercial centre would have more than paid for the first cost of the higher grade.

There are only two ways of remedying the defective drainage of this portion of the city. One is, by raising the grade of the streets; the other is, by pumping up the sewerage from a lower level than that of the present sewers.

But the value of the buildings on this portion of the city, east of Montgomery street and lying between Jackson and Pine streets, is already so great as probably to preclude the idea of a change of grade. If this point be conceded, then we are forced to resort to pumping works for this district, in order to obtain proper drainage, with dry cellars and basements.

The outline of a system of sewers to drain this portion of the city is shown on a special map herewith. I append a brief description. It is proposed to build a two feet brick sewer along Front street, starting at Pine and terminating in a large masonry tank near the water front, which tank, for illustration, I have located on said map.

This sewer would run beneath all the present sewers, water and gas pipes; its bottom on the inside at Pine street would be at a level of about eleven (11) feet below the city grade, and falling about one foot to each block, it would enter the tank at about twenty or twenty-two feet below the city grade, according to the position of the tank.

One foot pipe sewers, laid at the proper grade below the present sewers, would then convey all house-sewerage within this district to the Front street sewer, these small sewers leading from Montgomery street to Front street, and also from the city front to that street.

The present sewers in this district are to remain undisturbed in order to carry the surface water of rains and the sewage west of Montgomery street, as far as these sewers extend, into the Bay. But all house sewers and drains within the pumping district are to be disconnected from them, and be discharged into the lower or pumping system. In this way, deep and dry cellars may be obtained throughout this important part of the city.

It is supposed that this new system of sewers will be self-cleansing, but if any difficulty in this respect should ever occur, it will be a simple matter to flush them with salt water, without pumping the water, for it will be seen that all these sewers are down to or below the level of low tide. An eight-

inch pipe may therefore be laid at the level of half tide or lower, beginning, say, at the foot of Davis street, extending southward along the water front to the foot of Market street, thence up Market to Pine street, thence up Pine to Montgomery street, thence along Montgomery to Jackson street, the said pipe to have valves, worked from the street level, and so arranged as to discharge the full capacity of the pipe into the head or highest point of every sewer. By this arrangement, this entire system of sewers may be completely flushed every day, or as often as may be found necessary.

The tank into which these sewers discharge must then be pumped out every day, its contents being discharged through an iron pipe into the strong tidal currents at the foot of Front street, or any other convenient place.

This lower system of sewers will be further utilized to drain the ground and the foundations of the houses in this district, by laying blind gravel drains over them, with openings for the subsoil water to enter them at convenient places. As the tide rises and falls in the lower ends of the present sewers, and as they are to convey the rain water of storms, it is necessary, in order to secure dry cellars in this pumping district, that these old sewers be made water tight, and as these sewers are all unnecessarily large, this can be effected by turning a four-inch brick arch, laid in cement, inside of them. The cost of this lining is included in the estimate which follows.

The tank for the reception of the sewage from this district would require to be one hundred feet long, thirty-five feet wide, and eight feet deep below the outlet of the Front street sewer. This would give ample space to hold the sewage of the district from 5 P. M. until 7 A. M. The pump would then be started and the tank emptied by 5 P. M., giving ten hours pumping per day.

For this purpose there should be two independent pumps, with engines and boilers complete, of about twelve horse-power each, so that if, at any time, one pump should get out of order, the other one would be available.

It should not be forgotten that the drainage of this district is entirely independent of the drainage of all other parts of the city. It may or may not be carried out, according to the wish of the property-owners in the district.

Its entire cost, including sewers, man-holes, flushing arrangements, subsoil drainage, lining the present sewers, tank, pumps, engines, boilers, etc., would be about two hundred thousand dollars (\$200,000), and the daily cost of pumping and flushing sewers would be about twenty dollars (\$20) per day.

Now the interest in the first cost of these works, say:

\$200,000 at 10 per cent. per annum.....	\$20,000
Cost of pumping at \$20 per day.....	7,300
	<hr/>
Cost per annum.....	\$27,300
or nearly (\$75) seventy-five dollars per day.	

There are about forty blocks that would be benefited by this system of pumping, and if we suppose that there are or will be forty stores or houses in

each block, we would have sixteen hundred houses upon which the cost would be assessed, or a fraction less than five cents per store or house per day. Whenever the property-owners of this district are willing to pay this amount per day, or eighteen dollars and twenty-five cents (\$18.25) per store or house per year, for the privilege of having dry cellars and basements, they ought to be allowed to have them by the construction of the works herein sketched.

The cost of the lot upon which to erect the pumping works is not included in the foregoing estimate.

CHANGES OF GRADE RECOMMENDED.

The established grades in some portions of the city are so clearly defective that I have assumed they must be changed in order to conform to a proper system of drainage.

In a few cases, where the necessity of such changes are perfectly manifest, they are shown on the large Sewer Map; the changes in all such cases being reduced to an absolute minimum compatible with the drainage question before me.

Among the first of these changes which arose in the investigation of this question was the necessity of raising the grade at the intersection of Market and Church streets about 10 feet, or from 73 feet above the city base to 83 feet above that level; and this change is noted on the Sewer Map.

But the greatest change from established grades, which appears to be absolutely necessary, is the raising of the grades within certain limits of Fourth, Fifth, Sixth and Seventh streets. The district within which the changes are to be made are more or less occupied by buildings, and the changes will therefore be more expensive to the property-owners, involving as it must the raising of these houses. To no portion of the question of drainage for the city have I given more attention than the one now under consideration, and the result is that the grades of these streets, within certain limits, must be raised, or else we must resort to pumping the sewage matter.

Channel street sewer is already built from Eighteenth street down as far as Ninth street. It appears to be absolutely necessary that this main sewer should be continued to the bay through Townsend street, for it will never do to concentrate the sewerage of all the upper portion of Mission Bay at Ninth street, where it will be bare at low tide. This would render many blocks in that vicinity practically uninhabitable.

The necessity of extending this main sewer being granted, the question arises, how are we to drain the low portions of Fourth, Fifth, Sixth and Seventh streets, whose sewers now enter into Mission Bay below the level of the main Channel street sewer when extended, and which sewer is as low as it possibly can be placed for efficient drainage?

There are but two answers to this question: one is by pumping the sewage of these streets up into the Channel street sewer; the other is by raising the grades of these streets so that their sewers may have the necessary elevation to discharge into Channel street sewer at the proper level.

I know well that this proposition may meet with opposition from some of the property owners, on account of the expense which it must involve; but let any body of intelligent and disinterested men look into the present defective drainage of these streets, examine the sewers in their lower portions, see that they are full or nearly full of sewage matter which can never be discharged, and reflect that by raising the grades so as to secure proper drainage, the value of property will be greatly enhanced, and I am convinced that it will be their unanimous opinion that the grades ought to be changed.

Knowing the expense involved I have endeavored to make the change a minimum. As this change will interest many persons, I append here the changes in the grades of these streets which are recommended and which are represented on the Sewer Map.

1st. Raise the grade of Fourth street from Folsom street to Brannan street two feet throughout.

2d. Raise the grade of Fifth street from Folsom to Townsend street six feet at Folsom street, eight feet at Harrison street, six feet at Bryant street, and four feet at Brannan street.

3d. Raise the grade of Sixth street from Howard street to Townsend street 3.5 feet at Howard street, 7.5 feet at Folsom street, 7.5 feet at Harrison street, 7.5 feet at Bryant street, and 5.5 feet at Brannan street.

4th. Raise the grade of Seventh street from Folsom street to Townsend street seven feet at Folsom street, seven feet at Harrison street, nothing at Bryant street, but raising five feet at Brannan street. Then the sewers from these four streets can discharge into the continuation of the Mission Creek sewer when it is extended to the bay through Townsend street.

There are other changes of grade which appear to be absolutely necessary, particularly in Townsend and Centre streets; also the intervening portion of Mission Bay. These proposed changes are marked on the Sewer Map. These proposed changes can be more economically effected now than at any future time. There are other and important changes of grades that ought to be made, particularly in the Potrero and South San Francisco.

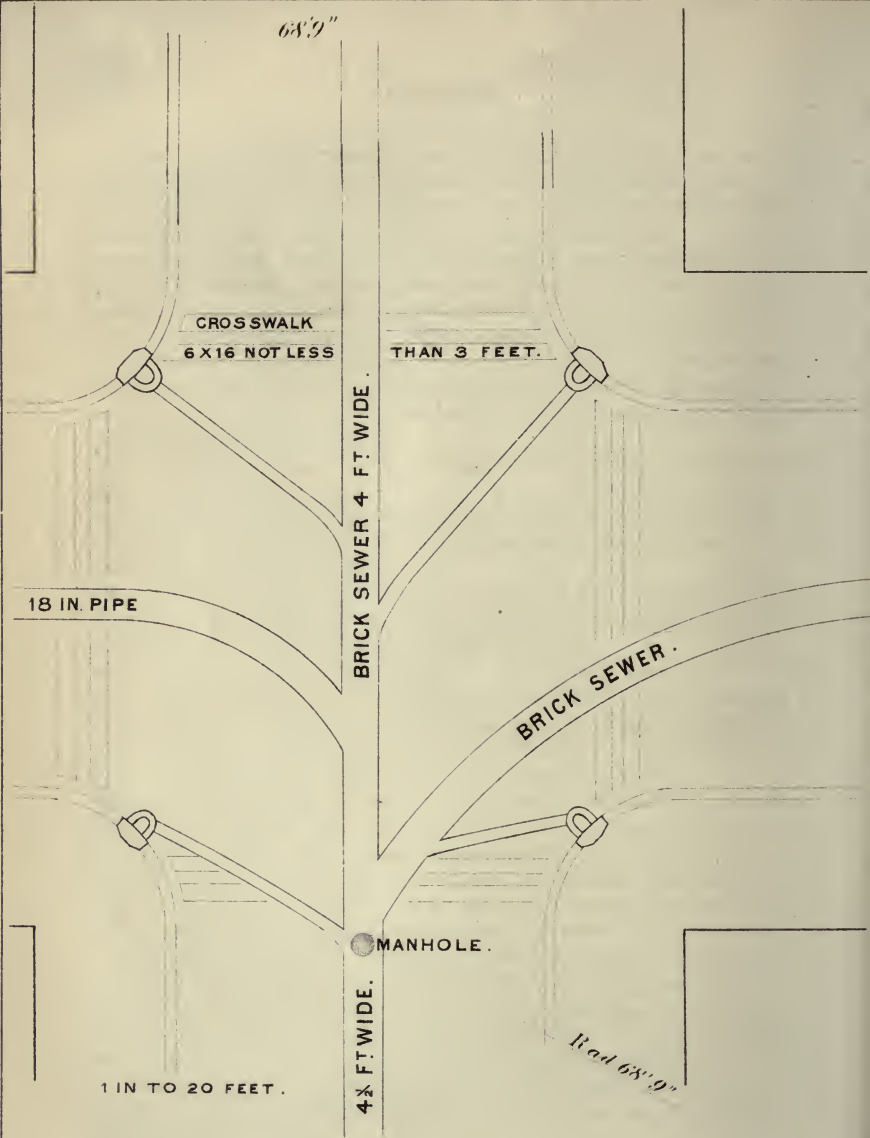

An examination of the Sewer Map will show that I have planned the sewerage of all these portions of the city where the grades have been established. This is done in accordance with the terms of my contract; yet I desire to say that my studies of the subject of grades, in connection with that of drainage, have led me to the conclusion that a change of grades in these new portions of the city is imperatively demanded, and the sooner such changes are made the better. I beg leave respectfully to urge this matter on the attention of the Board of Supervisors.

The necessity of establishing suitable grades in the new parts of the city and of altering the present established grades where necessary in order to make them conform to a proper system of grades and of drainage, must be manifest to every man who looks a little into the future.

As an illustration, let us look a moment at the Potrero and South San Francisco.

The map of the city shows large areas laid out in Mission Bay, and in the shallow waters of San Francisco Bay at the mouth of Islais Creek; also in the bay still farther south.

If the precedents heretofore established in filling up along the water front of the city are to be continued in the future, the streets through these low lands will only be brought up to the city base, 6.7 feet above high water. If this be done, a proper system of drainage and sewerage will become simply impossible without a resort to pumping.

Immediately adjoining these low lands of the future city, where it is necessary to fill in order to build, are high hills, with, so far as they have been established, inaccessible grades of the streets in many places.

The hill on the Potrero south of Mission Bay rises in one place to the height of three hundred feet above city base, and the hill on the ridge in South San Francisco, south of the mouth of Islais Creek, rises to the height of two hundred and sixty feet above the same level.

The tops of these hills appear to be the proper places for obtaining materials with which to fill up the adjacent low lands, and if they are cut down so as to make the grades of the streets over them convenient and easy and the filling in the shallow waters adjacent to them be brought up so as to make a proper system of drainage practicable, these portions of the city would be greatly improved and the property be rendered vastly more valuable. The ridge south of Mission Bay, and particularly the high peninsula leading out to Hunter's Point, would then become very desirable sites for residences.

Another matter of importance closely connected with this subject is the reconciliation with a suitable plan of streets of several incongruous surveys, with which the new parts of the city are now affected. The streets and roads in some of these surveys are so badly laid out that they can never be made to harmonize with any proper system of streets for the surrounding city.

There ought to be several avenues or new streets laid out in order to afford easy and direct communication with the new portions of the city. These new avenues should follow the lines of natural drainage as nearly as possible, so that while they furnish the natural roads for communication they will also greatly facilitate artificial drainage.

Islais Creek is one of the localities demanding such an avenue. It will not only drain a very large extent of City area in the future, but also a part of San Mateo County, and there must be, in time, a large sewer constructed in or adjacent to the bottom of the valley, to accommodate the drainage, the creek itself being filled up the same as is to be done in Mission Creek.

By the prolongation of Plumas street until it intersects Islais Creek, and then constructing an avenue up the creek to some point near the San Jose Railroad, the objects in view will be accomplished.

Plumas street appears to be the natural outlet for the main sewer, which will eventually become necessary for the drainage of the water shed of Islais Creek. I have, therefore, represented it on the sewer map as being prolonged until it intersects the creek, and have also shown on the map such changes

of grades in the lower portion of the valley of the creek as will become necessary, if this suggestion should be adopted.

There are other new avenues that ought now to be opened, but these need not be touched upon in a report on the subject of drainage, further than to say that such avenues can now be opened at very slight expense, compared with their benefits.

We can do now for the outskirts of the city (soon to become densely populated) for a very little money, and with great benefit to present and prospective values of property, what has recently been attempted at great cost in another portion of the city, by opening Montgomery avenue.

VENTILATION OF SEWERS.

In investigating the subject of the ventilation of sewers, it should not be forgotten that the object of the sewers is to convey away rain-water, sewage matter and sub-soil waters from the sites of our houses.

The object of man-holes is to enable us to maintain a proper supervision over the sewers; to find out places where the sewers may be defective without breaking up the streets to ascertain the position of leakages or stoppages; to cleanse the sewers if necessary, and finally, to afford the means of ventilating the sewers by perforating their covers.

The man-holes in this, and in most other cities, are placed in the middle of the streets, directly over the sewers. By placing ventilators in the middle of the streets we remove the point of the escape of the sewer air to the farthest possible distance from the houses and the passenger traffic on the sidewalks. Besides, sewer gas when escaping in the middle of the street has a better chance of immediate dilution with the atmosphere before it has time to do mischief, than when escaping at any other point.

The object of catch-basins or gullies is to provide the means of receiving rain water, surface and waste water into the sewers. They are placed in the gutters on the sides of the streets close to the sidewalks, usually at the corners, but not necessarily at the four corners as is generally the custom. They should be trapped in all cases; otherwise the sewer air will escape along the sidewalks and become extremely offensive, and at times dangerous. They should connect with the sewer by branch pipes from not less than six inches to twelve inches in diameter, in accordance with the size of the sewer with which they connect.

A trap is a barrier, usually a water barrier, placed between a sewer or drain on one side, and the external or interior air of our houses on the other side. These water-traps usually partake of the nature of an inverted syphon, and are liable to become untrapped from various causes, thereby allowing the escape of sewer gas, which, if the sewer is badly ventilated, is known the world over to be dangerous to health. If it be allowed to escape into our houses, particularly into sleeping apartments, it induces diseases, notably typhoid fevers.

Many people who have not studied the subject tell us, "I am in no danger from this cause of disease; my house stands on high ground; and every pipe from bath-tubs, sinks, water-closets, wash-bowls, etc., are trapped so that no air from the sewers can enter the apartments." The prevalence of typhoid fever in the fine palaces of New York and other cities shows that such opinions are erroneous.

Having said this much, it will be well, perhaps, to show in what manner the sewer gases escape into bedrooms in spite of all precautions.

For the sake of clearness, take the case as it now exists in almost any street in this city; say Jackson, Washington, Clay, California, Pine, or Bush streets, having sewers starting at the top of the hill and running to the bay. Being without any openings for ventilation, they are sealed pipes, into which the house drains empty.

Of course, when first built, they are filled with air; but as soon as they come into use, and water and sewage matter enter into them, some of this air must escape. Each cubic foot of water will displace a cubic foot of air—the water running down to the bay, and the gas ascending to the upper end of the sewer, to escape there, unless ventilators are provided for its escape elsewhere.

Now suppose a heavy rainfall, added to the house sewerage, fills the sewer half-full of water and other fluid matter. The air in the sewer, in that case, if it cannot escape, must become compressed into half its volume, occupying the upper half of the sewer. According to the law of the compressibility of gases, their pressure is inversely as the space occupied.

In the case supposed, therefore (no outlets being provided for its escape), the pressure of the gas in the upper half of the sewer becomes equal to one atmosphere, or to fifteen pounds in a square inch; which is equal to a column of water about thirty-four feet high. No traps can resist such a pressure, and the air must escape through them into our houses. In this way, the constant variation of the quantity of fluid matter entering into a sewer or house drain, or, in fact, into a connected system of sewers, gives rise to corresponding variations of pressure in the gases in such sewers and drains, by which the security of traps are constantly endangered, unless we provide openings for the free exit of the sewer gases, and the free entrance of the outside atmosphere into the sewers.

One of the first things, therefore, to improve the existing sewers of this city is to provide for their proper ventilation through the man-holes into the open streets, so that sewer air may not be forced up through the house drains. This can be easily and cheaply done by perforating the covers of the present man-holes with a suitable number of half-inch holes, through which the gas can escape whenever there is any excess of pressure of air in the sewers and through which free access is given for the external atmosphere to enter and pass through the sewers whenever there is any tendency to a vacuum in them, thus rendering the traps comparatively safe from being sprung, and rendering the sewer gas innocuous, for it is known that such gas when mixed with a large quantity of atmospheric air is comparatively harmless.

While on this subject of sewer gas springing the traps and escaping into our houses, it may be well to state that there are many other forces at work in a sewer besides the one just mentioned. Among these are heat, difference of temperature between the external atmosphere and the internal air of the sewers, barometric changes, vapor of water, winds, position of the outfall of the sewer, friction and leakage. The influence of all these and other causes is discussed in the most recent works on the subject, but as it would greatly add to the length of this report to quote them here, I content myself with merely mentioning them, so that you may know they have not been overlooked. Baldwin Latham's work on Sanitary Engineering contains the most exhaustive discussion on the subject of the ventilation of sewers.

The present man-hole covers in the city, as well as those to be constructed in the future, should be thus perforated; and, to assist further in counteracting the poisonous influence of the gas, recourse has been had in England to the use of charcoal, so placed in the man-holes and other ventilating passages as to render it impossible for the gas to escape without passing through the charcoal.

It is well known that all porous substances have more or less the power of absorbing fluids and of absorbing and condensing gases within their pores. Professor Liebig says, in his letters on chemistry, that one cubic inch of beechwood charcoal contains pores equal in area to one hundred superficial feet. In alluding to the use of charcoal for ventilation, Dr. Stenhouse says: "The efficiency of charcoal appears never to diminish, if it is kept dry and its pores are not choked with dust." Dr. Welcker says: "It (charcoal) possesses the power not only of absorbing certain smelling gases, such as sulphuretted hydrogen and ammonia, but also of destroying the gases thus absorbed, for otherwise its purifying action would soon be greatly impaired. It is very porous and its pores are filled with condensed oxygen to the extent of eight times its bulk. We have, therefore, in charcoal oxygen gas in a condensed and more active condition than in the common air which we breathe. Hence it is that organic matter in contact with charcoal is so rapidly destroyed. The oxygen that acts on organic matter and burns it is speedily replaced, and the process goes on continually."

Charcoal has been used in various ways to assist in the ventilation of sewers, but the most efficient and economical plan hitherto used is the form adopted by Mr. Baldwin Latham in "Latham's Patent Ventilator." This instrument does not obstruct the escape of the gas, although the latter is compelled to come in contact with the charcoal. It affords the most efficient application of charcoal to oxydize sewer gas that is at present known to sanitary engineers, and I recommend its use on the sewerage system of San Francisco, especially whenever the streets are comparatively narrow.

A section of this ventilator may be seen on reference to figure No. 8. It consists,

- 1st. Of a cover, the central part of which is solid, so as to form an efficient cover for the charcoal and protect it from rain or water used in watering the streets. Around the central or solid part of the cover there are concentric circles formed of open grating, through which air escapes or is drawn into the sewer.

2d. A frame for receiving the cover, and on the bottom of which hangs the dirt box and charcoal ventilator.

3d. The dirt box which hangs in a groove made in the lower part of the frame. A portion of the dirt box is converted into an open spiral trough which is used for conveying away the overflow water from the dirt box to the sewer. There is a slat in the side of the dirt box communicating with the upper portion of the spiral trough, through which the water enters the trough.

4th. A spiral tray for containing the charcoal. This is screwed into the ventilator over the spiral trough by means of a handle attached. Each tray consists of a square central shaft having projecting arms of T iron. These arms are attached at the extremity by a strap of iron coiled spirally, and the bottom of the tray is filled in with net work. The arms divide the whole tray into so many compartments for retaining the charcoal, which in consequence is kept in position, or otherwise it might have a tendency to slide down to the bottom of the tray.

No attention appears to be given to the catch basins in this city, except to build them, and to remove the sand and other substances from them when they become so filled up that the water of heavy rains cannot pass through them into the sewers. They are used more as cesspools than as catch-basins or gullies for water. When cleaned out, they are found to contain substances which they were never intended to receive; such as street dirt, garbage of all kinds, ashes, shavings, sticks, brickbats, coal, bones, bottles, rotten fruit and vegetables, old clothes, boots, shoes and stockings, broken crockery, etc. In some parts of the city dead dogs, cats and rats have been found in these catch-basins. The facility with which their covers can be removed and replaced, particularly at night, invite to this easy way of disposing of all kinds of garbage.

These basins were intended to be kept full of water so that their traps may be sealed at all times.

It should be made the duty of some officer, or of some department of the city government, to see that they are always in order and full of water, and any person found throwing any substance into them should be subjected to a fine.

FLUSHING AND CLEANSING SEWERS.

In the system of sewers which I now propose, and which are represented on the large Sewer Map, I have endeavored to make all new sewers to be hereafter constructed, self-cleansing by their own sewage, by making them of the proper size, and giving them the necessary slope for that purpose.

There are some of the existing sewers of the city, however, which are too large, and laid on too low a grade, ever to become self-cleansing in the dry season of the summer and fall.

This is particularly the case in the present sewers east of Montgomery street, between Jackson and Pine streets. And it may happen that, when some of the new sewers now proposed come to be built, that they will not at

first be self-cleansing. As, for example, a new sewer may be built in certain streets in the new portions of the city before the blocks alongside of the sewer are compactly built up and occupied. If such a sewer drains only a few houses on any one block, it is manifest, for the time being, that there will not be sufficient sewage matter from these few houses to produce the necessary velocity to render such a sewer self-cleansing.

In all such cases—that is, whenever the sewers are not self-cleansing by their own sewage—artificial means must be resorted to, to cleanse them, or rather to remove the deposits that may accumulate in them.

Many expedients have been resorted to for effecting this purpose. The first and most natural one was to send men and boys into the sewers, and remove the deposits from them in buckets through the man-holes in the middle of the streets.

This vile practice still obtains in this city, but it has seen its day and its end in all well drained cities of our Atlantic seaboard and in Europe; and when the true principles which should govern the proper construction of sewers are better understood and acted upon in this city, the disgusting operation will come to an end here also.

The most common and most satisfactory manner of cleansing sewers, whether large or small, is by flushing—that is, by increasing the volume of liquid matter passing through the sewers in a given time.

Flushing is of two kinds:

1st. By making use of the sewage matter itself for cleansing the sewers. This is accomplished by damming up the sewerage within the sewers, and then suddenly liberating it.

This requires an elaborate system of special flushing-gates or sluices fixed in the sewers, to act first as a dam to the sewage and then as a gate giving it free passage. These gates are of various descriptions and are fully described in some of the works on sewerage. They are expensive in construction and require constant care and attention to render them effective.

I apprehend the latter would be the chief objection to their introduction into the sewers of this city. If we have not yet learned to take care of and keep clean the simple catch-basins alongside of our sidewalks, it is fruitless to hope that we will be able to keep in order and operate successfully an elaborate system of sluice-gates fixed in the sewers, where they cannot be seen or worked except by an expert.

After careful examination of all the authorities on this subject within my reach, I cannot recommend this system of flushing sewers in San Francisco at the present time. At best, supposing it to be carried out as perfectly as possible, it is only a poor expedient for cleansing the sewers.

The second method of flushing sewers is by water. It is manifest that sewers can be more perfectly cleansed with pure water than with sewage matter.

There are several ways of introducing the water of a city into its sewers for the purpose of flushing them. One is from the fire plugs of the water mains;

another by pumping the water from tanks with fire engines. Both of these methods would be very expensive here, because they require a large quantity of water.

The true method is to introduce a large volume of water into the sewer for a short time. In this way a sewer will be cleansed with a far less quantity of water than is possible if the water be introduced by dribblets.

The method of introducing water into the sewers for the purpose of flushing them varies in different cities. In some cases tanks are provided for water, the contents of which are from time to time discharged into the sewers by means of valves. In other cases cisterns for holding water are constructed, the contents of which are similarly discharged into the sewers. In Dantzic, special supplies of water for flushing the sewers are provided.

The most simple system is to draw the water direct from the water mains into the sewers, by means of pipes of the proper size, having valves which can be opened and closed from the level of the street. In this case, provision must be made to check the velocity of the water, without decreasing its volume, in case the pressure of water in the main is so great as to endanger the safety of the sewer by the water escaping into it.

This method, however, presupposes an abundant supply of water in a city. If the plan now proposed for the drainage of this city is carried out, or so far executed as to provide the proper outfalls for the sewers, we will soon know which sewers will require flushing.

I think provision should be made, as soon as possible, for flushing the lower ends of the sewers from Jackson street to Pine street; and I believe the cheapest and most thorough method of cleansing these sewers at the present time will be to buy water from the Spring Valley Water Company for that purpose. If objection is made to connecting the water mains with the sewers, in order to effect this object in the simplest way, it is probable that the cisterns now constructed along Dupont and Kearny streets can be utilized. By connecting them with the sewers, by large pipes leading from their bottoms down hill, until they can be introduced into the sewers, the whole contents of a cistern can be discharged into the adjacent sewer in a few minutes. In this way, the water that may be used for flushing purposes, in this district, could be accurately ascertained. In all the other districts of the city, I recommend that the flushing arrangements await future necessities.

It is within the range of possibility, before any great outlay will be required for that purpose, that this city may be supplied with an abundance of water, and possibly may own the works herself; in which case, the water for flushing will not have to be purchased, and the arrangements for that purpose may be greatly simplified.

It has been proposed by some persons to pump up salt water from the bay, for the purpose of flushing the sewers, sprinkling the streets, washing out street gutters, and for extinguishing fires, etc. etc.

It is not doubted but such an additional supply of water would possess some advantages in this city at the present time, but it would duplicate the

system of water pipes, and as the water would have to be pumped, it would, in the end, probably be found more expensive than to purchase water from the Spring Valley Water Company for these purposes, even at present rates. When an additional supply of water for this city is introduced, either by a private company or by the city itself, as must be the case in a few years, the price of water must necessarily be so greatly reduced that it may be used lavishly for all the purposes above named without its use being felt as a tax on the City Treasury.

In this connection it should not be forgotten that when the sewerage system is so far completed that all connections with the outfalls of sewers are made, there will be but little flushing required, and if water were abundant, and proper connections between the water mains and the sewers established, very few men would be required to flush the sewers. Probably two, or at the most three men, would be sufficient for the entire city.

The expense of three efficient men need not be more than four thousand dollars per year, and the sewers would then be thoroughly cleansed; whereas the city now pays fifteen thousand per year for this purpose, and the sewers are not half cleansed.

For the reasons above stated, I cannot recommend the pumping of salt water for the purpose of flushing the sewers and sprinkling the streets at this time.

The sewers should be flushed at night, when the water in the water mains is not required for other purposes, and when the effect of disturbing the sewage and gas in the sewers will be least perceptible.

Pipe sewers are too small for a man to enter them. If, therefore, they require cleaning some other method must be resorted to. It has been found in our Eastern cities, and in European cities where pipe sewers have been extensively introduced, that they can be kept free from deposits, and need not therefore be entered. Baldwin Latham, in his work on "Sanitary Engineering," says: "There is no more necessity to send men into sewers to carry out such disgusting operations, than there is to send boys up chimneys to sweep them."

As there ought to be a man-hole or lamp-hole at every change of direction or change of grade in a sewer, it is manifest that if the sewer is clear, by lowering a lamp into the sewer through such man-hole or lamp-hole, we can see from man-hole to man-hole, and discover the location and nature of any deposit, obstruction, or defect in the intermediate sewer.

Proper tools must be provided for clearing out any deposit in the pipe sewers. These tools are of various kinds, jointed and made to fit the form of the sewer, or to properly take hold of the obstruction to be removed. A description of these tools can be found in Baldwin Latham's work on sewerage.

HOUSE-DRAINAGE.

The construction of house-drains in this city depends at present upon the property-holders, each one building his own drains as he thinks best. House

drains are, therefore, private property; but, in a sanitary point of view, what concerns one citizen concerns all. I cannot, therefore, be considered as touching on private rights by devoting a few words to this subject.

The efficiency of a system of sewers is dependent on the house drains and minor sewers which convey the waste water from the houses to the sewers; but if these tributaries fail to perform the duties required of them, the sewers either remain idle or are comparatively useless, and all the care bestowed on them is in vain.

Baldwin Latham, in his celebrated work on "Sanitary Engineering," says: "The work of house-drainage is the crowning point of a system of sewers. Upon the care and skill bestowed in carrying out this portion of the sanitary requirements of a district in a great measure will depend the ultimate success of the works in a sanitary point of view. It cannot be overlooked that imperfect sanitary works in connection with the houses in which we reside will result in the malarious influence of the sewers and drains being brought to bear directly upon their occupants. As a rule the works of house-drainage are carelessly and thoughtlessly carried out, and often inflict untold injury on the luckless occupants of the house in which they are executed. It should be said that the train of evils which often follows the improper execution of house-drainage works is not due, generally speaking, to the character of the workmanship, but to faults in principle in the arrangements adopted.

"House-drains are intended to carry away from the houses all liquid refuse, waste surplus water, and fæcal matter, and while performing this duty, they should be so designed and constructed as to prevent the entrance of sewer gas into the house. The rate of flow through house-drains is liable to considerable fluctuation, and the temperature varies greatly; and these two causes, as already pointed out, of necessity require that ample ventilation for the drains shall be provided."

J. Herbert Shedd, in his report on sewerage in the city of Providence, says: "No amount of skill, care and expense in building the public sewers will relieve the property-holder from the necessity of constructing his private drains with all possible care. These drains often cause in the aggregate more trouble on account of imperfect plan and construction than all the rest of a sewerage system.

"To keep the sewer gases out of houses it is not enough to place water traps at the various inlets of the house-drain itself. The compression of the air in the drain, which may often arise from many causes, will blow through any practicable traps at the inlets throughout the house, and the vacuum which has a tendency to form every time a large amount of water is thrown into the lower part of a house-drain makes a suction upon every trap that is above it. In this way the water is often drawn out of such traps, and until they are again filled with water, a communication is opened for the passage of foul air into the rooms. Any imperfections at the joints of the drain will also allow such communication. There may be a dangerous amount of sewer air in the house without its presence being suspected, as, in its worst forms,

it is not necessarily of strong odor, nor in any way of a character to force itself on our attention. To prevent these evils there should be a systematic provision for constant ventilation in the drains, of such a character that the tendency would be rather for a draught from the house into the drains than from the drains into the house.

"The first requirement is to shut off, as far as possible, all communication for air from the public sewer to the house drain; so that, whatever the mismanagement of the sewers, either in construction or cleansing, the householder may be reasonably protected."

For this city, I would recommend Mr. Shedd's principle of house-drainage; and the drawings herewith submitted, with the Sewer Map, illustrate the plan which he recommends. I append a brief description:

"The trap in the house drain, above referred to, is placed just outside the walls of the house. Immediately back of it, between it and the house, the down spout for carrying rain-water from the roof enters the house drain." Again: "From the highest part of the soil-pipe within the premises, a pipe of the full size is carried to a point above the roof of the building, making another open communication with the outer air. These two pipes, with the drain, form a syphon; and, under all ordinary circumstances, there will be a constant flow of air down the cooler leg and up the warmer leg, keeping up a circulation of considerable value. Now, if the compression of air in the public sewer blows through the lower trap in the drain, the sewer air has a free escape to the outer air, without causing an injurious pressure on the traps of the various inlets to the drain; and a sudden rush of water poured into the lower part of the drain is followed up by the outer air through one leg of the syphon; so that no vacuum can be formed sufficient to suck the water from the inlet traps. In the case of heavy rain, when the down spout is filled with water, no injury is done, but only a cessation occurs, for the time, of the flow of outer air through the syphon."

"Private drains are often obstructed by carelessness on the part of those using them, in admitting substances which they were not intended to receive."

"Perhaps the most common and the most certain cause of obstruction to house-drains arises from grease, which, though fluid when it is hot, soon cools in the drains, and gradually but certainly closes them up. I have known drains from thirty to fifty feet in length closed nearly the whole distance from this cause; the amount which will collect from the waste of a single family is surprising to those who are not familiar with the subject. It ordinarily causes much more expense and inconvenience to allow this substance to run into the drain than to catch it in a grease-trap, from which it can be conveniently removed."

A trap for this purpose is shown on the sketch illustrating "house-drainage." The proper position for a grease trap is under the sink. Of course, the joint between the body of the trap and the cover must be well sealed in order to prevent any sewer air from escaping.

The material to be used in the construction of the house-drains should have as smooth a surface as possible. It will then cause the least amount of friction, and consequently the least impediment to the progressive motion of its contents. The internal projections and the many impediments to the flow of sewage which are unavoidable in a brick drain, force upon us the necessity of looking for a material which will guarantee a smoother surface, and which will also afford the assurance of impermeability without being subject to the frequent patchwork to which the numerous interstices of a brick sewer always render it liable. Glazed earthenware pipes of six inches diameter for a house of ordinary size are recommended as capable of obviating all these difficulties. For factories, hotels, and other large buildings, the size should be increased.

In laying house-drains, great caution should be observed in making proper connections with the street sewer. These connections must be so effected as to prevent any upward motion of their contents when the sewers become surcharged, and they should be made so as not to obstruct in any way the flow of the sewage.

To accomplish this end, they should in all cases be made to connect with the sewers at acute angles considerably down stream.

Connections between house-drains and sewers should be always made by a competent person. This is a matter which requires much care and attention, for the reason that most of the sediment in the sewers is caused by the objectionable manner in which these connections are generally made.

If the axis of the lateral is below that of the main sewer, or if it has not an increased inclination for the curve, deposit will take place. At the point of connection the axes of both sewers should be, if possible, on the same level, and be made to connect down stream at acute angles of not more than forty-five degrees, or less than thirty-six degrees, and the curve on a radius of not less than twenty feet.

To facilitate the means of connecting the house-drains with the sewers, the latter, if pipes, should have lengths inserted at convenient distance having outlet sockets for receiving the ends of the house-drains, and these being slightly tapered, or conical in form, will be easily jointed with cement. In brick sewers, facilities will be afforded for connections with the house-drains by inserting a socket of stoneware to receive the drain pipe. This socket should be formed with a flange at the other end to surround and cover the opening in the sewer, which can then be made good with a ring of cement.

When sewers are to be laid in the streets which have not yet been entirely occupied with buildings, it is proposed to have the sockets for house-connections inserted at intervals of twenty-five feet, and to have them plugged until they shall be required to be used; this will obviate the necessity of tampering with the walls of the sewers, and thus prevent the danger of injury in every case where a proprietor may require to connect his house-drains with the sewers.

The civic authorities should exercise a surveillance over the mode of laying house-drains and connecting them with the sewers by licensing a competent

officer to discharge these duties, and exacting bonds as a guarantee for the faithful performance of the work—permits for that purpose being made always necessary when a connection is to be made. With these precautions there will be a guarantee of the sewers being properly laid, and all the details properly executed.

Although house-drains are laid at the expense of the owners of the premises to be drained, it has been found necessary in all large cities to establish rules by which such work must be done, under the immediate inspection of some competent officer. "These instructions," says Shedd, "have been proved by experience in many cities to be necessary to secure housekeepers from the great annoyance to which they would be subjected from imperfect arrangement or unfaithful execution."

The experience in Chicago is thus expressed by Mr. Chesbrough: "As the usefulness of the sewers depends so much upon the faithfulness with which house-drains are laid, past experience shows that this work ought never to be put into the hands of unfaithful or irresponsible persons. In some cases not only individuals have suffered much annoyance, as well as loss, but the sewers have had to be cleansed at an otherwise needless expense."

"Probably no system better than licensing competent and faithful persons can be devised; but great caution should be used in granting the licenses, for the fact of unfaithfulness is not likely to be known in many cases till its consequences appear, which may not be for a year or two after the work is done, and the doer out of the city."

In order to furnish useful hints as to the proper rules to be established in this city under which private drains should be laid, I append to this report a copy of the rules for laying drains which have been established in the City of Providence, R. I., copied from the work of Mr. J. Herbert Shedd.

"A COPY OF RULES FOR LAYING PRIVATE DRAINS IN THE CITY OF PROVIDENCE, R. I.

"Application for Private Drains.

"1st. Applications for permits to connect with any sewer which has been constructed, or which is in process of construction, by a committee appointed by the Board of Aldermen, must be made in writing to the Water Commissioners by the owners of the property to be drained, or by their duly authorized attorneys, and must be accompanied by a clear description of the premises to be drained, and the drains required; and also by certain agreements, all as provided in the printed form of application issued by said Commissioners.

"2d. No one but a drain-layer duly licensed by the Water Commissioners will be allowed to make connections with the public sewers named in the above section, nor lay any drains in connection therewith.

"3d. At least twenty-four hours notice must be given at the office of said Commissioners before any street or public way can be opened for the purpose of laying a private drain,

"4th. No drain-pipe can be extended from work previously done and accepted, or new connections of any kind be made with such work, unless previous notice of at least twenty-four hours is given to the engineer in charge of private drains.

"5th. No work of laying drains can be commenced or continued unless the permit is on the ground, in the hands of the drain-layer, or some one employed by him.

RULES FOR LAYING DRAINS.

1. In opening any street or public way, all materials for paving or ballasting must be removed with the least possible injury or loss of the same, and, together with the excavated material from the trenches, must be placed where they will cause the least practicable inconvenience to the public. As little as possible of the trench must be dug until the junction piece into the sewer is found, unless it is first determined to make a new opening into the sewer.

2. Whenever the sides of the trenches will not stand vertically, sheeting and bracing must be used to prevent caving.

3. No pipes or other materials for the drains can be used till they have been examined and proved by the Chief Engineer, or by one of his assistants, or by a duly authorized inspector.

4. The least inclination that can be allowed for water-closet, kitchen, and all other drains of not over six inches diameter, liable to receive solid substances, is one-half inch in two feet; and for cellars or other drains, to receive water only, one-quarter of an inch in two feet, all drains to be laid at a grade of not over one-half an inch in two feet between the sewers and the sidewalks.

5. The ends of all pipes not to be immediately connected with water-closets, sinks, down-spouts, or catch-basins, are to be securely guarded against the introduction of sand or earth, by brick and cement, or other water-tight and imperishable materials.

6. All pipes that must be left open to drain cellars, areas, yards, or gardens, must be connected with suitable catch-basins of brick, the bottoms of which must not be less than two and a half feet below the bottom of the outlet pipe, the diameter not less three feet, and the form and construction of which are to be prescribed by the officers named in the third rule; when meat packing-houses, slaughter-houses, lard rendering establishments, hotels, or eating-houses, are connected with the sewers, the dimensions of the catch-basins will be required to be of a large size, according to the circumstances of the case. When the end of the drain-pipe is connected with a temporary wooden catch-basin for draining foundations during the erection of buildings, the drain-layer will be held responsible that no dirt or sand is carried into the drain or sewer from such temporary catch-basin.

7. No private catch-basin can be built in the public street, but must be placed inside of the line of the lot to be drained, except when the sidewalks are excavated and used as cellars.

8. No privy-vaults can be connected with the sewers, except through an intervening catch basin, and the discharge-pipe of the vault must be high enough above its bottom to effectually prevent anything but the liquid contents of the vault from passing into the drain.

9. The inside of every drain, after it is laid must be left smooth and perfectly clean throughout its entire length.

10. In case it shall be necessary to connect a drain-pipe with a public sewer, where no junction is left in said sewer, the new connection with such sewer can only be made either by one of the employees of the Commissioners, or when an officer named in rule third is present to see the whole work done.

11. Whenever it is necessary to disturb a drain in actual use, it must in no case be obstructed without the special directions of one of the officers named in rule third. No pipe-drain can be laid above the bottom of a wooden drain, whether in actual use or not, unless the pipe is made to rest either on brick or stone, or other suitable support. In no case will drain-pipes be allowed to rest on wood or other perishable material.

12. The back filling over drains after they are laid, must be puddled, and together with the replacing of ballast and paving, must be done within forty-eight hours after the completion of that part of the drain lying within the public way, and done so as to make them at least as good as they were before they were disturbed, and to the satisfaction of the Commissioners and their Engineer, and the owner will be held responsible for any subsequent settlement of the ground. All water and gas pipes must be protected from injury or settling to the satisfaction of the Engineer.

13. Every drain-layer must enclose any opening which he may make in the public streets or ways with sufficient barriers, and must maintain red lights at the same at night, and must take all other necessary precautions to guard the public effectually against all accidents from the beginning to the end of the work; and can only lay drains on condition that he shall use every precaution against accidents to persons, horses, vehicles, or property of any kind.

14. In case a water-pipe or gas-pipe should come in the way of a drain, the question of passing over or under the water or gas pipe, or of raising or lowering it, must be determined by one of the officers named in rule third. In no case can the drain layer there be allowed to decide the question for himself.

15. No exhaust from steam-engines can be connected with the private or public drains, and no blow-off from steam-boilers can be so connected without special permission from the Commissioners or their Engineer.

16. Such information as the Commissioners have with regard to the positions of junctions will be furnished to drain-layers, but at their risk as to the accuracy of the same.

17. When any change of direction is made in the pipe, either in a horizontal or vertical direction, curves must be used; no pipe can be clipped in any case.

18. All persons are required to place an effectual trap in the line of drain

just before it leaves the premises, and to make an open connection with a down spout back of the trap; also to make an open connection with the highest part of the soil pipe within the premises, through a large pipe or flue, to a point above the roof of the building.

19. Every person violating any of the provisions of the foregoing rules shall pay a fine of not less than twenty, nor more than fifty dollars."

I cannot complete this report without referring to the assistance rendered on the work by B. S. Alexander, Lieut.-Col. of Engineers, Bvt.-Brig.-Gen., U. S. A. To him I am under great obligations for his many valuable and practical suggestions.

To Mr. Guerin, and other assistants, for the faithful attention to the duties assigned them, I am under obligations.

The following is a list of the maps and drawings accompanying this report:

1. Sewer Map of the City and County.
2. Sewer Map of South San Francisco.
3. Sewer Map of the Pumping District.
4. Map showing Connections of Lateral with Main Sewers.
5. Map showing Sewer with House Inlets.
6. Map showing Manholes.
7. Map showing Catch Basins.
8. Map showing Ventilator in Manholes.
9. Map showing House Ventilation.

[Maps 7, 8 and 9 are omitted in this report, but are on file in the office of the City and County Surveyor.]

All of which, with letter from Gen. B. S. Alexander approving said system, is respectfully submitted.

WM. P. HUMPHREYS,
City and County Surveyor.

SAN FRANCISCO, CAL., May 22, 1876.

WM. P. HUMPHREYS, CITY AND COUNTY SURVEYOR:

Dear Sir—In reply to your note of the 20th inst., I can state that I have carefully examined the plan which you have prepared for a complete system of sewers for the drainage of this city, together with all the accompanying drawings.

They all meet my entire approbation.

I have also carefully read your report on the subject. I think it presents the necessity, advantages, and mode of obtaining a proper system of sewerage for this city in a very clear and forcible manner.

Very respectfully, your obedient servant,

B. S. ALEXANDER.

ORDER No. 1,295.

WATER RATES.

In accordance with the provisions of an Act, passed at the last session of the Legislature, to establish the rates for water to be charged by any individual, company or association engaged in, or who might thereafter engage in the business of supplying water to the inhabitants of San Francisco, His Honor Mayor Bryant appointed, and the Board of Supervisors confirmed on March 6, 1876, Messrs. James M. McDonald, James R. Kelly, Charles Kohler, James O. Rountree and Jacob Z. Davis, as Water Commissioners, to perform the duties required under said Act. After several preliminary meetings were held, commencing March 7th, the Board of Water Commissioners organized on March 14th, by the appointment of James R. Kelly, Esq., as President, and at a meeting held on the 15th of March, the Clerk was instructed to notify all water companies, etc., supplying water to consumers in the city and county of the organization of the Board, and invite them to furnish such data as might be required to enable the Board to perform the duties imposed.

The following is a copy of the communication transmitted to the Spring Valley Water Works:

OFFICE OF THE BOARD OF WATER COMMISSIONERS,
Room 4, City Hall, San Francisco, March 16th, 1876. }

CHARLES WEBB HOWARD, ESQ.,

President Spring Valley Water Works:

SIR—I have been instructed to inform you that, under and by virtue of the provisions of an Act of the Legislature, entitled "An Act to establish Water Rates in the City and County of San Francisco," approved March 1st, 1876 (a copy of which is herewith inclosed), the Mayor of the City and County appointed James M. McDonald, James R. Kelly, Charles Kohler, James O. Rountree, and Jacob Z. Davis, as members of the Board of Water Commissioners in and for the City and County of San Francisco, which appointments were unanimously confirmed by the Board of Supervisors of said City and County on the 6th day of March, 1876.

Also, that said Board has organized, and is now ready to perform the duties devolving and imposed upon it under the provisions of said Act; and for that purpose and to that end I have been further instructed to invite any individual, company, or association engaged in the business of supplying water to the inhabitants of this City and County, to furnish said Board with such data as may be required to enable it to perform the duties imposed by said Act of the Legislature—the said Board desiring to be informed, on or before Friday, the 17th inst., at what time such data can be furnished.

Under such instructions, I therefore invite from you, on behalf of the Spring Valley Water Works, such data as said Board of Water Commissioners desire to have, at your earliest convenience, requesting a reply as to the time at which the same can be furnished, on or before the next meeting of the Board on Friday, the 17th inst.

Commissioner James R. Kelly is President of the Board of Water Commissioners, and all communications to the Board can be addressed to him and left at the Clerk's office of the Board of Supervisors.

Very respectfully, &c.,

JOHN A. RUSSELL, Clerk.

At a meeting of the Board held March 17th, the following communication from the President of the Spring Valley Water Works was received, to-wit:

OFFICE OF THE SPRING VALLEY WATER WORKS,
SAN FRANCISCO, March 16th, 1876. }

JAMES R. KELLY, Esq.,

President of the Board of Water Commissioners:

DEAR SIR—I have the honor to acknowledge the receipt of a communication dated this day, from the Clerk of your Board, calling my attention to the Act of the Legislature under which the Board of Water Commissioners has been appointed, notifying me of the fact of its organization, and requesting me, as President of the Spring Valley Water Works, to furnish such data as the Board may desire to have, to enable it to perform the duties imposed upon it by the Act of the Legislature.

It is my desire to show every courtesy to the gentlemen composing your Board which my duty to those whose interests have been committed to my charge will permit, but the subject to which my attention is thus called is one of such grave importance, that before responding in terms to this note, I must beg of you more time for consideration, and for consultation with leading stockholders of the Spring Valley Water Works, than I could have if I should attempt to answer by to-morrow, as requested.

Yours very respectfully,

CHAS. WEBB HOWARD,

President of the S. V. W. W.

At the same meeting G. W. Granniss, Esq., one of the Directors of the Spring Valley Water Works, at his own request, came before the Board and stated that he appeared on behalf of the President and Board of Directors of the Spring Valley Water Works to invite the Board of Water Commissioners to name an early day to visit and examine the water works, reservoirs and water supplies on hand; also stated that some of the officers and employés of the company would accompany the Board, to facilitate any examination desired; also that the Board could afterward visit the office of the company and obtain information of the condition of the works, the rates charged for water, etc.; further, in answer to an inquiry, stated that the company would furnish a statement in writing in response to communication from the Board, of March 16th.

The amendatory Act to the Act under which the Commissioners were appointed, conferring further powers, was passed by the Legislature and approved on April 3, 1876. At a meeting held on April 11, 1876, a Committee, consisting of Commissioners James R. Kelly and James M. McDonald, were appointed to wait upon the President of the Spring Valley Water Works to ascertain the cost of the pipes, works and property of said corporation, the monthly income derived from water rates, etc., and the expense incurred in its conduct and management, which Committee reported at the next meeting of the Board, by Commissioner McDonald, that the members of the Committee, in person and together, had called upon Charles Webb Howard, Esq., President of the Spring Valley Water Works, for the information required, and presented a certified copy of the resolution passed by the Board, and that Mr. Howard, on behalf of the corporation, declined to recognize the Board as a legally constituted commission or give the information desired;

further, that at the interview had, Mr. Howard read an opinion of the Hon. Delos Lake, attorney at law, that the Act creating the Board was unconstitutional, and stated that the gentleman named had been selected to give an opinion on the matter, as he was well known to be opposed to and in favor of restricting the powers of corporations. The Committee, by President Kelly, also reported that a communication was addressed to the President, requesting the information referred to, which elicited the following reply:

SAN FRANCISCO, April 18th, 1876.

Messrs. JAMES R. KELLY and J. M. McDONALD,

Committee of the Board of Water Commissioners:

GENTLEMEN—I have the honor to acknowledge the receipt of your favor of this date inclosing a resolution of your Board, appointing you “a committee to wait upon the President of the Spring Valley Water Works to ascertain the cost of the pipes, works and property of said corporation, the monthly income derived from water rates, etc., and expense incurred in its conduct and management,” and requesting me to answer at my earliest convenience. In reply, I beg leave to say that I shall be happy at any time to receive the gentlemen composing your Board, or any other intelligent citizen interested in acquiring a knowledge of the extent and character of business carried on in our City, and to give any information I possess upon those points; but as to furnishing data for the purpose of enabling your Board, as such, to regulate the prices at which the Spring Valley Water Works shall sell water, or otherwise interfere with the business or property of that corporation, I most respectfully decline.

The Spring Valley Water Works is purely a private corporation; was organized under the General Law for the incorporation of water companies, approved April 22d, 1858, which provides in section 5 that any corporation created under it “shall have the right, subject to the reasonable direction of the Board of Supervisors or City or Town authorities, as to the mode and manner of exercising such right, to use so much of the Streets, Ways and Alleys in any Town, City, or City and County, or any public road therein, as may be necessary for laying pipes for conducting water into any such Town, City, or City and County, or through or into any part or parts thereof.”

The Spring Valley Water Works therefore, having no exclusive franchise, and receiving no Government assistance of any kind whatever, it has and claims the same right to regulate and control its own property and business as any individual has to control and regulate his private affairs, except so far as that right may be limited by the Act under which it is incorporated.

When the public attempt to control the property and business of this corporation to an extent, and in a manner other than that provided for in the Act under which it is incorporated, we can but regard it as an attempt to appropriate our private property to public use without just compensation, and we are not disposed to do any act which recognizes such a right.

I recognize your Board as composed entirely of gentlemen worthy of the highest public and private confidence, and I shall be happy to facilitate you in any way I can, in the management of any public works that may be, or shall hereafter become under your control, but I am not at liberty to surrender the control of the property and business of the Spring Valley Water Works to any but its own Board of Directors.

Very respectfully, Your obedient servant,

CHAS. WEBB HOWARD,

President S. V. W. W.

Various consultations were had by the Commissioners with His Honor Mayor Bryant, and the Hon. W. C. Burnett, City and County Attorney; and,

at a meeting held on April 25th, 1876, the City and County Attorney, in response to inquiries, stated that, in his opinion, the Board should, under the Acts passed by the Legislature, go on and perform the duties imposed, and, on the water rates being fixed and established and confirmed by the Board of Supervisors, if the rates should not be observed and accepted by the Spring Valley Water Works, he should endeavor to have the same enforced, and by that means would test and have determined the constitutionality of the Acts; also, that it was a matter of policy rather than law as to the course to be pursued to fix the rates, of which the Commissioners were the best judges; further stated that, in the opinion of the Attorney General of the State, the Act was constitutional.

The following communication from the President of the Spring Valley Water Works was received at a meeting held April 28th, to wit:

SAN FRANCISCO, April 27th, 1876.

TO THE HONORABLE BOARD OF WATER COMMISSIONERS:

GENTLEMEN—Believing that you have no desire to misrepresent the Spring Valley Water Works, and noticing in the newspaper reports of your proceedings that you say "our main supply is inadequate"—that "in case of a conflagration the City would be in a bad fix"—and that "a party on Sutter Street was charged \$600 per month for the water supplied to his elevator"—I beg leave to inform you that you are in error in all of these statements: the facts being, that we have two years' supply on hand; that we are adding new sources of supply every year, as the requirements of the City demand; that we have sources sufficient to supply the possible demands of a million and a half of inhabitants; that the City of San Francisco is better protected against fire than any other large city in the United States; and that there is no instance where the Company has charged one-half as much as the amount stated above, per month, for water supplied to an elevator.

While I cannot recognize your Board as having authority to fix the rates at which this Company shall sell water, yet it will give me pleasure at all times to give the members of your Board, or any other interested citizen, correct information in regard to the above and other matters connected with this subject. In case any of you doubt the adequacy of our supply, or any other statement I have made, I hold myself in readiness, at any time you may name, to give you the fullest opportunity and facilities for inspecting the works, sources of supply, and books of the Company, that you may verify them for yourselves.

Very truly, your obedient servant,

CHAS. WEBB HOWARD,

Pres't S. V. W. W.

The Board was occupied in considering the best mode of proceeding to perform the duties imposed, and, under instructions, information was desired from various individuals and business men, from owners and occupants of hotels, mills, manufactories, bakeries, bath houses, etc. Out of over 250 circulars transmitted by direction of the Board, less than fifty answers were received. The par value of the stock of the corporation furnishing water was also taken into consideration, with the supposed revenue, the expense of maintaining and operating the works, and as the result of all the information derived, etc., on May 18th, Commissioner Rountree presented an order providing for establishing water rates to be paid by consumers of water from July 1, 1876, to July 1, 1877, which was read, considered, and, after being amended in several minor particulars, was, on May 31, adopted.

The following communication was transmitted to the Board of Supervisors:

OFFICE OF THE BOARD OF WATER COMMISSIONERS,
SAN FRANCISCO, May 31st, 1876. }

To the Honorable Board of Supervisors of the City and County of San Francisco:

GENTLEMEN—The Board of Water Commissioners of the City and County of San Francisco, appointed under the provisions of an Act of the Legislature of the State of California, entitled "An Act to Establish Water Rates in the City and County of San Francisco," approved March 1st, 1876, would respectfully report to your Honorable Board:

That under the provisions of said Act, and of the Act amendatory of and supplementary to said Act, approved April 3d, 1876, we have established the water rates to be paid by consumers of water in this City and County, from July 1st, 1876, to July 1st, 1877, and herewith transmit the order adopted by a unanimous vote on May 31st, 1876, fixing the rates of water as aforesaid.

In performing the duties devolving upon the Board, our sole aim and object was to establish water rates fair and reasonable alike to consumers and to all persons interested, and although the Spring Valley Water Works—the corporation engaged in supplying water to the inhabitants of this City and County—declined to recognize the Board, or, on application, to furnish any data or information, yet the water rates fixed and determined by us, and herewith submitted to you for confirmation, are a material reduction from the rates now charged and paid for water, and in our judgment, after careful consideration, they are liberal and sufficiently remunerative to the corporation now enjoying the monopoly of furnishing water, and to any other corporation, individual, company or association that may, during the year, engage in the business of supplying water.

Requesting a confirmation by your Honorable Board of the water rates established by us at as early a date as practicable, we also desire to call your attention to the requirements of the Acts of the Legislature hereinbefore referred to, and request the passage of the necessary orders fixing the penalty to be imposed on any individual, company or association neglecting or refusing to furnish water at the rates established; to determine the size of the pipes or mains to be laid down in the streets and highways, etc.; the pressure and amount of water to be kept flowing in and through said pipes and mains at all times; also, to prevent waste by consumers of the water supplied for their use.

The following is the Order adopted by us establishing water rates hereinbefore referred to: * * * * *

Very Respectfully,

JAMES R. KELLY,
CHAS. KOHLER,
JAS. O. ROUNTREE,

The foregoing communication was presented to the Board of Supervisors, and, at a meeting held on the 5th day of June, referred to the Committee on Water and Water Supplies, consisting of Supervisors Thomas Boyce, Fleet F. Strother, Fred. W. Eaton, Fredk. A. Gibbs and John H. Wise, who reported on June 19th, 1876, in favor of the confirmation of the order passed by the Board of Water Commissioners, the rates as established being in their opinion fair and just, and at that meeting said Committee presented the following order, which was passed for printing, and, at a subsequent meeting, held on June 26th, the order was taken up and finally passed, receiving the approval of the Mayor on June 28th:

ORDER NO. 1297.

CONFIRMING ORDER NO. 1 OF THE BOARD OF WATER COMMISSIONERS OF THE CITY AND COUNTY OF SAN FRANCISCO, AND THE WATER RATES THEREIN PRESCRIBED.

The People of the City and County of San Francisco do ordain as follows:

SECTION 1. The Board of Water Commissioners of the City and County of San Francisco having duly passed an Order or Resolution, and having thereby established Water Rates for the year commencing July 1st, 1876, pursuant to an Act of the Legislature of the State of California, entitled "An Act to establish Water Rates in the City and County of San Francisco," approved March 1st, 1876, and an Act of the said Legislature, entitled "An Act amendatory of and supplementary to an Act to establish Water Rates in the City and County of San Francisco," approved March 1st, 1876, approved April 3d, 1876, which Rates are set forth in such Order or Resolution, which Order or Resolution is as follows:

ORDER NO. 1.

Establishing Water Rates to be paid by Consumers of Water in the City and County of San Francisco, from July 1, 1876, to July 1, 1877.

The Board of Water Commissioners of the City and County of San Francisco do hereby establish the following monthly rates, to be charged and collected from consumers of water by the Spring Valley Water Works, or any individual, company, or association engaged in, or who may hereafter engage in the business of supplying water to the inhabitants of the City and County of San Francisco, from July 1, 1876, to July 1, 1877, to wit:

On all dwellings situated on a lot having a front width of twenty (20) feet and under, and of not more than one (1) story high, the sum of one (1) dollar; of not more than two (2) stories high, the sum of \$1.50; of not more than three (3) stories high, the sum of \$2.00; of not more than four (4) stories high, the sum of \$2.50; and of five (5) stories high and over, the sum of \$3.00.

On all dwellings situated on a lot having a front width of twenty-five (25) feet and over twenty (20) feet, and of not more than one (1) story high, the sum of \$1.50; of not more than two (2) stories high, the sum of \$2.00; of not more than three (3) stories high, the sum of \$2.50; of not more than four (4) stories high, the sum of \$3.00; and of five (5) stories high and over, the sum of \$3.50.

On all dwellings situated on a lot having a front width of thirty (30) feet and over twenty-five (25) feet, and of not more than one (1) story high, the sum of \$2.00; of not more than two (2) stories high, the sum of \$2.50; of not more than three (3) stories high, the sum of \$3.00; of not more than four (4) stories high, the sum of \$3.50; and of five (5) stories high and over, the sum of \$4.00.

On all dwellings situated on a lot having a front width of thirty-seven and a half (37½) feet, and over thirty (30) feet, and of not more than one (1) story high, the sum of \$2.50; of not more than two (2) stories high, the sum of \$3.00; of not more than three (3) stories high, the sum of \$3.50; of not more than four (4) stories high, the sum of \$4.00; and of five (5) stories high and over, the sum of \$4.50.

On all dwellings situated on a lot having a front width of fifty (50) feet, and over thirty-seven and a half (37½) feet, and of not more than one (1) story high, the sum of \$3.00; of not more than two (2) stories high, the sum of \$3.50; of not more than three (3) stories high, the sum of \$4.00; of not more than four (4) stories high, the sum of \$4.50; and of five (5) stories high and over, the sum of \$5.00.

The rates for any dwelling situated on a lot which shall exceed in width fifty (50) feet, shall be regulated by meter measurement, at the rate of forty (40) cents per 1,000 gallons; on all buildings occupied and used as stores, shops, banks, warehouses or offices using wash basins, for each so used, the sum of \$1.00; for each water closet attached, the sum of 50 cents.

In the apportionment of regular rates upon a dwelling, but one (1) family shall occupy the same, and for each additional family the sum of \$1.00.

BAKERS—For the average daily use of flour, for each barrel, the sum of one and a half (1½) cents.

BUILDING PURPOSES—For each one thousand (1,000) bricks laid, the sum of 15 cents per thousand.

All dwellings having more than one (1) bath tub, shall pay the sum of 50 cents for each additional bath tub.

All dwellings having more than one (1) water closet shall pay the sum of 50 cents for each additional water closet.

All dwellings using water power to work sewing machines, shall pay the sum of 50 cents for each sewing machine.

COW STABLES—For each and every cow kept, the sum of 25 cents.

HORSES, PRIVATE—For each horse kept for private use, the sum of 50 cents.

HORSES, LIVERY—For each horse up to and not to exceed thirty (30), the sum of 30 cents. For each additional horse, the sum of 20 cents.

HORSES, OMNIBUSES AND CARS—For each horse the sum of 25 cents.

HORSE TROUGHS—For each trough on sidewalk, the sum of \$2.00.

The actual amount of water used by all manufacturing and other business requiring a large supply of water, shall be ascertained by meter measurement, and when the quantity used is less than one thousand gallons per day, 50 cents; one thousand and less than two thousand, 45 cents; two thousand and less than three thousand, 40 cents; three thousand and less than four thousand, 35 cents; four thousand and less than five thousand, 30 cents; five thousand and over, 25 cents.

In Board of Water Commissioners, San Francisco, May 31st, 1876.

It is hereby ordained that any individual, company, association or corporation now engaged, or which may before the 1st day of July, 1877, engage or be engaged in the business of supplying water to the inhabitants of the City and County of San Francisco, shall furnish and supply the same at the rates in said order or resolution and hereinbefore mentioned, from the 1st day of July, 1876, until the 1st day of July, 1877, and the said rates are hereby confirmed, as the rates at which water shall be furnished and supplied, as aforesaid, during the period last aforesaid, by any and all individuals, companies, associations or corporations, which may be engaged in the business of supplying water to the inhabitants of said City and County at any time during said period.

Sec. 2. Any individual or individuals, company or companies, association or associations, corporation or corporations, engaged in supplying water to the inhabitants of said City and County between the first day of July, 1876, and the first day of July, 1877, that may, during that time, neglect or refuse to furnish the quantity or qualities of water to any consumer in said City and County, at the rates established by the said Board of Water Commissioners, and hereby confirmed, shall pay a penalty, which is hereby fixed at five hundred dollars for each and every such act of neglect or refusal.

In Board of Supervisors, San Francisco, June 26, 1876, after having been published five successive days, according to law, taken up and passed by the following vote:

AYES—Supervisors Edwards, Bryan, Wise, Hayes, Strother, Boyce, Roberts, Gibbs, MacDonald.

ABSENT—Supervisors Drucker, Shine, Eaton.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, June 28, 1876.

A. J. BRYANT, Mayor,

And ex-officio President Board of Supervisors.

In compliance with Section 5 of the Act approved March 1, 1876, a journal was opened on July 1st, for the purpose of entering the complaint of any tax-

payer regarding the quality or quantity of water furnished and the rates charged by any individual, company or association supplying water, on which as yet but two complaints have been entered.

On August 31, 1876, Mr. H. M. Heineman made a complaint that the rates charged him for water by the Spring Valley Water Works was in excess of the rates established and confirmed. Under instructions of the Board of Supervisors, the City and County Attorney brought suit on October 18th in the Twelfth District Court against the Spring Valley Water Works to recover the sum of five hundred damages alleged to have been sustained by reason of said refusal and for costs. The judicial determination of this suit will undoubtedly decide the respective rights of the city and county and the Spring Valley Water Works and the constitutionality of the Acts passed by the Legislature.

ELECTION MATTERS.

The importance must be apparent of perfecting the safeguards necessary to secure the right to electors to decide all public matters which may be directly submitted to them, so that the determination of the question, either as to the selection of person or party, may be left to the intelligence of citizens who are duly qualified to exercise and perform the important duties of electors.

While it cannot be denied that our present system is far preferable, in the registration of electors, and the protection afforded to voters in depositing their votes, and tends to accomplish what is desired much better than the indiscriminate voting exercised prior to the adoption of that system, yet experience shows that improvements can be affected, and amendments to the present law enacted, so far, at least as this City and County is concerned, to prevent any person who has not the legal right from exercising and performing the duties of an elector.

In pursuance of such a desire, and to accomplish the purpose indicated, it is suggested as one of many plans worthy of consideration, that in this City and County, instead of the County Clerk or any officer who has other duties to perform, a Registration officer should either be appointed or elected, whose duties should be to prepare a new Great Register upon which, on application, citizens properly qualified should be by him registered, and from which to make up and have printed and delivered to officers of election, and citizens,

at least fifteen days prior to an election, Precinct Registers, containing the names of all persons entitled to vote, arranged alphabetically, with their age, occupation and residence.

As the duties of such an officer would be solely the registering of electors on the Register, and preparing therefrom the Precinct Registers, he would, in the exercise of these duties have sufficient time, from the Poll Lists used at the preceding election, (the present law, as amended at the last session of the Legislature requiring the residence of each person voting to be given and written on the Poll List), to notify every person who had voted at such election of the provisions of the law, and the necessity of making application to be registered on the new Great Register.

The present Great Register shows the residences of the persons when registered, and it is safe to presume that not one-third of the persons registered live at the places designated. The Ward Registers are required to show all the entries upon the Great Register, and as it now appears the residence of a person whose name is on a certain Ward Register entitled to vote in said ward has apparently a residence in another ward, as shown by the entry appearing thereon from the Great Register.

The former system of distributing printed copies of the Great Register throughout the election precincts and on which the voter's name was checked when voting, was changed so as to provide for the preparation of Ward Registers on which should appear the names of persons entitled to vote in said ward, etc., the principal reason being that it would prove an additional check to prevent illegal voting, so that the result of a future election might not be determined contrary to the wishes and votes of qualified electors.

Under the system of using the Great Register it could not be ascertained, unless by a comparison of all the copies used in each precinct, whether any illegal votes were cast, which comparison was never made, and, if ascertained, probably no identification of the person could have been had, even if the name of the same person appeared as voting in each election precinct throughout the city.

The reasons for substituting the Ward Register in lieu of the Great Register apply with equal force to the necessity of substituting Precinct Registers, as it is possible that a ballot could be deposited in each precinct of the ward in the same voter's name.

The large number of names (some 56,000) appearing on the Great Register, would indicate the propriety of the revision of that book, so that the names of none but those entitled should appear thereon. Notwithstanding the provisions of the law requiring persons to have their names cancelled, it is only done by those who change their residences from one county to another in the State. Those who leave the State do not apply; these, and others who are not now electors appear thereon, but being unknown too, cannot (unless upon reliable information) be cancelled by the County Clerk.

As the Precinct Registers, when printed, should contain the names of all persons entitled to vote in said precinct, with only the other entries suggest-

ed, it would be requisite to provide that no person's name should be entered upon a Precinct Register, on or after thirty days prior to an election. By this provision sufficient time would be afforded to prepare, print and distribute the Precinct Registers at least fifteen days before an election, and would allow the same to be carefully scrutinized by any or all citizens so desiring, which precaution would afford such a check as could produce nothing but satisfactory results. It has been contended that from apathy, inattention, or ignorance of the law, a large number of electors would neglect to be re-registered or lose their vote by failing to report their change of residence, and that concessions and opportunities should be afforded within the thirty days prior to an election to enable citizens to be placed on the Precinct Registers and to perform one of the most important duties of citizenship. Yet, on consideration, it does not seem clear what consideration or concession ought to be made, if citizens are afforded an opportunity during eleven months of the year to be registered or re-registered, as the case may be, or to notify the registration officer of their change of residence, in order to be placed on the proper Precinct Register. The boundaries of the election precincts throughout the city could be designated by the Board of Supervisors within sixty days after an election. This would give all the facilities required to enable the registration officer to commence the preparation of the Register for each precinct in time.

The question of amending the law so as to prevent, as far as possible, any opportunity for illegal voting, is the most important consideration involved, and it might be deemed advisable, in furtherance of that object, for the Registration officer to be empowered to make up, every five years, a new Register, placing thereon as a nucleus, the names of all persons voting at elections held during the preceding year; the necessary information for the preparation of the same as to the persons voting, their occupation and residence, could readily be obtained from the Poll Lists used at said preceding election, and the other entries required, from the preceding Great Register; this would necessitate the leaving off the names of the persons not voting at said election, and from whatever cause the parties failed to vote, they would be required to make application and be re-registered. This would make the Great Register more reliable as a list of the electors than it can ever be under the present law; in addition, the names of decedents, persons convicted of felony, would from time to time as required, be struck off, as that would be one of the duties of such officer.

The expense to the taxpayers on and since 1870, incidental to holding elections, amounts to a considerable sum, and is herewith presented:

1870—Two Elections.....	\$42,423 81
1871—One Election.....	22,473 16
1872—One Election.....	27,128 25
1873—Two Elections.....	50,000 00
1875—Two Elections.....	69,215 62
1876—One Election.....	46,102 60

No objections could possibly be urged on the score of increased expense, as the appointment of such an officer, with a deputy if required, would tend to decrease the cost, for most of the work in preparing the Precinct Registers would be performed by that officer, and would be so far progressed 30 days before an election, that but little extra assistance would be required, and for that purpose the Board of Supervisors could be empowered to grant him additional assistance for a period of 45 days, commencing the 60th day and terminating on the 15th day prior to an election, for the purpose of completing and reading proof of said Registers. The best evidence that some such system as the one suggested would decrease the expense, can be found in the list of election expenses attending the last election. The items for clerical labor, preparing the Ward Registers, the printing of supplements to the same, also of additional names, etc., amounting to \$18,000, would at least be dispensed with, not being required, and in lieu thereof, the salary of the Registration officer and deputy, with such assistants, if required, for a limited period not to exceed 45 days, would form a much less item of expenditure.

The following estimate given of the cost of said election will be exceeded by the actual expense:

Some discretionary power should also be conferred upon the registration officer, to allow him, in certain cases on application for registration, to require such proof as would leave no reasonable doubt as to the eligibility of the parties applying; also power to alter the age of the electors each succeeding year upon the Precinct Register, so that the entry as to age might be correct and the identification of the party more readily ascertained, with authority to issue certificates, to correct any clerical errors that might occur in the preparation and printing of said Registers.

The returns of an election, including the ballots, under the present law are required to be filed with the County Clerk, who retains the ballots and delivers the other returns to the Board of Supervisors for the purpose of having the same canvassed and the result of the election declared. The law, if amended so as to require the Board of Supervisors to deliver the returns so received after being canvassed and the result of an election declared, to the registration officer and by him kept open for the inspection of the public, would be an additional check, as under the present mode of procedure the Board seal up the returns after canvassing the same and re-deliver them to the County Clerk. Thus no opportunity is afforded, unless a contest is had in Court, to examine the poll lists, tally lists, registers, or other papers constituting the returns; besides, as already stated, the returns would be essential to that officer when preparing Precinct Registers for the next election, or, if required, a new Great Register. Although the present law requires copies of the returns for a period of six months to be kept by the officers of election for the inspection of the public, this provision is not observed so as to give the information desired.

The following tables show the result of the General Election held Nov. 7, 1876, the number of votes polled in each precinct at the last two General Elections, and the number of votes polled in each ward at General Elections held on and since September, 1869.

Consolidation Act.

PREFATORY NOTE.

This compilation includes all amendments made to the Acts contained in it, up to and including the session of the Legislature of 1875-6.

Many of the Supplementary Acts following the Consolidation Act are referred to therein. For facility of reference, the Appendix or Supplementary Acts, except those relating to revenue, and a few others, are arranged chronologically, in the order of their passage.

The figures next beneath the number of each Supplement refer to the year and page of the session laws containing the Act which follows; and the figures following the year, in the date of the passage of any Act, or amendment to an Act, throughout this compilation, refer to the page of the volume of laws of the year specified, and such reference indicates the first page of the Act.

CONSOLIDATION ACT.

Laws of 1856, page 145.

AN ACT

TO REPEAL THE SEVERAL CHARTERS OF THE CITY OF SAN FRANCISCO, TO ESTABLISH THE BOUNDARIES OF THE CITY AND COUNTY OF SAN FRANCISCO, AND TO CONSOLIDATE THE GOVERNMENT THEREOF.

[Approved April 19, 1856.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

ARTICLE I.

SECTION 1. The corporation, or body politic and corporate, now existing and known as the City of San Francisco, shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the City and County of San Francisco, and by that name shall have perpetual succession, may sue and defend in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold, and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the City and County of San Francisco shall be as follows: [Beginning at the southwest corner, being northwest corner of San Mateo, in Pacific Ocean, on the extension of northern line of Township Three South, of Mount Diablo base; thence northerly along the Pacific Coast, to its point of intersection with westerly extension of low water line on northern side of the entrance to San Francisco Bay, being southwest corner of Marin and northwest corner of San Francisco; thence easterly, through Point Bonita and Point Caballo, to the most southeastern point of Angel Island, all on the

line of Marin, as established in Section 3,957; thence northerly, along the easterly line of Marin, to the northwest point of Golden Rock (also known as Red Rock), being a common corner of Marin, Contra Costa, and San Francisco; thence due southeast four and one-half miles, more or less, to a point distant three statute miles from the natural high-water mark on the eastern shore of San Francisco Bay, being a common corner of Contra Costa, Alameda, and San Francisco; thence southeasterly, in a direct line, to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay); and thence west along said first named line to the place of beginning. The islands known as the Farralones shall be attached to and be a part of said city and county¹.] *Provided, however*, that all rights and liabilities of the corporation heretofore and now known as the City of San Francisco, shall survive to, and continue against, the corporations continued by this Act. The district or districts of said City and County, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said City and County as established in this Act. [*Amended, April 18, 1857, 209.*]

SEC. 2. The public buildings, lands, and property, all rights of property and rights of action, and all moneys, revenues, and income, belonging or appertaining either to the corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco; and the moneys in the treasury of said city, and in the treasury of said County of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said City or to the said County, shall be handed over, paid and received into the treasury of the City and County of San Francisco as a part of the General Fund; or where the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held, and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books, and papers, in the custody of the said City Treasurer, shall be handed over to and received into the custody of the Treasurer of the said City and County, and all other books, records, and papers of the said corporation, shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said City and County, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services, or advances, nor under any other pretense whatsoever. Suits and actions may be

¹ This description is that given in Section 3950 of the Political Code; and by Section 3953 of said Code, as amended March 30, 1874, the western boundary of Alameda County is made to pass five hundred feet westerly from the western extremity of the Central Pacific Railroad Company's wharf as it now is; provided that no part of Yerba Buena Island shall be placed outside of the City and County of San Francisco.

brought and maintained in the name of the City and County of San Francisco, for the recovery of any property, money, or thing belonging thereto, or the enforcement of any rights of, or contracts with, said City and County. And from any judgment rendered against the said City and County in any court, an appeal may be taken by the said City and County, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, on complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors and Boards of Supervisors, so far as the same are not repealed nor altered by the provisions of this Act, shall be considered as applicable to officers of the said City and County of San Francisco, acting or elected under this Act. Provision shall be made from the revenues of the said City and County for the payment of the legal indebtedness of the former city corporation and of the County of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said City and County of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said City indebtedness, to increase taxation beyond the rate of the County tax levied upon property in said County of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits defined in the second section of the Act entitled "An Act to re-incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five,² and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor-General, and C. K. Garrison, shall proceed to lay off the said City and County into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads, or other permanent monuments, and shall cause a map to be made representing the said districts, with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them, or a majority of them, shall be recorded in the office of the County Recorder of said City and County, and the original be deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an election precinct.³

SEC. 6. [*Amended by Act of April 18, 1857, 209, which was superseded by*

Acts of April 29, 1857, 345;⁴ April 22, 1861, 214; May 3, 1861, 291; May 2, 1862, 475; which latter three were superseded or repealed by Act of April 2, 1866; 1865-6, 718; post, Supplement XXIX. Provisions of Act of April 18, 1857, as to election of Inspector and Judges of Elections, superseded by secs. 1142 to 1150 inclusive, Political Code; and as to election of Justices of the Peace, by Act of March 26, 1866; 1865-6, 423; Supplement XXVII; and by sec. 6 of Act of April 2, 1866, ub. sup. Office of Constable abolished by Act of Feb. 10, 1870; sec. 12, 1869-70, 56. See sec. 12 of portion of Act at end of Supplement XXVII.]

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood, their having taken the oath of office, given the official bond, where it is required by law, and complied with all the requisites prescribed by the statutes of this State, to entitle and qualify them to exercise the functions of their offices.

SEC. 8. The Sheriff, County Clerk, County Recorder, Treasurer, District Attorney, Auditor, Tax Collector, Superintendent of Public Streets and Highways, Surveyor, Harbor Master⁵, and Clerk of the Board of Supervisors of said City and County, shall keep public offices, which shall be kept open for the transaction of business every day in the year, except Sundays, Christmas, New Year's, Fourth of July, Thanksgiving, the twenty-second of February, and on any days during which a general election shall be held,⁶ between the hours of nine o'clock, A. M., and four o'clock, P. M. [*Amended, May 14, 1861, 375.*]

SEC. 9. Whenever vacancies occur in any elective office of the said City and County, and provision is not otherwise made in this or some other Act for filling the same until the next election, the Board of Supervisors shall appoint a person to discharge the duties of such office until the next election, when the vacancy shall be filled by election for the term, excepting vacancies in the office of Dock Masters, which vacancies shall be filled by appointments

⁴ The portion of this Act relating to supplying a vacancy in the office of School Director, re-enacted by Sec. 13 of Act of April 27, 1863, 601; Supplement XIII: and that as to vacancy in the office of Supervisor is as follows: "And all vacancies in the office of Supervisor, * * * where the term of the office will not expire at the next ensuing general election, shall be then filled by an election, in the proper district, for the unexpired term; and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office. * * * But no such appointment shall be valid, unless the appointee be at the time of his appointment an elector of the district wherein the vacancy occurred."

⁵ Office of Harbor Master extinct by Act of March 30, 1874; 1873-4, 910; Supplement LXIX.

⁶ County Clerk required to keep his office open continuously from sunrise until 6:30 P. M. on all election days, "for the sole and only purpose of registering voters, and giving voters certificates of registration and transfers to the wards they live in." Act of March 7, 1876: 1875-6, 142.

by the Governor.⁷ All persons so appointed shall, before entering upon their duties, take the oath of office and give bond as required by law. But in an action or proceeding where the Sheriff of said City and County is a party, or is interested, or otherwise incapacitated to execute the orders or process therein, the same shall be executed by a suitable person, residing in said City and County, to be appointed by the Court, and denominated an "Elisor," who shall give such security as the Court in its discretion may require, and shall execute the process and orders in the same manner as the Sheriff is required to execute similar process and orders in other cases.⁸

⁹ Payable into Special Fee Fund. Supplement VII, Sec. 2.

* By the Act of Jan. 30, 1864; 1863-4, 42; it is provided:

Sec. 3. From and after the first day of June, eighteen hundred and sixty-four, and after the purchase aforesaid, it shall not be lawful to pay out of the treasury of the City and County of San Francisco, or out of any public funds thereof, any money for rent of rooms or offices for Judges' chambers, the City and County Attorney, the Board of Education, the Board of Delegates of the Fire Department, or for any other officer or officers of the said City and County; *provided*, that this section shall not impair any contract now existing.

Sec. 4. This Act shall take effect and be in force from and after its passage.

[Secs. 1 and 2 provide for purchasing and repairing a building adjoining the City Hall. Obsolete.]

erwise, except that the necessary and proper books, stationery and official blanks, may, at the discretion of the Board of Supervisors, be purchased and supplied for the Police Court, Court of Sessions,¹⁰ Grand Juries and officers [offices] of the County Clerk, County Recorder, Auditor, Treasurer, Assessor, Superintendent of Streets and Highways, and the Board of Supervisors, the expense whereof, when the amount in each particular case shall have been previously authorized and fixed by the Board of Supervisors, may be paid out of the general fund, upon demands upon the treasury, duly audited as provided in this Act; *provided*, that the total amount of expenditures for all of the aforesaid books, stationery, and official blanks, shall not exceed the sum of twenty-five hundred dollars in any one year. [*Amended, April 18, 1857, 209.*]

SEC. 12. Neither the Board of Supervisors, the Board of Education, nor any officer of the said City and County, or of any district, shall have any power to contract any debt or liability, in any form whatsoever, against the said City and County; nor shall the people or taxpayers, or any property therein, ever be liable to be assessed for, or on account of, any debt or liability hereafter contracted, or supposed or attempted to be contracted, in contravention of this section.

SEC. 13. [*Provision as to first election, obsolete; as to commencement of term of office, changed by Act of April 2, 1865; 1865-6, 718; Supplement XXIX.*]

SEC. 14. All officers of the said City and County must, before they can enter upon their official duties, give bond as required by law. The bonds and sureties of such officers must be approved by the County Judge, Auditor and President of the Board of Supervisors. Where the amount of such official bond is not fixed by law, it shall be fixed by the Board of Supervisors. No banker residing or doing business in said City and County, nor any such banker's partner, clerk, employé, agent, attorney, father, son or brother, shall be received as surety for the Treasurer, President of the Board of Supervisors, Sheriff, Auditor, nor any officer having the collection, custody or disbursement of money. No person can be admitted as surety on any such bond, unless he be worth, in fixed property, including mortgages, situated in said City and County, the amount of his undertaking, over and above all sums for which he is already liable or in any manner bound, whether as principal, indorser, or security, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, certain or contingent, due or to become due. All persons offered as sureties on official bonds may be examined on oath touching their qualifications. The official bond of the Auditor shall be filed and kept in the office of the Clerk of said City and County. All other official bonds shall be filed and kept in the office of the Auditor. [* * *
* *As to officers continued in office, obsolete.*] [*Amended, March 28, 1859, 141.*]

¹⁰ Court of Sessions abolished by amendments to Constitution of 1862.

ARTICLE II.

PUBLIC ORDER AND POLICE.

SEC. 15. The Department of Police of said City and County shall be under the direction of the Chief of Police, in subjection to the laws of this State, and the rules and regulations, not in conflict therewith, which may be established by competent authority, under the powers granted in this Act. In the suppression of any riot, public tumult, disturbances of the public peace, or organized resistance against the laws, or public authorities in the lawful exercise of their functions, he shall have all the powers that now are, or hereafter may be, conferred upon Sheriffs by the laws of this State, and his lawful orders shall be promptly executed by all Police Officers, Watchmen and Constables in the said City and County; and every citizen shall also lend him aid, when required, for the arrest of offenders and maintenance of public order.

SEC. 16. The Chief of Police shall keep a public office, which shall be open, and at which he, or in case of his necessary absence, a Captain of Police, or Police Officer, by him designated for that purpose, shall be in attendance, at all hours, day and night. In case of his necessary absence from his office, it shall be made known to the Police Officer in attendance where he can be found, if needed, and he shall not absent himself from the City and County without urgent necessity, and leave obtained, in writing, from the President of the Board of Supervisors, Police Judge and County Judge, or two of them, who shall, at the time of granting the same, appoint a person to act during his absence, with all his powers, duties and obligations. If such absence from the City and County be on any other than business immediately connected with his office, he shall lose his salary for the time of such absence, of which account shall be taken by the Police Judge.

SEC. 17. The Chief of Police shall designate one or more out of the number of Police Officers to attend constantly upon the Police Judge's Court, to execute the orders and process of the said Court; he may order to be arrested and to be taken before the Police Judge, any person guilty of a breach of the peace or a violation of the general regulations established by the Board of Supervisors under the authority granted in this Act; he shall supervise and direct the Police force of said City and County, and shall observe and cause to be observed the provisions of this Act, and the regulations established by the Board of Supervisors in relation thereto; he shall see that the lawful orders and process issued by the Police Judge's Court are promptly executed; and shall exercise such other powers connected with his office, as head of Police, as may be prescribed in the general regulations adopted by the Board of Supervisors.

SEC. 18. The Chief of Police shall acquaint himself with all the statutes and laws in force in this State defining public offenses and nuisances, and regulating criminal proceedings, and shall procure and keep in his office the Statutes of this State and of the United States, and all necessary elementary

works on that subject; he shall give information and advice touching said laws, gratuitously, to all Police Officers and Magistrates asking it.

SEC. 19. [*Amended April 18, 1857, 209; April 27, 1863, 739*].¹¹ * * * A Clerk shall be appointed [for the Police Judge's Court] by the Board of Supervisors, with a salary of *two hundred dollars per month* [*Amended by Act of May 17, 1861, 554, 555; Supplement VII*]; who shall give bond as required by law, and hold his office during the pleasure of the said Board. [*The remaining portion of the section is repealed by the Act of January 27, 1864; 1863-4, 30; Supplement XVI.*]

SEC. 20. Proceedings in the Police Judge's Court shall be conducted in conformity with the laws regulating proceedings in the Recorders' Courts. The said Court shall be open daily, Sundays excepted.¹² * * *

SEC. 21. The Clerk of the Police Judge's Court shall keep a record of its proceedings, issue all process ordered by said Court, receive and pay weekly into the treasury of the City and County all fines imposed by said Court,¹³ and render to the County Auditor, monthly, and before any amount can be paid him on account of salary, an exact and detailed account, upon oath, accompanied with an exhibition of said record, of all fines imposed and moneys collected since his last account rendered. He shall prepare bonds, justify and accept bail, when the amount has been fixed by the Police Judge, in cases not exceeding one thousand dollars, and he shall fix, justify and accept bail, after arrest, in the absence of the Police Judge, in all cases not amounting to a felony, in the same manner and to the same effect as though the same had been fixed by the Police Judge. The said Clerk shall remain at the court-room of said court, in the City Hall, during the hours named in section eight of the Act of which this is amendatory, and during such reasonable hours thereafter as may be necessary for the purpose of discharging his said duties. [*Amended, May 18, 1861, 544.*]

SEC. 22. All fines imposed by the Police Judge's Court, Court of Sessions¹⁴ of said City and County, or any Justice's Court, shall be paid into the treasury thereof, as part of the Police Fund;¹⁵ in cases where, for any offense, the said Courts are authorized to impose a fine or imprisonment in the county jail, or both, they may, instead thereof, sentence the offender to be employed in labor upon the public works of said City and County, for a period of time equal to the term of imprisonment which might be legally imposed, and

¹¹ By this Act the Police Judge's Court is declared not to be a Court of Record.

¹² Remainder of Section superseded by Act of December 9, 1865; 1865-6, 1; Supplement XXI.

¹³ Fines and forfeitures not exceeding eight hundred dollars in any one month, imposed for drunkenness, shall be paid to officers of Home for Care of Inebriates. Act of March 17, 1876; 1875-6, 325; Supplement LXXVII.

¹⁴ See note 10, *ante*.

¹⁵ See note 13, *ante*.

may, in case of imposing a fine, embrace as a part of the sentence, that in default of payment of such fine, the offender shall be employed to labor on said public works at one dollar a day till the fine imposed is satisfied. By the public works, as used in this Act, is understood the construction, or repair, or cleaning, of any street, road, dock, wharf, public square, park, building, or other works whatsoever, which is authorized to be done by and for the use of the said City and County, and the expense of which is not to be borne exclusively by the individuals or property particularly benefited thereby.

SEC. 23. The Chief of Police, in conjunction with the President of the Board of Supervisors and the Police Judge,¹⁶ the concurrence of two of them being necessary to a choice, shall appoint four Captains of Police, each from a different district, and as many Police Officers, not exceeding *one hundred and fifty* [*Amendment, March 23, 1872; 1871-2, 512; Supplement LVII*], as the Board of Supervisors shall determine to be necessary. Thereof an equal number in proportion to population, as near as may be, shall be selected from each district that shall be situated, wholly or partly, within the limits specified in section second of the Act now repealed, entitled "An Act to re-incorporate the City of San Francisco," passed May sixth [fifth], one thousand eight hundred and fifty-five.¹⁷

SEC. 24. No person can be appointed Captain of Police or Police Officer, unless he be a citizen of the United States and of this State, and a resident and qualified voter of the City and County; and, in case of each Police Officer, a resident of the district from which he is chosen, and also, before his appointment, shall produce to the said President of the Board of Supervisors, Chief of Police, and Police Judge, a certificate signed by at least twelve freeholders and qualified voters of the said City and County, who, in case of application for appointment of a Police Officer, must also be residents of the district from which he is to be appointed, stating that they have been personally and well acquainted with the applicant for one year or more next preceding the application, and that he is of good repute for honesty and sobriety, and they believe him to be, in all respects, competent and fit for the office. All the certificates so produced shall be carefully preserved in the office of Chief of Police.

SEC. 25. Police Captains and Officers may be suspended from office by the Chief of Police, and, with the concurrence of the President of the Board of Supervisors and Police Judge, removed from office for official negligence, inefficiency, or misconduct, under such general rules and regulations, not con-

The City of San Francisco shall be bounded as follows: On the south by a line drawn parallel with Clay Street, two and a half miles distant from the center of Portsmouth Square; on the west by a line drawn parallel with Kearny Street, two miles distant from the center of Portsmouth Square; its boundaries on the north and east shall be the same with those of the County of San Francisco." * * *

trary to law, as may have been established by the Board of Supervisors; they shall receive from the treasury of said City and County, payable out of the Police Fund, such compensation as may be fixed by the Board of Supervisors, not exceeding one thousand eight hundred dollars a year, each, for Captains, and one thousand two hundred dollars a year, each, for Police Officers.¹⁸

SEC. 26. Neither the Chief of Police, Captains, or any officer of Police, shall follow any other profession or calling, become bail for any person charged with any offense whatever, receive any present or reward for official services rendered, or to be rendered, unless with the knowledge and approbation of a majority of the Police Commissioners, to wit: the Police Judge, President of the Board of Supervisors, and Chief of Police of the City and County of San Francisco¹⁹—such approbation to be given in writing; nor be allowed pay for any period during which they shall absent themselves from public duty, unless such absence necessarily result from indisposition or disability occasioned by injuries suffered while in the discharge of official duty. Police Officers in subjection to the orders of the respective Captains, and all under the general direction of the Chief of Police, shall be prompt and vigilant in the detection of crime, the arrest of public offenders, the suppression of all riots, frays, duels and disturbances of the public peace, the execution of process from the Police Judge's Court, in causing the abatement of public nuisances, the removal of unlawful obstructions from the public streets, and the enforcement of the laws and regulations of Police. [*Amended, March 24, 1859, 131.*]

SEC. 27. In case of great public emergency or danger, the Chief of Police may appoint an additional number of Policemen, of approved character for honesty and sobriety, who shall have the same powers as other Police Officers for twenty-four hours only, but without pay. The Chief of Police, Captains, and every officer of the permanent force, shall provide themselves with a uniform and badge of office, to be prescribed by regulations of the Board of Supervisors, which shall be worn by them upon all occasions, with such exceptions as may be permitted by the Chief of Police in the performance of detective duty.

SEC. 28. Charges of oppression or official misconduct, when presented by any citizen of the said City and County, against any Police Captain or Officer, and verified on oath, setting forth the specific acts complained of, shall be received and attentively considered and determined by the Police Judge, President of the Board of Supervisors, and Chief of Police, giving to the accused due notice, and an impartial hearing in defense. The Chief of Police, Police Judge, and all other officers now acting or hereafter to be elected or appointed

under the provisions of this Act, may be accused, tried, and removed from office in the mode prescribed by the laws of this State for the removal of civil officers otherwise than by impeachment.

SEC. 29. The Board of Supervisors shall, from time to time, establish a convenient number of Police Stations; determine within what districts the Police Officers and Captains shall usually be distributed and employed; designate the prisons to be used for the reception of all persons arrested or convicted and sentenced for public offenses, in cases not provided for by law; [and] appoint, during the pleasure of the Board, the keeper of such prisons.

ARTICLE V.

SUPERVISORS.

SEC. 65. The Supervisors, in their respective districts, shall vigilantly observe the conduct of all public officers, and take notice of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration, and disbursement of public funds and property; for which purpose the books, records, and official papers, of all officers and magistrates of such districts shall, at all convenient times, be open to their inspection. They shall take care that the books and records of all officers in their districts are kept in legal and proper form. They shall have power, and it shall be their duty, every month, to examine the accounts of any officer of their respective districts, having the collection and custody of public funds, to examine and count over the moneys remaining in the hands of such officers, and shall note any discrepancy or defalcation that may be discovered, or reasonably suspected, and report the same forthwith, together with any willful official negligence or misconduct on the part of any such officer, to the President of the Board of Supervisors.

SEC. 66. At every regular session of the Board of Supervisors, before proceeding to other business, each member shall be called upon to report, orally, upon the matters specified in the preceding section; to give information of the condition of his district, in regard to public schools, streets, roads, and

highways, health, police, industry, and population; and to suggest any defects he may have noticed in the laws and regulations, or the administration thereof, and the means of remedying them.

SEC. 67. • The Supervisors shall meet within five days after each annual election, and also on the first Monday of January, April, July and October, of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business; and no regulation, resolution, ordinance, or order of the Board, can pass without the concurrence of a majority of all the members elected,²⁰ but a smaller number may adjourn from day to day. All the sessions, acts, and resolutions of the Board shall be public. The President of the Board of Supervisors, elected by the City and County at large, shall preside at all the sessions of the Board, without the right to vote. In his absence, during any session, the Board shall appoint a President *pro tempore*, who shall, however, have the same vote as other members. The Board of Supervisors shall be the judge of the election returns, and qualifications of its own members, and shall order and provide for holding elections in the proper districts, to fill vacancies which may happen or exist more than six months previous to the next general election; at which general election such office shall be filled by election for the full term of two years.²¹ The Board of Supervisors shall determine the rules of its proceedings, keep a record of its acts and resolutions, and allow the same to be published; and the yeas and nays on any question shall, at the request of any member, be entered on its journals. The Board of Supervisors shall appoint a clerk, with a salary of *one hundred and seventy-five dollars per month* [Amended, April 26, 1862, 466²²], to hold office during the pleasure of the Board, who shall be *ex officio* Clerk of the Board of Equalization, without any additional salary as such, *except as provided in section eleven* [Repealed. See ante, Sec. 11], and shall be required to take the constitutional oath of office, and give bond for the faithful discharge of the duties of his office. He shall have power to administer such oaths and affirmations as may be required by law or the regulations, or the orders of the Board, relating to any demands upon the treasury, or other business connected with the government of the City and County; and shall also have power to certify and authenticate copies of all records, papers, and documents in his official custody. The powers of the Board of Supervisors are those granted in this Act, and they are prohibited to exercise any others. [Amended, April 18, 1857, 209.]

SEC. 68. It shall be the duty of the President of the Board of Supervisors

²⁰ Seven votes necessary. Act March 30, 1868; 1867-8, 702; Supplement XL.

²¹ See note 4, ante.

vigilantly to observe the official conduct of each Supervisor in his district, and of all public officers of the City and County, and take note of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of the public funds and property; for which purpose the books, records and official papers of all officers and magistrates of said City and County, shall at all convenient times be open to his inspection. He shall take especial care to see that the books and records of all such officers are kept in legal and proper form; and any official defalcation, or willful neglect of duty, or official misconduct, which he may have discovered, or which shall have been reported to him by any Supervisor, shall, at the earliest opportunity, be laid before the Grand Jury, in order that the officer in default may be proceeded against according to law. Every ordinance or resolution of the Board of Supervisors, providing for any specific improvement, the granting of any privilege, or involving the lease or other appropriation of public property, or the expenditure of public moneys (except for sums less than five hundred dollars), or laying tax or assessment, and every ordinance or resolution imposing a new duty or penalty, shall, after its introduction in the Board, be published, with the ayes and nays, in some city daily newspaper, at least five successive days before final action by the Board upon the same; and every such ordinance, after the same shall pass the Board, shall, before it takes effect, be presented to the President of the Board for his approval. If he approves, he shall sign it; if not, he shall return it within ten days, to the Board, with his objections in writing. The Board shall then enter the objections on the journals, and publish them in some city newspaper. If at any stated meeting thereafter two-thirds of all the members elected to the Board vote for such ordinance or resolution, it shall then, despite the objections of the President, become valid.²³ Should any such ordinance or resolution not be returned by the President, within ten days after he receives it, it shall become valid the same as if it had received his signature.

SEC. 69. All contracts for building²⁴ and printing to be done for the said City and County, and ordinary supplies for subsistence of prisoners, must be given by the Board of Supervisors to the lowest bidder offering adequate security, after due public notice published for not less than five days, in at least two newspapers in said City and County. *All contracts for subsistence of prisoners must be given out annually at a fixed price per day, not exceeding twenty-five cents per diem, for each person connected with the prison* [Amended, April 26, 1862, 466]; and the advertisement for proposals to be published as aforesaid by the Board of Supervisors, shall specify each article that will be required,

²³ Nine votes necessary. Sec. 2, Act of March 30, 1868; 1867-8, 702; Supplement XL.

²⁴ Declared to be inapplicable to the Board of Education of the City and County of San Francisco, and to the property, real and personal, of the School Department, by Sec. 8 of Act of April 26, 1858, 341. And see Sec. 1, Sub. 10, Act of April 1, 1872, 846; Supplement LXIV.

the quality thereof, the quantity for each person, and the existing and probable number of prisoners to be supplied. All articles of food supplied for prisoners must be of a sound and wholesome quality, and subject to the inspection and approval of the keeper of the prison, and also of the President of the Board of Supervisors and Police Judge of said City and County, all of which must be expressed in the contract therefor to be entered into.

SEC. 70. The Board of Supervisors shall have power to hear and determine appeals from the executive officers of said City and County, in the cases provided in this Act; and in all cases of an appeal taken to the Board of Supervisors, or Board of Education, from the order or decision made by any other officer or officers; such officer or officers shall furnish the Board with a statement of his or their reasons for the order or decision so appealed from, and the party appealing shall be heard briefly, but without the observance of any technical or other formalities, not necessary, in the discretion of the Board, to a just decision, which shall, after ascertaining the true state of the case, be given without delay.

SEC. 71. *First.* On or before the first Monday of May,²⁵ annually, the Board of Supervisors of said City and County shall levy the amount of taxes for State, City and County purposes, required by law to be levied upon all property not exempt from taxation, said amount to be such as the said Board may deem sufficient to provide for the payment of all demands upon the treasury thereof, authorized by law to be paid out of the same; *provided*, that such taxation, exclusive of the State tax, and any and all special taxes now, or which hereafter may be, authorized by law, shall not in the aggregate exceed the rate now allowed by said Act of which this is amendatory, to wit: two dollars and thirty-five cents upon each one hundred dollars' valuation of the property to be assessed; *provided, further*, that the said Board of Supervisors shall, in making the said levy of said taxes, apportion and divide the taxes so levied and to be collected and applied to the several specific funds known as the Corporation Debt Fund, General Fund, School Fund, Street Light Fund, and Street Department Fund, according to the estimate of said Board of the necessities of the said Funds, except that the rate for the School Fund shall not exceed thirty-five cents²⁶ on each one hundred dollars' valuation of property; and *provided, further*, that the said Board shall authorize the disbursement of said money for the purposes hereinafter mentioned; and at the close of each fiscal year the said Board shall direct the Treasurer to transfer all surplus moneys of all funds, excepting the School Fund, after liquidating or providing for all outstanding demands upon said funds, to the General Fund;

²⁵ On fourth Monday of June fix rate of City and County taxes. See Sec. 4, Act of March 18, 1874, 477; Supplement XCVII; also see Sec. 3714, Pol. Code; Supplement XCVI.

²⁶ The aggregate shall not exceed thirty-five dollars for each pupil who shall have attended and been taught the preceding year; Sec. 4, Act of April 1, 1872, 846; Supplement LXIV.

but no money shall be transferred from either of the said funds to another, nor used in paying any demands upon such other fund, until all the indebtedness arising in any fiscal year and payable out of said funds so raised for said fiscal year shall have been paid and discharged.

Second. The Corporation Debt Fund shall be applied to and used for the payment of demands authorized under the fourth, fifth, sixth, eighth and tenth subdivisions of section ninety-five of the Act of which this is amendatory, and the several other Acts amendatory thereof, and of section seven of an Act entitled an Act to provide for the funding and payment of the outstanding unfunded claims against the City of San Francisco, and against the County of San Francisco, as they existed prior to the first day of July, A. D. eighteen hundred and [fifty-six, approved April twentieth, A. D. eighteen hundred and] fifty-eight.

Third. The General Fund shall be applied and used for the payment of all sums authorized by law to be paid out of the General Fund, and not otherwise provided for in this Act.

Fourth. The School Fund shall be applied and used for the payment of all sums authorized by law to be paid out of the School Fund.

Fifth. The Street Light Fund shall be applied and used in payment for lighting the streets of the city, and for the repair of lamps and posts in pursuance of any existing or future contract of the said City or County.

Sixth. The Street Department Fund shall be applied and used for repairing, improving all streets, lanes, and the crossings thereof, which shall have been accepted by the said Board of Supervisors; for cleaning streets, lanes, crossings and sewers;* for all street work in front of, or assessable upon, property belonging to the said City and County, except school lots already payable out of [the] School Fund;²⁷ for all street work on the water front of said City and County not by law assessable upon private property; for all work authorized by the said Board upon the recommendation of the Superintendent of Streets and Highways, as immediately essential for the safety of life, limb, or property, or necessary for public health, or which cannot be by law assessed upon private property, and for such other objects, relating to streets and highways, as shall be directed by law to be paid therefrom. All moneys received from licenses on vehicles, from the income from street railroads, from fines and penalties for violation of any law or ordinance regulating vehicles, or the public streets, shall be paid into the, Street Department Fund. [*Amended, March 26, 1866; 1865-6, 436.*]

SEC. 72. The said Board of Supervisors shall also constitute a Board of Equalization for said City and County, and as such shall have the powers conferred by the general laws regulating the assessment and collection of taxes, when not inconsistent with the provisions of this Act. Appointments

²⁷ Expense of improvements in front of school lots payable from same fund as other street work. Act March 30, 1868; 1867-8, 558; Supplement XXXIX, Sec. 2.

of officers or public agents required by existing statutes, not repealed by this Act, to be made on the nomination of the Mayor, and confirmation by the Common Council of the City of San Francisco shall, after this Act takes effect, be made in like manner on the nomination of the President of the Board of Supervisors and a confirmation by said Board.

SEC. 73. It shall be the duty of the Auditor, the Superintendent of Common Schools, the Superintendent of Public Streets and Highways, Chief of Police and Chief Engineer of the Fire Department of said City and County, to report to the Board of Supervisors on the first Monday in February of each year the condition of their respective departments, embracing all their operations and expenditures during the preceding year, and recommending such improvements in them as they may deem necessary. The Auditor shall also present to the Board of Supervisors at each quarterly session, and must also publish the same, a statement of the exact condition of the finances of said City and County, which must show the receipts into, and disbursements made from the treasury during the preceding quarter, the amount of money on hand, and the amount of audited demands outstanding. Immediately after the first Monday in February, the Board of Supervisors shall make up and publish an abstract from these several reports and other sources of the operations, expenditures and condition of all departments of government of the said City and County.

SEC. 74. [*As amended May 18, 1861, 544.*] The Board of Supervisors shall further have power, by regulation or order:

First. [*Superseded by sec. 1, sub. 1, Act of April 25, 1863, 540; Supplement XII.*]

Second. To provide for the security, custody, and administration of all property of said City and County, without any power to sell or encumber the same, or lease any part thereof for more than three years; except, however, that such personal property belonging to the fire, street, or other departments, as they deem unsuited to the uses and purposes for which the same was designed, or so much worn and dilapidated as not to be worth repairing, may be sold or exchanged, by order or resolution.²⁸ * * * * *

[*The portion of this subdivision as thus amended, relating to appointment of a City and County Attorney by the Board of Supervisors, repealed by Act of March 25, 1862, 98; Supplement VIII.*]

Third. [*Superseded by Act of April 25, 1863, 540; sec. 1, sub. 2; Supplement XII.*]

Fourth. To provide for cases omitted in this Act, and in conformity with the principles adopted in it for opening, altering, extending, constructing, repairing, or otherwise improving of public streets and highways, at the expense of the property benefited thereby, without any recourse, in any event, upon the City and County, or the public treasury, for any portion of

the expense of such works, or any delinquency of the property-holders or owners.²⁹

Fifth. Providing for lighting the streets. [*Amended, April 26, 1862, 466.*]

Sixth. To regulate market-houses and market-places.

Seventh. [*Superseded by Act of April 24, 1863, 406.*]

Eighth. To provide for inclosing, improving, and regulating all public grounds of the City and County, at an expense not to exceed two thousand dollars per annum.³⁰

Ninth. To prohibit the erection of wooden buildings, or structures, within any fixed limits where the streets have been established and graded, or ordered to be graded; to regulate the sale, storage, and use of gunpowder, or other explosive or combustible materials and substances, and make all needful regulations for protection against fire.

Tenth. To make such regulations concerning the erection and use of buildings as may be necessary for the safety of the inhabitants.

Eleventh. To determine the fines, forfeitures and penalties that shall be incurred for the breach of regulations established by the said Board of Supervisors, and also for a violation of the provisions of this Act, where no penalty is affixed thereto, or provided by law, but no penalty to be imposed shall exceed the amount of one thousand dollars, or six months' imprisonment, or both; and every violation of any lawful order, or regulation, or ordinance, of the Board of Supervisors of the City and County of San Francisco is hereby declared a misdemeanor or public offense, and all prosecutions for the same shall be in the name of the people of the State of California.

Twelfth. To regulate and provide for the employment of prisoners sentenced to labor on the public works of said City and County.

Thirteenth. To license and regulate hackney-coaches, carriages and other public vehicles, and to fix the rates to be charged for the transportation of persons, baggage and property therein; and also to license and regulate porters employed in conveying baggage for persons arriving in and departing from said City and County, and to prohibit the exercise of those employments without such licenses. [*The greater part of this subdivision is superseded by sec. 1, sub. 4, Act of April 25, 1863, 540; post, Supplement XI.*]

Fourteenth. [*Repealed and substance re-enacted by Act of March 30, 1872; 1871-2, 736; post, Supplement LXI.*]

Fifteenth. [*Amended by sec. 1, sub. 3, Act of April 25, 1863, 540; post, Supplement XI.*]

Sixteenth. To provide for the erection of a workhouse, house of refuge or house of correction, and for the regulation and government of the same.³¹

²⁹ In connection with this subdivision, see Act April 25, 1863, 560; Supplement XII.

³⁰ Qualified concerning expense, as to portions of said grounds, by provisions of subsequent Acts hereinafter contained.

³¹ See Act of April 1, 1872; 1871-2, 878; Supplement LXV; and Act of March 31, 1876; 1875-6, 632; Supplement LXXXII.

Seventeenth. To direct and control the fire department of said City and County, in conformity with the laws.

Eighteenth. To fix the fees and charges to be collected by the Surveyor of said City and County for certificates of surveys for buildings, or other purposes, and by the Superintendent of Streets and Highways, and any and all other municipal officers, where their fees are not otherwise fixed by law.

Nineteenth. To provide, by regulation, where it may be necessary, for carrying the provisions of this Act into effect.

Twentieth. To provide for the care and maintenance of the indigent sick of said City and County; but not to incur any expense therefor exceeding the sum of three thousand dollars a month.³²

Twenty-first. To provide for the construction and repair of hydrants, fire-plugs, cisterns and pumps in the streets, for public security and convenience.

Twenty-second. [*Repealed by Act of April 26, 1862, 466; Supplement IX.*]

Twenty-third. To provide ways and means for the prosecution of the claims, in the name of the City of San Francisco, to the public lands, now pending for the same.

Twenty-fourth. To permit the laying down of railroad tracks, and the running of cars thereon, along any street, or portion of street, for the sole purpose of excavating and filling in a street, or portion of a street, or adjoining lots, and for such limited time as may be necessary for the purposes aforesaid, and no longer.

ARTICLE VI.

FINANCE AND REVENUE.

SEC. 75. All fines, penalties and forfeitures, imposed for offences committed within the said City and County, shall be received by the Clerk or Magistrate of the respective Court, and paid into the treasury thereof, as a part of the Police Fund;³³ forty per cent. of all poll taxes collected in said City and County, or any other proportion of such poll taxes which may be hereafter assigned to said City and County, by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund.³⁴ All demands payable out of said fund may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said City and County.

SEC. 76. The School Fund of said City and County shall consist³⁵ of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents³⁶

³² See Act March 10, 1866; 1865-6, 214; Supplement XXV.

³³ See note 13, *ante*.

on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

SEC. 77. * * * * *

And in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable, in the mode prescribed by law for the collection of such State and County taxes. * * * *

[Omitted portions, as to payment of taxes to Treasurer, superseded by provisions of Revenue Law.]

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees or otherwise; he shall also be charged with and be deemed debtor to the treasury, for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from any irregularity or defect in the assessment, then the Assessor whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said City and County shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to, or which shall be paid into, the treasury, and shall not loan, use or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault, and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use,

or the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of a felony, and, on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three or more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. [*Repealed by Act of March 28, 1859, 141.*]

SEC. 82. No payment can be made from the treasury or out of the public funds of said City and County, unless the same be specifically authorized by this Act, nor unless the demand which is paid be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody of disbursement of public funds, unless his account has been duly presented, passed, approved and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature regulating the duties of such officer, on being required in writing to comply therewith, by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act, and the Auditor may examine any officer, receiving a salary from the treasury, on oath touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, * * * [*obsolete*] but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including [the] salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the City and County to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the treasury of the City and County is authorized by law, and out of what fund. If he allow it he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other Board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date and value composing it, and refer to the law by title, date and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the Treasury of said City and County, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools, acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers must, before they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, or if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any public funds of said City and County, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instructions and regulations during recess of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount and name of the original and present holder; on what account allowed, out of what fund payable, and if previously approved, by what officer, officers, or Board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with. [*Amended, April 18, 1857, 209.*]

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of

Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the City and County, individually and on his official bond, for the amount of the demand so illegally approved, allowed, or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors, at any time during business hours. Copies or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts. [*Amended April 18, 1857, 209.*]

SEC. 87. The Auditor is the head of the Finance Department of the City and County, and as such is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office, and give his personal attendance there daily during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.³⁷

SEC. 88. Every lawful demand upon the treasury duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it, with an indorsement of the word "registered," dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such

³⁷ The Act of April 3, 1876; 1875-6, 852; provides as follows:

"Section 1. The Clerk of the Auditor of the City and County of San Francisco shall be known and designated as, and exercise the powers of, Deputy Auditor of said City and County, in case of the illness or absence of the Auditor, in the auditing and signing of lawful demands upon the treasury of said City and County, when the same have been approved and allowed by the proper officers and Board of officers in accordance with law, and in administering oaths or affirmations in all matters in connection with demands upon the treasury, or reports required by law to be filed in the office of the Auditor of said City and County."

non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector, or other officer or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law and without any delay.

SEC. 90. The salaries, fees, and compensation of all officers, including policemen and employees of all classes, and all teachers in common schools, or others, employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury, hereafter accruing, shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or, if it be a demand which has to be passed and approved by the Board of Supervisors or Board of Education, then within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it, as above required, was not in the power either of the original party interested or his agent, or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other offices [officers] of said City and County receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by, the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned as above required, shall forfeit to the said City and County double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said City and County, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury presented by such person, he may appeal, and have the

same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterward be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made, of its having been so entered, before it can be paid; *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors or the Board of Education, the opinion of the District Attorney thereon shall be required in writing, read and filed; and upon such appeal, and in all other cases, upon the approval or allowance of any demand upon the treasury or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said City and County, shall, every month, examine the books of the Treasurer, and other officers of said City and County having the collection and custody of public funds, and shall be permitted, and it shall be their duty, to see and count over all the moneys remaining in the hands of such Treasurer or other officer. If they ascertain *clearly* that such Treasurer, or other officer, is a defaulter, they shall forthwith take possession of all funds, books, and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he is appointed to fill. If the Treasurer, or other officer so charged as a defaulter, be acquitted thereof, he shall resume his duties.

SEC. 95. [*As Amended April 18, 1857, 209.*] Payments of demands on the treasury of said City and County may be made for the following objects, and none others:

First. Out of the Police Fund, the fixed salaries of Police Captains and officers, Chief of Police, Police Judge and Clerk of the Police Court.

Second. Out of the School Fund, the salaries or wages of teachers in the common schools, rents, repairs, building, and furnishing of school-houses, as provided by law.

Third. Out of the General Fund, the fixed salaries or compensation of the Assessor and his deputies, * * * and other officers of said City and County, and of officers of the Fire Department, and the legal fees of jurors and witnesses in criminal cases, when the same by law are payable out of the county treasury.

Fourth to Tenth, inclusive. [*Obsolete. Bonds redeemed.*]

Eleventh. Out of the Police Fund, bills for the subsisting of prisoners previously authorized by the Board of Supervisors, as in this Act provided,

and duly audited, which bills must minutely specify each several item composing the demand.

Twelfth. [Obsolete.]

Thirteenth. Out of the General Fund, bills duly audited for expenditures in the care and maintenance of the indigent sick of the City and County, previously authorized by the Board of Supervisors, and not exceeding the amount in this Act limited for that purpose.

Fourteenth. Out of the General Fund, * * * * * the expense legally incurred for books, stationery, and official blanks, as authorized by section eleven of this Act, and the necessary expense of constructing a fire-proof vault, to be prepared for the Treasurer's office, as required by section seventy-nine of this Act; also, expenditures not exceeding two thousand dollars [*Amended April 26, 1862, 466; sec. 1, sub. 10, Supplement IX*], during any one month, for objects of urgent necessity other than those heretofore specified in this section, when the amount thereof in each particular case shall have been previously authorized and fixed by the Board of Supervisors, in the lawful exercise of their powers. [*Portion of this subdivision relating to expenditures for maintenance of Fire Department, repealed by sec. 8, Act of March 2, 1866, 1865-5, 138; see post, Supplement XXIV.*]

Fifteenth. Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then, and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void as against the City and County, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of section ninety-five, ninety-six, ninety-seven and ninety-eight of this Act attached to it, and in such case, the officer or officers executing the same in behalf of the City and County, in contravention of this provision, shall alone be liable

in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.

SEC. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterwards coming into the said treasury, applicable thereto, in the order in which the same are registered.

SEC. 97. The Board of Supervisors, Board of Education, and each and every officer of the said City and County, being absolutely prohibited to contract any debt or liability, in any form, against the said City and County hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury, during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount hereinbefore specified.

SEC. 98. If any expenditures, not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of, any claim, demand, or liability, legal, equitable, or otherwise, against the said City and County. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract, or consideration, be deemed to be a legal nor [or] equitable claim or liability against the said City and County, or the treasury thereof, or the taxable property or tax-payers, otherwise than as in this section provided; and no demand preferred against the said City and County, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. The following acts and laws are hereby repealed:

The Act entitled "An Act to re-incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five.

The Act explanatory thereof, passed May seventh, one thousand eight hundred and fifty-five.

The Act entitled "An Act to re-incorporate the City of San Francisco," passed April fifteenth, one thousand eight hundred and fifty-one; and the Act entitled "An Act to incorporate the City of San Francisco," passed April fifteenth, one thousand eight hundred and fifty.

The eighth section of the Act passed April twenty-fifth, one thousand eight hundred and fifty-one, entitled "An Act dividing the State into counties, and establishing the seats of justice therein."

The Act entitled "An Act to create a Board of Supervisors for the County of San Francisco, and define their duties," passed April twenty-ninth, one thousand eight hundred and fifty-one.

The twenty-eighth section of the Act, passed March twenty-sixth, one thousand eight hundred and fifty-one, entitled "An Act concerning County Recorders," so far as it relates to San Francisco County.

All laws and parts of laws defining the powers and duties of Supervisors, or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, so far as they conflict with the provisions of this Act.

SCHEDULE.

SECTIONS 1 to 8, inclusive [*Obsolete*].

SEC. 9. [*Repealed by Sec 17, Act of April 18, 1857, 222.*]

SEC. 10. This Act, excepting this section, and section five of article first, only, shall take effect on and after the first day of July next; and, in the meantime, the existing municipal government, or officers of the City of San Francisco, or the Board of Supervisors, or other officers, of the County of San Francisco, shall not have power to contract any debt or liability against the said City, or against the said County. But this prohibition, or anything contained in the existing charter of said City, shall not be construed to prevent the appropriation or payment out of the treasury of any moneys actually existing therein, to the various objects and purposes as authorized by law, or the drawing of any warrant or order therefor. This section, and section five of article first of this Act, shall take effect immediately after its passage.

SUPPLEMENTARY ACTS.

SUPPLEMENT I.

1857, 190.

An Act to define the Powers and Duties of the Board of Supervisors of the City and County of San Francisco in Certain Cases.

[Approved April 10, 1857.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power to appoint a committee, consisting of three members of said Board, to be denominated the "Finance Committee," and to fill all vacancies which may happen in said committee by new appointments, from time to time. Said committee, in addition to the ordinary duties of the Finance Committee of said Board, shall have the power as hereinafter specified.

SEC. 2. The Clerk of the Board of Supervisors shall be Clerk of the Finance Committee, after the expiration of six months from the passage of this Act. * * * [Remainder of section obsolete.]

SEC. 3. The Clerk of said committee shall keep a record of its proceedings, with the names of witnesses examined, and a substantial account of the evidence taken. It shall be the duty of the Sheriff, or any Constable or Policeman of said City and County, to execute the lawful process and orders of the said committee. The said committee may visit any of the public offices when and as often as they think proper, and make their examinations and investigations therein without hindrance. In the exercise of its functions, the concurrence of two members of the committee shall be deemed sufficient.

SECS. 4 and 5. [Obsolete.]

SEC. 6. The said committee shall hereafter, as often as may be required by order of the Board of Supervisors, investigate the transactions and accounts of all officers having the collection, custody, or disbursement of public

money, or having the power to approve, allow, or audit demands on the treasury, and report thereon to the Board of Supervisors, and for the purpose shall continue to have and exercise all the powers granted in this Act. But nothing in this Act contained shall be construed to relieve the Auditor, President of the Board of Supervisors, or other officers, from any of the duties and obligations now imposed on them by law.

SEC. 7. The said committee and the Clerk shall have free access to any records, books, and papers in all public offices. And said committee shall have the same power as courts of record, to administer oaths and affirmations, to examine witnesses, and compel their attendance before them by subpoena, and attachment for contempt in case of their refusal to appear or to testify when lawfully required, and shall have the like power to punish as for contempt, any officer, ex-officer, or other person, who shall refuse or neglect, when required in writing by said committee, to exhibit any official records, books, or papers in his custody, or to explain the same, or any official transaction of his own or of any other officer, so far as he may be able.

SEC. 8. If, from the examination made by the Finance Committee, in pursuance of the powers granted by this Act, it shall appear that a misdemeanor in office, or a defalcation, has been committed by any officer of said City and County, whose accounts and transactions they are authorized to examine as aforesaid, said committee shall immediately report the same to the President of the Board of Supervisors, who shall immediately cause said report to be published, in at least two daily newspapers published in the City of San Francisco, for the period of three days.

SUPPLEMENT II.

1858, 166.

An Act to establish the Industrial School Department of the City and County of San Francisco.

[Approved April 15, 1858.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

[Section 1 to Sec. 5, both inclusive, obsolete. See note 38, below, and Supplement LVIII, post.³⁸]

SEC. 6. The [Board of Supervisors] shall have the control, management, and direction of all the affairs and business of the department, except so far

³⁸ Powers and duties of the Board of Managers vested in the Board of Supervisors by Section 2, Act of March 23, 1872; 1871-2, 544; Supplement LVIII.

as provision is otherwise made by law; and especially, they shall have power to receive donations and bequests, and to accept, purchase and hold real estate, which shall constitute a permanent fund, the interest of which only shall be applied in payment of the current expenses of the department; but the principal sum thereof, except in case of real estate, shall be invested in the bonds of the City of San Francisco, or of the State of California, or in mortgages upon real estate within said City and County, unless the testator or donors shall otherwise direct. The [Board of Supervisors] shall also, especially, have power to accept from the parents or guardian of any child the surrender of such child during minority; and all the rights of parents or guardians to keep, control, educate, employ, indenture or discharge such child shall vest in the [Board of Supervisors.]

SEC. 7. The purposes of said department are hereby declared to be, solely, the detention, management, reformation, education and maintenance of such children as shall be committed or surrendered thereto; and no portion of the funds, whether furnished by members of the department, or by the City and County of San Francisco, or the State of California, or from any other source whatsoever, shall be used, or allowed to be used, for any other purpose whatsoever, excepting such portion thereof as may be required in purchasing the land, and in erecting, improving, enlarging or furnishing the buildings and structures necessary to said department, and in supplying and managing the industry of the school. * * * And no member of the [Board of Supervisors] * * * shall * * * directly or indirectly be interested in any contract connected with the management of the department.

SEC. 8. The [Board of Supervisors] may make, alter, and amend such by-laws as they may deem proper for the orderly and economical management of the concerns of the department, and they shall see that strict discipline is maintained in the Industrial School; they shall provide employment for the inmates, indenture, procure them to be adopted, or discharge them, as is hereinafter provided; they shall appoint a Superintendent, Deputy Superintendent, Matron, Teachers, and such other employees as they may require, and shall fix their salaries; they shall prescribe the duties of the Superintendent, Deputy Superintendent, Matron, Teachers, and other employees, not inconsistent with this Act, and may remove such officers at pleasure, and appoint others in their places. The Superintendent and Deputy Superintendent shall give such official bonds as may be required by the Board.

SEC. 9. For the care and maintenance of the children, and the salaries of the Superintendent, Teachers and other officers of said school, and for other purposes connected with said school, the Auditor of said City and County is hereby authorized and required to audit the demands of the [Board of Supervisors] for an amount not exceeding three thousand dollars per month; and the Treasurer of said City and County is hereby authorized and required to pay the sum so allowed and audited out of the General Fund of the City and

County of San Francisco, not exceeding, in all, the said sum of three thousand dollars per month.³⁹ [*Amended, March 28, 1868; 1867-8, 505.*]

Sec. 10. The [Board of Supervisors] shall have power to receive and detain in said Industrial School such children, under the age of eighteen years, as may be thereto committed by the Police Judge, [County Court or Municipal Criminal Court⁴⁰] of said City and County, as vagrants, living an idle or dissolute life, or who shall be duly convicted of any crime or misdemeanor, or who, upon being tried before such Police Judge, [County Court or Municipal Criminal Court], for any crime or misdemeanor, shall be found to be under fourteen years of age, and to have done an act which, if done by a person of full age, would be a crime or misdemeanor; and the said [Board of Supervisors] shall have power to place the said children committed to their custody, during the minority of said children, to such employments, and cause them to be instructed in such branches of useful knowledge as may be suitable to their years and capacity; and they shall have power, in their discretion, to bind out the said children, with their consent, as apprentices, during their minority, to such persons, and at such places, to learn such proper trades and employments as in their judgment will be most conducive to their reformation and amendment, and will tend to the future benefit and advantage of such children. And the said Police Judge, and the said [County Court and Municipal Criminal Court], and either of them, are

³⁹ Current expenses shall not exceed four thousand five hundred dollars per month, to be audited and paid as other claims against the City. Sec. 2, Act of March 23, 1872, 544; Supplement LVIII.

⁴⁰ The Act of February 15, 1864; 1863-4, 75; supplementary to the Industrial School Act, provides that:

Section 1. The duties, powers, and jurisdiction which, by the provisions of the Act entitled "An Act to establish the Industrial School Department of the City and County of San Francisco," approved April fifteenth, A. D. eighteen hundred and fifty-eight, are enjoined upon or vested in the Court of Sessions of said City and County, are hereby conferred upon and vested in the County Court, except those mentioned in section twelve of said Act, which are enjoined upon and vested in the County Judge of said City and County.

Sec. 2. The [Board of Supervisors] * * shall have power, in their discretion, to grant any children placed under their control and custody leave of absence from said school for such time as to said Board shall seem proper.

Sec. 3. This Act shall take effect and be in force from and after its passage.

The Act of April 1, 1872; 1871-2, 906; supplementary to the foregoing supplemental Act, provides that:

Section 1. The duties, powers, and jurisdiction which, by the provisions of an Act entitled "An Act supplementary to an Act entitled 'An Act to establish the Industrial School Department of the City and County of San Francisco,' approved April fifteenth, A. D. eighteen hundred and fifty-eight," approved February fifteenth, eighteen hundred and sixty-four, are conferred upon and vested in the County Court of the City and County of San Francisco, are hereby also conferred upon and vested in the Municipal Criminal Court of the City and County of San Francisco; but this Act shall not be construed to divest the County Court of such duties, powers, and jurisdiction.

Sec. 2. This Act shall take effect and be in force from and after its passage.

hereby authorized and empowered to commit all offenders duly convicted, under eighteen years of age, to said Industrial School, in all cases where the said Police Judge, and the said [County Court and Municipal Criminal Court], or either of them, shall deem such commitment to be more suitable than the punishment now authorized by law. And if, upon any trial before said Police Judge [County Court or Municipal Criminal Court], it shall appear that the person on trial is under the age of fourteen years, and that such child has done an act which, if done by a person of full age, would warrant a conviction of the crime or misdemeanor charged; then, and in that case, the said Police Judge, and the said [County Court and Municipal Criminal Court], and either of them, shall have power to commit said child to the said Industrial School. And the said Police Judge, and the said [County Court and Municipal Criminal Court], or either of them, on the application of the President of the Board of Supervisors, or of any member of said Board, or of any three citizens, shall have power, upon the hearing of the matter, and upon proof to the satisfaction of said Police Judge, and said [County Court and Municipal Criminal Court], or either of them, to sentence to said Industrial School any child under eighteen years of age, who lives an idle or dissolute life, whose parents are dead, or, if living, from drunkenness, or other vices or causes, neglect to provide any suitable employment, or exercise any salutary control over such child; and the children thus committed shall be kept, governed, and disposed of as herein provided; and no child shall be reclaimed or taken from said school by his or her parents, or any other person or persons, without leave of the Court or Judge by whom such child was committed. And whenever, upon the trial of any person before the Police Judge, [County Court or Municipal Criminal Court] of said City and County, said person shall be duly convicted of the crime or misdemeanor charged, and it shall appear that such person is under the age of eighteen years; or when on such trial it shall appear that such person has done an act which, if done by a person of full age, would warrant a conviction of the crime or misdemeanor charged, and that such person is under fourteen years of age; then, and in that case, the said Police Judge, and the said [County Court and Municipal Criminal Court], or either of them, may, in their discretion, sentence such person to be confined in the correctional department of said Industrial School for any term not exceeding six months; and such person so sentenced shall be restrained of his or her personal liberty, and shall be kept in a ward to be provided therefor separately from the body of said school, during the term of such correction, before being admitted to the general privileges of the school.⁴¹

⁴¹ Section 2 of the Act of March 8, 1860, is incorporated in the text in Sec. 11; and Sec. 3 of said Act is amended by the Act of Feb. 15, 1864; 1863-4, 76; amendatory thereof and supplementary thereto. The last mentioned Act is as follows:

Section 1. Section three of said Act is hereby amended so as to read as follows:

"Sec. 3. Any person who shall aid, assist, or encourage any child to run away, who has

SEC. 11. All commitments shall be directed to the Superintendent of the Industrial School, or any of his deputies, and said Superintendent and his deputies shall be charged by such commitment with the detention and custody of the children committed to the school, and with the execution of all orders and process of any court respecting such children, and shall have the same power, under and by virtue of such commitment, order, or process of court, or a surrender accepted by the [Board of Supervisors], as the Sheriff of the County has or might have under commitments, orders, or process of court directed to him. [*Amended, March 8, 1860, 73.*]

SEC. 12. The said Police Judge, [County Court and Municipal Criminal Court], or either of them, upon the application of the [Board of Supervisors] and upon their certificate that it is expedient to do so, shall have power to discharge any child committed to said Industrial School, and who is not bound out as an apprentice, or adopted. And the said Police Judge, [County Court and Municipal Criminal Court], or either of them, may, in like manner, discharge such child, upon the application, in writing, of the parents or guardian of such child; and, after ten days' notice, in writing, to the [Board of Supervisors], if, upon the hearing of the application, said Judge, or Court, shall consider that such discharge is expedient.

SEC. 13. The * * * Superintendent and Deputy Superintendents of the Industrial School Department, are hereby declared to be public officers, and subject to all the laws of this State relating to misdemeanor, malfeasance, and misfeasance in office.

SEC. 14. All laws, and parts of laws, in conflict with the provisions of this Act, are hereby declared to be inapplicable to the City and County of San Francisco; and this Act, and all the provisions thereof, shall be subject to the right of the Legislature to alter, repeal; or modify the same at any time.

been committed or surrendered, or who has been indentured by the [Board of Supervisors], or shall harbor or conceal any such child, knowing of such commitment, surrender or indenture, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in a sum not exceeding three hundred dollars, and imprisoned for a term not exceeding thirty days. And any child who may be absent on leave of absence, or who may be bound as an apprentice under this Act or the Act to which this is an amendment, and shall escape from the person under whose care he or she is placed, or to whom he or she is bound, shall be considered a fugitive from said school, and may be arrested and returned to said school by the Superintendent or other officer of said school, or by any Sheriff or Police Officer in this State, and the necessary expense of such arrest shall be allowed by the said [Board of Supervisors] * * * ; and the Auditor of said City and County shall audit the same, and such expense shall be paid from the General Fund by the Treasurer of said City and County."

Sec. 2. [*Executed.*]

Sec. 3. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT III.

1858, 235.

An Act to confer further powers upon the Board of Supervisors and Auditor and Treasurer of the City and County of San Francisco, and to authorize them to perform certain acts therein mentioned.

[Approved April 23, 1858.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Board of Supervisors of the City and County of San Francisco have further powers conferred upon them as follows :⁴²

First. To order paid any final judgment against said City and County, out of the Surplus Fund.

Second to Thirteenth inclusive. * * * * *

Fourteenth. To order constructed a common pound for estrays, and to provide for the taking up and impounding of all animals running at large within the streets of said City and County, north of Johnson street and east of Larkin street; *provided*, the cost of the construction of said pound shall not exceed five hundred dollars, which sum, or so much thereof as may be necessary, may be paid out of the General Fund by order of said Board of Supervisors. The said Board shall have power to make all needful rules and regulations necessary for the proper management and control of said pound, and may appoint one or more Pound Keepers, who shall be paid out of the fines imposed and collected of the owners of any animals impounded, and from no other source.⁴³

Fifteenth to Nineteenth inclusive. * * * * *

Twentieth. To ordain, procure, and use, a common seal, to be used at pleasure, as the official seal of the said City and County of San Francisco; the cost of which seal shall not exceed fifty dollars, to be paid out of the General Fund, by order of said Board of Supervisors.

⁴² The Subdivisions omitted, and not annotated, relate to relief of individuals, or the powers therein contained have been executed or have been superseded or repealed.

⁴³ Jurisdiction of the Board of Supervisors extended over the whole City and County of San Francisco, or any limited portion thereof, as in their discretion they may prescribe by order, by Act of May 14, 1861, 369.

The said Assistant shall also be the Prosecuting Attorney for the Police Court of said City and County, and shall receive a salary as such Assistant and Prosecuting Police Attorney, of *two hundred and fifty dollars per month*. [Amended, Act April 26, 1862, 466; Supplement IX], payable monthly out of the General Fund, which shall be in full for all services rendered for said City and County, or for either of them.⁴⁴

Twenty-third. The said Board of Supervisors may make all needful rules and police regulations for the safety and well ordering of all omnibus lines in the City and County of San Francisco

Twenty-fourth to Twenty-sixth, inclusive. * * * * *

SEC. 2. The Auditor of said City and County is hereby authorized to audit, and the Treasurer of the same is hereby authorized to pay, any and all sums that may be allowed and ordered paid by said Board of Supervisors, by authority of this Act.

SUPPLEMENT IV.

1860, 272.

An Act supplementary to an Act entitled "An Act to confer further powers upon the Board of Supervisors and Auditor and Treasurer of the City and County of San Francisco, and to authorize them to perform certain acts therein mentioned," approved April twenty-third, one thousand eight hundred and fifty-eight.

[Approved April 27, 1860.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco, have hereby further powers conferred upon them, as follows:⁴⁵

First. To allow and order paid out of the General Fund, not exceeding the sum of six thousand dollars in any one fiscal year, for repairs and im-

⁴⁴ By Act of April 3, 1876; 1875-6, 856; the Prosecuting Attorney is authorized to appoint a clerk, who shall perform such duties as may be required of him by said Prosecuting Attorney, and who shall receive a salary of one hundred and twenty-five dollars per month, payable in the same manner and out of the same fund as the salary of the Prosecuting Attorney.

who are entitled to charge and collect or receive fees, commissions, or other compensation for their official services, to keep a book or books, in which shall be entered by items the amount received for all official services performed by them or their deputies, showing the date and nature of such services, and the amount received therefor, which book or books shall, at all office hours, be open to the inspection of the Board of Supervisors or any citizen; and each of said officers shall, at the expiration of each month, make out and verify by oath and file with the Auditor, a full and accurate transcript from his said book or books, of the entries for the preceding month.

SEC. 3. It shall be the duty of the Treasurer of said City and County to receive, receipt for, and safely keep all moneys paid over to him under the provisions of this Act, and to make up, on the first day of October, eighteen hundred and sixty-one, and quarterly thereafter, an accurate statement of said Special Fee Fund, showing the actual condition of the same up to such time, when, if any balance remain in said fund, after satisfying all demands payable out of the same, the Treasurer shall transfer such balance to the General Fund; but should such Special Fee Fund be insufficient to satisfy all of the demands payable therefrom, then the Treasurer shall, at the request of the holder, register such unpaid demands against, and pay the same in their order of registration out of the General Fund, as in other cases.

SEC. 4. All demands upon the treasury, allowed by this Act, shall, before they are authorized to be paid, be duly audited, as in other cases of demands lawfully payable out of the treasury. The several salaries named shall be payable monthly by the Treasurer, upon the audit of the County Auditor, who is hereby directed to audit the salaries herein provided for.

SEC. 5. The Board of Supervisors may, from time to time, authorize the appointment of such additional deputies for any of the various City and County offices, and for such period of time as in their judgment may be necessary for the proper and faithful discharge of the duties of such office. Deputies appointed under the provisions of this section shall receive not to exceed one hundred and fifty dollars per month, each; but in no case shall the aggregate pay of such Deputies exceed three thousand dollars per annum.

SEC. 6. The fees receivable by the several officers named in this Act, shall be payable in advance.

SEC. 7. [*Repealed by Act of March 24, 1868; 1867-8, 267; Supplement XXXIII.*]

SEC. 8. For a wilful neglect, or refusal to comply with any of the provisions of this Act, by any officer or officers herein named, he or they shall be deemed guilty of felony, and on conviction thereof in the Court * * *, be subject to a fine not to exceed five thousand dollars, and a forfeiture of office, or to imprisonment in the State Prison not less than one nor more than three years, or to both such fine and imprisonment; *provided*, that nothing herein shall be held to release such officer from the obligation to give the official bond required by law, or from any civil responsibility arising from his official duties.

SEC. 9. All requisitions for books, blanks and stationery, for any of the officers named in this Act, shall be made by such officers, respectively, upon the Board of Supervisors, stating the amount and description thereof, and that the same are essential and necessary for the use of such office, which statement shall be verified by the oath of such officer, and upon their approval thereof, the said Board shall order the cost of the same paid out of the Special Fee Fund.

SEC. 10. [*Superseded by Act of March 2, 1872; 1871-2, 219; bottom of page.*]

SEC. 11. This Act shall take effect on and after the first day of July, eighteen hundred and sixty-one, at which time the Act entitled an Act concerning the Offices of County Clerk, Sheriff and County Recorder of the City and County of San Francisco, approved March seventh, eighteen hundred and fifty-nine, shall be, and the same is hereby, repealed. All Acts and parts of Acts in conflict with the provisions of this Act, so far as they affect this Act, are hereby declared inoperative and void, from and after the first day of July, eighteen hundred and sixty-one.

1863, 540.

An Act to confer further powers upon the Board of Supervisors of the City and County of San Francisco.

[Approved April 25, 1863.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power, by regulation or order:

First. To regulate the Police and Police force of said City and County, and to prescribe their powers and duties.

Second. To authorize and direct the summary abatement of nuisances; to make all regulations which may be necessary or expedient for the preservation of the public health and the prevention of contagious diseases; to provide, by regulation, for the prevention and summary removal of all nuisances and obstructions in the streets, alleys, highways, and public grounds of said City and County; and to prevent or regulate the running at large of dogs, and to authorize the destruction of the same when at large contrary to ordinance.

Third. To prohibit and suppress or exclude from certain limits, all houses of ill-fame, prostitution and gaming; to prohibit and suppress, or exclude from certain limits, or to regulate all occupations, houses, places, pastimes, amusements, exhibitions and practices, which are against good morals, contrary to public order and decency, or dangerous to the public safety.

Fourth. To license and regulate hackney coaches, and other public passenger vehicles, and to fix the rates to be charged for the transportation of persons, baggage, and property, or either, therein; and to license and regulate all vehicles used for the conveyance of merchandise, earth and ballast, or

either; and also, to license and regulate persons and parties employed in conveying baggage, property, and merchandise, or either, to and from any of the wharfs, slips, bulkheads, or railroad stations within the limits of the City and County of San Francisco;⁶² * * * to fix and establish the amount of every license paid into the City and County Treasury for City and County purposes, at such rate as said Board shall determine, not exceeding the amount fixed by law; and, *provided*, said Board shall have no power to entirely abolish any license fixed by law, or to reduce the proportion of each license collected, which by law is paid into the City and County Treasury for State purposes.

Fifth. To provide for the summary removal and disposition of any or all vehicles found during certain hours of the day and night, to be designated by said Board, in the streets, highways and public squares of said City and County, or such of them as said Board may designate; and, in addition to all other remedies, to provide, by regulation, for the sale or other disposition of said vehicles so found in said streets, highways or public squares, as aforesaid.

Sixth. To require, by ordinance, all contractors for street work, or other persons lawfully undertaking to improve, grade, or alter streets or public highways in the City and County of San Francisco, to erect fences or other suitable barriers to protect the public from damage, loss or accident, by reason of such grading, alteration, or improvement, and to determine and prescribe the fines and penalties that shall be incurred for breach of such regulations and ordinances as may be passed by virtue hereof.

Seventh. To designate one of their number, who shall, in absence of the Mayor, or during his inability from any cause, perform the duties required by law of the Mayor of said City and County.

*Eighth and Ninth.*⁶³ * * * * *

Tenth. To provide for the safe keeping and disposition of all lost, stolen, or unclaimed property of every kind, which may be in the possession or under the control of the Chief of Police of said City and County, or which may hereafter come into the possession of the police of said City and County.

Sec. 2. Subdivisions first, third and fifteenth of section seventy-four of an Act entitled an Act amendatory of an Act entitled an Act to repeal the several Charters of the City of San Francisco, to establish the boundaries of the City and County of San Francisco, and to consolidate the government thereof, approved the nineteenth day of April, eighteen hundred and fifty-six, and of an Act amendatory and supplementary thereof, approved the eighteenth day of April, eighteen hundred and fifty-seven, and of an Act amendatory thereof, approved the twenty-eighth day of March, eighteen hundred and fifty-nine, and supplementary to said Acts, are hereby repealed.

SUPPLEMENT XII.

1863, 560.

*An Act to confer Further Powers upon the Board of Supervisors
of the City and County of San Francisco.*

[Approved April 25, 1863.]

*The People of the State of California, represented in Senate and Assembly, do enact
as follows :*

SECTION 1. That the Board of Supervisors of the City and County of San Francisco shall have full power and authority to provide, by order, for laying out, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within the bounds of said City, which, in their opinion, the public welfare or convenience may require; to provide for ascertaining whether any and what amount in value of damage will be caused thereby, and what amount of benefit will thereby accrue to the owner or possessor of any ground or improvements within said City and County, for which such owner or possessor ought to be compensated, or ought to pay a compensation; and to provide for assessing and levying, either generally on the whole assessable property within said City, or specially on the property of persons benefited, the whole or any part of the damages and expenses which they shall ascertain will be incurred in locating, opening, extending, widening, straightening, or closing up the whole or any part of any street, square, lane, or alley, in said City and County; to provide for granting appeals to the County Court of the City and County of San Francisco, from the decisions of any Commissioners, or other persons, appointed in virtue of any ordinance, to ascertain the damage which will be caused or the benefit which will accrue to the owners or possessors of ground or improvements, by locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said City and County, and for securing to every such owner and possessor the right, on application within a reasonable time, to have decided, by a jury trial, whether any damage has been caused or any benefit has accrued to them, and to what amount; to provide for collecting and paying over the amount of compensation adjudged to each person entitled, and to enact and pass all orders from time to time which shall be deemed necessary and proper to exercise the powers and effect the objects above specified; *provided, nevertheless*, that before the Board of Supervisors of the City and County of San Francisco proceed to execute any of the powers vested in them by this Act, at least thirty days' notice shall be given of any application which may be made for the passage of any order, by advertisement in at least two of the daily newspapers of the City and County of San Francisco having the largest circulation; *provided, further*, that whenever any street or part of any street

in the said City and County, occupied or used by the track of any railroad company, shall require to be altered or widened for the convenience of public travel, and proceedings for the altering or widening the same shall have been taken under the provisions of this Act, it shall be lawful for the Commissioners appointed as in this Act provided, and whose duty it may be, to make a just and equitable assessment of the whole amount of costs, damages, and expenses, of such altering or widening, among the owners of all the lands and real estate intended to benefited thereby, to assess such portion of said costs, damages, and expenses, upon the corporation or company owning or using said railroad track as shall to them seem equitable and just, and such assessment shall be a lien upon any property of said corporation or company in the said City and County, and may also be enforced in the same manner as the assessment upon such owners of lands and real estate intended to be benefited thereby.

SEC. 2. That before any Commissioners appointed by any order to be passed in virtue of this Act shall proceed to the performance of their duty, they shall give notice in at least two of the daily newspapers published in the City of San Francisco having the largest circulation, of the object of the order under which they propose to act, at least ten days before the time of their first meeting to execute the same.

SEC. 3. That upon the return of any assessment to be made under any ordinance to be passed in virtue of this Act, the Clerk of the Board of Supervisors of the City and County of San Francisco shall cause a copy of said assessment to be published for ten days, in at least two daily newspapers of said City and County having the largest circulation.

SEC. 4. That the time within which any appeal is to be made from any assessment shall be computed from and after the expiration of the ten days mentioned in the preceding section.

SEC. 5. All the expenses resulting from locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said City and County of San Francisco, shall be paid out of the moneys derived from the assessments upon the property benefited by such locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said City and County; and the City and County of San Francisco shall not be liable for any expense caused by the same.

SEC. 6. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XIII.

1863, 601.

An Act to establish and define the powers and duties of the Board of Education of the City and County of San Francisco, and to repeal former Acts regulating the same, and to confer further powers upon the Auditor and Treasurer of said City and County.

[Approved April 27, 1863.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

OF THE ORGANIZATION OF THE BOARD.

SECTION 1. The Board of Education of the City and County of San Francisco shall consist of the School Directors elected for the several election districts of said City and County.⁶⁴ The said Board shall organize annually, on the first Tuesday in July,⁶⁵ by electing a President from among its members, and shall hold meetings monthly thereafter, and at such other times as the Board may determine. A majority of all the members elect shall constitute a quorum to transact business, but a smaller number may adjourn from time to time. The Board may determine the rules of its proceedings. Its sessions shall be public, and its records shall be open to public inspection.

OF THE POWERS AND DUTIES OF THE BOARD.

SEC. 2. [*Amended, March 12, 1864; 1863-4, 162.*] The Board of Education, shall have sole power:

*First.*⁶⁶ * * * * * To establish School Districts, and to fix and alter the boundaries thereof.

Second. To establish Experimental and Normal Schools, either separately or in connection with the State Normal School.

Third. * * * * *

And to employ and pay such mechanics and laborers as may be necessary to carry into effect the powers and duties of the Board; and to withhold, for good and sufficient cause, the whole or any part of the salary or wages of any person or persons employed as aforesaid.

⁶⁴ Elected from the City and County at large without reference to their residence; sec. 19, Act of April, 1, 1872; Supplement LXIV, *post*; which see in connection with this Act generally.

⁶⁵ First Monday in December? See Supplement XXIX, secs. 4 and 5.

⁶⁶ Portions omitted are re-enacted or superseded. See Acts of April 1, 1872; Supplement LXIV; and April 3, 1876; Supplement XC.

Fourth. * * * * *

Fifth. To provide for the School Department of said City and County, fuel, lights, water, blanks, blank books, books, printing, stationery, and such other articles, materials, or supplies as may be necessary and appropriate for use in the schools or in the office of the Superintendent, and to incur incidental expenses not exceeding twenty-five hundred dollars per annum.

Sixth. To build, alter, repair, rent and provide school houses, and furnish them with proper school furniture, apparatus, and school appliances, and to insure any and all school property.

Seventh. * * * * *

Eighth. To receive, purchase, lease, and hold in fee, in trust for the City and County of San Francisco, any and all real estate, and to hold in trust any personal property that may have been acquired, or may hereafter be acquired, for the use and benefit of the public schools of said City and County; *provided*, the lots to be purchased under the provisions of this section do not exceed ten in number; and all conveyances heretofore made to the said Board of Education are hereby legalized and declared valid, and the property therein conveyed vested in said Board in trust as aforesaid.

Ninth. [Authorizes sale of certain lots. Repealed by Sec. 3, Act March 30, 1868; 1867-8, 558; Supplement XXXIX.]⁶⁷

Tenth. To grade, fence, and improve school lots, and in front thereof to grade, sewer, plank or pave, and repair streets, and to construct and repair sidewalks.

Eleventh. To sue for any and all lots, lands and property belonging to or claimed by the said School Department, and to prosecute and defend all actions, at law or in equity, necessary to recover and maintain the full enjoyment and possession of said lots, lands and property, and to employ and pay counsel in such cases; *provided*, the amount of fees paid to such counsel shall not exceed one thousand dollars in any one year; and further to do any and all lawful acts necessary thereto.

Twelfth. * * * * *

Thirteenth. To establish regulations for the just and equal disbursement of all moneys belonging to the Public School Fund.

Fourteenth. * * * * *

Fifteenth. To discharge all legal incumbrances now existing upon any school property.

Sixteenth and Seventeenth. * * * * *

⁶⁷ Sec. 7 of "An Act to provide Funds for the School Department of San Francisco," approved March 17, 1866; 1865-6, 302; provides as follows: "In case any school lots are hereafter sold in said City and County, at least one-half of the proceeds of such sale shall be reserved and set apart for the redemption of bonds issued under this Act and former Acts, until all such bonds, now outstanding or hereafter issued for school purposes are paid, or sufficient money received and set apart for their final redemption and payment."

Eighteenth. And, generally, to do and perform such other acts as may be necessary and proper to carry into force and effect the powers conferred on said Board.

GENERAL PROVISIONS.

SEC. 3. The President of the Board of Education shall have power to administer oaths and affirmations concerning any demand upon the treasury payable out of the School Fund, or other matters relating to his official duties.

SEC. 4. At the last regular session of the Board, in September, December, March and June, of each year, before proceeding to other business, each Director shall be called on to report the condition of the school or schools in his district, and the circumstances and wants of the inhabitants thereof, in respect to education, and to suggest any defect he may have noted and improvement he would recommend in the school regulations. The reports to be made in December and June shall be in writing.

SEC. 5. Before giving out any contract or incurring any liability to mechanics or laborers, or for expenditures authorized by section two, subdivisions three, five, and six, respectively, to any amount exceeding two hundred dollars, the Board of Education shall cause notice to be published for five days, inviting sealed proposals for the object contemplated. All proposals offered shall be delivered to the Superintendent of Public Schools, and said Board shall, in open session, open, examine, and publicly declare the same, and award the contract to the lowest responsible bidder; *provided*, said Board may reject any and all bids, should they deem it for the public good, and also, the bid of any party who may have proved delinquent or unfaithful in any former contract with said City and County or said Board, and cause a republication of the notice for proposals as above specified. [*Amended, March 12, 1864; 1863-4, 162.*]

SEC. 6. No School Director or Superintendent shall be interested in any contract pertaining in any manner to the School Department of said City and County. All contracts in violation of this section are declared void, and any Director or Superintendent violating or aiding in the violation of the provisions of this section shall be deemed guilty of a misdemeanor.

SECS. 7 and 8. [*Examination of teachers and granting of certificates. Superseded, Secs. 1787 to 1794, inclusive, of the Political Code.*]

OF THE SUPERINTENDENT.

SEC. 9. The Superintendent of Public Schools of the City and County of San Francisco is hereby declared and constituted *ex-officio* a member of the Board of Education, without the right to vote.

SEC. 10. The said Superintendent is hereby authorized to appoint a Clerk, subject to the approval of the Board of Education, who shall act as Secretary of the Board, and who shall be paid a salary, to be fixed by the said Board, not to exceed the sum of *two hundred* dollars per month. [*Amended, sec. 2,*

note 68, below.] The said Clerk shall be subject to removal at the pleasure of the Superintendent, and shall perform such duties as may be required of him by the Board or the Superintendent.⁶⁸

SEC. 11. The Superintendent shall report to the Board of Education annually, on or before the twentieth day of June, and at such other times as they require, all matters pertaining to the expenditures, income, and condition and progress of the Public Schools of said City and County, during the preceding year, with such recommendations as he may deem proper.

SEC. 12. It shall be the duty of the Superintendent * * * to observe, and cause to be observed, such general rules for the regulation, government and instruction of the schools, not inconsistent with the laws of the State, as may be established by the Board of Education; to attend the sessions of the Board, and inform them at each session of the condition of the Public Schools, School Houses, School Funds, and other matters connected therewith, and to recommend such measures as he may deem necessary for the advancement of education in the City and County. He shall acquaint himself with all the laws, rules and regulations governing the Public Schools in the said City and County, and the judicial decisions thereon, and give advice on subjects connected with the Public Schools, gratuitously, to officers, teachers, pupils and their parents and guardians.

SEC. 13. Any vacancy in the office of School Director shall be filled by appointment by the Superintendent, by and with the consent of a majority of the School Directors then in office; and such appointees shall hold office, respectively, until the municipal election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid, unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred.⁶⁹

SEC. 14. In case of a vacancy in the office of Superintendent, the Board of Education may appoint a person to fill the vacancy until the regular election then next following, when the office shall be filled by election of the people.

⁶⁸ "An Act to establish and define the Powers and Duties of the Secretary of the Board of Education of the City and County of San Francisco," approved April 2, 1870; 1869-70, 670; provides:

Section 1. The Secretary of the Board of Education of said City and County of San Francisco shall have power to administer oaths and affirmations concerning any demand upon the treasury payable out of the School Fund, or other matters brought before the School Department for investigation.

Sec. 2. The said Secretary shall be paid a salary, to be fixed by the Board of Education, not to exceed the sum of two hundred dollars per month, in lieu of any salary now paid, payable in the same manner and out of the same fund as the Superintendent of Common Schools for the City and County of San Francisco is paid.

Sec. 3. This Act shall take effect immediately.

⁶⁹ See Sec. 19, Act of April 1, 1872; Supplement LXIV, *post*.

OF THE SCHOOL FUND.

SEC. 15. The School Fund of the City and County of San Francisco shall consist of all moneys received from the State School Fund; of all moneys arising from taxes which shall be levied annually by the Board of Supervisors of said City and County for school purposes; of all moneys arising from the sale, rent or exchange of any school property; and of such other moneys as may, from any source whatever, be paid into said School Fund; which fund shall be kept separate and distinct from all other moneys, and shall only be used for school purposes under the provisions of this Act, and for the payment of the interest and redemption of the principal of the school bonds, according to law. No fees or commissions shall be allowed or paid for assessing, collecting, keeping or disbursing any school moneys; and if, at the end of any fiscal year, any surplus remains in the School Fund, such surplus money shall be carried forward to the School Fund of the next fiscal year, and shall not be, for any purpose whatever, diverted or withdrawn from said fund, except under the provisions of this Act.

SEC. 16. The said School Fund shall be used and applied by said Board of Education for the following purposes, to wit:

First. For the payment of the salaries or wages of teachers, janitors, school census marshals, and other persons who may be employed by the said Board.

Second. For the erection, alteration, repair, rent, and furnishing of school-houses.

Third. For the expenses of Model and Normal Schools.

Fourth. For the purchase-money or rent of any real or personal property purchased or leased by said Board.

Fifth. For the insurance of all school property.

Sixth. For the payment of interest due on school bonds, and for the redemption of the same.

Seventh. For the discharge of all legal incumbrances now existing on any school property.

Eighth. For lighting school-rooms and the office and rooms of the Superintendent and the Board of Education.

Ninth. For supplying the schools with fuel, water, apparatus, blanks, blank books, and necessary school appliances, together with books for indigent children.

Tenth. For supplying books, printing, and stationery for the use of the Superintendent and Board of Education, and for the incidental expenses of the Board and Department.

Eleventh. * * * * *

Twelfth. For grading, fencing, and improving school lots, and for grading, sewerage, planking or paving, and repairing streets, and constructing and repairing sidewalks, in front thereof.

SEC. 17. All claims payable out of the School Fund (excepting the coupons

for interest and the School Bonds) shall be filed with the Secretary of the Board, and after they shall have been approved by a majority of all the members elect of the Board, upon a call of yeas and nays (which shall be recorded), they shall be signed by the President of the Board and the Superintendent of Public Schools, and be sent to the City and County Auditor. Every demand shall have indorsed upon it a certificate of its approval by the Board, showing the date thereof and the law authorizing the same by title, date, and section. All demands for teachers' salaries shall be payable monthly.

SEC. 18. Demands on the School Fund may be audited and approved in the usual manner, although there shall not at the time be money in the treasury for the payment of the same; *provided*, that no demand on said fund shall be paid out of, or become a charge against, the School Fund of any subsequent fiscal year; and *further provided*, that the entire expenditures of the said School Department for all purposes shall not in any fiscal year exceed the revenues thereof for the same year.

SEC. 19. The City and County Auditor shall state, by indorsement upon every claim or demand audited on the School Fund, the particular money or fund out of which the same is payable, and that it is payable from no other source.

SEC. 20. Audited bills of the current fiscal year, for wages or salaries of the teachers in the Public Schools, shall be receivable for school taxes due upon real estate.

SEC. 21. All demands authorized by this Act shall be audited and approved in the usual manner, and the Auditor and Treasurer of said City and County are respectively authorized and required to audit and pay the same when so ordered paid and approved by the said Board; *provided*, that the said Board shall not have power to contract any debt or liability in any form whatsoever against the said City and County in contravention of this Act.

SEC. 22. The teachers in the Industrial School in said City and County shall be exempt from the provisions of this Act.

SEC. 23. This Act shall take effect and be in force from and after its passage; and all laws and parts of laws, so far as they are inconsistent with or a repetition of the provisions of this Act, are hereby repealed.

Section 1, of the Act of Feb. 27, 1874; 1873-4, 177; provides that "certificates entitling teachers in special branches to teach in the public schools may be issued by the City Board of Examination, without requiring applicants to pass examinations in other branches."

SUPPLEMENT XIV.

1863, 730.

An Act to authorize the Board of Supervisors of the City and County of San Francisco to grant the right to lay down Gas Pipes in the Streets of said City and County, subject to certain restrictions and requirements.

[Approved April 27, 1863.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to grant the right to lay down gas pipes in and through the streets of the City and County of San Francisco, and through said pipes to supply gas for the use of said City and County and the inhabitants thereof, for the term of fifty years, subject to the provisions of this Act.

SEC. 2. In consideration of the rights thus granted by said Board to any grantees, said grantees, their associates or assigns, within ten months, shall commence and prosecute the work in good faith, and within two years from the date of the grant thus made shall have erected the necessary buildings and apparatus for the manufacture of at least fifty thousand cubic feet of gas in each twenty-four hours, and shall have laid down at least two miles of main gas pipe through the public streets of the City and County of San Francisco, and supply gas through the same; within four years from the date of the grant thus made, the said grantees, and their associates and assigns, shall have laid down three additional miles of street main pipes, and shall at all times thereafter during the continuance of the franchise privileges thus granted, supply gas through the same for the use of the City and County of San Francisco and their inhabitants; *provided*, that said grantees shall not charge more than five dollars for each one thousand cubic feet of gas.

SEC. 3. Said streets or ways in which said pipes may be laid shall be placed in the same good order and condition as they were at the time of being disturbed, at the cost of said grantees, associates or assigns, subject to the approval of the Superintendent of Streets and Highways, and to his satisfaction.

SEC. 4. If, under the privileges granted by authority of this Act, any injury shall be done to any water pipes, gas pipes, sewers, or drains, belonging to other parties, the amount of said injury, including losses of water or

gas, shall be assessed by the Superintendent of Public Streets and Highways, and paid by the parties causing such injury, their associates and assigns; and the assessment of said Superintendent of Streets and Highways shall be final and conclusive as to the amount of damages to be paid.

SEC. 5. Under the provisions of this Act, such grantees and their associates and assigns shall not erect any work or apparatus for the manufacture of gas within the district bounded on the north by Francisco street, on the west by Larkin and Ninth streets, and on the south by Brannan street; *provided*, that nothing in this Act shall authorize the grantees herein named, or their associates or assigns, to build or maintain any works or erections which shall be a nuisance.

SEC. 6. For the faithful performance of the terms of any such grant, on the part of the grantees, their associates and assigns, they shall execute, within twenty days from the date of such grant, a bond to the Treasurer of the City and County of San Francisco, in the sum of thirty thousand dollars, with two or more sureties, to be approved by the County Judge of said City and County, and shall file the same in the office of said Treasurer, and upon the forfeiture of said bonds, it shall be the duty of the Attorney of said City and County to bring an action for the amount thereof, and upon recovery to have the amount of said bond, with costs of suit, paid into the treasury of said City and County; and in case said bond shall not be executed, approved and filed, as provided in this Act, or in case of the non-performance of any of the terms and conditions of this Act, or of any grant made under this Act, by such grantees, and their associates or assigns, required to be performed, their franchises thus granted shall utterly cease and determine; *provided*, that no franchise or privilege shall be claimed or held under any grant made by authority of this Act, unless entirely new buildings and furnaces for the manufacture of gas shall be erected, and new main gas pipes for the conveyance of the gas shall be laid down, wholly unconnected with any gas building now standing, or gas pipes which are now or may be hereafter laid down by any other gas company, and unless said building and main pipes be kept and maintained entirely unconnected with any gas building heretofore erected, or main gas pipes laid down heretofore, or which may be hereafter erected or laid down by any other gas company; and, *provided*, that any violation or infringement of the provisions of this proviso shall work a forfeiture of all rights, franchises and immunities herein granted, and such franchises, rights and immunities shall, *ipso facto*, cease and determine, all the said property and rights shall vest in the City, and it shall be and is hereby made the duty of the City and County of San Francisco to commence and prosecute proceedings for the enforcement thereof.

SUPPLEMENT XV.

1863, 765.

*An Act to provide for the Appointment of a Weigher of Coal in
and for the City and County of San Francisco, California.*

[Approved April 27, 1863.]

*The People of the State of California, represented in Senate and Assembly, do
enact as follows:*

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to appoint a Weigher of Coal in and for the City and County of San Francisco, who shall reside in said place, and continue in office for the term of two years from the date of his appointment, and until his successor is appointed and qualified.

SEC. 2. Said Weigher, before entering upon the duties of his office, shall take and subscribe the oath of office, and give bonds, in the sum of ten thousand dollars, for the faithful discharge of his duties, which oath shall be administered by the County Judge, and said bond acknowledged before him and approved, or before some other competent officer, the oath and bond to be filed in the office of the Auditor of said City and County.

SEC. 3. When requested to do so by any person interested in knowing the weight of any coal, it shall be the duty of said Weigher to weigh all coal brought to his scales to be weighed; and, unless some other price be agreed upon by said Weigher and the person or persons making such request, he may charge and collect ten cents per ton for such service.

SEC. 4. Said Weigher shall have and maintain, at suitable places, such number of scales as he may deem necessary; but this Act shall not be so construed as to enable said Weigher to create any liability against said City and County.

SEC. 5. This Act shall take effect from and after its passage.

SUPPLEMENT XVI.

1863-4, 30.

*An Act to prescribe the Jurisdiction of the Police Judge's Court of the City and County of San Francisco.*⁷⁰

[Approved January 27, 1864.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Police Judge's Court of the City and County of San Francisco shall have jurisdiction:

First. Of an action or proceeding for the violation of any ordinance of the City and County of San Francisco.

Second. Of proceedings respecting vagrants and disorderly persons.

SEC. 2. The said court shall have jurisdiction of the following public offenses, committed in the said City and County:

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. No person shall board or attempt to board any vessel arriving in the harbor of the City and County of San Francisco, before said vessel has

been made fast to the wharf, without obtaining leave from the Master or person having charge of said vessel, or permission, in writing, from the owner or owners, or the agent thereof, or having boarded said vessel, shall refuse or neglect to leave the same upon request of the Master or other person in charge thereof, under the penalty prescribed in the next succeeding section of this Act.⁷³

SEC. 2. Any person violating section one of this Act shall be deemed guilty of a misdemeanor, and upon conviction thereof before the Police Judge's Court of said City and County, shall be punished for each offence by a fine not exceeding one hundred dollars, or imprisonment in the County Jail of the City and County of San Francisco for a term not exceeding fifty days, or both, in the discretion of the Judge of the said Police Judge's Court, which Court shall have jurisdiction in such cases.

SEC. 3. The provisions of the last two foregoing sections shall not apply to any Pilot or public officer visiting a vessel in discharge of his duty.

SEC. 4. No person shall entice or persuade nor attempt to entice or persuade any member of the crew of any vessel arriving in said harbor, or of any vessel in said harbor, to leave or desert said vessel before the expiration of his term of service in such vessel. Any person guilty of so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to the penalty prescribed in section two of this Act.

SEC. 5. No person shall knowingly and willfully persuade or aid any person who shall have shipped on any vessel for a voyage from said port, and received any advance wages therefor, to desert or willfully neglect to proceed on such voyage. Any person guilty of so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof before the Police Judge's Court of said City and County shall be punished for each offence by a fine not exceeding one hundred dollars, or imprisonment in the County Jail of the City and County of San Francisco for a term not exceeding fifty days, or both, in the discretion of the Judge of said Police Judge's Court, which Court shall have jurisdiction in such cases.

SEC. 6. Any person offending against any provision of this Act may be arrested, with or without warrant, as provided in other cases of misdemeanor, by any officer qualified to serve criminal process in the said City and County of

⁷³ By Sec. 2459 of the Political Code, every pilot in charge of a vessel arriving in the port or harbor of San Francisco * * must prevent all persons (except officers of the State or Federal Governments, owners or consignees of the vessel or cargo, and persons admitted on the express order of the Master) from boarding such vessel until she has been safely moored. To enforce the provisions of this section, and other police regulations for the harbor, every pilot in charge of a vessel entering the harbor of San Francisco is authorized and empowered to arrest every one who, in opposition to the Master's orders, persists in boarding such vessel, or who, having boarded her, refuses to leave on the command of such master or pilot; when so arrested, he must be immediately brought before the Police Judge's Court, or admitted to bail, as provided in the Penal Code.

San Francisco; *provided*, the person so arrested shall be forthwith brought before said Police Judge's Court or admitted to bail, as in other cases of misdemeanor committed in said City and County of San Francisco.

SEC. 7. The word "Harbor," as used in this Act, shall be held to mean and include all the waters of the Bay of San Francisco within the limits of the said City and County of San Francisco; and the word "vessel," as used in this Act, shall be held to mean and include all vessels propelled by steam or sails plying or bound on a voyage between the said port of San Francisco and any other port in this State, or in other State of the United States, or in any foreign country.

SEC. 8. The Board of Supervisors of said City and County of San Francisco shall cause this Act to be printed in cheap pamphlet form, and it shall be the duty of each and every Branch Pilot of the port of San Francisco to obtain from the Clerk of the Board of Supervisors of said City and County a reasonable supply of said pamphlets, and to deliver one copy of the same to the Master or person in charge of each and every vessel boarded by him as a Pilot, whether the said Pilot is employed to bring such vessel into said port or not.

SEC. 9. Any Branch Pilot refusing or neglecting to perform the requirements set forth in the last preceding section shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof before the Police Judge's Court of said City and County be fined in the sum of ten dollars, or be imprisoned in the County Jail for the term of twenty-five days, or both, in the discretion of the Judge of said Police Judge's Court, which said Court is hereby given jurisdiction in such cases.

SUPPLEMENT XIX.

1863-4, 474.

An Act to authorize the Sheriff of San Francisco County to appoint a Matron for the County Jail, and other matters relating thereto.

[Approved April 4, 1864.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Sheriff of the County of San Francisco is hereby authorized and empowered to appoint a Matron and Assistant Matron for the County Jail of said County, who shall have charge of the Female Department of said Jail, under such regulations as said Sheriff may deem requisite, not inconsistent with the laws of this State regulating the management of said Jail. Said Matron and Assistant Matron so appointed, before entering upon their duties, shall give the same bonds and be subject to the same penalties as are

required of Deputy Sheriffs or Jail Keepers, conditioned for the faithful performance of their duties as required by law.

SEC. 2. The Board of Supervisors of the City and County of San Francisco, if they deem such Matrons necessary for the public good, shall order paid out of the General Fund of the City and County of San Francisco, as compensation for the services of said Matron and Assistant Matron, a sum not exceeding one hundred dollars per month, to be divided between such Matron and Assistant as said Board of Supervisors may direct, which shall be in full for such services.

SEC. 3. This Act shall take effect and be in force from and after its passage.

SEC. 2. The Auditor of said City and County is hereby directed and empowered to audit and allow as aforesaid, and the Treasurer thereof to pay as aforesaid, all sums of money that may be allowed or ordered to be paid under the provisions hereof.

SEC. 3. The amounts which by this Act are authorized to be paid, shall be the only amounts to be paid for the respective purposes for which they are authorized to be paid under the provisions hereof, except when otherwise expressly provided in this Act, and excepting an allowance of two thousand dollars per annum heretofore provided by law for inclosing, improving and regulating all public grounds in said City and County. And said Board of Supervisors is hereby authorized and empowered to direct and have executed the work, building, services and improvements hereinbefore mentioned and provided to be paid for.

SEC. 4. All Acts and parts of Acts inconsistent herewith are hereby repealed.

SEC. 5. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXI.

1865-6, 1.

An Act respecting the Police Court of the City and County of San Francisco.

[Approved December 9, 1865.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Any Justice of the Peace of the City and County of San Francisco, who may be designated in writing by the Mayor or President of the Board of Supervisors for the purpose, shall have power to preside in and hold the Police Judge's Court of said City and County, in case of the temporary absence of the Police Judge, or his inability to act from any cause; and during such temporary absence or disability, the Justice so designated shall act as Police Judge, and shall have and exercise all the powers, jurisdiction,

and authority which are or may be by law conferred upon said Court or Judge.

SEC. 2. In case of a vacancy in the office of Police Judge, the Board of Supervisors of said City and County shall have power to appoint some suitable person, who is a resident and legal voter thereof, to fill the vacancy, who shall take the constitutional oath of office and enter upon his duties immediately. The person so appointed shall hold office until a Police Judge shall be elected at the next judicial election, and qualified according to law.

SEC. 3. All laws, so far as they conflict with the provisions of this Act, are hereby repealed.

SEC. 4. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXII.

1865-6, 79.

An Act to provide for the Prevention of Conflagrations and the Protection of Property saved from Fire in the City and County of San Francisco.

[Approved February 14, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. It shall be lawful for the association known as the Board of Fire Underwriters, in the City and County of San Francisco, to nominate, and, with the approval of the Board of Police Commissioners, to appoint, a public officer to be known as the Fire Marshal, who shall hold his office during the pleasure of the said Board of Fire Underwriters. Before entering upon the duties of his office, he shall take and subscribe the oath of office before the County Judge, and execute a bond to the State of California in the sum of five thousand dollars, conditional for the faithful discharge of his duties, with two sureties, to be approved by the County Judge; and his salary shall be fixed from time to time and paid by said Board of Underwriters. Any person aggrieved by any misconduct of said officer or of his deputy, hereinafter provided for, may bring an action in his own name on such official bond to recover any damages sustained by him. Said bond shall be deposited with the County Clerk of said City and County, subject to the order of the County Judge. And in case of the sickness, absence, or inability of the said Fire Marshal, the said Fire Marshal, with the consent of said Board of Underwriters and Police Commissioners, is hereby authorized and empowered to appoint any competent person to act for and in his stead during such sickness, absence, or inability; and such person so appointed shall have

all the powers and authority conferred by this Act upon said Fire Marshal. [*Amended, March 24, 1868; 1867-8, 280.*]

SEC. 2. It shall be the duty of said officer to attend at all fires that may occur in said City and County, with a badge of office conspicuously displayed, upon which his official title shall be legibly printed; and he shall take charge of and protect all property of every kind and description, during such fires, which may be imperiled thereby, and safely keep the same in his possession, or under his control, until satisfactory proof of ownership be made thereto, and shall, as far as practicable, prevent property from being injured at such fire, and regulate and direct, when in his opinion it is necessary or expedient, the removal of goods, merchandise, and other property, to a place of safety. He shall and is hereby authorized and empowered to exercise the functions of a peace officer of said City and County. Any person or persons who shall willfully hinder or obstruct said officer in the lawful discharge or performance of any of the duties of his office, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by imprisonment in the County Jail for not more than three months, or by a fine not exceeding five hundred dollars; *provided, however*, that nothing herein contained shall be so construed as to authorize said Fire Marshal to interfere in any manner with the proper discharge of the lawful duties and authority of the Chief and Assistant Engineers of the Fire Department of said City and County.

SEC. 3. It shall be the duty of the Fire Marshal to institute investigations into the causes of such fires as occur in said City and County, and for this purpose he shall have power to issue subpoenas and administer oaths, and compel the attendance of witnesses before him, by attachment or otherwise. All subpoenas issued by him shall be in such form as he may prescribe, and shall be directed to and served by any police officer or by any peace officer of said City and County. Any witness who refuses to attend or testify, in obedience to such subpoena, shall be deemed guilty of contempt, and be punishable by him, as in cases of contempt in Justices' Courts in civil cases; *provided*, that said officer shall not have jurisdiction to try any person charged with commission of a crime for the purpose of inflicting punishment therefor, but shall make a written report of the testimony to the District Attorney or Assistant District Attorney, and institute criminal prosecutions in all cases in which there appears to him to be reasonable and probable cause for believing that a fire has been caused by design.

SEC. 4. It shall be the duty of said Fire Marshal to aid in the enforcement of the fire ordinances of said City and County, and for this purpose he is duly authorized to visit and examine all buildings in process of erection or undergoing repairs, and to institute prosecution for all violations of the ordinances of said City and County which relate to the erection, alterations, or repairs of buildings, and the prevention of fires. He shall exercise such additional powers as may be conferred upon him by the ordinances of said City and County, to enable him fully to carry out the object and purposes of this Act and the prevention of fires.

SEC. 5. Any person who saves from fire, or from a building endangered by fire, any property, and who willfully neglects for two days to give notice to the Fire Marshal, or to the owner of such property, of his possession thereof, shall be deemed guilty of grand or petit larceny, as the case may be, according to the value of said property; and any person who shall be guilty of false swearing in any investigation under this Act, shall be deemed guilty of perjury, and upon conviction thereof shall be punished therefor as in other cases of perjury.

SEC. 6. No person shall be entitled to any property in the hands of the Fire Marshal, saved from fire, until satisfactory proof of ownership be made, and until the actual expenses incurred by said officer for the preservation and keeping of the same shall be paid to him by the owner or claimant of said property; and in case of dispute as to the amount of such expenses, said dispute to be determined by the Police Judge of said City and County.

SEC. 7. It shall be lawful for said Board of Underwriters at any time to remove said Fire Marshal, and to fill any vacancy in said office caused by such removal, or by resignation, death, or absence from the city, in the same manner as provided in section first of this Act.

SEC. 8. The said Fire Marshal is hereby authorized and empowered to appoint one or more persons during the time of fire for the purpose of saving and protecting property at said fire, and until it shall be delivered to the owner or claimants thereof; and the said person or persons so appointed shall have, during such period, the authority and power of a policeman of said City and County, and shall be known as the Fire Marshal's Police; and each of such persons shall wear, while in the discharge of his duty, conspicuously displayed on his person, such badge or device as said Fire Marshal shall designate.

SEC. 9. The said Fire Marshal is hereby duly authorized and empowered to hold and sell, or cause to be sold at public auction, all property in his possession saved from a fire or fires, for which no owner can be found, after advertising the same in two daily newspapers published in said City and County for the period of thirty days; *provided, however*, that [if] upon application by said Marshal to the County Judge, it shall appear that such property is perishable, said Judge may order said Marshal to make sale thereof upon such notice as in the opinion of said Judge may be reasonable. The proceeds of all such sales, together with an account thereof, after deducting all expenses, shall be by him deposited with the Treasurer of said City and County, to be held by said Treasurer subject to the claim of the owner of such property. Said Fire Marshal shall, from time to time, file with the County Clerk of said City and County, under oath, a statement and description of all property in his possession or under his control and sold by him, together with the amount of money by him deposited with the Treasurer of said City and County.

SEC. 10. The Act entitled an Act to provide for the prevention of conflagrations and the protection of property saved from fire in the City and

County of San Francisco, approved April first, eighteen hundred and sixty-four, is hereby repealed; *provided*, that any officer appointed under that Act shall be continued in office under this Act until his successor in office be appointed.

SEC. 11. This Act shall take effect from and after its passage; and all laws and parts of laws in conflict herewith are hereby repealed, so far as they conflict herewith.

SUPPLEMENT XXIII.

1865-6, 82.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved February 14, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to appropriate, allow and order paid the sums of money and to exercise the powers following:

First. To authorize the Clerk of the Board of Supervisors to appoint a Deputy or Assistant Clerk, to be approved by said Board, whose salary shall be fixed by the said Board⁷⁹ * * * payable out of the General Fund; said Deputy, when required by the Board, to act as Sergeant-at-Arms at its meetings, without additional compensation therefor.⁸⁰

Second. [Repealed by Act of April 1, 1872; 1871-2, 901; Supplement LXVI, post.]

Third. To * * * appoint a competent person to repair and keep in order said fire alarm and police telegraph, at a salary not to exceed one hundred dollars per month, payable out of the General Fund.⁸¹

Fourth. To expend a sum not to exceed four thousand dollars, payable out of the General Fund, for constructing a new bridge over Mission Creek at Brannan street.

⁷⁹ Board of Supervisors authorized to pay one hundred and fifty dollars per month; sub. 12, sec. 1, Act of March 30, 1872; Supplement LX, *post*.

⁸⁰ Board of Supervisors authorized to appoint Sergeant-at-Arms, at salary of \$100 per month; sub. 7, sec. 1, Act of March 30, 1872; Supplement LX, *post*.

⁸¹ Superintendent of telegraph to appoint a repairer. Act of March 14, 1868; 1867-8, 160; Supplement XXX.

Fifth. [Repealed. Sec. 3007 Political Code, Supplement XCI.]

Sixth. [Authorizes payment of various sums heretofore allowed in excess of statutory allowances.]

Seventh. * * * * *

Eighth. All Acts and parts of Acts inconsistent herewith are hereby repealed.

SEC. 11. Any person who may have been an active fireman in the Fire Department of said City and County for three years and six months immediately preceding the time when this Act shall take effect, shall be entitled to enjoy all the privileges and immunities now enjoyed by exempt firemen in said City and County under the existing laws of this State. Any such person shall, upon application and proper proof of such service, receive a certificate to that effect, from the person or persons now issuing such certificates, and

in the same form as exempt firemen in said City and County are now entitled to receive such certificate.

SEC. 12. This Act shall take effect immediately, so that the Paid Fire Department herein provided for and established may be fully organized prior to the first Monday of December next. * * * [Remainder of section consists of repealing clause, and certain provisions now obsolete.] [Amended, April 2, 1866; 1865-6, 866.]

SEC. 13. [Repealed, Act April 2, 1866; 1865-6, 866, sec. 4.]

[The following are the remaining sections of the Act of April 1, 1872; 1871-2, 855; which, being supplemental, are not incorporated in the foregoing Act.]

SEC. 6. The Board of Supervisors of said City and County is hereby authorized and empowered to establish and maintain at the Corporation Yard a workshop, for making repairs and improvements upon the apparatus of the Fire Department, such workshop and such repairs and improvements to be under the supervision of the Superintendent of Steam Fire Engines and his assistant; and said Board of Supervisors shall allow and order paid out of the amount herein appropriated for repairs and apparatus, and other expenses of said department, all the expenses of such workshop, repairs, and improvements; *provided*, that the Board of Supervisors shall have full power to limit the expenditures under this section to such an amount as they in their discretion think necessary.

SEC. 7. All Acts and parts of Acts in conflict with this Act are hereby repealed.

SEC. 8. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXV.

1865-6, 214.

An Act to establish and maintain an Almshouse and Hospital in the City and County of San Francisco.

• [Approved March 10, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to establish and maintain an Almshouse and Hospital, and for that purpose to set apart and appropriate land belonging to said City and County, or to purchase land, not exceeding eighty acres, as said Board may deem necessary in said City and County, and

erect thereon one or more buildings, suitable for almshouse and hospital purposes, and they may from time to time add to and enlarge such buildings as necessity may require.

SEC. 2. For the purpose of procuring or purchasing and improving land, and erecting buildings thereon, as provided in the preceding section, said Supervisors are hereby authorized to appropriate and order paid so much as may be necessary of the appropriation now authorized by law to be expended for purchasing land, or erecting or enlarging buildings for hospital purposes, or for both; also, to expend, in addition thereto, a sum not to exceed twenty thousand dollars for furnishing the same.

SEC. 3. Said Board of Supervisors may by ordinance make such rules and regulations, not inconsistent with the provisions of this Act, for the government and management of said Almshouse, and for the admission, discharge and employment of the inmates thereof, as to them shall seem proper. [*Amended, March 28, 1868; 1867-8, 427.*]

SEC. 4. Said Board shall also have power to appoint for duty at the Almshouse a Superintendent, Matron, Resident Physician, and such assistants and employees as they may from time to time deem necessary;⁸³ *provided*, they shall not at any time pay more than the following sums as salary to the various employees:

To the Superintendent, one hundred and fifty dollars per month.

To the Matron, fifty dollars per month.

To the Resident Physician, one hundred and twenty-five dollars per month.

To the Cook, sixty dollars per month.

To the Chief Farmer, fifty dollars per month.

To the principal Teamster, fifty dollars per month.

And to each and every other employee, not to exceed thirty dollars per month each, except nurses, when necessary, may be employed at a salary not to exceed fifty dollars per month. [*Amended, March 28, 1868; 1867-8, 427.*]

SEC. 5. [*Expenditures for persons in Almshouse and Hospital.*⁸⁴]

SEC. 6. Contracts for the support of the inmates of said Almshouse and Hospital shall be given out in the manner now prescribed by law for the support of the inmates of the City and County Hospital.

SEC. 7. The Mayor of said City and County, the Resident Physician of said Almshouse and Hospital, and the Chairman of the Hospital Committee, respectively, and they alone, shall have power to admit inmates to said Almshouse and Hospital, under such restrictions as are provided in section three of this Act.

⁸³ Appointing power vested in Board of Health by sec. 3009, Political Code, as amended March 23, 1874; Supplement XCI, *post*. As to salaries, see sec. 3010, same Supplement. See also Act of March 30, 1874, Supplement XCII.

⁸⁴ By sub. 18, sec. 1, Act of March 30, 1872; Supplement LX, *post*; this expenditure is increased to \$12,000.

SEC. 8. The Mayor, when authorized by the Board of Supervisors, shall have power to sell the buildings and land now occupied for hospital purposes, and to that end is hereby authorized to execute, sign, seal and deliver good and sufficient deed or deeds therefor, to such person or persons and for such sum or sums as said Board may prescribe; and he shall pay the proceeds of such sale or sales into the City and County Treasury to the credit of the General Fund.⁸⁵

SEC. 9. The Auditor of said City and County is hereby directed to audit and the Treasurer thereof to pay out of the General Fund such sums as the Supervisors may allow and order paid under the provisions of this Act.

SEC. 10. This Act shall take effect immediately.

SUPPLEMENT XXVI.

1865-6, 423.

An Act to organize and regulate the Justices' Court in the City and County of San Francisco.

[Approved March 26, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. There shall be, in and for the City and County of San Francisco, one Justices' Court, which shall have the powers and jurisdiction now prescribed and conferred by law upon Justices of the Peace and Justices' Courts in said City and County. All actions, suits, and proceedings whereof Justices of the Peace and Justices' Courts in said City and County have jurisdiction shall be commenced, entitled, and prosecuted in said Court. The said Court shall be always open, non-judicial days excepted, and causes therein may be tried before the presiding Justice, before any one of the Justices before whom the original process may be made returnable or to whom the cause may be assigned or transferred for trial, or before any three Justices of the Peace constituting the Court in bank as hereinafter provided; but the Court in bank shall have exclusive power to hear and determine all applications for new trials. In case of sickness or other disability or necessary absence of a Justice of the Peace (on the return of a summons or at the time appointed for trial) to whom a cause has been assigned, the presiding Justice shall re-assign the cause to some other Justice, who shall proceed with the trial and disposi-

tion of said cause in the same manner as if originally assigned to him. For the organization of said Court, Justices of the Peace and a Justices' Clerk shall be respectively elected and appointed, and the Sheriff of the City and County of San Francisco ex-officio shall be an officer of said Court as herein-after provided. [*Amended, March 30, 1872; 1871-2, 758.*]

SEC. 2. There shall be, for the City and County of San Francisco, five Justices of the Peace, to be elected by the City and County at large, at the time, in the manner, and for the term as now prescribed by law for the election of such Justices.

SEC. 3. The Board of Supervisors shall biennially appoint one of the Justices of the Peace to be presiding Justice, who, as such, shall hold office for two years and until his successor shall in the same manner be appointed, and any one of the other Justices may attend, preside, and act as presiding Justice during the temporary absence or disability of the Justice so appointed. The Board of Supervisors shall also appoint a Justices' Clerk, on the written nomination and recommendation of said Justices, or a majority of them, who shall hold office for two years, and until his successor is appointed and qualified. The Clerk shall take the constitutional oath of office, and give bond with at least two sufficient sureties, to be approved in the same manner as the official bond of other officers of the City and County of San Francisco, in the sum of ten thousand dollars, payable to the City and County of San Francisco, conditioned for the faithful discharge of the duties of his office, and well and truly to account for and pay into the Treasury of said City and County, as required by law, all moneys by him collected or received and by law designated for that use. A new or additional bond may be required by the Mayor, Auditor, and County Judge, or any two of them, whenever they may deem it necessary, and on failure to furnish such new and additional bond within three days after it shall be required, the office shall become vacant. The Justices' Clerk shall have authority to administer oaths and take and certify affidavits in any action, suit, or proceeding in said Justices' Court, and to appoint a Deputy Clerk, for whose acts he shall be responsible on his official bond, the said Deputy Clerk to hold office during the pleasure of said Clerk. [*Amended, March 30, 1872; 1871-2, 758.*]

SEC. 4. [*Appointment of Constables. Office of Constable abolished, sec. 12, Act of February 10, 1870; 1869-70, 56.*]

SEC. 5. The Board of Supervisors shall provide in some convenient locality in said City and County, a suitable building, with rooms for the Clerk's office, Court room, and separate rooms for offices or chambers for each of the Justices of the Peace (the presiding Justice excepted), for the transaction of their official business, and shall also provide suitable furniture therefor; or if said Board should deem it necessary and expedient, offices or chambers for the Justices may be provided and assigned for them in different buildings and places. At the Clerk's office, the presiding Justice and Justices' Clerk shall be in attendance daily, non-judicial days excepted, from the hour of nine A. M. until five P. M., and at such other convenient hours as may be required

by urgent official business; and the other Justices aforesaid shall be in attendance at their respective offices or chambers, for the dispatch of official business, daily, from the hour of nine A. M. until five P. M. Unless otherwise ordered by the Board of Supervisors, leave of temporary absence may be granted by the Mayor to the Clerk or any of the Justices, when such absence will not materially prejudice or delay official business; but absence for more than two hours in a day, or for more than four days in one month, shall be charged with a proportionate deduction of salary.⁸⁶

SEC. 6. All legal process of every kind which the Justices of the Peace of said City and County, or any of them, are or may be authorized to issue, for the issuance or service of which any fee is or may be allowed by law, shall be issued by the said Clerk upon the order of the presiding Justice, or upon the order of one of the said Justices of the Peace, except as hereinafter provided; and the fees for issuance and service of all such process, and all other fees which now are allowed by law for any official services of Justices, Sheriff or Justices' Clerk, shall be exacted and paid in advance into the hands of said Clerk, and by him, daily or weekly, as the Board of Supervisors may require, and before his salary shall be allowed, accounted for in detail, under oath, and paid into the treasury of the City and County, as part of the Special Fee Fund; *provided*, that such payment in advance shall not be exacted from parties who, upon proving to the satisfaction of the presiding Justice, by their own affidavit or other evidence, setting forth the facts and circumstances of their demand, that they have a good cause of action, and that they are not of sufficient pecuniary ability to pay the legal fees in advance, shall be admitted by such Justice to sue either *in formâ pauperis*, or without such prepayment. [*Amended, February 10, 1870; 1869-70, 56.*]

SEC. 7. After this Act shall take effect, it shall not be lawful for any Justice of the Peace, or the Sheriff of the City and County of San Francisco, to collect or receive any fee or compensation whatever (other than the salary in this Act allowed out of the treasury) for any official services performed in the service or execution of process issued out of the Justices' Court of the City and County of San Francisco; but all fees or moneys legally chargeable for such services shall be paid into the hands of the Justices' Clerk, as aforesaid; and no judgment shall be rendered in the said Justices' Court, or in any action before said Justices, or any of them, until the fees allowed therefor, and all fees for previous services, which are destined to be paid into the treasury, shall have been paid as in this Act provided, except in case of poor persons, as provided for in the preceding section. [*Amended, February 10, 1870; 1869-70, 56.*]

⁸⁶ By Act of March 30, 1868; 1867-8, 679; it is provided that: "The Justices of the Peace of the City and County of San Francisco are authorized and empowered to appoint a Janitor for their court-rooms, at a salary not exceeding seventy-five dollars per month, and his salary shall be allowed by the Auditor of the City and County of San Francisco, and be paid in the same manner that the Justices are paid, out of the Special Fee Fund."

SEC. 8. All actions and proceedings commenced after this Act takes effect, in the City and County of San Francisco, whereof the Justices of the Peace have jurisdiction, shall be entitled "In Justices' Court of the City and County of San Francisco," and shall be commenced in said Court as hereinbefore provided, and the original process shall be returnable, and the parties required to appear before the presiding Justice at the aforesaid Justices' Court room, or before one of the other Justices of the Peace, by the presiding Justice to be designated; but all complaints, answers, and other pleadings and papers required to be filed, shall be filed, and a record of all such actions and proceedings shall be made and kept in the Clerk's office aforesaid; and the presiding Justice, and each of the other Justices, shall have power to hear, try and determine any action so commenced, and which shall be made returnable before him, and to make any necessary and proper orders therein. The presiding Justice shall also have power, in his discretion, on hearing the wishes and objections of the parties, to assign any cause returnable before him after issue joined therein, and in the cases provided for in the next section to transfer any cause returnable before any other Justice, for trial before some other Justice of the Peace, or before three Justices, who shall in such case sit together in the Justices' Court room, and constitute the Court in bank; and the presiding Justice may in like manner assign any contested motion, application, or issue in law arising in any cause returnable before him, for hearing before any other Justice, or before the Court in bank as aforesaid; and the said Court, Justice or Justices to whom any cause, motion, application, or issue shall be so as aforesaid assigned or transferred, shall have full power, jurisdiction, and authority to hear, try, and determine the same accordingly.

SEC. 9. If at the time of setting or assigning for trial any cause or matter returnable or pending before the presiding Justice, either party shall object to any one of the Justices on the ground that he is a material witness for such party, or that he cannot have a fair trial before such Justice, or on any other valid ground, the presiding Justice, in case such objection is substantiated in the manner prescribed by section five hundred and eighty-two of the Civil Practice Act, shall allow such objection, and not assign the case for trial or any matter or motion therein for hearing, before the Justice so objected to, but may assign the same to be tried or heard before some other Justice; and if at the time of joining issue in a cause returnable before any other Justice, objection shall be made to having the cause tried before such Justice, on the ground that such Justice is a material witness for either party, or on the ground of the interest, prejudice, or bias of such Justice, and such objection be substantiated in the manner aforesaid, then the Justice before whom the cause is pending shall suspend proceedings therein, and the presiding Justice, on motion and production before him of the same affidavit and proofs, shall order the transfer of the action for trial before some other Justice by him to be designated, which shall accordingly be done on the terms and in the manner prescribed in the aforesaid section of the Civil Practice Act.

SEC. 10. Cases which by the provisions of section five hundred and eighty-

one of the Civil Practice Act are required to be certified to the District Court, by reason of involving the question of title or possession of real property, or the legality of any tax, impost, assessment, toll, or municipal fine, shall be so certified by the presiding Justice and Justices' Clerk; and for that purpose, if such question shall arise on the trial while the case is pending before one of the other Justices, such Justice shall certify the same, in the manner in said section of the Civil Practice Act provided, to the presiding Justice. All transcripts of judgments to be filed in the County Clerk's office or County Recorder's office shall be given and certified from the Justices' register and be signed by the Clerk and presiding Justice.

SEC. 11. Applications for new trial shall be made to the presiding Justice; and the affidavits, motion therefor, and other papers required to be filed, shall be filed with the Justices' Clerk. The motion shall be heard and determined by the Court in bank. Appeals from judgments rendered in said Justices' Court may be taken and perfected in the manner now prescribed by law. The notice of appeal, and all papers required to be filed to perfect it, shall be filed with the Justices' Clerk. The statement on appeal shall be settled, when necessary, before the Justice who tried the cause, or before one of the Justices, if tried in bank. The sureties on appeal, when required to justify, may justify before any one of the Justices. The transcript and papers on appeal shall be made out, certified and returned to the County Court in the form prescribed by the Civil Practice Act, by the Justices' Clerk, verified also by the presiding Justice.

SEC. 12. The presiding Justice, whenever in his judgment the prompt dispatch of business shall demand it, may require the aid of one of the Justices of the Peace in the discharge either of his own duties, or those of the Justices' Clerk (the collection of fees, accounting for and paying the same into the treasury excepted), and each of the Justices when so required shall for the purpose have the same power and authority as the presiding Justice or Clerk in whose aid he shall act; and any one of the Justices, when required as aforesaid, may act as Justices' Clerk *pro tempore* during the temporary absence or disability of the said Clerk, with the same powers, duties and responsibilities.

SEC. 13. In a suitable book, strongly bound, the Justices' Clerk shall keep a permanent record of all actions, proceedings and judgments commenced, had or rendered in said Justices' Court; which book shall be a public record, and be known as the "Justices' Register," for which purpose the said Clerk shall give personal attendance, and keep minutes of all proceedings had, either before the presiding Justice or the Justices in bank; and such proceedings as may take place before the other Justices in cases returnable before them, or which may be assigned or transferred to them for trial or hearing, shall be entered in the dockets of such Justices; and minutes of proceedings shall be kept by such Justices, and be certified and returned, together with all pleadings and papers in the cause, to the presiding Justice, who shall cause the same to be filed and the proper entries to be made in the cause in the Justices' Register.

SEC. 14. The Board of Supervisors, whenever they shall deem it necessary, may, by an order duly passed and entered in the records of said Board, establish one other Justice's Court, to be held at such place in the City and County as the public convenience may require, which shall not be within one mile and a half of the Justices' Court room in this Act provided for; and the said Board shall, by a similar order, designate one of the Justices of the Peace to hold such additional Court. The Justice so designated, and in case of his temporary absence, any other Justice of the Peace, shall have power to hold the said Court, and for that purpose shall have power to issue process, make all necessary orders, and exercise all the power, authority, and jurisdiction now conferred by law upon Justices of the Peace, and shall be governed in his proceedings in all respects by the laws regulating proceedings in Justices' Courts, but shall not be entitled to receive to his own use any fees or compensation for official services other than his salary as fixed by this Act.

SEC. 15. All fees for issuance and service of process in such additional Court, and all other fees which now are or hereafter may be allowed by law for any official services of the Justice, or Sheriff or his deputy, in any cause or proceeding commenced or pending therein, shall be by said Justice exacted in advance (except in case of poor persons, provided for in section six), and be paid into his hands, and be by him, weekly or monthly, as the Board of Supervisors may require, and before his salary shall be allowed, accounted for with the City and County Auditor, in detail, under oath, and in such form as the Auditor shall prescribe, and be paid into the treasury of said City and County as part of the Special Fee Fund. [*Amended, February 10, 1870; 1869-70, 56.*]

SEC. 16. The Justices' Court organized by this Act, and the additional Justice's Court which may be established by the Board of Supervisors under authority thereof, and the Justices of the Peace aforesaid, shall be governed in their proceedings by the provisions of the Civil Practice Act regulating proceedings in civil cases in Justices' Courts, and by the provisions of law relating to any special cases and proceedings whereof jurisdiction is or may be conferred upon such Justices and Justices' Courts, so far as such provisions are not repealed, altered, or modified by those of this Act, and the same are or can be made applicable in the several cases arising before them.

SEC. 17. All actions and proceedings pending and undetermined before any of the Justices of the Peace of the City and County of San Francisco at the time this Act takes effect shall be proceeded in, heard, and determined before the same Justices, and execution shall be issued thereon, and other proceedings therein, whether before or after judgment, whether on appeal or otherwise, shall be taken and had before said Justices in the same manner as if this Act had not been passed; but all suits and proceedings commenced after this Act takes effect shall be commenced, entitled, and prosecuted in the Justices' Court, or the additional Justice's Court, as in this Act provided.

SEC. 18. The County Court of the City and County of San Francisco shall have power to make rules, not inconsistent with the Constitution and laws, for the government of the Justices' Courts therein, and the government of the officers thereof; but such rules shall not be in force until thirty days after their publication, and no rule shall be made imposing any tax or charge on any legal proceeding, or giving an allowance to any Justice or officer for services.

SEC. 19. The Justices of the Peace and Justices' Clerk and Justices' Clerk's deputy shall receive for their official services the following salaries, and no other compensation, payable monthly out of the City and County treasury, and out of the Special Fee Fund, after being first allowed and audited: to the Presiding Justice, three thousand dollars per annum; to the Justices' Clerk and each of the Justices of the Peace (the Presiding Justice excepted), twenty-four hundred dollars each per annum; and to the Justices' Clerk's deputy, the sum of twelve hundred dollars per annum. [*Amended, March 30, 1872; 1871-2, 758.*]

SEC. 20. It shall not be lawful for any Justice of the Peace, the Justices' Clerk, or the Sheriff or any of his deputies, of the City and County of San Francisco, to appear or advocate, or in any manner act as attorney, counsel or agent, for any party or person in any cause, or in relation to any demand, account or claim pending, or to be sued or prosecuted before said Justices or any of them, or which may be within their jurisdiction. A violation of the provisions of this section shall be deemed a misdemeanor in office. [*Amended, February 10, 1870; 1869-70, 56.*]

SEC. 21. No person other than an attorney at law, duly admitted and licensed to practice in courts of records, shall be permitted to appear as attorney or agent for any party in any cause or proceeding before said Justices, or any of them, unless he produce a sufficient power of attorney to that effect, duly executed and acknowledged before one of said Justices, or before some other officer authorized by law to take acknowledgment of deeds; which power of attorney, or a true copy thereof duly certified by one of the Justices aforesaid (who, on inspection of the original, shall attest to its genuineness), shall be filed among the papers in such cause or proceeding.

SEC. 22. The election of the six Justices of the Peace chosen at the last special judicial election in the City and County of San Francisco is hereby ratified and confirmed.

SEC. 23. This Act shall take effect and be in force from and after the first day of January, A. D. eighteen hundred and sixty-eight; *provided*, that at the general election next preceding that date there shall be elected for the City and County of San Francisco five Justices of the Peace, as provided for in section two of this Act, to succeed the present Justices after the expiration of the term for which they were elected; and thereafter, also, the Justices of the Peace in and for said City and County shall be elected at the general election;

and all laws, so far as they require Justices of the Peace in and for said City and County to be elected at the special judicial election, are hereby repealed.

[Sections one to seven, inclusive, of "An Act amendatory of and supplementary to an Act entitled an Act to organize and regulate the Justices' Court in the City and County of San Francisco, approved March 26, 1866," approved February 10, 1870; 1869-70, 56, are incorporated in the next preceding Act as amendments thereto. The remaining sections of said Act are subjoined:]

SEC. 8. The Sheriff of the City and County of San Francisco shall be the officer of said Court, and, in addition to the deputies now allowed by law, may appoint three deputies, whose duty it shall be to assist said Sheriff in serving and executing all the processes, writs and orders of the said Justices' Court. Said deputies shall receive a salary of one hundred and twenty-five dollars per month each, payable monthly out of the City and County Treasury, and out of the Special Fee Fund, after having been first allowed and audited as other demands are by law required to be audited and allowed.

SEC. 9. It shall be the duty of the said Sheriff to serve and execute, or cause to be served and executed, each and every process, writ or order that may be issued by the Justices' Court in and for the City and County of San Francisco.⁸⁷ One of said deputies shall remain in attendance during the session of said Court, as the Court may direct.

SEC. 10. It shall be the duty of the Board of Supervisors of the City and County of San Francisco to provide and furnish a suitable office for said deputies, convenient to said Justices' Court, where one of said deputies shall remain during the sessions of said Justices' Court, and at such other times as said Court may order and direct, for the purpose of attending to such duties as may be imposed on said Sheriff or said deputies as herein provided. The said Sheriff shall be liable, on his official bond, for the faithful performance of all duties required of him or his said deputies, under the provisions of this Act.

SEC. 11. Subpoenas for witnesses may be issued by said Justices' Clerk, without a Justice's order.

SEC. 12. The office of Constable, so far as the City and County of San Francisco is concerned, is hereby abolished.

⁸⁷ By Act of April 3, 1876; 1875-6, 855; it is provided that: "The summons issued from the Justices' Courts may be served and returned as provided in Title Five, Part Second, of the Code of Civil Procedure."

SEC. 13. All Acts and parts of Acts, so far as they are in conflict with this Act, are hereby repealed.

SEC. 14. This Act shall take effect immediately.

SUPPLEMENT XXVII.

1865-6, 520.

An Act granting power to the Board of Supervisors of the City and County of San Francisco to order certain Street Work to be done as therein specified.

[Approved March 31, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Whenever street work or grading of any street or part thereof may be deemed necessary by the Board of Supervisors of the City and County of San Francisco, on a portion of any street in front of any lot owned or possessed by the Government of the United States, said Board shall have power to order the whole or any portion of such street in front of any such lot to be graded, paved, planked, or repaired, any law to the contrary notwithstanding.⁸⁸

SEC. 2. This Act shall take effect from and after its passage.

⁸⁸ "An Act to provide for the Payment of Assessments against the Property of the Government of the United States for Street Improvements in the City and County of San Francisco," approved March 13, 1868; 1867-8, 148; provides:

Section 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to allow, the Auditor of said City and County to audit, and the Treasurer to pay, out of the Street Department Fund, all claims not heretofore paid for assessments that have been made, or that may hereafter be made, pursuant to law, against the property of the Government of the United States for street improvements in the said City and County; *provided*, the Government of the United States shall by its officers refuse to make such payment.

Sec. 2. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXVIII.

1865-6, 624.

An Act concerning the office of Sheriff of the City and County of San Francisco.

[Approved March 31, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Sheriff of the City and County of San Francisco may appoint a deputy to act as Bailiff for the Fifteenth District Court of said City and County. Said deputy shall receive a salary of one hundred and fifty dollars monthly, which salary is to be audited and paid in the same manner as the salaries of other deputies of said Sheriff.

SEC. 2. The appointment of Deputy Sheriff for the Fifteenth District Court of said City and County heretofore made by the Sheriff of said City and County under authority of an order of the Judge of said Court, and of an ordinance of the Board of Supervisors of said City and County, is hereby declared a valid and legal appointment; *provided*, that this ratification shall not be so construed as to allow the appointment of two Deputy Sheriffs for said Court.

SEC. 3. All Acts or parts of Acts in conflict with this Act are hereby repealed.

SEC. 4. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXIX.

1865-6, 718.

An Act to change the time for holding Municipal Elections in the City and County of San Francisco, and to define the official terms of certain officers therein mentioned.

[Approved April 2, 1866.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. There shall be elected hereafter for the City and County of San Francisco, by the qualified electors thereof, at the times hereinafter men-

tioned, and in the manner prescribed by law for the election of State and County Officers, one Mayor, who shall be *ex officio* President of the Board of Supervisors; a County Judge, Police Judge, an Attorney and Counsellor, Probate Judge, District Attorney, Sheriff, County Clerk, Recorder, Treasurer, Auditor, Tax Collector, Assessor, Coroner, Public Administrator, Surveyor, Superintendent of Common Schools, Superintendent of Public Streets, Highways and Squares, Chief of Police,⁸⁹ * * *. There shall be elected in each of the twelve present election districts of said City and County, which shall hereafter constitute municipal districts and be designated and known in law as wards, by the qualified electors thereof, one Supervisor and one School Director.⁹⁰

SEC. 2. The County Judge, Probate Judge, and Police Judge, shall be elected at the special judicial elections, and shall hold their offices as provided by law.⁹¹

SEC. 3. All elections for City and County Officers, except as provided in section two of this Act, shall be held in said City and County on the days prescribed by law for holding the general elections throughout the State, except in the years when no general election is provided for by law, when elections for City and County officers shall be held on the first Wednesday of September of said years.

SEC. 4. At the general election to be held in the year eighteen hundred and seventy-three, and at the general election to be held every second year thereafter, there shall be elected an Attorney and Counsellor for said City and County, an Auditor, a Tax Collector, a Public Administrator, a Superintendent of Public Streets, Highways and Squares, a Chief of Police, a Superintendent of Common Schools, and one Fire Commissioner, and for each of the First, Third, Fifth, Seventh, Ninth, and Eleventh Wards, one Supervisor and one School Director, who shall respectively hold their offices for the term of two years from and after the first Monday of December next subsequent to their election and until their successors are elected and qualified, and the present incumbents of the respective offices named in this Act shall hold their

SEC. 5. At the second election held under this Act, on the day of the general election held in the year eighteen hundred and sixty-seven, and at the election held every second year thereafter, there shall be elected a Mayor, who shall be *ex officio* President of the Board of Supervisors; a District Attorney, a Sheriff, a County Clerk, a Recorder, a Treasurer, an Assessor,⁹² a Coroner, a Surveyor, * * * and in each of the Second, Fourth, Sixth, Eighth, Tenth and Twelfth Wards, one Supervisor and one School Director,⁹⁰ who shall hold their offices for the term of two years from and after the first Monday of December subsequent to their election, and until their successors are elected and qualified.

SEC. 6. In and for the City and County at large, at the general election in the year eighteen hundred and sixty-seven, and at the general election every two years thereafter, there shall be chosen by the qualified electors of said City and County five Justices of the Peace, to hold office for the term now prescribed by law; and all laws are repealed which require or authorize Justices to be elected at a special judicial election.

SEC. 7. [*Superseded by sec. 2520, Political Code; see note 89, ante, second paragraph.*]

SEC. 8. All of the present City and County officers as designated in sections four, five and seven [six?] of this Act, and the State Harbor Commissioner⁸⁹ as designated in section eight [seven?], shall continue in office during the entire term for which they were elected and until their successors are elected and qualified as provided for in this Act; *provided*, that any officer elected or appointed to fill a vacancy which may in any manner occur, shall serve only during the unexpired term of his predecessor, and until his successor is elected and qualified.

SEC. 9. It is hereby made the duty of the Mayor to issue his proclamation by publication in not less than three daily newspapers published in said City and County, at least ten days previous to the day in each year on which the election is to be held under this Act, calling upon the qualified voters in said City and County to meet in their respective districts for the purpose of electing such officers as are provided for in this Act, reciting in such proclamation the different officers to be elected at such election.

SEC. 10. [*Obsolete.*]

SEC. 11. An Act entitled an Act to change the time for holding municipal elections in the City and County of San Francisco, and to define the official terms of certain officers therein mentioned, approved April twenty-second,

⁹² By sec. 4109, Political Code, as amended Dec. 22, 1873; Amendments to the Codes, 1873-4, 173; the Assessor must be elected at the general election in September, 1875, and hold office for the term of four years from the first Monday in December next after his election.

eighteen hundred and sixty-one, and all Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed.

SEC. 12. This Act shall take effect and be in force from and after its passage.

[*The following is the only portion of the Act of March 30, 1872; 1871-2, 729; now in force which is not incorporated in the foregoing Act:*]

SEC. 3. The Supervisor of each ward shall be a resident and qualified elector thereof, and shall be designated as the Supervisor of the ward from which he is elected. The School Directors may be elected from the resident and qualified electors of the City and County without reference to the location of their residence. The Supervisors and School Directors shall be elected by a plurality of all the votes cast at said elections in the City and County of San Francisco.

SUPPLEMENT XXX.

1867-8, 160.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved March 14, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to appropriate, allow and order paid, the several sums of money hereinafter mentioned, and to exercise the following powers, to wit:

SUPPLEMENT XXXV.

1867-8, 379.

An Act to confirm a certain Order passed by the Board of Supervisors of the City and County of San Francisco.

[Approved March 27, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. Whereas the Board of Supervisors of the City and County of San Francisco passed an order, numbered eight hundred, which said order was approved by the Mayor and President of the Board of Supervisors on January fourteenth, eighteen hundred and sixty-eight, and which is as follows:

“ Order No. 800.—An order for the settlement and quieting titles to land in the City and County of San Francisco, situate above high water mark of the Bay of San Francisco and the Pacific Ocean, and without the corporate limits of the City of San Francisco.

“ *The People of the City and County of San Francisco do ordain as follows :*

“ SECTION 1. Immediately after the passage of this order, the Board of Supervisors shall proceed to devise and adopt a plan for the subdivision into blocks and lots of all the lands not reserved to the United States, situated on the Peninsula of San Francisco, and within the present corporate limits of said City and County, and above the natural ordinary high water mark of the Bay of San Francisco and the Pacific Ocean, as the same existed on the seventh day of July, eighteen hundred and forty-six, and without the corporate limits of the City of San Francisco, as defined in the Act to re-incorporate the said City, passed by the Legislature of California on the fifteenth day of April, eighteen hundred and fifty-one, so far as said Board may deem such subdivision necessary; and to select and set apart for public uses such lots and portions of said land as said Board may deem necessary, subject to the limitations and provisions hereinafter in this order contained.

“ SEC. 2. After the adoption of the plan provided for in section one of this order, the Board of Supervisors shall cause to be made a map of said lands, according to said plan. Such map shall show the streets and public highways, the blocks formed by the intersection of the streets and public highways, and the lots into which said blocks shall be subdivided, and upon such map shall be designated the lots and portions of land set apart for public uses, and the particular use for which each lot or portion of land shall have been set apart.

“ SEC. 3. Upon the completion of the map provided for by section two of this order, it shall be deposited for public inspection in the office of the Clerk

of the Board of Supervisors, and there remain for a period of thirty days; and notice shall be published in three of the daily papers during the whole time that said map shall so remain in said office.

"SEC. 4. Any person having or claiming any interest in any portion of said lands, under and by virtue of any of the provisions of this order, may at any time before the completion of said map, or while the same shall remain in the office of the Clerk of the Board of Supervisors for public inspection, present to the Committee on Outside Lands, hereinafter in this order provided for, a description and diagram of the lands in which he shall so claim an interest, and have the same delineated on said map; but no claim shall be delineated upon said map by said committee unless all taxes shall have been paid thereon for five fiscal years preceding the year beginning July first, eighteen hundred and sixty-six.

"SEC. 5. After the said map shall have remained in the office of the Clerk of the Board of Supervisors for the said period of thirty days, as provided in section three of this order, the Board of Supervisors may examine the objections, if any, made thereto, and may make such alterations in the location or designation of any lots or portions of land set apart for public uses as may be necessary to obviate any objection which the said Board shall deem just and proper.

"SEC. 6. As soon as the alterations provided for in section five of this order shall have been made and delineated on said map, the said map shall become and be the official map of said lands; and the portions of land thereon designated as public streets and highways, and the tract or portion of land set apart and designated on said map as a public park, and the tract or portion of land set apart and designated thereon as a cemetery, and lots for a Hospital, City Hall, County Jail, Public Schools, Fire Department, City Library, or other public purposes, shall be deemed absolutely dedicated as such.

"SEC. 7. No lot set apart for public use, other than for a park, plaza, cemetery or public square, or for the erection thereon of a City Hall or buildings for a City Library, Hospital, County Jail or an Asylum, shall exceed in extent two fifty vara lots; and no tract or portion of land set apart for a plaza or public square shall exceed in extent four whole blocks, formed by the intersection of the main streets of the plan; and the tract or portion of land set apart for a cemetery shall not be less in extent than two hundred acres; and the tract or portion of land set apart for a public park shall not be less than one thousand acres.

"SEC. 8. No person shall be entitled to receive compensation for any lot or portion of land set apart for public use, unless his claim shall have been delineated on the map hereinbefore in this order provided for, nor until all conflicting claims to such lot or portion of land shall have been finally determined; and no person shall be entitled to receive compensation for any portion of land included in any street or highway.

"SEC. 9. All that portion of the land described in section one of this order which lies south of a line drawn due south, eighty-one degrees and thirty-five minutes east, magnetic, through Seal Rock, and west of a line easterly not less than two hundred feet from ordinary high water mark, is hereby reserved and set apart for public use as a public highway.

"SEC. 10. After the committee hereinafter provided for in section thirteen shall have made their final report upon the said map and reservations, and the report shall be ratified by the Board of Supervisors, it shall be the further duty of the said committee to make a just appraisalment of the lands reserved for public uses other than for streets and highways, and to make a just and equitable assessment of the value of the lands so reserved, ratably and equitably upon and to each piece and parcel of land delineated on said map, according to the appraised value of said lands (exclusive of the lands reserved for public streets and highways). They shall make their report in duplicate, under their hands or the hands of a majority of them; one copy of which said report shall be filed in the office of the Clerk of the Board of Supervisors and the other copy of said report shall be filed in the office of the City and County Recorder; *provided*, that no member of such committee shall act in making such appraisements or assessments who shall be interested in any of the lands to be affected; and in case any member of said committee shall be so interested, the Board of Supervisors shall appoint some other member to act in his place in making said appraisements and assessments. The said committee shall be sworn to faithfully discharge their duties.

"SEC. 11. Upon the payment to the County Treasurer of the City and County of San Francisco of the amount assessed by the committee provided for in section thirteen of this order, upon the lands as provided for in section ten of this order, the City and County of San Francisco hereby relinquishes and grants all the right, title and claim which the said City and County now has or may hereafter acquire as the successor of the Pueblo of San Francisco, or as the grantee or the patentee of the United States, in and to the lands hereinbefore in this order described, and not excepted or reserved, or intended to be excepted or reserved, by any of the preceding sections or provisions of this order, and which may not be set apart for public use under any of the preceding sections and provisions, and upon which shall be paid, previous to the first day of April, eighteen hundred and sixty-eight, all taxes which have been assessed thereon during the five fiscal years preceding the year beginning July first, eighteen hundred and sixty-six, unto the person, or to the heirs and assigns of persons, who were, on the eighth day of March, eighteen hundred and sixty-six, in the actual bona fide possession thereof, by themselves or their tenants, or, having been ousted from such possession before or since said day, have recovered or may recover the same by legal process. And it is hereby declared to be the intent and object of this section to pass the right, title and claim of the said City and County in and to every tract or portion of said land delineated on said map, except the

portions that are or may be reserved as aforesaid, possessed by one person, unto the possessor thereof in severalty; and every separate tract or portion thereof, except the portions that are or may be reserved as aforesaid, possessed by more than one person, jointly or in common, unto the possessors thereof, jointly or in common.

"SEC. 12. The grants and relinquishments by this order made shall be subject to the selections, reservations and conditions hereinbefore in this order made and provided for.

"SEC. 13. A committee of five members of the Board of Supervisors shall be chosen by said Board, whose duty it shall be to prepare and report to the Board the plan provided for in section two of this order, to supervise the making of the map provided for in section three, to select, set apart and designate the lots and portions of land hereinbefore provided to be set apart for public use, and generally to superintend the carrying out of the provisions of this order; all the acts of said committee to be subject to the approval of the Board of Supervisors.

"SEC. 14. The committee aforesaid shall receive a reasonable compensation for their services, to be determined by the County Judge.

"SEC. 15. Whenever a survey shall be required to determine the boundaries of any claim or portion of any claim, whether ordered by the committee or requested by the claimants, the expenses of such survey shall be borne by such claimants; and no survey shall be received by the committee except it shall have been made by the City and County Surveyor, or a surveyor designated by the committee; and the amount of compensation for such survey shall be fixed by the committee at a reasonable rate, not to exceed the ordinary charges for such services.

"SEC. 16. The Board of Supervisors shall provide by order for the distribution and payment to those entitled thereto of the moneys assessed for the cost of reservations, and which shall have been paid to the City and County Treasurer, under the provisions of section eleven of this order.

"SEC. 17. Nothing in this order contained shall have the effect to annul or invalidate any action or proceeding heretofore had or commenced under the orders which are by this order repealed; and it shall not be necessary to do anew, under this order, anything therein provided for which is also provided for in the orders aforesaid, and which has been done under and in pursuance of the provisions of said orders, and have been ratified by the Board of Supervisors; and all proceedings commenced under said orders, relating to maps and surveys and not yet completed, shall be continued and completed under this order.

"SEC. 18. Order seven hundred and thirty-three, and all orders and parts of orders and resolutions, so far as they conflict with the provisions of this order, are hereby repealed.

"SEC. 19. This order is subject in all its parts to ratification by the Legislature, for which application shall be made by the Board of Supervisors."

Be it therefore enacted, that the within and before recited order be and the same is hereby ratified and confirmed; and all proceedings heretofore had, and which have taken place or shall hereafter take place under its provisions, are ratified and confirmed in all respects; *provided*, that after the Board of Supervisors shall have set apart a tract of land for a cemetery, as provided in said order, and shall have set apart a tract of land for a public park, as therein provided, the said Board may, if in their judgment the same would be better for the public health or convenience, by a vote of at least ten members, and with the approval of the Mayor, exchange such lands so set apart for cemetery purposes for other lands, not less than two hundred acres in extent, to be used as a cemetery; and they may also exchange said lands so set apart for a public park for other lands for the purposes of a public park, and not of less extent than one thousand acres; but no person in actual possession of any of the lands mentioned in the first section of said order on the said eighth day of March, eighteen hundred and sixty-six, and on which five years' taxes shall have been paid, as provided in such order, shall be dispossessed of any of said lands under any order heretofore or hereafter made by said Board of Supervisors for the reservation of any of said lands for public uses, except for streets, until compensation shall have been actually made to such person, as provided in said Order Number Eight Hundred; and until such compensation shall have been made such person shall be allowed to continue in possession of such lands so possessed by them.

SEC. 2. This Act shall take effect from and after its passage.

SUPPLEMENT XXXVI.

1867-8, 410.

An Act further to provide for the ratification and confirmation of a certain Order passed by the Board of Supervisors of the City and County of San Francisco, and to modify certain provisions of the same.

[Approved March 27, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Nothing in the provisions of a certain order passed by the Board of Supervisors of the City and County of San Francisco, numbered eight hundred, and entitled "An Order for the settlement and quieting titles to land in the City and County of San Francisco, situate above high water mark

of the Bay of San Francisco and the Pacific Ocean, and without the corporate limits of the City of San Francisco," nor in the provisions of any Act confirming or purporting to confirm the same, shall authorize the said Board to exchange any lands set apart and reserved, or to be set apart and reserved, for a cemetery or a park, nor to deprive the said Board of the power of taking immediate possession of any lands hereafter reserved for public use under the provisions of said Order Number Eight Hundred, or by virtue of the terms of an Act of Congress approved March eighth, eighteen hundred and sixty-six, entitled an Act to quiet the title to certain lands within the corporate limits of the City of San Francisco.

SEC. 2. Whenever the report of appraisalment mentioned in section ten of said Order Number Eight Hundred shall have been made and filed, as therein provided, it shall be the duty of the City and County Recorder to make out, certify and deliver to the Tax Collector of said City and County a copy of the same, which copy shall be deemed and held to have the same force, effect and validity, in regard to the sums therein assessed, as an assessment roll duly approved by said Board of Equalization in regard to State and County taxes. The said Tax Collector shall proceed to collect the said several sums of money assessed in said report in the same manner as State and County taxes are collected by him in said City and County; and all the provisions of the various Acts relating to the collection of the public revenue in said City and County not inconsistent with the provisions of said Order Number Eight Hundred, nor the provisions of this Act, shall apply to the collection of the sums of money so assessed as aforesaid.

SEC. 3. This Act shall take effect from and after its passage.

SUPPLEMENT XXXVII.

1867-8, 458.

An Act to provide funds to be applied to building a Hospital in the City and County of San Francisco.

[Approved March 28, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Mayor, Auditor, and Treasurer of the City and County of San Francisco, by and with the consent of the Board of Supervisors of said City and County first obtained by ordinance, are hereby authorized and empowered to issue from time to time, as may be directed by the said Board of

Supervisors and as may be necessary for the purposes herein named, bonds not exceeding in the aggregate the sum of two hundred and fifty thousand dollars.

SEC. 2. Said bonds shall be issued in such manner and at such times, not inconsistent with the foregoing section, and made payable in the City and County of San Francisco, at the office of the Treasurer of said City and County, both principal and interest, at such times, not exceeding twenty years from the time of their issuance, as the Board of Supervisors may prescribe by ordinance. The interest on said bonds shall not exceed seven per cent. per annum, and shall be paid semi-annually; and both principal and interest shall be payable in United States gold coin.

SEC. 3. The said bonds shall be signed by the Mayor, Auditor, and Treasurer of the City and County of San Francisco, and shall be known as the "Hospital Fund Bonds of the City and County of San Francisco."

SEC. 4. Said bonds shall have coupons attached to them for the semi-annual interest which may accrue upon them, signed by the Auditor of said City and County; and the faith and credit of the said City and County of San Francisco are hereby pledged for the redemption of the same and for the payment of the principal and interest thereof.

SEC. 5. Whenever said bonds or any portion of them are issued, the Treasurer and Auditor of said City and County are hereby authorized and empowered to sell the same to the highest bidder therefor, after having first advertised the same for three successive weeks in three daily newspapers published in said City and County. All moneys derived from the issue and sale of said bonds shall be appropriated and used for the purpose of building and furnishing a hospital, and for improving and inclosing said hospital grounds in the City and County of San Francisco; the location, style, and material thereof; the construction, the furnishing, and all contracts and plans relating thereto, to be determined by said Board of Supervisors, and in all cases to be approved before the adoption or ratification of the same by the Mayor, Auditor, and Treasurer of said City and County. But no bonds authorized to be issued by this Act shall be sold for a less sum than seventy-five cents in gold coin on the dollar, par value. [*Amended, February 2, 1872; 1871-2, 64.*]

SEC. 6. To secure the payment of the principal and interest of said bonds, the Board of Supervisors of the said City and County of San Francisco shall, when deemed necessary by them, for the purpose in this section provided, levy an annual tax upon all the taxable property in the said City and County of San Francisco; and a sufficient sum or sums shall be raised by such annual levies to pay the principal of said bonds when the same shall become due. And it shall be the duty of the Treasurer of said City and County to set apart annually, out of the moneys coming into the treasury to the credit of the Hospital Fund, raised by said annual tax, a sum sufficient to pay the semi-annual interest on said bonds, and also to provide a Sinking Fund sufficient for the redemption of the same at maturity.

SEC. 7. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XXXVIII.

1867-8, 463.

An Act to authorize the Board of Supervisors of the City and County of San Francisco to modify and change the grade of streets in said City and County.

[Approved March 28, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered, upon petition of the owners of three-fourths of the property to be affected thereby⁹⁶—said property to be ascertained and indicated by said Board of Supervisors in the manner provided in the first subdivision of section two of this Act—to change and modify the grade of any street or avenue, or of any part of any street or avenue, in said City and County, as is hereinafter provided.

SEC. 2. The grade of any street or avenue, or portion of any street or avenue, the grade of which has been fixed by ordinance, shall not be altered or changed, except upon an adjustment of the benefits and damages; and the proceedings shall be as follows :

First. The Board of Supervisors, upon the receipt of a petition in conformity with the provisions of section one of this Act, shall publish in the official newspaper of said City and County a notice of their intention to make such [change]. Said notice shall be published for thirty days, and shall describe the proposed change, and designate the limits within which the lots of land to be benefited shall be assessed to pay any damages that may be awarded by reason of the change.

Second. Within twenty days after the first publication of said notice, any person claiming that he or she would sustain damage by reason of such change shall file a petition with the County Clerk, addressed to the County Court, setting forth the fact of his or her ownership, the description and situation of his or her property, its market value, and the amount of damage, over and

⁹⁶ The Act of April 2, 1870; 1869-70, 650; provides as follows: "The Mayor of the City and County of San Francisco is hereby authorized and empowered, on behalf and in the name of the City and County of San Francisco, to petition the Board of Supervisors of said City and County to order the change of the official grade of any street or streets, where such change may affect any public square or other lot of land belonging to said City and County; and such petition shall have the same effect as if the same were signed by or in behalf of the owners of any property not belonging to said City and County."

above all benefits, which he or she would sustain by reason of the proposed change, if completed, asking the appointment of Commissioners to assess such damage; which petition shall be verified by the oath of the petitioner, or his or her agent.

Third. On the filing of such petition, the said County Court shall take jurisdiction of the proceedings, and the County Clerk shall immediately give notice thereof to the President of the Board of Supervisors.

Fourth. At the expiration of the time of publication of said notice, and at the time indicated by said notice, or at such other time to which it may be continued, the County Court shall appoint three citizens, who are freeholders in said City and County, and competent judges of the value of real estate therein, and not interested in said proceedings, as Commissioners, to assess the benefits and damages to each separate lot of land within the limits designated in the notice.

Fifth. The Commissioners shall be sworn by the County Judge, to make the assessments of benefits and damages, to the best of their judgment and ability, without fear or favor, and that they have no interest in the controversy, nor in any of the land within the limits designated, which oath shall be filed with the County Clerk as part of the proceedings. A copy thereof, and of the order of appointment, certified by the Clerk, may be delivered to said Commissioners as their authority.

Sixth. Said Commissioners shall visit and inspect the premises to be assessed and the premises for which damages are claimed, with a committee from their body, appointed for that purpose by the Board of Supervisors.

Seventh. Said Commissioners shall have power, and it is hereby made their duty, to examine, under oath, which any one of them is hereby authorized to administer, any witnesses produced before them by any party, touching the matters to be investigated, and such other witnesses as they may deem necessary to fully acquaint themselves with the actual amount of benefits and damages which will result to the respective parties interested in the proposed change.

Eighth. Said Commissioners, having determined the damage which will be sustained by each petitioner, over and above all benefits by the completion of the proposed change, shall proceed to assess the whole amount thereof, together with the costs, charges and expenses of the proceedings, including the compensation to the Commissioners for their services, to be taxed and allowed by the County Judge, ratably, upon the several lots of land benefited within the limits designated in said notice, so that the same shall be distributed according to the benefits produced by such change as nearly as possible.

Ninth. Said Commissioners shall make their report in writing, and shall subscribe the same and file it with the County Clerk. In their said report they shall describe each piece of property which will sustain damage, stating the amount of the damages which it will sustain over and above all benefits; and they shall also give a brief description of each lot benefited within the designated limits, the name of the owner, if known, and the amount of ben-

efft assessed against the same. In case the three Commissioners do not agree, the award agreed upon by any two of them shall be sufficient. On the filing of said report, the County Clerk shall notify the Board of Supervisors, in writing, of the fact, and thereupon the said Board shall by ordinance confirm or reject said report. If they confirm it, the grades of the streets shall be changed as contemplated, and the Clerk of the Board of Supervisors shall notify the County Court that the Board have confirmed the report. The County Court shall thereupon enter up judgment against each lot assessed for benefits, describing the same as accurately as can conveniently be done. Upon which judgment an order of sale may issue by order of the Court, commanding the Sheriff of said City and County to collect the amount therein mentioned by sale of the lot assessed in the mode prescribed by law for the sale of real estate, the proceeds to be paid by the Sheriff to the Treasurer of the City and County of San Francisco, who shall place the same to the credit of the Street Department Fund; and the same shall be paid, and the Treasurer of said City and County shall pay the amount collected for damages into the County Court, which shall hold, invest and distribute the same in the same manner as provided in section nineteen of an Act entitled an Act to declare and regulate the power of the Board of Supervisors of the City and County of San Francisco to take private lands for certain public improvements and to prescribe the manner of its execution, approved April fourth, eighteen hundred and sixty-four. All such judgments shall be in favor of the City and County of San Francisco, and shall be a lien upon the lot until the same is paid; but no sale shall be made nor execution issue until the County Court shall determine that said work has been completed.

SEC. 3. Before entering up judgment, the Court shall fix a day for hearing parties who may feel aggrieved by reason of any of the proceedings; but no objection shall be considered except such as are specifically set forth in writing by the parties; and all errors, omissions and irregularities not specifically set forth shall be deemed to be waived. Any party dissatisfied may, within thirty days after judgment against him or his lot, or the order to pay the damages assessed, appeal to the Supreme Court to review the matter complained of, and the appeal shall be taken in the manner and with the same effect as prescribed in, and in all respects be in conformity to, an Act to declare and regulate the power of the Board of Supervisors of the City and County of San Francisco to take private lands for certain public improvements and to prescribe the manner of its execution, approved April fourth, eighteen hundred and sixty-four; and all subsequent proceedings shall be in conformity therewith and with the same effect.

SEC. 4. All acts and proceedings under this law shall be liberally construed, and the judgments and proceedings of the County Court shall be construed like judgments and proceedings of courts of general jurisdiction.

SEC. 5. The Sheriff shall collect fees for the execution, in case an execution issues, as in other cases; but each party may pay to the Treasurer the amount of the judgment against him, and the Treasurer's receipt being pro-

duced to the County Court, satisfaction of the judgment shall be entered by the Clerk. The Clerk shall not charge any fees for the proceedings unless execution issues, in which case he shall be authorized to charge five dollars for each execution, to be collected by the Sheriff on the execution.

SEC. 6. This Act shall take effect from and after its passage.

SUPPLEMENT XXXIX.

1867-8, 558.

An Act to provide additional revenue for the School Department of the City and County of San Francisco, and to change the time and manner of electing the Superintendent of Public Schools of said City and County.

[Approved March 30, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. [*Provides for levy of certain taxes. Obsolete.*]

SEC. 2. The Board of Supervisors of the City and County of San Francisco are hereby authorized and required to pay for the improvement of all streets in front of school property in the same manner and from the same fund from which other street improvements in front of public property are paid.

SEC. 3. It shall not be lawful for the Board of Education or the Board of Supervisors of the City and County of San Francisco to dispose of any real estate belonging to the School Department, except fifty-vara lot three hundred and one, and the lot on which the colored school-house is located, on Broadway, between Powell and Mason streets, which lots the Board of Education, with the consent of a majority of the Board of Supervisors, are hereby authorized to sell at public auction, after giving thirty days' notice in some public newspaper in said City and County; *provided*, that one-half of the proceeds of such sale shall be placed to the credit of the School Fund to pay any deficit in the School Fund of the fiscal year eighteen hundred and sixty-seven and sixty-eight.

SEC. 4. It shall be the duty of the Committee on Finance and Auditing of the Board of Education, during the month of July every year, to make an annual estimate of all revenue and disbursements of the School Department for the current fiscal year, specifying separately the amount of funds necessary to defray the different items of expenditures for the first and last half year;

and in no case shall it be lawful for the said Board to exceed, during the first half year, the estimated item of expenditures for that period, or in the entire year, the revenues collected for school purposes. All surplus or unexpended funds of any half year shall be available for expenditures of the following half year. The Auditor and Treasurer shall conform strictly to the provisions of this section.

SEC. 5. [*Relates to election of Superintendent of Common Schools; Superseded by Sec. 4, Supplement XXX, ante.*]

SEC. 6. All laws and parts of laws in conflict with the provisions of this Act, for the purposes of this Act, are hereby repealed.

SEC. 7. This Act shall take effect on and after its passage.

SUPPLEMENT XL.

1867-8, 702.

An Act relating to the Board of Supervisors of the City and County of San Francisco, and more particularly defining its powers and duties.

[Approved March 30, 1868.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. Each member of the Board of Supervisors of the City and County of San Francisco, excepting the Mayor, *ex-officio* President of said Board, shall, after the passage of this Act, be allowed a salary during the time he is in office of one hundred dollars a month; and the Auditor of said City and County is hereby directed to audit and the Treasurer to pay such salaries, monthly, out of the General Fund.

SEC. 2. The votes of seven members constituting the Board of Supervisors shall be necessary to pass any ordinance, order, or resolution; but in the event of a veto by the Mayor, then nine votes shall be necessary to pass any ordinance, order or resolution over such veto, otherwise such ordinance, order or resolution shall be of no validity.

SEC. 3. If a member of said Board of Supervisors shall hereafter absent himself from the State, or shall neglect to attend the meetings of said Board, for a period of ninety days, his office may be declared vacant by the Board and a successor may be appointed for the unexpired term, as provided in other cases.

SEC. 4. This Act shall be construed so as to harmonize with existing laws in regard to the powers and duties of the said Board of Supervisors; and all such laws shall continue in full force except so far as they may be inconsistent or in conflict with the provisions of this Act, and only so far as they are inconsistent or in conflict with this Act they are hereby repealed.

SEC. 5. This Act shall take effect immediately.

S U P P L E M E N T X L I .

1869-70. 23.

An Act to authorize the Assessor of the City and County of San Francisco to appoint deputies.

[Approved January 25, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Assessor of the City and County of San Francisco shall be allowed to assist him in making his assessments, in lieu of the deputies now provided by law, as follows: For the office, one chief deputy, seven office deputies, one head draughtsman and assistant draughtsman. For the field, one chief deputy and eighteen under deputies.

SEC. 2. Four of the office deputies shall be paid at the rate of one hundred and fifty dollars per month each, and shall be employed and paid only from the first day of February until the assessment roll is finally completed and handed over to the Auditor.

SEC. 3. The eighteen under field deputies shall be paid at the rate of one hundred and fifty dollars per month each. The term for which such field deputies shall be paid shall not exceed an average of three months each, commencing on the first day of February in each year.

SEC. 4. The chief office deputy, chief field deputy, head draughtsman, assistant draughtsman, and three under office deputies, may be employed the entire year.

SEC. 5. The chief office deputy, chief field deputy and head draughtsman shall be paid two hundred dollars per month each; the under office deputies and assistant draughtsman, one hundred and fifty dollars per month each.

SEC. 6. The Auditor of the said City and County is hereby directed to audit, and the Treasurer of said City and County to pay out of the General Fund, the salaries herein provided for.

SEC. 7. All Acts and parts of Acts, so far as they conflict with the provisions of this Act, are hereby repealed.

SEC. 8. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XLII.

1869-70, 221.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and authorize appropriations by said Board.

[Approved March 9, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and [to] order paid, out of the General Fund, an amount not to exceed ten thousand (\$10,000) dollars, said amount to be used in construction of an additional number of cells in the county jail, said cells to be constructed under the supervision and direction of the Chairman of the Committee on Public Buildings of the Board of Supervisors and the Sheriff of said City and County.

SEC. 2. The Board of Supervisors are hereby authorized and "directed" to procure a strongly-built covered spring wagon, capable of seating twelve persons, also two horses and harness, etc., to be used under the direction of said Sheriff, and exclusively in the transportation of prisoners and insane persons.

SEC. 3. The Sheriff of the City and County of San Francisco is hereby authorized to appoint a suitable person to drive and take charge and care of the two horses, wagon, etc., named in section two of this Act, who shall receive a salary of seventy-five dollars per month, payable out of the General Fund of said City and County.

SEC. 4. The Board of Supervisors are hereby authorized and directed to allow and order paid out of the General Fund, fifty (\$50) dollars per month, to the Sheriff, which shall be in full satisfaction for the keeping and maintaining of the horses named in section two of this Act.

SEC. 5. This Act shall take effect immediately.

SUPPLEMENT XLIII.

1869-70, 240.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved March 9, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to appropriate, allow and order paid out of the General Fund, the several sums of money hereinafter mentioned, and to exercise the following powers, to wit:

First. To appoint a Janitor for the City Hall, at a salary of seventy-five dollars per month.

Second. To appoint four Gardeners to take charge of Portsmouth, Washington, Union and Columbia Squares, at a salary of seventy-five dollars per month each.

Third and Fourth. [Appointment and salaries of Health Inspectors and Clerk of Board of Health. Superseded by secs. 3009, 3010, Political Code; Supplement XCI.]

Fifth. [Expenditure for persons in Hospital and Almshouse. Superseded by sub. 18, sec. 1, Act of March 30, 1872; Supplement LX.]

Sixth and Seventh. [Executed.]

Eighth. [Superseded by subs. 1 and 2, sec. 1, Act of March 30, 1872; Supplement LX.]

SEC. 2. [Authorizes payment of certain sums heretofore allowed, in excess of allowance provided by law.]

SEC. 3. This Act shall take effect immediately.

SUPPLEMENT XLIV.

1869-70, 353.

An Act to expedite the settlement of land titles in the City and County of San Francisco; and to ratify and confirm the acts and proceedings of certain of the authorities thereof.

[Approved March 14, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Upon receiving a petition from any person or persons, claiming that they, by themselves, their tenants or the persons through whom they claim or derive possession, have been, from and including the eighth day of March, Anno Domini eighteen hundred and sixty-six (1866), and still are, in the possession of any of the lands without the corporate limits of the City of San Francisco, as defined in an Act to re-incorporate said city, passed by the Legislature of the State of California on the fifteenth day of April, Anno Domini eighteen hundred and fifty-one (1851), and described in the decree of Justice Field, of the United States Circuit Court, confirming the claim of the City and County of San Francisco, entered November second, Anno Domini eighteen hundred and sixty-four (1864), in the Circuit Court of the United States for the Northern District of the State of California, and that they, or the persons through whom they claim or derive possession, have paid to the Tax Collector of the City and County of San Francisco the amount assessed by the Outside Land Committee upon the land described in said petition, to pay for land reserved for public use, provided for in section ten (10) of Order Eight Hundred (800), and also paid the taxes mentioned in section four (4) of said order, and all the taxes levied on said lands for State and municipal purposes now due and remaining unpaid; or, upon receiving a petition from any person or persons, setting forth that said petitioners, by themselves, their tenants, or the persons through whom they claim or derive possession, were, on or before the first (1st) day of January, Anno Domini eighteen hundred and fifty-five (1855), to and including the twentieth (20th) day of June, Anno Domini eighteen hundred and fifty-five (1855), and still are, in possession of the land described in said petition, embraced within the corporate limits of the City of San Francisco, and above high water mark, as defined in the Act to incorporate said city, passed by the Legislature of the State of California, on the fifteenth (15th) day of April, Anno Domini eighteen hundred and fifty-one (1851); and such petition in either case setting forth that such lands have not been sold, leased, dedicated, reserved or conveyed by authority of the said City and County of San Francisco, or the United States, to any one, or for

any purpose, and asking for a grant from said City and County, the Board of Supervisors shall proceed to act thereon as hereinafter provided. This petition shall be verified by the oath or affirmation of the party in whose behalf the petition is presented, or by some one acting as his agent, and conversant with the facts detailed in the petition.

SEC. 2. All petitions mentioned in the first section of this Act shall be referred to the Committee on Outside Lands. The Clerk of the Board of Supervisors shall be the Clerk of the Outside Land Committee. The party presenting the said petition may appear before said Clerk and make proof, verbal and documentary, of the truth of the matters alleged in his petition. Copies of the documentary evidence shall be filed with said Clerk, and the oral testimony shall be reduced to writing by said Clerk and subscribed by the witness. The proofs of the petitioner being closed, the said committee shall proceed to consider the same, and shall make such report and recommendation thereon as to them shall seem just and proper in the premises. The said committee shall file with the Clerk of the Board of Supervisors the testimony taken as aforesaid, together with the report of the said committee, and said report shall be submitted to the Board of Supervisors for their approval, and if, in their judgment, the claim of the petitioner is well founded, they shall, by an order entered in their minutes, adjudge and award a grant of such lands to the petitioner or petitioners therefor, less the amount reserved for public use. The said Board shall thereupon give public notice of their award by notice, published at least once a week for three successive weeks, in some daily newspaper published in the City and County of San Francisco, which notice shall specify the name of the applicant, the date and filing of his petition, and the tract of land awarded, by a good and sufficient description thereof; proof of publication of such notice shall be made in the manner now or hereafter required by law for the proof of publication in civil process. The Clerk of the said committee shall be allowed compensation, for taking the oath or affirmation of witnesses, twenty-five cents; and for reducing the testimony to writing, twenty cents a folio, which shall be in full for all services rendered by him as Clerk of said committee. The compensation herein allowed to the Clerk of said committee shall be paid to said Clerk by the party presenting the petition.

SEC. 3. Upon receiving proof of the publication of the notice provided for in the second section hereof, and the payment of all necessary expenses for deeds, the Mayor of the City and County of San Francisco is hereby authorized and empowered to execute, acknowledge and deliver to the party or parties presenting the aforesaid petition, a deed of conveyance of the tract or lot of land as aforesaid, adjudged and awarded to the petitioner, and attach thereto the corporate seal of the City and County of San Francisco; *provided*, the petitioner or petitioners shall, before receiving a deed as aforesaid, be required to quitclaim and peaceably deliver the possession of all land claimed by said petitioner or petitioners, reserved by the Commissioners acting under Ordinance Eight Hundred and Twenty-two (822), and all those lands reserved

by the Committee of the Board on Outside Lands for the use and benefit of the City and County of San Francisco; *provided, however*, that in case a suit shall be pending between the petitioner and some third person, involving the right of possession of the tract, or some portion thereof, petitioned for, and such third person shall file with the Clerk of the Board of Supervisors a copy of the complaint filed in such action, before the deed shall have been executed and delivered to the petitioner, and also competent proof that such third persons, or the persons through whom they claim or derive possession, have paid the taxes and assessments mentioned in the first section of this Act, then and in that case the deed shall be withheld until such suit shall be finally determined; and there shall thereafter be executed a deed of conveyance of so much of the tract of land as shall be involved in the said suit, to the party in whose favor the said suit shall be finally determined as aforesaid; *provided, further*, that the expenses hereinafter provided for shall be paid before such conveyance shall be delivered.

SEC. 4. Upon the filing of a petition, as hereinbefore provided, the petitioner shall deposit with the Clerk of the Board of Supervisors a sum of money sufficient to pay for the publication of the notice hereinbefore provided, and other expenses incident to the granting of the prayer of the petitioner. But the Clerk shall not receive on file any petition that shall not be in conformity with the provisions of this Act.

SEC. 5. A conveyance executed and delivered in pursuance of the provisions of this Act shall operate as an acknowledgment on the part of the said City and County, that the title to the land therein described has passed under and by virtue of said Order Number Eight Hundred (800), or of said Ordinance Number Eight Hundred and Twenty-two (822), as the case may be, and also under and by virtue of the several Acts of Congress and the Legislature ratifying said order and ordinance, or under the authority of which the same have been passed; and such conveyance shall likewise operate to grant, convey, remise and release to the party, his heirs and assigns, named therein, the lands in such conveyance described, and all the estate and interest, present and future, of the said City and County of San Francisco, in and to such lands. But no such conveyance shall in any event be held to import a warranty or covenant of title on the part of, or to bind said City and County, or any officer thereof.

SEC. 6. All orders and parts of orders of the Board of Supervisors of the City and County of San Francisco, conflicting with Order Eight Hundred and Sixty-six (866) are hereby repealed, but such repeal shall not invalidate any of the proceedings instituted under the order of which Order Eight Hundred and Sixty-six (866) is amendatory, and such proceedings may be continued under the provisions of said Order Eight Hundred and Sixty-six (866). Whenever such proceedings have been completed, and the Committee on Outside Lands of said Board of Supervisors, or a majority of them, have executed and delivered a deed or deeds, the person or persons to whom such deed or deeds were executed, may obtain from the Mayor, at his or their own

expense, a deed of the same land, executed by him and sealed with the corporate seal of the City and County of San Francisco, without further petition, proof, award or notice; and the Mayor is hereby authorized and empowered to execute such deeds. Any and all such deeds shall have the like force and effect as the conveyances mentioned in section five of this Act; *provided*, that if any grantee in any deed executed by such committee has heretofore sold or conveyed any land included in such deed, or his, her or their interest in such land, by writing recorded in the office of the City and County Recorder of the City and County of San Francisco, the deed executed by the Mayor, and sealed with the aforesaid corporate seal, shall be, as to the lands so sold or conveyed, for, and inure to the benefit of such purchaser or purchasers, grantee or grantees, and their heirs, and the deed executed by the Mayor shall expressly so state.

SEC. 7. Whereas, divers co-owners and tenants in common of certain tracts of land situate in the City and County of San Francisco, and within the limits described in Order Number Eight Hundred (800) of said Board of Supervisors, who are or claim to be in possession thereof as such owners and tenants in common, under and in accordance with the terms and provisions of said Order Number Eight Hundred (800), and as such alleged co-owners and tenants in common, have had said tracts of land delineated by metes and bounds, and as entireties, upon the map mentioned and provided for in said Order Number Eight Hundred (800), and have also severally paid their proportionate share of the taxes upon said tracts of land for the five fiscal years preceding the year beginning July first (1st), eighteen hundred and sixty-six (1866), and all subsequent taxes due thereon, and have filed with said Board their petition, claiming said land under and in accordance with the terms and provisions of said order and Order Number Seven Hundred and Forty-eight (748) of said Board; now, therefore, it shall be lawful for any such alleged co-owners or tenants in common of lands situate within the limits described by said Order Number Eight Hundred (800), or one or more thereof, or his or their successor or successors in interest, who shall have performed the acts and conditions aforesaid, to pay, as such co-owners or tenants in common, his or their proportionate share of the amount of any and all taxes or assessments now levied and due, or which may hereafter (at any time prior to the delivery of a deed from the City and County of San Francisco, for his or their undivided interest in said lands) be levied and become due upon the tract or tracts of land, wherein he or they hold as such co-owners or tenants in common; and to facilitate the payment of such proportionate shares, the Tax Collector is hereby authorized to divide into smaller parcels any tract of land claimed by co-owners, owners in severalty or tenants in common, and to apportion to each subdivision the ratable proportion, value considered, of the assessment made to the whole tract so divided, and after the payment of the apportioned assessment upon any one of such subdivisions, no valid objection shall be made by any party to the acts of the Tax Collector in respect to such division, and the apportioned assessment shall become as valid and

binding upon the respective subdivisions to which they have been so apportioned, as if no division had been made by said Tax Collector.

SEC. 8. All of the acts and proceedings of the Tax Collector of the City and County of San Francisco, taken or done by him in pursuance of or under the authority of any order or resolution of the Board of Supervisors of said City and County, or in pursuance of or under the authority of any Act of the Legislature of the State of California, in reference to the collection of the taxes or assessments upon what are commonly designated as the outside lands of the said City and County, are hereby ratified and confirmed, and declared to be legal, valid and binding, both upon the lands embraced within the purview of any such Act of the Legislature of this State, or order or resolution of said Board of Supervisors of said City and County.

SEC. 9. And whereas, certain lands, known as outside lands of the City and County of San Francisco, have been advertised for sale by the Tax Collector of said City and County, for the non-payment of taxes or assessments levied thereon, known as the outside land tax, which sale has been postponed from time to time by said Tax Collector; and whereas, some of the parties claiming to be the owners of portions of said lands refuse or neglect to pay the taxes so levied as aforesaid, and have enjoined the said Tax Collector from proceeding with said sale; now, therefore, be it enacted, that all the pieces or parcels of land so advertised by the said Tax Collector as aforesaid, on which assessments heretofore levied have not been already paid, or shall not be paid to said Tax Collector within thirty days from and after the passage of this Act, shall be sold by said Tax Collector for gold coin of the United States, as hereinafter provided. Said sales may be adjourned from time to time by said Tax Collector, not exceeding in all sixty days, and may take place at such place in said City and County as the said Tax Collector may designate. The time during which any injunction may be in force restraining the said Tax Collector or other officer of said City and County from proceeding with said sale shall not be computed as any part of the periods limited and fixed within which he may perform the acts and duties herein defined, but shall be excluded therefrom. The said Tax Collector may retain in his custody so much of the proceeds arising from said sale as shall be necessary to liquidate and pay off the appraisements for reserved lands as heretofore made, pursuant to Order Number Eight Hundred, and all such proper and necessary costs as he may be at in conducting said sale and the collection of such assessments, and the overplus thereof he shall pay over to the Treasurer of the said City and County; and said Treasurer shall carry the amount so paid to him to the credit of the General Fund of said City and County. The amount so retained by the said Tax Collector shall be paid over by him to the parties entitled thereto under section eleven of Order Number Eight Hundred, in discharge of the appraisements for reserved lands; and within thirty days from and after he shall have received a sum from assessments equal to the total amount of appraisements for reserved lands, over and above the expenses and costs of making collections, he shall settle and pay off in full the appraisements made as aforesaid;

provided, however, when there are conflicting claimants for particular appraisements, said Tax Collector shall not be obliged to make payment in such cases until such conflicting claims shall be determined, amicably or otherwise; and the said Tax Collector is hereby authorized, from time to time, to make distribution on account of said appraisements for reserved lands, pro rata, as often as he shall have on hand fifty per cent. or less thereof.

SEC. 10. Said Tax Collector shall issue to each successful purchaser a receipt, in duplicate, for the amount bid and paid by him, which receipt shall also contain a brief description of the premises sold, and upon its face entitle the bidder, or his assigns, to a deed of conveyance of the premises therein described, at the expiration of twelve months from the date of the sale, unless there shall be a redemption of the premises as hereinafter provided.

SEC. 11. Said lands shall be sold subject to redemption, and such redemption may be made at any time within twelve months from the date of sale, upon paying to the said Tax Collector the amount bid therefor, together with twenty-five per cent. thereon and in addition thereto; and the party redeeming shall also pay such expenses of advertising and other expenses as the said Tax Collector may have incurred in and about the particular tract from the sale of which redemption is sought to be effected; *provided*, that all lands sold for assessment prior to the passage of this Act shall have the same right of redemption as provided for in section eleven of this Act.

SEC. 12. The Tax Collector, after the expiration of twelve months from the date of sale, in which there has been no redemption, shall make a conveyance of the premises sold to the purchaser thereof, or his assigns; and where there has been a redemption, he may make conveyance thereof to the redeptioner. In cases of redemption, the Tax Collector shall pay over to the holders of receipts the amount bid, together with the sum paid by the redeptioner, in addition to the bid.

SEC. 13. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XLV.

1869-70, 528.

An Act to establish a Municipal Criminal Court in the City and County of San Francisco.

[Approved March 31, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. There shall be and hereby is established, within the City and County of San Francisco, a Municipal Court, to be called and known by the

name of the Municipal Criminal Court of the City and County of San Francisco.

SEC. 2. A Judge of said Court shall be elected by the qualified electors of said City and County, at the next special judicial election, to be held in the year eighteen hundred and seventy-one, who shall hold his office for the term of four years from the first day of January next after his election; *provided*, that the Governor shall, immediately after the passage of this Act, appoint and commission some suitable person, who has been a resident of said City and County of San Francisco for the past five years, as Judge of said Municipal Court, who shall hold such office until his successor is duly elected, in the manner hereinbefore provided, and who shall qualify according to law. When any vacancy occurs in the office of Judge of said Court, it shall be filled by the Governor, by the appointment of some suitable person for the unexpired term.

SEC. 3. The said Court shall hold its sessions in the City and County of San Francisco, in such central or convenient place as shall be provided for that purpose by the Board of Supervisors of said City and County of San Francisco.

SEC. 4. The said Court shall be a Court of record, and shall have a seal, to be devised by the Judge thereof, a description of which shall be entered on the minutes of the Court, and filed in the office of the Secretary of State. And the said Court shall have the same power as the District Court to regulate its forms of process and proceedings, and to make rules for its own government.

SEC. 5. All writs and process issued out of the said Municipal Court shall be in the form prescribed for writs and process issued out of the District Court, and shall be executed and returned in like manner; and said Court shall have power to issue all writs of subpoena and other process, and the same may be served beyond the limits of the City and County of San Francisco, and shall be considered of the same effect as writs and process issued out of the District Courts; and obedience to such subpoena, when properly issued and served, may be enforced in like manner as obedience to a subpoena may be enforced by the District Courts.

SEC. 6. An appeal may be taken to the Supreme Court from any judgment or order of the said Municipal Criminal Court in like manner as from an order or judgment of the District and County Courts, and all laws regulating appeals from District and County Courts shall be deemed applicable to appeals from the said Municipal Criminal Court.

SEC. 7. All laws regulating proceedings in the District Court shall, so far as they are not inconsistent with the provisions of this Act, be deemed applicable to the proceedings of the said Municipal Criminal Court; and said Court shall have power to make rules, not inconsistent with the laws of the State, for its government and the government of its officers.

SEC. 8. The County Clerk of the City and County of San Francisco shall be *ex officio* Clerk of said Municipal Criminal Court. * * * * *
[Remainder of section relates to appointment and salaries of deputies. Superseded by Act of February 5, 1872; Supplement LII.]

SEC. 9. The Sheriff of the City and County of San Francisco shall be the Sheriff of the said Municipal Criminal Court, and shall execute, either in person or by deputy, such of the process of said Court as may be required to be executed by a Sheriff, and shall be amenable to said Court by proceedings, as for contempt, on his failure to execute such process. And said Sheriff is hereby authorized to appoint a deputy, in addition to those now appointed by him, who shall act as Bailiff or Deputy Sheriff of said Court, and who shall receive a salary of one hundred and fifty dollars per month, to be paid in the same manner as the salaries of the other deputies of said Sheriff are paid.

SEC. 10. The Judge of said Court shall have power to take and certify affidavits, to be read or filed in any Court or before any judicial officer of this State, and in other cases where a judicial oath or affidavit is required, except in those cases where such oath or affidavit shall be specially provided by law to be taken before some other officer or tribunal.

SEC. 11. The said Judge of the Municipal Criminal Court shall be a conservator of the peace in the said City and County of San Francisco, and may exercise all the powers conferred by law upon the County Judge as magistrate.

SEC. 12. When an indictment is found in the County Court in and for the City and County of San Francisco, for any felony or misdemeanor now triable in the County Court of said City and County, it may be transmitted by the Clerk of said Court to said Municipal Criminal Court for trial, except when the indictment is found against a person holding the office of Judge of said Municipal Criminal Court.

SEC. 13. In all indictments transmitted under the provisions of this Act to said Municipal Criminal Court, it shall have jurisdiction for trial and determination exclusive of the jurisdiction of the County Court of the City and County of San Francisco; and the mode of procedure and trial in said Municipal Criminal Court shall be in all respects the same as now prescribed for District and County Courts under an Act of the Legislature of the State of California, entitled an Act to regulate proceedings in criminal cases, passed May first, eighteen hundred and fifty-one, and all Acts amendatory thereof and supplementary thereto, excepting so much of said Act as may be in conflict with the provisions of this Act.

SEC. 14. All indictments pending at the time of the passage of this Act and the organization of the Court thereunder, in the County Court of the City and County of San Francisco, shall be, at the option and discretion of the County Court or the Judge thereof, transmitted to said Municipal Criminal Court for trial and determination.

SEC. 15. The Judge of said Municipal Criminal Court shall receive a salary

of five thousand dollars per annum, payable in equal monthly installments, out of the same fund, and in the same manner, as the salary of the Judge of the County Court of the City and County of San Francisco is now paid.

SEC. 16. The District Attorney in and for the said City and County may, by written certificate, signed by himself, appoint an Assistant District Attorney, and at his pleasure remove him; who, during the time he is acting as such assistant, shall be entitled to receive a salary of three hundred dollars a month, payable as the salary of the District Attorney is now made payable by the law. It shall be the duty of such Assistant District Attorney to assist the District Attorney in the performance of any official duty enjoined upon the latter by law, and to do and perform such other duties in the prosecution of criminal actions in the Court herein established, in any of the Courts of said City and County, as the said District Attorney may order or direct.

SEC. 17. This Act shall take effect and be in force in thirty days after its passage.

SUPPLEMENT XLVI.

1869-70, 579.

An Act to regulate the distribution of the Police Fund of the City and County of San Francisco.

[Approved April 1, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. One-half of all the fines, penalties and forfeitures imposed for offences committed within the said City and County, and now paid into the treasury thereof as a part of the Police Fund, by the Clerk of the Police Judge's Court, shall be paid to the Treasurer of the San Francisco Benevolent Association; *provided*, that such payment shall not diminish the amount now authorized by law to be paid out of said fines, penalties and forfeitures to other associations, or to the School Fund of said City and County; and *provided, further*, that the sum so paid to the Treasurer of the San Francisco Benevolent Association under the provisions of this Act shall not in any event exceed the sum of five thousand dollars per annum.

SEC. 2. All laws and parts of laws inconsistent herewith are hereby repealed, so far as they relate to said Police Fund.

SEC. 3. This Act shall take effect from and after its passage.

SUPPLEMENT XLVII.

1869-70, 585.

An Act relating to the Home of the Inebriate of San Francisco and to prescribe the powers and duties of the Board of Managers and the officers thereof.

[Approved April 1, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Home for the care of the Inebriate of San Francisco shall always be kept open for the reception and care of inebriates, both male and female, of every nationality and sect, free of charge for their support, care or medical attendance while they necessarily remain therein; *provided*, the Superintendent of said home may require, on the admission of any such person, a permit from at least one of the Board of Managers of said home, unless such person is committed to said home as provided in the next section of this Act.

SEC. 2. Any Police Judge or magistrate of the City and County of San Francisco is hereby empowered to commit any person whom he shall convict of habitual intemperance to said home, for a term not exceeding six months; *provided*, the Board of Managers of said home may release, by a two-third vote of said Board of Managers, any person so convicted or otherwise placed in said home before his or her sentence shall expire.

SEC. 3. The said Board of Managers are hereby empowered to receive and to detain in said home, under such restrictions and discipline as they shall deem proper, such persons as may be thereto committed or otherwise placed in said home; *provided*, any Court of competent jurisdiction may inquire, by writ of habeas corpus, into such detention or discipline, and release any person therefrom.

SEC. 4. The said Board of Managers shall have power to make by-laws and rules for the government of its body, officers and employees; to elect, discharge and pay such officers and employees as may be necessary to manage and carry on said home; and to prescribe rules and regulations for the government and management of the inmates and officers of said home.

SEC. 5. The Board of Managers of said home shall elect from their number a President, Vice-President, Treasurer and Secretary, and prescribe their respective duties and responsibilities.

SEC. 6. Any person having been an officer of said Board, or of said home, or an employee or inmate thereof, who shall, after his or her term of office

ceases, or employment expires, or has been discharged, retain in his or her possession or control any of the property of said home, or the books or the papers of said Board, or seal thereof, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than five dollars and not to exceed five hundred dollars, or imprisonment in the County Jail not to exceed six months, or both such fine and imprisonment.

SEC. 7. The title to the lot set apart by the Board of Supervisors of San Francisco, or a committee of said Board, to and for the corporation known as the "Home for the care of the Inebriate," is hereby confirmed to said corporation; and the title of said City and County in and to said lot is vested in said corporation forever.

SEC. 8. All Acts and parts of Acts in conflict with the provisions of this Act are hereby repealed.

SEC. 9. This Act shall take effect immediately after its passage.

SUPPLEMENT XLVIII.

1869-70, 653.

An Act further to define the powers and duties of the Sheriff of the City and County of San Francisco.

[Approved April 2, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Sheriff of the City and County of San Francisco is authorized and empowered to exact in advance, and to receive any and all fees that are now allowed by law for services under and by virtue of any process, order or proceeding issued or had in the Justices' Court of the City and County of San Francisco, and all such fees shall be accounted for by said Sheriff, and paid by him to the Treasurer of said City and County, as now provided by law for other fees allowed to the Sheriff of said City and County.

SEC. 2. It shall not be lawful for the Clerk of said Justices' Court to demand or receive any fees for the service of any process or order, nor for any service to be rendered by said Sheriff.

SEC. 3. All Acts or parts of Acts, so far as the same are in conflict with the provisions of this Act, are hereby repealed.

SEC. 4. This Act shall take effect immediately after its passage.

SUPPLEMENT XLIX.

1869-70, 674.

An Act to define the powers of Justices of the Peace within the City and County of San Francisco in criminal cases.

[Approved April 2, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Justices of the Peace within the limits of the City and County of San Francisco shall have power and it shall be lawful for them to hear complaints and issue warrants in all criminal cases, and transfer the same to the Police Court of said City and County for trial or examination, by an indorsement of said transfer upon the warrant; but nothing in this Act shall be so construed as to deny to the said Police Court of said City and County the power to try and decide certain criminal cases as now provided by law.

SEC. 2. All Acts or parts of Acts, so far as they are in conflict with this Act, are repealed.

SUPPLEMENT L.

1869-70, 802.

An Act to provide for the improvement of public parks in the City of San Francisco.

[Approved April 4, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The lands designated upon a map of the outside lands of the City and County of San Francisco, made in pursuance of Order Number Eight Hundred, by the word "Park," to-wit: Extending from Stanyan street on the east to the Pacific Ocean, is hereby designated, and shall be known as the "Golden Gate Park;" and the other parcel of land fronting on Haight street, and also marked "Park," is hereby designated and shall be known as "Buena Vista Park;" and also the land marked on said map "Avenue," extending from Baker street westward until it crosses Stanyan street, shall be and remain public parks of said City and County, and shall be improved as such by the Commissioners hereinafter mentioned and their successors.

SEC. 2. The said parks and avenues shall be under the exclusive control and management of a Board of three Commissioners, who are hereby designated as "Park Commissioners." Two members shall constitute a quorum for the transaction of business; but no money shall be expended or contract entered into authorizing the expenditure of money without the approval of the Mayor of said City and a majority of said Board.

SEC. 3. The Governor of the State of California is hereby authorized and directed, within thirty days after the passage of this Act, to appoint three Commissioners, who shall hold their offices for four years, and who shall receive no compensation for their services. In case of a vacancy, the same shall be filled by the remaining members of the Board for the residue of the term then vacant; and all vacancies occasioned by expiration of terms of office, or neglect or incapacity of qualification, shall be filled by the Governor aforesaid. Each of said Commissioners shall be a freeholder and resident of said City and County.

SEC. 4. The said Board shall have the full and exclusive power to govern, manage and direct the said parks and avenues; to lay out, regulate and improve the same; to pass ordinances for the regulation and government of the same; to appoint such engineers, surveyors, clerks and other officers, as may be necessary; to prescribe and define their respective duties and authority; to fix the amount of their compensation, and to have the management of the funds provided for the improvement thereof.

SEC. 5. It shall be a felony for any Commissioner, directly or indirectly, to be interested in any contract or work of any kind whatever connected with either of said parks or avenue; and it shall be the duty of any Commissioner or other person who may have any knowledge or information of the violation of this provision, forthwith to report the same to the Governor, who shall hear the allegations in regard thereto; and if, after such hearing, he shall be satisfied of the truth thereof, he shall immediately remove such Commissioner thus offending. The Governor shall issue a commission to each of the Commissioners appointed by him, who shall, within twenty days after the receipt thereof, take and subscribe the oath of office prescribed by law.

SEC. 6. The said Board shall semi-annually, and on the second Monday in January in each year, make to the Legislature of the State, and to the Board of Supervisors of said City and County annually, and on the second Monday of January in each year, a full report of their proceedings and a detailed statement of all their receipts and expenditures.

SEC. 7. It shall be lawful for the said Commissioners to let any portion of said grounds from time to time, until the same shall be required for the improvement of said parks; but no lease shall extend beyond three years from the date thereof. All moneys realized thereby shall be devoted to the improvement of said parks and avenue.

SEC. 8. During the year next ensuing their appointment, the said Commissioners may expend upon said parks and avenue the sum of one hundred

thousand dollars and no more; and during the second year the sum of seventy-five thousand dollars; and annually thereafter, for the next three years, the sum of fifty thousand dollars per annum.

SEC. 9. The said Commissioners shall, from time to time, create and issue bonds, which shall be countersigned by the Mayor of said City and County, with the corporate seal affixed, in sums of not less than three hundred dollars nor more than one thousand dollars, which bonds shall not exceed in the aggregate the sum of two hundred and twenty-five thousand dollars, and shall be payable twenty-five years from their date, and may sell or dispose of the same at not less than ninety per cent. of their par value, to create a fund to be called "Park Improvement Fund." Such bond, and the interest thereon, shall be paid in gold coin. Said interest shall be paid semi-annually at the office of the Treasurer of said City and County, and said bonds shall bear interest at a rate not exceeding six per cent. per annum. The said parks and avenues are hereby pledged as security for the redemption of said bonds. Any balance of the appropriations made for any one year may be expended in any succeeding year. It shall be lawful for the holder or holders of any bond or bonds heretofore issued under the provisions of the Act to which this Act is amendatory and supplemental, to surrender such bond or bonds, with the unpaid coupons thereon, to the Auditor of said City and County; and upon such surrender being made, bonds of like denomination to those surrendered, payable as herein provided, with coupons attached bearing interest at six per cent. per annum, shall be issued and delivered to the person or persons making the surrender aforesaid; and the Auditor shall, in the presence of the Mayor, cancel all bonds and coupons so surrendered in exchange for others as herein provided. [*Amended, March 30, 1872; 1871-2, 706.*]

SEC. 10. The Park Commissioners shall sell the bonds from time to time, as the money arising therefrom shall be needed for the prosecution of improvements on said parks, and all moneys arising from sales of bonds shall be paid into the Treasury of the City and County to the credit of a fund to be known as the "Park Improvement Fund," and shall only be drawn therefrom upon the order of said Park Commissioners, or a majority of them, audited by the Auditor of said City and County. [*Amended, March 30, 1872; 1871-2, 706.*]

SEC. 11. For the payment of the interest of the said bonds, the Board of Supervisors of said City and County shall order and cause to be raised, by tax on the estate, real and personal, subject to taxation according to law, within said City and County, and to be collected in addition to the ordinary taxes, yearly and every year, sufficient money to pay the interest annually accruing on the bonds then issued.

SEC. 12. The moneys raised by sales of such bonds shall be deposited with some one or more of the savings or banking institutions in said City and County, and such institution, bank or banks, with which the same may be deposited, shall allow interest upon such deposits, as may be agreed upon with

said Board, and shall open and keep an account with said Board. No moneys shall be drawn from said fund except upon a warrant signed by a majority of the Commissioners and the Mayor.

SEC. 13. It shall be lawful for said Board of Commissioners to pass such ordinances as they may deem necessary for the regulation, use and government of said parks and avenue, not inconsistent with the laws of the State of California. Said ordinances shall, within five days after their passage, be published for ten days, Sundays excepted, in a daily newspaper published in said City and County, to be selected by said Commissioners.

SEC. 14. All persons offending against any such ordinances shall be deemed guilty of a misdemeanor, and be punished on conviction in the Police Court of said City and County.

SEC. 15. This Act shall take effect immediately.

[The following is the remaining portion of the Act of March 30, 1872; 1871-2, 706, besides that incorporated in the foregoing Act:]

SEC. 3. In order to render said avenues and parks of easy access to the citizens of San Francisco, the said Commissioners are hereby authorized and empowered to draw from the said "Park Improvement Fund" not exceeding the sum of twenty thousand dollars, and expend the same on such of the public streets of the said City leading to said avenues and parks as in the judgment of said Commissioners shall best subserve the public convenience; but the said Commissioners shall not expend any moneys as in this section contemplated unless the property holders along the line of the streets thus designated and selected by the Commissioners shall unite with the said Commissioners and contribute an amount equal to that proposed to be expended by the Commissioners, and place the same in the said "The Park Improvement Fund," the whole to be laid out under the direction and supervision of the said Commissioners.

SEC. 4. This Act shall take effect from and after its passage.

SUPPLEMENT LI.

1871-2, 58.

An Act in relation to the office of the County Clerk of the City and County of San Francisco.

[Approved February 2, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The County Clerk of the City and County of San Francisco shall keep open his office, and all offices attached to the various Courts of which he is the Clerk, within said City and County, for the transaction of business, every day in the year, except Sunday, New Year's Day, Twenty-second of February, Fourth of July, Thanksgiving, Christmas Day, and on the days on which the general and the special judicial elections are held,⁹⁷ from nine o'clock in the forenoon to the hour of four o'clock in the afternoon.

SEC. 2. He shall take charge of and safely keep, or dispose of according to law, all books, papers, and records which are or may be filed or deposited in his office, and of all the Courts of which he is Clerk; and he shall not allow any paper, files, or records to leave his custody except when required by the Judges of the Courts, to be used by them, or either of them.

SEC. 3. No Judge or other officer of any Court shall make any order for the delivery by the County Clerk of said City and County of any paper, files, or records in his custody; nor shall the Courts or Judges thereof have any power to make orders for the delivery of any certificate of incorporation, bonds, or other papers filed with the said County Clerk. When any of said papers are required for evidence in any of the Courts within said County the County Clerk or his deputies shall produce the same, under subpoena or order of the Court, or furnish certified copies of the same, on application, on payment to said Clerk for said copies, at the rate of ten cents per folio for each one hundred words, which shall be allowed said Clerk, to be used and disbursed by him for copying as aforesaid.

SEC. 4. Neither the County Clerk nor any of his deputies shall be required to attend as witnesses, in their official capacities, outside of the City and County of San Francisco, unless his expenses be paid, at the rate of ten cents

⁹⁷ See note 6, *ante*.

per mile to and from the place he may be required, and five dollars per day for each day's attendance.

SEC. 5. All Acts and parts of Acts, so far as they conflict with this Act, are hereby repealed.

SEC. 6. This Act shall take effect immediately.

SUPPLEMENT LII.

1871-2, 76.

An Act concerning the office of County Clerk in and for the City and County of San Francisco.

[Approved February 5, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The County Clerk of the City and County of San Francisco may appoint Deputies as follows: For the District Court of the Fourth Judicial District, in and for said City and County, one Register Clerk, who shall receive a salary of one hundred and seventy-five (\$175) dollars per month; one Court Room Clerk, who shall receive a salary of one hundred and seventy-five (\$175) dollars per month, and two Assistant Register Clerks, who shall receive a salary of one hundred and fifty (\$150) dollars per month each. For Probate Court, in and for said City and County, one Court Room Clerk, who shall receive a salary of one hundred and seventy-five (\$175) dollars per month; one Register Clerk and two Record Clerks, who shall receive a salary of one hundred and fifty (\$150) dollars per month each.⁹⁸ For County Court, in and for

⁹⁸ SEC. 3 of an Act in relation to the Probate Court in the City and County of San Francisco, passed February 10, 1864; 1863-4, 70; provides that: "Any Deputy of the County Clerk of said City and County, no matter for what court, duty or business he may be particularly deputized or assigned, may act as his Deputy in the Probate Court."

said City and County, one Court Room Clerk, who shall receive a salary of one hundred and seventy-five (\$175) dollars per month; one Register Clerk and one Assistant Register Clerk, who shall receive a salary of one hundred and fifty (\$150) dollars per month each. For Municipal Court, in and for said City and County, one Court Room Clerk, who shall receive a salary of one hundred and seventy-five dollars per month; one Register Clerk, who shall receive a salary of one hundred and fifty dollars (\$150) per month; *provided*, that the Deputies appointed by virtue of this Act shall be in lieu of all those heretofore authorized to be appointed by said County Clerk, and all Acts or parts of Acts conflicting with this Act, or providing for the appointment of other Deputies not named in this Act, are hereby repealed.

SEC. 2. The salaries provided for in section one of this Act shall be audited and paid in the same manner as the salaries of Deputy Clerks in said City and County of San Francisco have been audited and paid heretofore.

SEC. 3. The County Clerk of said City and County is hereby authorized to employ as many Copyists (not to exceed three in number) as may be necessary to perform the duties of his office, who shall severally be paid such reasonable compensation as their services may be worth, not to exceed six cents a folio of one hundred words, for the matter copied or recorded by them respectively; *provided*, the amount paid to such copyists in any one month shall not exceed three hundred (\$300) dollars.

SEC. 4. The County Clerk shall certify monthly, on the demands of said Copyists, the number of folios copied by each one of said Copyists, and such certificate of said Clerk shall be conclusive and sufficient evidence to authorize and require the Auditor of said City and County to audit severally the accounts of said Copyists, monthly, and the payment of such demands by the County Treasurer, out of the Special Fee Fund, as is provided for the payment of other officers of said City and County.

SEC. 5. The following Acts and parts of Acts are hereby repealed: an Act entitled "An Act concerning the office of the County Clerk of the City and County of San Francisco," approved May fifteenth, eighteen hundred and sixty-two; an Act entitled "An Act concerning the office of County Clerk of the City and County of San Francisco," approved March second, eighteen hundred and sixty-four; an Act entitled "An Act concerning the office of County Clerk of the City and County of San Francisco," approved February twentieth, eighteen hundred and sixty-eight; an Act entitled "An Act concerning the office of County Clerk of the City and County of San Francisco," approved March thirty-first, eighteen hundred and seventy.

SEC. 6. This Act shall take effect immediately.

SUPPLEMENT LIII.

1871-2, 232.

An Act supplementary to an Act entitled "An Act providing for an Attorney and Counselor in and for the City and County of San Francisco," approved March twenty-fifth, eighteen hundred and sixty-two.

[Approved March 4, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The City and County Attorney of the City and County of San Francisco shall keep in his office well bound books of registry, in which shall be entered and made a register of all actions in which said City and County Attorney may appear. Each outgoing City and County Attorney shall deliver such books of registry and all other property of said City and County in his possession to his successor in office, who shall give him duplicate receipts therefor, one to be filed in the office of the Auditor of said City and County and one to be retained by such outgoing officer. The Board of Supervisors of said City and County are hereby empowered and required to provide complete sets of the statutes of this State and of the reports of the Supreme Court of this State, for use in the office of the City and County Attorney, and the Auditor of said City and County is hereby required to audit the claims therefor, and the Treasurer of said City and County to pay the same out of the General Fund of said City and County. There shall be two Clerks in the office of said City and County Attorney, one of whom shall receive a salary of one hundred and fifty dollars per month and the other a salary of seventy-five dollars per month, and the Board of Supervisors of said City and County are hereby authorized and required to allow and order the said salaries paid monthly out of the General Fund.

SEC. 2. The Clerks allowed by this Act shall be in lieu of all others allowed by law to the City and County Attorney, and no other persons shall receive pay from the Treasurer of the City and County for services rendered to said City and County Attorney.

SEC. 3. All Acts or parts of Acts conflicting with this Act are hereby repealed.

1871-2, 403.

An Act in relation to Coroners in the City and County of San Francisco.

[Approved March 16, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. Every person elected or appointed to the office of Coroner, before he shall enter upon the duties of such office, shall take the constitutional oath of office, and give an official bond in the sum of five hundred dollars.

SEC. 2. The duties of Coroner shall be: first, to hold inquests upon the bodies of persons slain, or who shall have committed suicide, or been found dead under such circumstances as to lead to a suspicion of crime committed, within the county in which such Coroner resides; second, to issue process for the arrest of one charged upon inquest with murder or manslaughter; to hold inquest on the body of every prisoner who dies in jail; and it shall be the duty of the Jailor, whenever a prisoner dies in his custody, to send for the Coroner who has jurisdiction, who shall hold inquest upon the body of such prisoner. The duties of Coroners upon inquests shall not be delegated.

SEC. 3. Whenever any Coroner shall receive notice that any person has been slain, or has committed suicide, or has died suddenly, or has been found dead under circumstances such as to require an inquisition, it shall be his duty to go to the place where such person shall be, or if the body shall have been interred, shall cause it to be disinterred, and shall forthwith summon not less than nine or more than fifteen persons to serve as jurors, to appear before him forthwith, at such place as he shall appoint, and make inquisition concerning such death. He shall summon none but persons duly qualified by

law to serve as jurors, and no such person shall be exempt, except at the discretion of the Coroner. No person shall be summoned who is related to the deceased, or to any person who may be suspected or charged with the killing; nor shall any one be summoned who is known to be prejudiced for or against him, but the jurors who are selected and appear shall not be challenged by any party. [*Amended, March 23, 1876; 1875-6, 397.*]

SEC. 4. Every person summoned as a juror who shall fail to appear without having a reasonable excuse, shall forfeit a sum not exceeding the sum of two hundred dollars, to be recovered by the Coroner, in the name of the people of the State, before any Justice of the Peace in the proper township, and when collected to be paid into the County Treasury for the use of the county.

SEC. 5. When six or more of the jurors attend they shall be sworn by the Coroner and charged by him to inquire how and in what manner and when and where such person came to his death, and who such person was, and into all the circumstances attending such death, and to make a true inquisition according to the evidence offered to them or arising from the inspection of the body.

SEC. 6. There shall be but one inquest upon a body, unless that taken be set aside by the Court; and there shall be but one inquest held upon several bodies of persons who were killed by the same cause and who died at the same time. Whenever it shall appear that an error in the identity of the body has been made by the jury, it shall be discretionary with the Coroner to call another inquest upon the body without reference to the Court, and a memorandum of the error shall be entered upon the erroneous inquisition.

SEC. 7. After the jury have been sworn and charged by the Coroner, they shall go together with the Coroner to view and examine the body of the deceased person. They shall not proceed upon the inquest until they have so viewed the body. After the jury have viewed the body they may retire to any convenient place to hear the testimony of witnesses and deliberate upon their verdict. For this end the Coroner may adjourn the inquest from time to time, as may be necessary.

SEC. 8. The Coroner may issue subpoenas for witnesses, returnable forthwith or at such time and place as he may appoint therein, which may be served by any competent person by reading the same to the witness or informing him or her of the contents thereof, and such witness shall not be entitled to any fee for attendance. Every person served with such subpoena shall be liable to the same penalties for disobedience thereto, and his attendance may be enforced in like manner as in case of subpoenas issued by a Justice of the Peace.

SEC. 9. The Coroner shall summon and examine as witnesses every person who, in his opinion or that of the jury, has any knowledge of the facts, and he may summon a surgeon or physician to inspect the body and to give a professional opinion as to the cause of death; and if it shall be necessary, the Coroner may cause a post mortem examination or chemical analysis to be

made, and the expense of such examination or analysis shall be a county charge, to be fixed by the Board of Supervisors.

SEC. 10. Witnesses produced shall be sworn by the Coroner, and the whole of the testimony shall be reduced to writing by the Coroner, or under his direction, and signed by the witnesses in the presence of the jury, and each deposition shall have a jurat attached. The jury, after hearing all the testimony offered before them, shall retire as jurors in other cases and deliberate upon their verdict, suffering no one, not even the Coroner, to mingle with them in their deliberations; but they may, as in the case of jurors in the Courts of law, take the opinion of the Coroner upon any question of law that may arise upon the investigation.

SEC. 11. The Coroner may call upon the District Attorney to assist him in the examination of witnesses, and the jurors may put any proper question to the witness, but the party suspected or charged with the crime shall have no right to produce witnesses on the inquest, or to cross-examine those produced on behalf of the people by himself or counsel; nor shall it be necessary that he be present during the examination. But it shall be the duty of the Coroner to examine any witness who he may have reason to believe may know anything concerning the matter pertinent to the inquiry, and to put to any witness any proper and pertinent question that such person may desire. Such party suspected or charged, however, may be attended by counsel on the inquest to advise with him as to his rights in answering any question that may be put to him when under examination. If the party accused of the crime be present at the inquest, and is then charged with the crime, or the testimony tends to criminate him, and he is called upon by the Coroner to testify, it is the duty of the Coroner first to inform the accused that he is at liberty to refuse to answer any question that he may put to him, otherwise his answer on such examination cannot be read in evidence against him when on trial for the offense. But if such person is not under arrest or charged with the crime, his answer may be given in evidence against him on his subsequent trial for the crime charged, though the Coroner may not have so advised him of his rights. The jury must hear all the evidence offered before them, whether it be in favor of or against any party suspected of the killing.

SEC. 12. Upon the investigation the Coroner's jury shall not be limited in their inquiry like a jury upon the trial of one charged with the crime; their duties shall be to determine if a crime has or has not been committed; and if a crime has been committed, who perpetrated or caused the same to be perpetrated, and all the circumstances attending it; and any proper testimony tending in any degree to throw light upon the subject may be properly given. Matters of opinion, except of professional witnesses, or hearsay evidence, shall not be permitted.

SEC. 13. When the jury shall have agreed upon a verdict they shall reduce their inquisition to writing, which writing shall show before what Coroner the same was taken, and that the same was taken upon the oath of good and law-

ful men of the county, who were first duly sworn; and it must also show by whom and when the same was executed. They shall also find and certify how or in what manner and when and where the person so dead came to his death, and all the circumstances attending such death; and if a crime has been committed in the case, who were guilty thereof, either as principal or accessory, and in what manner. The jury shall not be required to find who were accessories after the fact—only those before the fact. If the person who is found dead is unknown, or the person who caused the death is unknown, the jury shall so find; and they shall find, if the fact so appears before them, whether the killing was accidental or suicide, murder or manslaughter, excusable or justifiable homicide; and if the manner of the death is unknown, they shall so state. Such inquisitions shall be signed by such jurors, and the Coroner shall certify the fact that the inquest was held, and indorse under the verdict his approval or non-approval of the same.

SEC. 14. It shall not be necessary that the jury should be kept together until they have agreed upon a verdict. If there shall appear any irreconcilable opinion as to any material fact concerning which they are to make inquest, the jurors agreeing may find accordingly, and two or more inquisitions may be presented.

SEC. 15. If the jury find that any murder or manslaughter has been committed, the Coroner shall bind over the witnesses against the accused to appear and testify at the next Court or Grand Jury, or before any Court at which an indictment for such offense can be found and triable that shall be held in the county, and obey all orders of said Court in the premises. Such recognizance shall be in writing, and shall be subscribed by the parties to be bound thereby. Said recognizances shall be made payable to the people of the State of California. The amount of the same shall be fixed by the Coroner, County Judge, or by the District Attorney, and approved by the County Judge or any of the Judges of a Court of record; and in case of their refusal to sign such recognizance, the Coroner shall have power to commit such witness as in the case of examination of criminals by a magistrate.

SEC. 16. The testimony of all witnesses examined before a Coroner's jury, together with the inquisition of the jury, and all recognizances taken by such Coroner, shall be returned by him forthwith to the County Clerk of his county.

SEC. 17. The Coroner shall have the same power on all investigations or inquests as are allowed by law to Judges of Courts of record in this State to preserve order in the matter of investigations before him; and for any disrespect shown towards him or contempt of his authority in his investigations by any juror, witness, or other persons, he shall have power to issue an order for the arrest of said person or persons, and forthwith to have said person or persons brought before the Police Judge or County Judge of his county, to be punished according to law.

SEC. 18. Any juror, witness, or other person summoned as juror, witness,

or any other person who may be in attendance on any official investigation, who shall use any disrespectful language towards said Coroner, or behave disrespectfully towards said Coroner in his presence, shall be declared guilty of contempt, and shall be liable to pay a fine not to exceed one hundred dollars, or be imprisoned in the County Jail of said County not to exceed sixty days; said imprisonment to be enforced by any of the magistrates named in the preceding sections, upon the warrant of the Coroner, as provided for in the last section.

SEC. 19. If the Coroner's jury find that any murder or manslaughter has been committed, and the person charged with such offense be not in custody, the Coroner shall have power to issue process for the arrest of the person charged. The warrant of arrest must be under the hand of the Coroner, and must recite the finding of the jury upon the inquest, and be directed to the Sheriff, or to any Constable, Marshal, or Policeman of the County, and commanding the officer to whom it shall be directed forthwith to take the person accused of having committed such offense, and to bring him before a committing magistrate, to be dealt with according to law. The warrant of the Coroner shall be served in the same manner and in the same places as criminal process issued by a Justice of the Peace in any County of the State, without indorsement by a magistrate of such County.

SEC. 20. When the inquest shall be held by the Coroner, and there shall be no friends to take charge of the body of the deceased, it shall be the duty of the Coroner, after the same has been viewed by him and the jury, to see that it is properly buried, and for that purpose, he shall immediately give notice to the person or firm having the contract for the burial of the indigent dead, for burial of the body, and it shall be buried by him, under the provisions of said contract. [*Amended, March 30, 1874; 1873-4, 908.*]

SEC. 21. It shall be the duty of the Coroner to take charge of all money and other valuable things which may be found with or upon the bodies of persons on whom inquests shall be held, when there is no other persons legally entitled to take charge of the same; and he shall forthwith make out and enter in a book to be kept in his office, open to public inspection, a full and complete inventory of all money, and every article or thing of value found with or upon said deceased, and he shall also make an entry in said book, of any note or memorandum found upon said deceased, that may tend, in any way, in the future, to identify said person. Said Coroner shall, within thirty days after the holding of such inquest, deliver over to the Treasurer of said City and County, all such money or valuable things which have not been claimed by legal representatives of the deceased or the Public Administrator. Said Coroner shall also keep in his office another book, open to public inspection, in which he shall enter a full description of every article and thing, and all money found with or upon the bodies of deceased persons, or belonging to said deceased persons, that may come into his possession, before he delivers up, or permits the same to go out of his possession; and no money, article, thing, or property of any nature or kind, shall be delivered to any person,

until the same shall have been entered in said book as aforesaid, and signed in the presence of said Coroner, by the person receiving the same. [*Amended, March 30, 1874; 1873-4. 908.*]

SEC. 22. For a failure on the part of the Coroner to perform such duty required by the last section, or any of the duties required by this Act, he shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine not exceeding five thousand dollars, or imprisonment in the County Jail not to exceed one year, and shall be liable on his official bond for any and all moneys, chattels, and property which shall be found on said deceased, and which shall or may come into his possession belonging to said deceased; the same to be recovered in the name of any party who may be entitled to recover the same in any Court having jurisdiction thereof.

SEC. 23. Upon the delivery of money so found to the Treasurer, he shall place it to the credit of the County. If other property, and perishable in its nature, he shall, within thirty days, sell the same at public auction, upon reasonable public notice, and shall in like manner place the proceeds to the credit of the County. Other property shall only be sold upon the order of the County Judge. If the said money or property in the treasury be demanded within six years by the legal representatives of the deceased, the Treasurer shall, upon legal showing, after deducting the fees and expenses of the Coroner and of the County in relation to the matter, pay the balance thereof to such legal representative.

SEC. 24. Before auditing and allowing the accounts of the Coroner, the Supervisors of the County shall require a statement from him, in writing, containing an inventory of all money and other valuables found with or upon all persons upon whom inquests shall have been held, and the manner in which the same has been disposed of, verified by the oath or affirmation of the Coroner making the same that such statement is in all respects just and true, and that the money and other articles mentioned therein have been delivered to the Treasurer of the County, or to the legal representatives of such person or persons.

SEC. 25. The Coroner shall perform the duties of Sheriff in all cases when the Sheriff is interested or otherwise incapacitated from serving. Whenever the Coroner acts as Sheriff he shall possess the powers and perform all the duties of the Sheriff, and shall be entitled to the same fees as are allowed by law to the Sheriff for similar services.

SEC. 26. If the office of Coroner be vacant, or he be absent or unable to attend, the duties of his office may be performed by any Justice of the Peace of the County, with the like authority and subject to the same obligations and penalties as the Coroner.

SEC. 27. The Coroner of the City and County of San Francisco, in addition to the duties imposed by this Act upon every Coroner, shall keep a record of all inquests held by him, with a copy of all testimony and the inquisition of the juries in full; and in case of loss of the original records, the same

shall be admissible in evidence with like effect as the original would have been.

SEC. 28. The Coroner of said City and County shall be authorized to appoint two clerks, who shall be sworn to act as First and Second Deputy Coroners in all matters, except those duties on inquests which have been forbidden to be delegated by this Act. The salary of the clerk sworn to act as First Deputy Coroner shall not exceed one hundred and fifty dollars per month, and the salary of the clerk sworn to act as Second Deputy Coroner one hundred and twenty-five dollars per month, which shall be paid from the Special Fee Fund of the said City and County. The Coroner of said City and County shall be authorized to appoint a Messenger, whose duty it shall be to have charge of the dead wagon, keep in order the morgue, and perform such other duties as are required by the Coroner or his deputies in connection with the duties of his office. He shall receive a salary not to exceed seventy-five dollars per month, to be paid in like manner as that of the Coroner's clerks. [*Amended, March 23, 1876; 1875-6, 397.*]

SEC. 29. The Board of Supervisors of the City and County of San Francisco are hereby authorized to provide a suitable office and jury room, and dead house or morgue, with the furniture necessary to enable the Coroner to efficiently discharge the duties of his office, and to make the necessary appropriation therefor. They are further authorized to audit and pay, for the necessary expenses of maintaining the morgue and offices attached, such sum as may be necessary, not to exceed seventy-five dollars per month, to be paid out of the General Fund.

SEC. 30. The Coroner of the City and County of San Francisco shall receive no fees for any services rendered by him, but he shall in lieu thereof receive a salary of four thousand dollars per annum, payable in like manner as other county officers within said County, to be audited by the Auditor and paid out of the same fund provided for in the City and County Treasury as in the cases of other officers in said City and County.

SEC. 31. All Acts or parts of Acts in conflict with the provisions of this Act, so far as they so far conflict, are hereby repealed. This Act shall apply only to the City and County of San Francisco.

SEC. 32. This Act shall be in force from and after its passage.

SUPPLEMENT LVI.

1871-2. 511.

An Act to confirm Order Number One Thousand [and] Four, passed by the Board of Supervisors of the City and County of San Francisco.

[Approved March 23, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Whereas, the Board of Supervisors of the City and County of San Francisco passed an order, numbered one thousand and four, which said order was approved by the Mayor and President of the Board of Supervisors, on August seventh, eighteen hundred and seventy-one, and which is as follows: "Order Number One Thousand and Four, amendatory of Order Number One Thousand and Two, requiring property owners to fence lots, to prevent the sand from drifting or being blown into or upon streets that are planked, paved, or macadamized; the People of the City and County of San Francisco do ordain as follows:

Section 1. Sections one and two of Order Number One Thousand and Two are hereby amended so as to read as follows:

Section 1. All persons shall prevent sand or dirt from drifting, or being blown or otherwise moved from all lots owned by them, into or deposited upon any paved, planked, or macadamized street of the City and County of San Francisco.

SEC. 2. All persons owning or having the control of any premises fronting on streets that are paved, planked, or macadamized, situated in said City and County, shall, within five days after notice from the Superintendent of Public Streets and Highways, requiring him or them so to do, and without expense to the City and County, so construct fences or bulkheads around the premises or lots owned by them as to prevent sand or dirt from drifting, or being blown, or falling from such lots or premises, into or upon any planked, paved, or macadamized street, or upon the sidewalks thereof.

SEC. 3. Any person who shall violate any of the provisions of this order shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the County Jail not more than fifty days.

SEC. 4. All Orders or parts of Orders, conflicting with the provisions of this Order, are hereby repealed.[""] The within and before recited Order be and

the same is hereby ratified and confirmed; and all proceedings heretofore had, and which have taken place, or shall hereafter take place under its provisions, are ratified and confirmed in all respects.

SEC. 5. This Act shall take effect from and after its passage.

SUPPLEMENT LVII.

1871-2, 512.

An Act to increase and regulate the Police force of the City and County of San Francisco.

[Approved March 23, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power to increase the Police force of the said City and County, as from time to time may be deemed necessary by said Board of Supervisors, to not exceeding one hundred and fifty members, including the number now allowed by law, to be appointed by the Police Commissioners, as now provided by law. The salaries of the additional officers hereby authorized shall be of the same amount, not exceeding one hundred and twenty-five dollars per month, and shall be paid in the same manner and at the same time as other members of the said Police force are now or shall hereafter be paid. The Chief of Police of said City and County may detail a regular Police officer to act as his Clerk, who shall receive the same salary as the Property Clerk of the Police Department. The Captain of the Harbor Police shall receive the same salary as is now or may hereafter be paid to Police Captains.

SEC. 2. No member of the Police force of the City and County of San Francisco shall be allowed to interfere in politics on the day of election, or at any other time, while employed on said Police force; nor shall be removed from office for political or partisan causes, reasons or purposes.

SEC. 3. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LVIII.

1871-2, 544.

An Act to transfer to the Board of Supervisors of the City and County of San Francisco the management, control and direction of the affairs of the Industrial School Department of said City and County.

[Approved March 23, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The President of the Board of Managers of the Industrial School of the City and County of San Francisco is hereby authorized and directed to grant, convey, and deliver to the Board of Supervisors of the City and County of San Francisco all and singular the property, both real and personal, now in the possession or under the control of said department, as created under and by virtue of an Act of the Legislature of the State of California, entitled "An Act to establish the Industrial School Department of the City and County of San Francisco," approved April fifteenth, eighteen hundred and fifty-eight, and the Acts supplementary thereto and amendatory thereof, and he is hereby authorized and directed to make, execute, and deliver to said City and County of San Francisco, all and singular such deeds and instruments in writing, as the act and deed of said department, as may be necessary to carry the provisions of this section into effect.

SEC. 2. From and after the passage of this Act, all and singular the powers and duties now vested in the Board of Managers of said Industrial School, shall be vested in the Board of Supervisors of the said City and County of San Francisco. Said Board of Supervisors shall exercise all the duties and possess all the rights now vested in the Board of Managers of the Industrial School Department, and all present indebtedness and liabilities of said Industrial School Department, and future expenditures and disbursements on account of the same, shall be presented, audited, and paid in the same manner as is now provided by law for the presentment, auditing, and payment of other claims against said City and County of San Francisco; *provided*, that the current expenses of such Industrial School shall only be audited and paid to the extent of four thousand five hundred dollars (\$4,500) per month.

SEC. 3. The purposes and objects of said Industrial School shall hereafter be the same as are now provided by law for the Industrial School Department of the City and County of San Francisco; *provided*, that persons who may be convicted of offenses mentioned in section ten of the Act entitled "An Act

to establish the Industrial School Department of the City and County of San Francisco," approved April fifteenth, eighteen hundred and fifty-eight, in counties other than San Francisco, may be committed by the proper authorities of such counties to the Industrial School of the City and County of San Francisco, on the approval of the Supervisors of the county in which such persons are committed to said Industrial School, upon payment to the City and County of San Francisco by such counties of the sum of fifteen (\$15) dollars, gold coin, per month for each month that such persons and each of them shall be inmates of said Industrial School.

SEC. 4. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed.

SEC. 5. This Act shall take effect immediately.

SUPPLEMENT LIX.

1871-2, 703.

An Act to provide for the support of men belonging to the "Paid Fire Department" of the City and County of San Francisco who may be disabled while in the performance of their duties.

[Approved March 30, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Whenever any member of the "Paid Fire Department" of the City and County of San Francisco shall become disabled by reason of injuries received at any fire so as to be unable to perform his duties, the Board of Supervisors, upon the recommendation of the Board of Fire Commissioners of said City and County, are hereby authorized and empowered to allow said disabled man a sum not exceeding fifty dollars per month, not to exceed three months, payable out of the General Fund of said City and County in the same manner and form as other payments are made out of said Fund.

SEC. 2. This Act shall take effect immediately.

SUPPLEMENT LX.

1871-2, 735.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved March 30, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to appropriate, allow, and order paid out of the General Fund, the several sums of money hereinafter mentioned, and to exercise the following powers, to wit:

First. To appoint a keeper of the City Cemetery, at a salary of seventy-five dollars per month.

Second. To expend such sums as may be hereafter annually levied for improving the City Cemetery.

Third. To expend a sum not to exceed seven thousand five hundred dollars per annum for extending and repairing the Fire Alarm and Police Telegraph.

Fourth. To pay rent of Court rooms and chambers for the Judges of the Third, Fifteenth and Nineteenth Judicial Districts.*

Fifth. To pay for inclosing and improving Jefferson Square a sum not to exceed ten thousand dollars.

Sixth. To appoint a gardener for Jefferson Square, at a salary not to exceed seventy-five dollars per month.

Seventh. To appoint a Sergeant-at-Arms, who shall have the same power as is conferred upon police officers, to attend meetings of the Board, serve notices, subpoenas, and perform such other duties as may be required, at a salary not to exceed one hundred dollars per month.

Eighth. To pay for fuel furnished to and used in public buildings.

* By sec. 50 of the Code of Civil Procedure as amended March 30, 1874; Amendments 1873-4, 395; the Board of Supervisors are authorized to procure and maintain, at the expense of the City and County, rooms and furniture for the accommodation of the Supreme Court and the Justices and officers thereof, together with necessary attendants, fuel and lights: and to appropriate the necessary funds to defray the expenses thereof out of the General Fund.

Ninth. To pay rent for Harbor Police office a sum not to exceed fifty dollars per month.

Tenth. To authorize the employment of such extra clerks as may be required by the Tax Collector in his office from time to time, at a salary not to exceed one hundred and fifty dollars per month each.

Eleventh. To appoint a night watchman for public buildings, at a salary not to exceed ninety dollars per month.

Twelfth. To pay to the Clerk of the Board of Supervisors a salary not to exceed two hundred and fifty dollars per month, and to the Deputy Clerk of said Board a salary not to exceed one hundred and fifty dollars per month.

Thirteenth. To dedicate and appropriate the Hospital grounds and buildings on Francisco street for the purposes of a Corporation Yard, and to make provision for the storage and safe keeping of all materials used in the repair of public streets and highways, and of all apparatus, material, and hose belonging to and not in use by the Fire Department; and also to provide for the storage of all supplies, of whatever nature or kind, that may in the judgment of said Board be deemed necessary for the use of any or all departments and offices of the city government.

Fourteenth. To appoint a Storekeeper to take charge of the Corporation Yard, and all materials, apparatus, and supplies therein stored, and perform such duties as may be required and designated by said Board, at a salary not to exceed one hundred and fifty dollars per month.

Fifteenth. * * * * *

Sixteenth. To construct a main sewer in Eighteenth street, from Church street to Mission Creek.

Seventeenth. * * * * *

Eighteenth. To expend a sum, not exceeding twelve thousand dollars per month, for the support, care, and maintenance of such persons as may be admitted to the City and County Hospital and Almshouse, which shall be in lieu of all sums now authorized by law to be expended for such purposes.

Nineteenth. * * * * *

Twentieth. To allow and order paid out of the General Fund such sums as they deem absolutely necessary for extra assistance in the offices of Assessor, Tax Collector, and Auditor.

SEC. 2. This Act shall take effect from and after its passage.*

* Portions omitted obsolete. Powers granted have been executed.

SUPPLEMENT LXI.

1871-2, 736.

An Act to facilitate and increase the collection of State and County and Municipal licenses in the City and County of San Francisco.

[Approved March 30, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. If any person or persons, whether as principal or principals, agent or agents, clerk or clerks, employee or employees, or any firm or any member of any firm or corporation shall be engaged in carrying on, pursuing, or transacting, within the limits of the City and County of San Francisco, any business, trade, or profession, occupation or employment, which now is or shall hereafter be by law required to be licensed, without having first obtained and procured the license therefor so required by the laws of this State, or by the lawful orders of the Board of Supervisors of said City and County, or shall, after five days' notice in writing, refuse, neglect, omit, or fail to comply with any requirement or requirements, provision or provisions of the laws of this State or orders of the said Board of Supervisors requiring such person or persons, firm or corporation to procure a license, he, she, or they, or either of them, as the case may be, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than one hundred dollars, or by imprisonment for a period not exceeding thirty days, in case the fine is not paid.

SEC. 2. The Collector of Licenses, Chief Deputy Collector of Licenses, and Assistant Deputy Collectors of Licenses of said City and County are hereby authorized, empowered, and required to collect all State and county licenses provided for and required by law to be collected within the limits of said City and County, in addition to the municipal licenses now required to be collected or which shall hereafter be required to be collected by them or either of them; and it shall be the duty of said Collector of Licenses, Deputy Collector of Licenses, and Assistant Collectors of Licenses to attend to the collection of licenses, and examine all places of business and persons liable to pay licenses, and to see that licenses are taken out and paid for. They shall each have and exercise, in the performance of their official duties, the same powers as Police officers in serving process or summons and in making arrests; also, shall each have and exercise the power to administer such oaths and affirmations as shall be necessary in the discharge

and exercise of their official duties; and they and each of them are hereby empowered to enter any place of business for which a license by law is provided and required, free of charge, at their pleasure, and to demand the exhibition of any license for the current time, from any person, or firm, or corporation engaged or employed in the transaction of any business for which a license is by law rendered necessary; and if such person, or firm, or corporation, or either of them, shall be unable, or refuse, or neglect, or fail to then and there exhibit such license, he, she, or they, as the case may be, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished as provided by section one of this Act for punishment upon conviction of a misdemeanor.

SEC. 3. The Board of Supervisors of the City and County of San Francisco shall have power, by ordinance, to license and regulate all such callings, trades, and employments as the public good may require to be licensed and regulated, and as are not prohibited by law, and shall have power to make all needful rules and regulations to govern the official conduct and duties of the Collector of Licenses, Deputy Collector of Licenses, and the Assistant Collectors of Licenses, who shall each hold office during the pleasure of the power appointing them¹⁰¹ (and who shall pursue no other calling or business), and to alter and amend the same from time to time in such manner as they may deem proper and for the public good, and to fix the amounts of the bonds to be required from the Collector of Licenses and Deputy Collector of Licenses and Assistant Collectors of Licenses. The Auditor of said City and County is hereby authorized and required to deliver, from time to time, to the Collector of Licenses as many of such municipal licenses as may be required; also, to deliver from time to time to said Collector of Licenses for collection, such State and County licenses as may be required and such as he shall have received from the Controller of the State, and to sign the same and charge them to the Collector of Licenses receiving them, specifying in the charge the amounts thereof named in such licenses, respectively, and the class of licenses, taking receipts therefor; and said Collector shall proceed to collect the same, signing the same in lieu of the County Treasurer; and he shall daily pay to the Treasurer of the said City and County all moneys so collected for licenses sold, or by him received as fees; and shall, under oath, at least once in each calendar month, and oftener when required so to do by the Auditor, make to the Auditor a report of all such licenses sold and on hand and of all amounts so paid to the County Treasurer in the same manner and upon the same conditions as by law the County Treasurer heretofore has been required to make return thereof to the County Auditor, and shall at such time exhibit to the Auditor all unsold licenses in his hands and the Treasurer's receipts for all moneys paid into the Treasury; and all licenses so signed by the License Collector or Deputy License Collector shall be as valid as if signed by the

¹⁰¹ Collector of Licenses to be appointed biennially: sec. 3, Act of April 3, 1876; Supplement LXXXVIII.

County Treasurer. All fees so paid to him shall be placed to the credit of the Special Fee Fund by the said Treasurer.

SEC. 4. It is hereby made the duty of the Mayor, the Auditor, and the Treasurer of said City and County, and they are hereby authorized and empowered to appoint, subject to confirmation by the Board of Supervisors of said City and County, one person as Collector of Licenses for the City and County of San Francisco, who shall receive a monthly salary of two hundred dollars, payable monthly; and the said Collector of Licenses is hereby authorized and empowered to appoint one Deputy Collector of Licenses, who shall be paid a monthly salary of one hundred and fifty dollars, payable monthly, and three¹⁰² Assistant Collectors of Licenses, who shall be paid each a monthly salary of one hundred and twenty-five dollars, payable monthly. Such License Collector and deputies shall hold office during the pleasure of the Board of Supervisors.¹⁰³ All salaries herein provided for shall be paid from the General Fund in the same manner as the salaries of other City and County officers are paid. The Assistant Collectors of Licenses and the Deputy Collector of Licenses shall, under the direction and instructions of the Collector of Licenses, observing the form and rules and regulations prescribed by said Collector and Board of Supervisors, make to the said Collector daily reports of duty performed and daily payments of money received for licenses and fees; and at the close of each month, and oftener when required by the Collector of Licenses, each shall make oath to the Auditor that he has so paid over to the Collector of Licenses all such moneys, and a failure so to do shall be a cause for removal from office.

SEC. 5. The Police Commissioners of the City and County of San Francisco are hereby authorized and empowered to revoke any licenses provided to be collected under the provisions of this Act, upon the conviction in the Police Judge's Court of any person of disorderly or improper conduct, or any offense upon the premises of any person holding a license, or upon the conviction of the person holding said license of any offense which in the judgment of said Commissioners ought to disqualify such person from holding such license.

SEC. 6. It shall be the duty of the County Treasurer to deliver to the Collector of Licenses, immediately upon this Act taking effect, all papers, books, materials, and other property appertaining and belonging to the License Department. And all Acts or parts of Acts requiring the County Treasurer to collect licenses in the City and County of San Francisco, and all other Acts or parts of Acts, so far as they conflict with this Act, are

¹⁰² Number of Assistant Collectors may be increased not to exceed twelve. Sec. 2, Act of April 3, 1876; Supplement LXXXVIII.

hereby repealed; *provided*, that nothing in this Act contained shall curtail the clerical force in the office of the Treasurer of the City and County of San Francisco during the term of office of the present incumbent.

SEC. 7. This Act shall take effect and be in force on and after the twentieth day subsequent to its passage.

SUPPLEMENT LXII.

1871-2, 764.

An Act to prevent hunting and shooting on private grounds in the City and County of San Francisco.

[Approved March 30, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. It shall not be lawful for any person or persons to enter any inclosure belonging to or occupied by another, in the City and County of San Francisco, for the purpose of hunting or to shoot, kill, or destroy any kind of game, without having first obtained permission from the owner or agent of such inclosure.

SEC. 2. Any person who shall violate the provisions of this Act shall be deemed guilty of a misdemeanor, and shall be punished upon conviction by a fine of not less than twenty-five dollars nor more than one hundred dollars, or imprisonment in the County Jail not to exceed sixty days, or by both such fine and imprisonment, and jurisdiction of such offenses is hereby vested in the Police Judge's Court in said City and County.

SUPPLEMENT LXIII.

1871-2, 804.

An Act repealing Article Fourth of an Act entitled "An Act to repeal the several charters of the City of San Francisco, to establish the boundaries of the City and County of San Francisco, and to consolidate the government thereof," approved the nineteenth day of April, eighteen hundred and fifty-six, and all Acts and parts of Acts amendatory thereof and supplementary thereto, and substituting this Act for said Article Four.

[Approved April 1, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

ARTICLE IV.

SECTION 1. All the streets, lanes, alleys, places, or courts as laid down on the map now in the office of the City and County Surveyor of the City and County of San Francisco, which was made official by the Board of Supervisors of said City and County as per order number six hundred and eighty-four, January thirtieth, eighteen hundred and sixty-six, signed by George C. Potter and Thaddeus R. Brooks, and on the map now in the office of the said City and County Surveyor, which was made official by the said Board of Supervisors as per order number nine hundred and sixty-six, October twenty-fifth, eighteen hundred and seventy, and all other streets, lanes, alleys, places, or courts now dedicated or open to public use, are hereby declared to be open public streets, lanes, alleys, places, or courts for the purpose of this law; and the said Board of Supervisors are hereby invested with jurisdiction to order any of the work mentioned in section three of this Act to be done on any of said streets, lanes, alleys, places, or courts when the grade and width of said streets, lanes, alleys, places, or courts have been officially established; and for the purposes of this Act the grade of all intermediate or intersecting streets, lanes, alleys, places, or courts in any one block shall conform to the grades as established of the crossings of the main streets.

SEC. 2. All streets, lanes, alleys, places, or courts now open, or which may hereafter be open to public use, shall be deemed and held to be open public streets, lanes, alleys, places, or courts for the purposes of this Act, and the Board of Supervisors shall have the same jurisdiction to order work to be done thereon as is conferred upon them by section one of this Act.

SEC. 3. The Board of Supervisors are hereby authorized and empowered to order the whole or any portion of the said streets, lanes, alleys, places, or courts graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, piled or repiled, capped or recapped, and to order sidewalks, sewers, cesspools, manholes, culverts, curbing, and crosswalks to be constructed, and to order any other work to be done which shall be necessary to make and complete the whole or any portion of said streets, lanes, alleys, places, or courts, and they may order any of the said work to be improved. The work provided for in this Act shall not be deemed to be "specific improvements" within the meaning of section sixty-eight, Article V of Chapter one hundred and twenty-five of the Act entitled an Act to repeal the several charters of the City and County of San Francisco, and to establish the boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved April nineteenth, eighteen hundred and fifty-six, nor shall the ordinances or resolutions passed by the Board of Supervisors under the provisions of this Act be deemed to be such ordinances or resolutions as are mentioned in said section sixty-eight.

SEC. 4. The Board of Supervisors may order any work authorized by section three of this Act to be done, after notice of their intention so to do in the form of a resolution describing the work, and signed by the Clerk of said Board of Supervisors, has been published for the period of ten days in the paper doing the printing under this law, and also in two daily newspapers, one of which newspapers shall be published as a morning edition and one as an evening edition, printed and published in said City and County, for ten days, Sundays and non-judicial days excepted; *provided*, that no such notice shall be given or order made for the grading of any street mentioned in section three of this Act unless the majority of the frontage of the lots and land fronting on the work proposed to be done, and described in said resolution, or which is to be made liable for such grading, except public property, shall have been represented by the owners thereof, or by their agents, in a petition to the said Board of Supervisors, stating that they are the owners and in possession or agents of the lots named in the petition; and also requesting that such improvements or street work shall be done; and for any other character of street improvements the Board of Supervisors shall have power, without petition of the property owners, to give the notice prescribed in this section to be published in the manner hereinbefore provided, and to order the said work to be done. All owners of lands or lots, or portions of lots, who may feel aggrieved or have objection to the ordering of the work described in said notice, or who may have objections to any of the subsequent proceedings of the said Board of Supervisors in relation to the work mentioned in such notices of intention, or may have any objections to any of the acts of the Superintendent of Public Streets, Highways and Squares of the City and County of San Francisco, in the discharge of any of the obligations or duties imposed upon him by virtue of his office, shall file with the

Clerk of the said Board of Supervisors a petition or remonstrance, wherein they shall set forth in what respect they feel aggrieved, or the acts or proceedings to which they object, which petition or remonstrance shall be passed upon by said Board of Supervisors, and their decisions thereon shall be final and conclusive; but said Board of Supervisors shall not order the work described in said notices to be done unless all objections and protests that may have been presented and filed as aforesaid shall have been by them disposed of. Should the owners or agents of more than one-half in frontage of the lots and lands fronting on the work proposed to be done, and designated in said notice or resolution, or liable to be assessed for work, file with the Clerk of the Board of Supervisors written objections against any grading described in said notice, at any time before the expiration of the publication of said notice of intention, and his publication thereof as hereinbefore provided, then and thereupon the said Board of Supervisors shall be barred from proceeding further for the period of six months; and the said Board of Supervisors shall not renew the notice of intention for doing any grading so protested against within six months, unless the owners or agents of a majority of the frontage of the lots and lands fronting on said grading, or liable to be assessed therefor as aforesaid, shall petition anew for the work to be done. At the expiration of any notice of intention the Board of Supervisors shall be deemed to have acquired jurisdiction to order any work to be done which is authorized by section three of this Act, except as hereinbefore provided; and it is further *provided*, that where any public street shall have been graded, or graded and macadamized, or graded and paved for the distance of two or more blocks upon each side thereof of any one or more blocks or crossing of a street which is not improved, it shall be the duty of the Board of Supervisors, upon the recommendation of the Superintendent of Public Streets, Highways and Squares, to order the notice provided in this section to be given without the petition provided first aforesaid; and if the owners of three-fourths of the frontage of the land and lots fronting on such portions of said streets to be graded or improved shall, within the time prescribed in said notice, file written objections to the improvement of the said street, the Board of Supervisors shall duly consider said objections before ordering said work; and if said Board of Supervisors shall decide and declare by an entry in the minutes of said Board of Supervisors that the objections so made are not good, thereupon the Board of Supervisors shall be deemed to have acquired jurisdiction to order any such street work to be done that is prescribed in said notice and in section three of this Act; *provided* further, that when one-half or more of the grading, planking, macadamizing, paving, sidewalking, or sewerage of any one street lying between two main street crossings has been already performed, the Board of Supervisors may order the remainder of such grading, planking, macadamizing, paving, sidewalking, or sewerage to be done, notwithstanding the objections of any or all of the property owners.

SEC. 5. The owners of more than one-half in frontage of lots and lands fronting on any street, lane, alley, place, or court, mentioned in sections one

and two of this Act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in section three of this Act to be done; and the said Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published, as provided in section four of this Act. No order or permission shall be given to grade, or pile and cap, any street, lane, alley, place, or court, in the first instance, or any portion thereof, without extending and completing the same throughout the whole width of such street, lane, alley, place, or court. When any such work has heretofore been done, or when any such work shall hereafter be done, in violation of this section, neither the lots, or portions of lots, in front of which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessments made for the payment of the work afterward done to complete said street, lane, alley, place, or court to its full width, as provided in section eight of this Act.

SEC. 6. Before the awarding of any contract by the Board of Supervisors for doing any work authorized by section three of this Act, the Clerk of the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets, Highways and Squares, and also publish for five days, inviting sealed proposals for the work contemplated, which notice shall specify the time within which said work is to be performed, and shall contain specifications, to be furnished by said Superintendent of Public Streets, Highways and Squares, substantially in the manner now adopted by the said Clerk of said Board of Supervisors; and all notices, resolutions, and orders required to be posted or published under the provisions of this law shall be posted or published, or both posted and published, as the law may require, by said Clerk, as a matter of course, and without any special direction or authority from said Board of Supervisors. Prior to the publication of the notice hereinbefore provided, the Superintendent of Public Streets, Highways and Squares shall furnish specifications, for the performance of any and all street work ordered by the Board of Supervisors, and authorized by section three of this Act, in which specifications shall be given, and the time within which the contract must be completed. All proposals shall be delivered to the Clerk of the Board of Supervisors, and said Board of Supervisors shall, in open session, open, examine, and publicly declare the same, and shall award said work to the lowest responsible bidder, and all bids shall be for a price payable in gold coin of the United States; *provided*, said Board of Supervisors may reject any and all bids, should they deem it for the public good, and also may reject the bid of any party who may be proved delinquent or unfaithful in any former contract with said City and County; and if all bids shall be rejected, the said Board of Supervisors shall direct the Clerk of said Board of Supervisors to again post said notice, and publish the same, as in the first instance. All proposals shall be accompanied with a check, payable at sight, on a bank or banking house in said City and County, duly certified, for the sum of five hundred dollars

United States gold coin, payable to the order of the Clerk of the Board of Supervisors, and to be approved by him. And if the bidder to whom the contract is awarded shall for ten days thereafter fail or neglect to enter into a contract, as hereinafter provided, and to commence said work within five days thereafter, it shall be the duty of said Superintendent of Public Streets, Highways and Squares to certify such failure on the part of said bidder to the Clerk of the Board of Supervisors, who shall thereupon draw the money due on said check and pay it over to the Treasurer of the City and County of San Francisco, to be by him placed to the credit of the Street Department Fund. It is further *provided*, that all persons, owners included, who shall fail to enter into any contract as herein provided, or to complete the contracts entered into, are hereby prohibited from bidding a second time for the same work; and in case of owners, they are hereby prohibited from electing to take the same work a second time, and from entering into any contract concerning the same. Notice of such award shall be published for three days (Sundays and non-judicial days excepted), and within five days after the first publication of said award the owners of a majority of the frontage of lots and lands liable to be assessed for said work, or their agents, and who shall make oath that they are such owners, or the agents of such owners, may elect to do the said work, and enter into a written contract to do the whole work at the price for which the same is awarded, upon giving the bond as hereinafter provided; and they shall commence said work within fifteen days from the first publication last above mentioned, and shall prosecute it diligently and continuously, and complete it within the time limited in the contract, or within any extended time; but should the said contractor, or the property owners, fail to prosecute the same diligently or continuously in the judgment of said Superintendent of Public Streets, Highways and Squares, or complete it within the time prescribed in the contract, or within such extended time, then it shall be the duty of said Superintendent of Public Streets, Highways and Squares to report the same to the Board of Supervisors, who shall, without further petition on behalf of the property owners, order the Clerk of the Board of Supervisors to advertise for bids, as in the first instance, and relet the contract in the manner hereinbefore provided; and it is further *provided*, that all contractors for street work shall, at the time of entering into said contract, execute a bond, payable to the City and County of San Francisco, with two or more sureties, in the sum of not less than one thousand dollars, and in such additional amount as may be fixed by said Superintendent of Public Streets, Highways and Squares, conditioned for the faithful performance of said contract; and said sureties shall justify in double the amount of the penalty fixed in said bond, such sureties to justify before said Superintendent of Public Streets, Highways and Squares, or his deputy, and the qualifications and responsibility of such sureties shall be the same as are now prescribed for sureties on the official bonds of the officers of said City and County of San Francisco; and it is further *provided*, that all contractors for street work, at the time of entering into contract, and giving the bond as hereinbefore provided, shall, in addi-

tion, execute a proper bond with two good and sufficient sureties, who must be freeholders of said City and County of San Francisco, in the sum of five hundred dollars (said sureties to justify in double the amount), conditioned that in case of the non-fulfillment of the contract, said sum shall be sued for and collected as liquidated damages to said City and County of San Francisco for such failure and neglect; and it shall be the duty of the City and County Attorney to sue for and collect said sum in any Court of competent jurisdiction, and pay the same into the City and County Treasury, to the credit of the Street Department Fund.

SEC. 7. The Superintendent of Public Streets, Highways and Squares is hereby authorized, in his official capacity, to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either express or implied, that pertain to the street department under this Act; and said Superintendent of Public Streets, Highways and Squares shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time, under the direction of the Board of Supervisors; and it shall be the duty of the Superintendent of Public Streets, Highways and Squares, on the execution of a contract to perform street work, or on the passage of a resolution by the Board of Supervisors directing an extension of time to be granted to complete a contract, to cause the same to be recorded in the office of the County Recorder of the City and County of San Francisco; and in issuing a certificate of an extension of time to be recorded, to specify in the same the number of the resolution of the Board of Supervisors, the date thereof, and the number of days granted for completion of the contract, a general description of the work, with the date of indorsement of said extension upon the original contract; and prior to the execution of a contract, and prior to granting or indorsing upon a contract as aforesaid any extension of time, to collect from said contractor or his assigns the sum of three dollars for each contract, and the sum of fifty cents for each and every extension of time. And the County Recorder of the City and County of San Francisco shall cause books of record to be prepared, to be entitled Record of Street Contracts, in which all contracts for the performance of street work, and all extensions of time granted by the Board of Supervisors, as certified to by the Superintendent of Public Streets, Highways and Squares, shall be recorded, said books to be properly arranged and indexed, so as to facilitate reference thereto; and for each contract so recorded, said County Recorder of the City and County of San Francisco shall charge and collect the sum of three dollars, and for each extension of time the sum of fifty cents; and in all cases where said Superintendent of Streets, Highways and Squares, under the direction of said Board of Supervisors, has extended the time for the performance of contracts, the same shall be held to have been legally extended. The work provided for in section three of this Act must in all cases be done under the direction and to the satisfaction of the Superintendent of Public Streets, Highways and Squares, and the materials used shall be such as are required by the said Su-

perintendent of Public Streets, Highways and Squares, and all contracts made therefor must contain this condition, and also express notice that in no case (except when it is otherwise provided in this Act) will the City and County of San Francisco be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such work in the mode herein provided shall be made by the said Superintendent of Public Streets, Highways and Squares.

SEC. 8. *Subdivision One.* The expenses incurred for any work authorized by section three of this Act shall be assessed upon the lots and lands fronting thereon, except as hereinbefore specially provided, each lot or portion of lot being separately assessed in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two. The expense of all improvements (except such as done by contractors under the provisions of section fourteen of this Act), until the streets, street crossings, lanes, alleys, places, or courts are formally accepted as provided in section twenty-one of this Act, shall be assessed upon the lots and lands as provided in this section, according to the nature and character of the work; and after such acceptance, the expense of all work thereafter done thereon shall be paid by said City and County of San Francisco out of the Street Department Fund.

Subdivision Three. The expenses of work done on main street crossings, except such as are provided for in subdivision eight of this section, shall be assessed upon the four quarter blocks adjoining and cornering on the crossings; and each lot or part of lot in such quarter blocks fronting on such main street shall be separately assessed, according to its proportion of frontage on the said main street.

Subdivision Four. Where a street terminates at right angles in another main street, the expense of the work done on one-half the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of the said street upon the lots fronting on the latter half of the street opposite such termination.

Subdivision Five. Where any small or subdivision street crosses a main street the expense of all work done on said crossing shall be assessed on all the lots or portions of lots half way on said small streets to the next crossing or intersection or the end of said small or subdivision street, if it does not meet another.

Subdivision Six. The expense of work done on the small or subdivision street crossings shall be assessed on the lots fronting upon such small streets, on each side thereof in all directions half way to the next street, place, or court, on either side respectively, or to the end of such street, if it does not meet another.

Subdivision Seven. When a small street, lane, alley, place, or court terminates in another street, lane, alley, place, or court, the expense of the work

done on one-half of the width of the street, lane, alley, place, or court opposite the termination shall be assessed upon the lots fronting on such small street, lane, alley, place, or court so terminating according to its frontage thereon, half way on each side respectively, to the next street, lane, alley, place, or court, or to the end of such street, lane, alley, place, or court, if it does not meet another, and the other half of the width upon the lots fronting such termination.

Subdivision Eight. The maps now in the office of the Superintendent of Public Streets, Highways and Squares, showing the street crossings or spaces formed or made by the junction or intersection of other streets with Market street, other than at right angles; also showing other street crossings adjoining fractional or irregular blocks (all of which crossings or spaces are colored on said maps and numbered from three to one hundred and fifty, inclusive), and heretofore certified by said Superintendent of Public Streets, Highways and Squares—one adopted by a resolution of the Board of Supervisors (number fifteen hundred and seventy-eight), approved on the sixteenth day of December, eighteen hundred and sixty-one, and the other adopted by a resolution of the said Board of Supervisors (number three thousand two hundred and eighty-four), approved on the twenty-first day of March, eighteen hundred and sixty-four, which resolutions are copied on the face of said maps respectively, shall be deemed and held to be official maps for the purposes of this Act, and the same are hereby approved. And the expenses incurred for the work done on the said crossings or spaces formed by the junction or intersection of East street with Market street, and of other streets with Market street, and not squarely in front of and not properly assessable to lots fronting on such streets, and for the work done on said other street crossings and spaces, all of which are colored on said maps, shall be assessed on the contiguous, adjacent, and neighboring irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

Subdivision Nine. In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of said City and County of San Francisco, or crossings cornering thereon, or on the water front, the expense of the work done on that portion of said streets, from the center line thereof to the said water front, or to such property of the City and County of San Francisco bounded thereon and one-fourth of their crossings, shall be provided for by the said City and County of San Francisco; but no contract for any such work will be given out except to the lowest responsible bidder after an observance of all the formalities required by this Act.

Subdivision Ten. When any work mentioned in section three of this Act (sewers, manholes, cesspools, culverts, crosswalks, crossings, curbings, grading, piling and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places or courts, the lots or portions of lots front-

ing on that side only in front of which said work is done shall be assessed to cover the expenses of said work according to the provisions of this section.

Subdivision Eleven. The assessment made to cover the expenses of grading, mentioned in the proviso in section four of this Act, shall be assessed upon all the lands, lots and portions of lots fronting on either side of said street, lying and being between the said main street crossings in the manner provided in subdivision one of this section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place or court, under the provisions of section four of this Act, the City and County Surveyor shall ascertain as near as possible the number of cubic yards of grading done previous to the letting of the contract in front of each lot or parcel of land fronting upon the work or any street crossing under contract, and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimates to the Superintendent of Public Streets, Highways and Squares before the completion of the work included in the contract. And when any owner of a lot or lots fronting on said partially graded street, lane, or alley, place, or court, or any part liable to be assessed for the work under contract, has graded a part of the same and desires credit for grading done by him previous to the publication of the notice of intention, he shall apply to and receive from the City and County Surveyor a certificate of the amount of grading done by him or those under whom he claims or derails title, for which he is entitled to credit, which certificate shall be recorded in the office of the Superintendent of Public Streets, Highways and Squares (in a book to be kept for that purpose, properly indexed, so that reference may be easily had thereto) previous to the completion of the grading under contract. And for all grading done prior to the passage of this Act, the owner of a lot or lots desiring credits shall file in the office of the Superintendent of Public Streets, Highways and Squares a certificate of the City and County Surveyor when the work was performed, showing the number of cubic yards of grading done by him or those under whom he claims or derails title, which certificate shall be filed and recorded in the office of the said Superintendent of Public Streets, Highways and Squares, and shall entitle the party named, or his successor in interest, to credit on the assessment for the amount specified; *provided*, no party shall be entitled to any credit in excess of his assessment; *provided*, however, that he shall not be allowed any credits at any time for any embankment made above or excavation made below the official grade; but the costs of removing such embankment or filling in such excavations shall always be charged exclusively to the owner or owners of the lot or lots of land fronting thereon, in addition to the pro rata rate which may be assessed to them. If the credit for grading, so certified as aforesaid in cubic yards or measurement, equals the proportional amount of grading which such owner would be obliged to do if no grading had been done on such street, lane, alley, place, or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work; and if the grading done by such owner is less than his proportional share,

then the work required to be done in front of his lot or lots, according to the original profile of the land previous to any grading thereon, shall be included in the assessment, and the work certified as aforesaid to have been done by him at his own expense, shall be credited to him at the contract rate; *provided*, that in making the assessment to cover the expense of any work mentioned in this section, the said Superintendent of Public Streets, Highways and Squares may deviate from its provisions and assess such lots and lands fronting on any street, lane, alley, place or court, as he may decide liable to assessment for said work, which decision may be appealed from as hereinafter provided.

Subdivision Twelve. Section one of an Act entitled an Act amendatory of and supplementary to an Act to provide revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section, but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for the work done under the provisions of this section.

SEC. 9. After the contractor of any street work has fulfilled his contract to the satisfaction of the Superintendent of Public Streets, Highways and Squares, the said Superintendent of Public Streets, Highways and Squares shall make an assessment to cover the sum due for the work performed and specified in such contract, including incidental expenses (if any), in conformity with the provisions of this Act, and according to the character of the work done, which assessment shall briefly refer to the contract, the work contracted for and performed, and shall allow [show] the amount to be paid therefor, together with the incidental expenses (if any), the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot or portion of lot, if known to the Superintendent of Public Streets, Highways and Squares. If unknown, the work "unknown" shall be written opposite the number of the lot (but an assessment made to a person not the owner shall not render such assessment illegal), and the amount assessed thereon, the number of each lot or portion of lot assessed; and shall have attached thereto a diagram, exhibiting each street or street crossing, lane, alley, place or court on which any work has been done, and showing the relative location of each distinct lot or portion of lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of feet frontage assessed for said work and contracted for and performed, and such assessment shall in all cases be payable in gold coin of the United States.

SEC. 10. To said assessment shall be attached a warrant, which shall be signed by the Superintendent of Public Streets, Highways and Squares, and countersigned by the Auditor of said City and County of San Francisco, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair. The said warrant shall be substantially in the following form:

"FORM OF WARRANT.—By virtue hereof, I, (name of Superintendent), Superintendent of Public Streets, Highways and Squares of the City and County of San Francisco, in the State of California, by virtue of the authority vested in me as said Superintendent of Public Streets, Highways and Squares, do authorize and empower (name of contractor), (his or their) agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their) warrant for the same.

"SAN FRANCISCO, (date), eighteen hundred and——.

"(Name of Superintendent),

"Superintendent of Public Streets, Highways and Squares.

"Countersigned by:

"(Name of Auditor),

"Auditor of the City and County of San Francisco."

Said warrant, assessment, and diagram shall be immediately recorded in the office of the Superintendent of Public Streets, Highways and Squares, and, when certified and so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and, when suit is commenced within said two years, said lien shall continue for six months after the final determination of said suit; and all assessment liens heretofore created shall continue in full force for two years from the date of the recording of said warrant, assessment, and diagram, respectively; and when suits have been or shall hereafter be commenced within said two years from the date of said recording, said liens shall continue and be in force until the end of six months from the final determination of said suits, respectively; and from and after the date of said recording of any warrant, assessment, and diagram, all persons mentioned in section twelve of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the said Superintendent of Public Streets, Highways and Squares of the incidental expenses not previously paid by the contractor or his assigns; and, by virtue of said warrant, said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contract and assessment.

SEC. 11. The contractor or his assigns, or some person in his or their behalf, shall call upon the person assessed or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment, in presence of the person making such payment, and shall also give a separate receipt, if demanded. Whenever the persons so assessed, or their agents, cannot conven-

iently be found, or whenever the name of the owner of the lot is stated as "Unknown" on the assessment, then the said contractor or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the Superintendent of Public Streets, Highways and Squares within ten days after its date, with a return indorsed thereon, signed by the contractor or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof. Thereupon the Superintendent of Public Streets, Highways and Squares shall record the return so made in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded, at full length, in a book to be kept for that purpose in his office, and shall sign the record. The said Superintendent of Public Streets, Highways and Squares is authorized at any time to receive the amounts due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; *provided*, that no such payment so made after suit has been commenced, without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff, and he may release any assessment upon the books in his office on the production to him of the receipts of the party or his assigns, to whom the assessment and warrant was issued. And if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed; *provided*, however, that in case any warrant is lost, upon proof of such loss a duplicate can be issued upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of one per cent. per month until paid.

SEC. 12. The owner, contractor or his assigns, and all persons, whether named in the assessment or not, feeling aggrieved by any of the acts or determinations of the said Superintendent of Public Streets, Highways and Squares, in relation to the acceptance of work or to the assessment, or to any act, proceeding, matter or thing done, suffered or committed by him, shall, within fifteen days after the issuance of said assessment as provided, appeal to said Board of Supervisors as provided in this section, by briefly stating their objections in writing, and filing the same with the Clerk of said Board of Supervisors. Notice of the time and place of hearing, briefly referring to the subject matters of appeal and to the acts or determination objected to or complained of, shall be published for five days, Sundays and non-judicial days excepted. The said Board of Supervisors, on appeal, may correct, alter or modify said assessment as to them shall seem just, and may annul the same, and may order a new assessment to be made in the manner by them directed; and may make any order or decision in relation to any contract or the performance thereof, or in relation to any of the acts of the contractor or the

said Superintendent of Public Streets, Highways and Squares, prior to the date of the hearing of said appeal. And all the decisions and determinations of said Board of Supervisors shall be final and conclusive upon all parties entitled to an appeal. The said warrant, assessment and diagram shall be held prima facie evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the said Superintendent of Public Streets, Highways and Squares, and of the regularity of all the acts and proceedings of the Board of Supervisors upon which said warrant, assessment and diagram are based. After jurisdiction to order any work has been obtained, no irregularity in any of the subsequent proceedings shall render any assessment illegal.

SEC. 13. At any time after the period of fifteen days from the day of the date of the warrant as hereinbefore provided, or if an appeal is taken to the Board of Supervisors, as is provided in section twelve of this Act, any time after five days from the decision of said Board of Supervisors, or after the return of the warrant or assessment after the same may have been corrected, altered, or modified, as provided in section twelve of this Act (but not less than fifteen days from the date of the warrant), the contractor or his assigns may sue, in his own name, the owner of the land, lot, or portions of lots assessed, on the day of the date of the recording of the warrant, assessment, and diagram, or on any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining due and unpaid, with interest thereon, as hereinbefore provided; and in all cases of recovery under the provisions of this Act, the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, provided he shall waive the percentage on recovery as provided by law. Suit may be brought in any Court in said City and County of San Francisco; and in case any one or more of the items in the assessment or assessments are against owners thereof who cannot with due diligence be found, the service in each of such actions may be had either in manner as is now prescribed by the Civil Practice Act of this State, or in manner as is prescribed by an Act of the Legislature of the State of California, entitled "An Act supplementary to an Act entitled An Act in relation to suits brought for the collection of delinquent taxes, approved May twelfth, eighteen hundred and sixty-two, approved March twenty-fourth, eighteen hundred and sixty-four," and the remedies therein provided are cumulative. The Court in which such suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution or decree, as in other cases of the sale of real estate by the process of said Courts; and on appeal the appellate Court shall be vested with the same power to adjudge and decree a lien, and to order to be sold such premises on execution or decree, as is conferred on the Court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In bringing an action to recover street assessments the complaint need not show any of the proceedings prior to the issuance of the assessment, diagram, and certificate;

but it shall be held legally sufficient if it shows the title of the Court in which the action is brought [by?] the parties plaintiff and defendant, the date of the issuance of the assessment, the date of the recording thereof, the book and page where recorded, a general statement of the work done, a description of the lot or lots sought to be charged with the assessments, the amount assessed thereon, that the same remains unpaid, and the proper prayer for relief. In all suits brought to recover street assessments the proceedings therein shall be general and regulated by the provisions of this Act, and also, when not in conflict herewith, by the Civil Practice Act of this State; but no defense shall be interposed except:

First—Want of jurisdiction to order work;

Second—That the assessment has been paid;

Third—Fraud in the assessment, or in any of the acts or proceedings prior thereto, setting out the facts showing such fraud.

It is hereby expressly provided that nothing but gold and silver coin of the United States shall be received in payment of street assessments, and the judgment or decree in every case shall be made payable in and entered for gold coin.

SEC. 14. The Superintendent of Public Streets, Highways and Squares may require, at his option, by notice in writing, to be delivered to them personally or left on the premises, the owners, tenants or occupants of lots or portions of lots liable to be assessed for work done under the provisions of this Act, to improve forthwith any of the work mentioned in section three of this Act in front of the property of which he is the owner, tenant or occupant, to the center of the street or otherwise, as the case may require, or to remove all filth, sand, earth or dirt from the street in front of his premises; and by a like notice, to be served personally upon the president or any officer of a railroad corporation or company or to be left at the office of said corporation or company, to require such corporation or company to improve forthwith any work mentioned in this Act which said corporation or company are required by law to do and perform, said notice to specify what improvement is required or work is to be done. After the expiration of five days the said Superintendent of Public Streets, Highways and Squares shall be deemed to have acquired jurisdiction to contract for the doing of the work, or making the improvements, or the removing of the filth, sand, earth or dirt required by said notice. If such improvement or work of cleaning be not commenced within five days after notice given, as aforesaid, and diligently, and without interruption, prosecuted to completion, the said Superintendent of Public Streets, Highways and Squares may enter into a contract with any suitable person to make said improvement, or to do said cleaning, at the expense of the owner, tenant or occupant, or railroad corporation or company, as the case may be, at a reasonable price, to be determined by said Superintendent of Public Streets, Highways and Squares; and such owner, tenant or occupant, or railroad corporation or company, shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded in the office of [the Superintendent of] Public Streets,

Highways and Squares, the sum contracted to be paid shall be a lien, the same as provided in section ten of this Act, and also a lien upon the franchise and property of said corporation or company, and may be enforced in the same manner as other assessments.

SEC. 15. If the expense of such improvements or removing such sand, earth, dirt or filth, after the completion thereof, be not paid to the contractor so employed, or his agent or assignee, on demand, the said contractor or his assigns shall have the right to sue the owner, tenant or occupant, or railroad corporation or company, under the provisions of this Act, for the amount contracted to be paid, and the certificate of the Superintendent of Public Streets, Highways and Squares that the work has been properly done, and that the charges for the same are reasonable and just, shall be prima facie evidence of the amount claimed for said work and of the right of the contractor to recover the same in such action.

SEC. 16. In addition, and as cumulative to the remedies above given, the Board of Supervisors shall have power, by ordinance, to prescribe the penalties that shall be incurred by any owner, tenant, occupant, or railroad corporation or company neglecting or refusing to make improvements or remove sand, earth, dirt or filth, as provided for in section fourteen of this Act, which fines and penalties shall be recovered for the use of the City and County of San Francisco, by prosecution in the name of the people of the State of California, in the Police Judge's Court of the City and County of San Francisco, which shall have jurisdiction in all such cases. All fines collected hereunder shall be paid into the Treasury of the City and County of San Francisco, to the credit of the Street Department Fund, at least once in each week.

SEC. 17. The person owning the fee, or the person in the possession of lands, lots, or portions of lots, or buildings, under claim of ownership, or exercising acts of ownership over the same for himself, or as the administrator or guardian of the owner, or the person in whom on the day the action commenced appears the legal title to the land by deeds recorded in the Recorder's office in the City and County of San Francisco, shall be regarded, treated, and deemed to be the owner (for the purposes of this law), according to the intent and meaning of that word as used in this Act; and in case of property leased, possession by a tenant or lessee holding and occupying under an owner shall be deemed to be possession by such owner.

SEC. 18. The records kept by the Superintendent of Public Streets, Highways and Squares, in conformity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records, and such records or copies thereof, duly certified by said Superintendent of Public Streets, Highways and Squares, may be used in evidence with the same force and effect as the original assessments, diagrams, and warrants. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

SEC. 19. Notices in writing, which are required to be given by the Super-

intendent of Public Streets, Highways and Squares, under the provisions of this Act, may be served by any police officer, and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent (who is hereby authorized to administer oaths), Police Judge, or any Judge, or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent of Public Streets, Highways and Squares himself, or any of his deputies. The Superintendent of Public Streets, Highways and Squares shall keep a record of the fact of giving such notices, and proof of service.

SEC. 20. When any street or portion of a street has been or shall hereafter be constructed to the satisfaction of the Committee on Streets, Wharves, Grades and Public Squares of the Board of Supervisors, and the said Superintendent of Public Streets, Highways and Squares, and shall have a brick sewer or cement pipe constructed therein, under such regulations as said Board of Supervisors shall adopt, the same shall be accepted by the said Board of Supervisors, and thereafter shall be kept open and improved by the said City and County, the expense thereof, together with all work done in front of City property, to be paid out of the Street Department Fund; *provided*, that the Board of Supervisors shall not accept of any portion of the street less than the entire width of the roadway (including the curbing and one block in length, or one entire crossing); and *provided* further, that the Board of Supervisors may, partially or conditionally, accept any street or portion of a street without a sewer or pipe therein, as above stated, if a sewer or pipe therein shall be deemed by them unnecessary; but the lots of land previously assessable for the cost of construction of a sewer or pipe shall still remain and be assessable for such cost, and for the cost of repair and restoration of the street damaged in the said construction, when a sewer or pipe shall be deemed necessary, the same as if no partial or conditional acceptance had ever been had. The said Superintendent of Public Streets, Highways and Squares shall keep in his office a register of all accepted streets, the same to be indexed so that reference may be easily had thereto.

SEC. 21. The said Superintendent of Public Streets, Highways and Squares shall keep a public office, in some convenient place to be designated by the Board of Supervisors, and his office shall be kept open as in this Act required. He shall not, during his continuance in office, follow any other profession or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed not more than eleven deputies, to be by him appointed from time to time; three of said deputies shall receive a salary of two hundred dollars per month each, and four of said deputies shall receive a salary of one hundred and fifty dollars per month each, and four of said deputies shall receive a salary of one hundred and twenty-five dollars per month each. It shall be lawful for the said deputies to perform all or any of the duties conferred by this Act upon the Superintendent of Public Streets, Highways and Squares, under the direction of the said Superintendent of Public Streets, Highways and Squares, except the acceptance

or approval of work done; the Superintendent of Public Streets, Highways and Squares, or his deputies, shall superintend and direct the clearing of all sewers in the public streets, and the expense of the same shall be paid out of the Street Department Fund, in the same manner as provided for the improvement of streets that have been finally accepted, as in this Act provided.

SEC. 22. It shall be the duty of said Superintendent of Public Streets, Highways and Squares to see that the laws, orders and regulations relative to the public streets and highways are carried into execution, and that the penalties therefor are rigidly enforced, as may be prescribed by the Board of Supervisors. It is required that he shall keep himself informed of the condition of all public streets and highways, and also of all public buildings, parks, lots, and grounds of the said City and County, as may be prescribed by the said Board of Supervisors. He shall, before entering upon the duties of his office, give bonds to the City and County, in such sums as may be fixed by the said Board of Supervisors, conditioned for the faithful discharge of the duties of his office; and should said Superintendent of Public Streets, Highways and Squares fail to see that the laws, orders, and regulations relating to the public streets and highways are carried into execution, after notice from any citizen of a violation thereof, the said Superintendent of Public Streets, Highways and Squares and his sureties shall be liable upon his official bond to any person injured in his person or property in consequence of said official neglect.

SEC. 23. No recourse shall be had against said City and County for damage to person or property suffered or sustained by or by reason of the defective condition of any street or public highway of said City and County, whether originally existing or occasioned by construction, excavation, or embankment, or want of repair of said street or public highway, and whether such damage be occasioned by accident on said street or public highway, or by falling from or upon the same; but if any person while carefully using any street or public highway of said City and County, graded or in course of being graded, or carefully using any other street or public highway leading into or crossing the same, be injured, killed, lost, or destroyed, or any horses, animals, or other property be lost, injured, or destroyed through any defect in said street or public highway, graded or in course of being graded as aforesaid, or by reason of any excavation or embankment in or of the same, or by falling from or upon such embankment or excavation, then the person or persons upon whom the law may impose the duty either to repair such defect or to guard the public from the excavation, embankment, or grading aforesaid, and also the officer or officers through whose official neglect such defect remained unrepaired, or said excavation or embankment remained unguarded as aforesaid, shall be jointly and severally liable to the person or persons injured for the damages sustained.

SEC. 24. The City and County Surveyor shall be the proper officer to do the surveying and other work which may be necessary to be done under sections one and two of this Act, and to survey, measure, and estimate the work

done under contracts for grading streets; and every certificate of work done, given by him, signed in his official character, shall be prima facie evidence in all Courts in this State of the truth of its contents. He shall also keep a record of all surveys made under the provisions of section one of this Act as in other cases. The Superintendent of Public Streets, Highways and Squares shall measure and determine any other work which may be done under the provisions of this Act.

Second. The words "improve," "improved," and "improvements," as used in this Act, shall include all necessary repairs of all work mentioned in section three of this Act, and also the reconstruction of all or any portion of said work.

Third. The term "main street," as used in this Act, means such street or streets as bound a block; the term "street" shall include crossing.

Fourth. The word "block" shall mean the blocks which are known or designated as such on the map and books of the Assessor of said City and County of San Francisco.

Fifth. The term "incidental expenses" shall mean the expense for work done by the City and County Surveyor under the provisions of this Act; also, the expense of printing, measuring, and advertising the work done under contracts for grading.

Sixth. The publication of notices required by the provisions of this Act shall be published daily (Sundays and non-judicial days excepted) in the newspaper doing the printing by contract for the said City and County of San Francisco.

Seventh. The word "paved," within the meaning of this Act, shall be held to mean and embrace pavement of stone, iron, wood, or other materials which the Board of Supervisors shall by ordinance adopt, whether patented or not.

SEC. 25. All assessments hereafter to be made, to cover the expense of work provided for by contracts awarded prior to the passage of this Act, shall be assessed by the Superintendent of Public Streets, Highways and Squares in manner as is provided by the law in relation to assessments in force at the time said work was awarded. The office of the Assistant City and County Attorney is hereby abolished, and the City and County Attorney is hereby substituted for such officer, for the purposes of the prosecution and collection of the assessments issued under the provisions of the Act approved April fourth, eighteen hundred and seventy, and is invested with the same authority to commence suits, and prosecute and continue all suits now pending; *provided*, that any contractor or his assigns, for whose benefit any such assessment may have been made, may at his or their option collect the same, in which event the City and County of San Francisco shall be liable and responsible for no part or portion of such assessment. Any assessment, diagram, and certificate in the possession of the Superintendent of Public Streets, Highways and Squares, or of the Tax Collector, or of the City and County Attorney, made in pursuance of the Act approved April fourth, eighteen

hundred and seventy, shall, on demand of the contractor named therein, or his assigns, be delivered to him or them, as the case may be, and thereupon all moneys which have been collected on account of said assessment shall be paid to the City and County Treasurer, as provided by the Act approved April fourth, eighteen hundred and seventy, and by the Treasurer paid over to the parties entitled thereto; such delivery of the assessment, diagram, and certificate, or either, shall terminate the liability of the City and County of San Francisco in the matter involved therein; and the reception of the assessment, diagram, and certificate, or either, shall be held to be a waiver on the part of the said contractor, or his assigns, of any claims whatever thereunder against said City and County. Immediately upon such delivery, the said contractor and his assigns shall be fully empowered to collect such assessment in the manner herein provided for the collection of assessments made, or to be made, under the provisions of this Act. The Mayor, by and with the consent of the Board of Supervisors, is hereby empowered to allow the City and County Attorney such assistance as may be necessary for the purposes of this section, at an expense not exceeding two hundred and fifty dollars per month, payable out of the General Fund.

SEC. 26. The Superintendent of Public Streets, Highways and Squares, and his deputies, shall take charge of and superintend the construction or improvement of each and every sewer, and of piling and capping, and of repiling and recapping, paving and repaving, macadamizing and remacadamizing, and all other street work and improvements; and it shall be their duty to see that the contract made for the doing of said work is strictly fulfilled in every respect. It shall be the duty of the Superintendent of Public Streets, Highways and Squares, or any of his deputies, to enter upon a record book, to be kept in the office of said Superintendent of Public Streets, Highways and Squares for public inspection, entries under appropriate headings, showing how often, at what time, and by whom the work has been inspected, and in what manner the same is being performed; and on the completion of said work, and prior to the issuance of the assessment therefor, if the work has been performed and completed in accordance with the terms of the contract and specification, an entry certifying to the same, signed by the aforesaid Superintendent of Public Streets, Highways and Squares, or any of said deputies, who have had charge of and superintended the work performed.

SEC. 27. Article four, embracing sections from thirty-six to sixty-four inclusive, of an Act entitled "An Act to repeal the several charters of the City of San Francisco and to establish the boundaries of the City and County of San Francisco and to consolidate the government thereof," approved April nineteenth, eighteen hundred and fifty-six, and sections three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen and fourteen of an Act entitled "An Act amendatory to an Act entitled an Act to repeal the several charters of the City of San Francisco, to establish the boundaries of the City and County of San Francisco, and to consolidate the government thereof," approved April nineteenth, eighteen hundred and fifty-six, approved March twenty-

proved April twenty-fifth, eighteen hundred and sixty-three; and to amend section two of an Act amendatory of the Act first mentioned aforesaid, approved March thirty-first, eighteen hundred and sixty-six; and to amend sections one, three, and four of an Act amendatory of the Act first mentioned aforesaid, approved March twenty-sixth, eighteen hundred and sixty-eight, being the original sections one, two, four, six, nine, ten, eleven, twelve, thirteen, seventeen, and twenty-one of the Act mentioned first aforesaid; and to repeal an Act for paving the streets in the City and County of San Francisco, approved March fourteenth, eighteen hundred and sixty-eight, approved April fourth, eighteen hundred and seventy; and also an Act entitled an Act to provide for paving the streets in the City and County of San Francisco, approved April second, eighteen hundred and sixty-six; all and singular, and all Acts and parts of Acts in conflict with this Act are hereby repealed; and this Act shall be deemed to be substituted in place of said Article four, and as amendatory of the Act first above recited in this section, and held as a part thereof; and all advertisements being published at the date of the passage of this Act shall be published for the respective periods provided by the law in force at the time the publication may have been commenced.

SEC. 28. This Act shall be liberally construed to carry out the intentions and purposes of this Act, and shall not be construed so as to affect any contracts heretofore awarded or assessments issued.

SEC. 29. This Act shall be a public act and take effect from and after its passage.

[The following section of the Act of April 25, 1863, 525, seems to be unrepealed:]

SEC. 10. The Board of Supervisors, upon receiving a petition for that purpose from the owners of a majority of the property on any one or more blocks, estimating the property by the front foot, in that portion of the City and County of San Francisco lying west of Larkin street and southwest of Ninth street, may order the grading or other improvement of such street or streets, in accordance with the prayer of the petitioners, and without reference to the official width or grade of such street or streets, and in the same manner as other street improvements provided for in this Act; *provided*, that no street shall be raised above or cut below the official grade.

SUPPLEMENT LXIV.

1871-2, 846.

An Act to provide for the support of the common schools of the City and County of San Francisco, and to define the powers and duties of the Board of Education thereof.

[Approved April 1, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Education of the City and County of San Francisco shall have power:

First. To maintain public schools as now organized in said City and County, and to establish additional ones as required, and to consolidate and discontinue schools, as shall be deemed best for the public interest.¹⁰⁴

Second. To establish experimental and normal schools for the education and training of teachers.

Third. To employ and dismiss teachers, janitors, and School Census Marshals, and to fix, alter, allow and order paid their salaries or compensation, and to withhold, for good and sufficient cause, the whole or any part of the salary or wages of any person or persons employed as aforesaid.

Fourth. To make, establish and enforce all necessary and proper rules and regulations, not contrary to law, for the government and efficiency of the public schools within said City and County, the teachers thereof and pupils therein, and for carrying into effect the laws relating to education. Also, to establish and regulate the grade of schools, and determine the course of studies and the mode of instruction to be used in said schools.

Fifth. To issue a subpoena, duly attested by the President and Clerk of said Board, directed to any person whose attendance shall be required before said Board, or any committee thereof, as a witness on the examination of any charges against any employee of said Board for violation of any of the rules or regulations thereof, requiring such person to attend before said Board, or

¹⁰⁴ The Act of March 30, 1874; 1873-4, 828; provides as follows:

"SECTION 1. The Board of Education of the City and County of San Francisco shall establish and maintain common schools, in said City and County, in which shall be taught the German and French languages in conjunction with studies in the English language. The number of such schools shall be not less than two grammar and two primary schools. They shall be designated as cosmopolitan schools, and shall be subject to such rules and regulations as shall be prescribed by said Board of Education."

a committee thereof, at a time and place to be therein named, to testify in relation to such charges; and if such person shall refuse or neglect to obey such subpoena, or refuse to testify when so required, he or she shall be deemed guilty of a misdemeanor, and shall be punished, on conviction thereof, by a fine of not less than ten dollars nor more than one hundred dollars, or by imprisonment in the County Jail for not less than ten days nor more than thirty days.

Sixth. To provide for the School Department of said City and County, fuel, lights, water, blanks, blank books, printing, stationery, and such other articles, materials or supplies as may be necessary or required for use in the schools, either by the pupils or teachers.

Seventh. To make rules of order and by-laws for the government of the Board, its members and committees, and general regulations, to secure proper economy and accountability in the expenditure of school moneys.

Eighth. To use and control such building or buildings as shall be necessary for the uses of the Board and its committees, and for storing supplies.

Ninth. To dispose of such personal property used in the schools or in other buildings under the charge of the Board as shall be no longer required for use therein, and all moneys realized by the sale of any such property shall be paid into the City treasury for the same purposes as the money received under the fifth section of this Act.

Tenth. To build, alter, repair, rent and provide school-houses and furnish them with proper school furniture, apparatus, and school appliances, and to insure any and all school property.

Eleventh. To lease, for a term not exceeding ten years, any unoccupied property of the School Department not required for school purposes.

Twelfth. To examine and allow, in whole or in part, every demand payable out of the School Fund, or to reject any such demand for good cause, of which the said Board shall be the sole judge.

Thirteenth. To prohibit any child under six years of age from attending the public schools.

SEC. 2. It shall be the duty of the Board of Education of the City and County of San Francisco:

First. To furnish all necessary supplies, or make regulations for furnishing supplies, for the several schools under their care; but when such supplies are furnished by the Board of Education they shall be obtained by contract, proposals for which shall be advertised for the period of at least two weeks.

Second. To make and transmit, between the fifteenth day of January and the first day of February in each year, to the State Superintendent of Public Instruction and to the Board of Supervisors of the City and County of San Francisco, a report in writing, bearing date on the thirty-first day of December next preceding, stating the whole number of schools within their jurisdiction, the length of time they shall have been kept open, the number of pupils taught in each school, the whole amount of money drawn from the treasury for the purposes of education during the year ending at the date of

the report, distinguishing the amounts received from the General Fund of the State, and from all other and what sources, the manner in which such moneys shall have been expended, and such other information as the State Superintendent of Public Instruction may from time to time require in relation to public school education in the City and County of San Francisco. And the report which said Board of Education is hereby required to make shall be held and taken to be a full compliance with every law requiring a report from said Board relative to the schools in said City or any matter connected therewith.

Third. To provide evening schools for those whose ages or vocations are such as to prevent attendance at the day schools established by law, in such school houses or other buildings used for school purposes, and in such other places in said city as said Board may from time to time deem expedient; and also a normal school or schools for the instruction of those who desire to become teachers, which school shall be attended by such of the teachers in the public schools as the Board of Education by general regulations shall direct, under penalty of forfeiture of their situations as teachers for failure to attend said normal school as required, which forfeiture shall be declared by the Board of Education.

Fourth. To require the principal teachers of each school to enter in books, to be furnished by the Board, the names, ages, and residences of the pupils attending the school, the name of the parent or guardian of each pupil, the days on which the pupils shall have respectively attended, and the aggregate attendance of each during the year; also, the days on which each school shall have been visited by the City Superintendent of Schools, or his assistant, and the members of the Board of Education, or any of them; which entries shall be verified by the oath or affirmation of the principal teacher in such school; also, to require the principal teacher of each school, prior to the first day of January of each year, to make to said Board of Education a report in writing, bearing date the thirty-first day of December, which report shall state the whole number of scholars over six and under twenty-one years of age, who shall have been taught free of expense to such scholars in their schools during the year ending with the date of the report, which number shall be ascertained by adding to the number of children on the register at the commencement of the year the number admitted during the year, not having previously attended any public school during that year; also, the average number that has actually attended such school during the year, to be ascertained by keeping an exact account of the number of pupils present at each session, or half day of the school, which, being added together and divided by four hundred and thirty, or, if less than a year, by the number of school sessions, shall be considered the average attendance, which average shall be sworn or affirmed to by the principal teacher of the school; also, a particular account of the state of the school, and of the property and affairs of the school, and the titles of all books used, with such other information as the Board of Education shall require.

Fifth. To provide, by general rules and regulations, a proper classification of studies, scholars, and salaries, in such manner that the system of instruction pursued in the public schools, and the salaries paid to teachers, shall be as nearly as practicable uniform throughout the city.

SEC. 3. It shall be the duty of the Superintendent of Common Schools of the City and County of San Francisco:

First. To visit and examine every school under the charge of the Board of Education as often as once in every six months, to inquire into all matters relating to the government, course of instruction, books, studies, discipline, and conduct of such schools, and the condition of the school houses and the schools generally, and to counsel with and advise the teachers in relation to their duties, the proper studies, discipline, and conduct of the pupils, the course of instruction to be pursued, and the books of elementary instruction to be used, and to examine, ascertain and report to the Board of Education whether the provisions or [of] the Act in relation to religious sectarian teaching and books have been violated in any of the schools, and to make a monthly report to the Board of Education, stating which of the schools have been visited by him, and adding such comments in respect to the matters here specified as he may deem advisable.

Second. To make annually to the State Superintendent of Public Instruction, at such times as said officer may direct, a report in writing, containing a statement of the whole number of schools within said City and County, and a certified copy of the reports of the Board of Education to the Supervisors of the City and County of San Francisco, with such additional information as the State Superintendent of Public Instruction may require.

SECS. 4, 5 and 6. [*Relate to estimating necessary annual expenses of schools and collecting tax therefor. Superseded by sec. 1, Act of April 3, 1876; Supplement XC.*]

SEC. 7. All moneys received or collected on account of public education in the City and County of San Francisco shall be deposited in the City Treasury, and be known as the School Fund. Payments from said Fund shall only be made by the Treasurer of the said City and County upon drafts drawn on him by the Board of Education, signed by the President and the Superintendent of Common Schools, and countersigned by the Auditor of said City and County; and all drafts shall be made payable to the person or persons entitled to receive the same.

SEC. 8. If the school moneys received and collected shall, during any year, exceed the necessary and legal expenses of the public schools, the Board of Education shall authorize the payment only of such sum or sums as shall be sufficient to provide for such expenses, and any deficiency in the sums so received and collected to meet the necessary and legal expenses of public education in the said schools shall be supplied by the Board of Supervisors of said City and County; and they are hereby authorized and directed to raise, by loan or otherwise, in anticipation of the annual tax, such sum or sums as

shall be necessary to meet such deficiency; and the Board of Education shall in all such cases certify to the Board of Supervisors the cause of such deficiency, and that the same was unavoidable, and unless such certificate shall be made, the said Board of Supervisors may refuse to meet such deficiency; but the Board of Education shall not be authorized to call upon the Board of Supervisors in any year for any money or moneys for the purpose of purchasing sites, building, altering, repairing, or fitting up school houses, in excess of the estimates for these purposes, in pursuance of section seventh of this Act, except in cases of destruction of or injury to the buildings by fire or other unforeseen calamity.

SEC. 9. The Board of Education of the City and County of San Francisco are hereby authorized to establish in some central locality of said city a school, to which shall be admitted only those pupils who shall have been found, upon satisfactory examination and trial, too depraved to be permitted to associate longer with the pupils of other schools; but such pupil or pupils may be restored to any school under charge of said Board, upon satisfactory evidence of thorough reformation of conduct.

SEC. 10. The Clerk of the Board of Education shall have charge of the rooms, books, papers and documents of the Board, and shall, in addition to his duties as Secretary of the Board, perform such other clerical duties as may be required by its members or committees.

SEC. 11. In all cases where the erection of a building, fitting up thereof, and the fitting up of any hired building, or repairing any building belonging to the department, shall exceed the sum of two hundred dollars, the same shall be done by contract awarded to the lowest responsible bidder, proposals for which contract shall be advertised for two weeks previous to deciding upon the estimates thereon; but the Board of Education may reject any or all proposals, should they deem such action for the public good.

SEC. 12. Whenever, owing to any nuisance in the immediate vicinity of any school, or other unfavorable circumstances, or to the small attendance of pupils, or other sufficient reason, it shall appear to the Board of Education necessary and proper to discontinue such school, they may, after thirty days' notice given to the Board of Supervisors of their intention to abandon the building and site, for school purposes, withdraw entirely from the control of said property, which shall then be used or disposed of as a part of the general property of the City and County. In the event of the same being sold, the proceeds shall go into the School Fund of the City and County of San Francisco; but nothing herein shall be so construed as to authorize the sale of any such building or lot.

SEC. 13. Every person in the employ of the Board of Education, and every officer or teacher of a school who shall willfully sign a false report to the Board of Education shall, for each offense, forfeit the sum of twenty-five dollars, and shall be deemed guilty of a misdemeanor; and ever such person or officer who shall willfully misapply any of the public funds committed to his care shall be deemed guilty of embezzlement.

SEC. 14. No school shall receive any portion of the school moneys in which the religious doctrines or tenets of any particular Christian or other religious sect shall be taught, inculcated or practiced, or in which any book or books containing compositions favorable or prejudicial to the particular doctrines or tenets of any particular Christian or other religious sect is used.

SEC. 15. The following shall be substantially the form of oath or affirmation to be made by the teacher:

"A. B., of the City and County of San Francisco, teacher of ——— school, being duly sworn (or affirmed), declares and says, that to the best of his (or her) knowledge and belief the average number of children, actually residents of the City and County of San Francisco, between the ages of six and twenty-one years, who attended said school from the ——— day of ——— to the first day of January, ———, was ———; said average having been obtained by adding together the number of pupils present each half day, and dividing the sum by four hundred and thirty (or by the total number of half school days during the year)."

SEC. 16. The Clerk of the Board of Education is hereby authorized to administer oaths and take affidavits in all matters appertaining to the schools in the City and County of San Francisco.

SEC. 17. No person receiving a salary from the Board of Education shall be interested in any contract, payments under which are to be made in whole or in part of the moneys derived from the School Fund, or raised by taxation for the support of public schools.

SEC. 18. The public schools in the City and County of San Francisco shall be classified as High, Grammar, Primary, Evening and Normal Schools.

SEC. 19. The members of the Board of Education of the City and County of San Francisco shall be elected by vote of the electors of the entire City and County, and from the City and County at large, without reference to their residence.

SEC. 20. The Mayor, Auditor and Treasurer of the City and County of San Francisco are hereby authorized and required to issue school bonds from time to time in such sums as may be required for school purposes, not to exceed in the aggregate the sum of one hundred thousand dollars. Such bonds shall be signed by the Mayor, Auditor and Treasurer of said City and County, and shall be payable in ten years from the first day of June, one thousand eight hundred and seventy-two. Such bonds shall draw interest at the rate of seven per centum per annum from the date of their issuance, which interest shall be payable semi-annually, on the first days of June and December, in the City and County of San Francisco. The coupons attached to said bonds shall be signed by the said Treasurer.

SEC. 21. The principal and interest of the said bonds shall be payable in gold coin of the United States of America, and the faith and credit of the City and County of San Francisco are hereby pledged for the redemption of said bonds

and the payment of the principal and interest in said gold coin of the United States of America, as set forth in this Act.

SEC. 22. As soon as said bonds are issued the Treasurer of said City and County is hereby authorized and empowered to sell the same to the highest bidder therefor for cash in gold coin of the United States (after having first advertised the same for four weeks in two daily newspapers published in said City and County), and the proceeds thereof shall be immediately placed in the Treasury of said City and County, and constituted a part of the School Fund. From the proceeds thus obtained and paid into the Treasury the Board of Education of the City and County of San Francisco are hereby authorized to liquidate any unpaid bills or claims in the current expenses of the public schools of said City and County for the year ending the thirtieth day of June, one thousand eight hundred and seventy-one; *provided*, said bills or claims do not exceed in the aggregate the sum of twenty thousand dollars; and the balance of such proceeds, or so much thereof as may be necessary, shall be used for the sole purpose of meeting any deficiency that may arise in the current expenses of the schools for the year ending the thirtieth day of June, eighteen hundred and seventy-two. But no portion of the proceeds of this fund shall be used in the purchase of sites for the erection or repairs of school buildings, nor in the fitting up of the same; and any balance then remaining on hand shall be carried forward and form part of the available funds for school purposes for the following year; *provided*, the Mayor, Auditor and Treasurer may reject any and all bids for said bonds as the public good may require.

SEC. 23. To secure the payment of the principal and interest of said bonds it shall be the duty of the Board of Supervisors of the City and County of San Francisco to raise yearly by taxation, in the same manner as other City and County taxes are levied and collected, a sum sufficient to pay the semi-annual interest on said bonds, and also to provide a Sinking Fund for the redemption of the same at maturity, as directed in section twenty-four of this Act.

SEC. 24. Whenever and as often as there shall be funds in the Treasury of said City and County, to the credit of the Sinking Fund provided in section twenty-three of this Act, amounting to ten thousand dollars, it shall be the duty of the Treasurer of said City and County to advertise from time to time for thirty days, in two daily newspapers published in said City and County of San Francisco, for proposals to surrender said bonds upon the best terms, not exceeding their par value, and report the same to the Commissioners of the Sinking Fund, who shall immediately thereafter order paid the amount necessary to redeem the bonds so offered, and shall issue demands therefor in the usual form. The Auditor of said City and County is authorized and required to audit, and the Treasurer to pay the same out of the Sinking Fund in his hands, set apart therefor; and if such proposal to surrender bonds do not equal the amount of such Sinking Fund, then the Commissioners of the Sinking Fund shall have power to loan any balance remaining thereof, upon the security of any bonds of the City or of the City and County of San Francisco,

or of the State of California, or of securities of the United States, at the best rates of interest obtainable therefor, such interest, when paid, to be entered by the Treasurer to the credit of the Sinking Fund for the redemption of said bonds.

SEC. 25. The money required hereafter to meet the interest and create the Sinking Fund for the bonds issued under the Act of the seventeenth of March, eighteen hundred and sixty-six, also for the bonds issued under the Act of the nineteenth of February, eighteen hundred and seventy, shall be raised in the like manner as is provided for in section twenty-three of this Act, and the Sinking Fund applied in the like manner provided for in section twenty-four of this Act.

SEC. 26. All Acts and parts of Acts passed prior to the first day of March, eighteen hundred and seventy-two, so far as inconsistent with the provisions of this Act, are hereby repealed.

SEC. 27. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXV.

1871-2, 878.

An Act to provide funds to be applied to building a House of Correction in the City and County of San Francisco, and to authorize the construction of such House of Correction.

[Approved April 1, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Mayor, Auditor and Treasurer of the City and County of San Francisco, by and with the consent of the Board of Supervisors of said City and County first obtained by ordinance, are hereby authorized and empowered to issue from time to time, as may be directed by the said Board of Supervisors and as may be necessary for the purposes herein named, bonds not exceeding in the aggregate the sum of one hundred and fifty thousand dollars.

SEC. 2. Said Bonds shall be issued in such manner and at such times not inconsistent with the foregoing section, and made payable in the City and County of San Francisco, at the office of the Treasurer of said City and County, both principal and interest, at such times, not exceeding twenty years

from the time of their issuance, as the Board of Supervisors may prescribe by ordinance. The interest on said bonds shall not exceed seven per cent. per annum, and shall be paid semi-annually; and both principal and interest shall be payable in United States gold coin.

SEC. 3. The said bonds shall be signed by the Mayor, Auditor and Treasurer of the City and County of San Francisco, and shall be known as the "House of Correction Fund Bonds of the City and County of San Francisco."

SEC. 4. Said bonds shall have coupons attached to them for the semi-annual interest which may accrue upon them, signed by the Auditor of said City and County; and the faith and credit of the said City and County of San Francisco are hereby pledged for the redemption of the same and for the payment of the principal and interest thereof.

SEC. 5. Whenever said bonds or any portion of them are issued, the Treasurer and Auditor of said City and County are hereby authorized and empowered to sell the same to the highest bidder thereof, after having first advertised the same for three consecutive weeks in three daily papers published in said City and County. All money derived from the issue and sale of said bonds shall be appropriated and used for the sole purpose of building and furnishing a House of Correction upon any property of the City and County of San Francisco, to be selected by the Board of Supervisors and approved by the Mayor, south of Twenty-sixth street or west of new Cemetery Avenue, in the City and County of San Francisco; the style and material thereof, the construction, and all contracts and plans relating thereto to be determined by said Board of Supervisors, and in all cases to be approved before the adoption or ratification of the same by the Mayor, Auditor and Treasurer of said City and County. But no bonds authorized to be issued by this Act shall be sold for a less sum than ninety cents in gold coin on the dollar, par value. Said House of Correction shall be used for the safe keeping of such persons as shall be sentenced to be punished for crime by the Criminal Courts of the City and County of San Francisco, and are now and who would be confined in the County Jail.

SEC. 6. To secure the payment of the principal and interest of said bonds, the Board of Supervisors of the said City and County of San Francisco shall, when deemed necessary by them for the purpose in this section provided, levy an annual tax upon all the taxable property in the said City and County of San Francisco; and a sufficient sum or sums shall be raised by such annual levies to pay the principal of said bonds when the same shall become due. And it shall be the duty of the Treasurer of said City and County to set apart annually out of the moneys coming into the Treasury to the credit of the House of Correction Fund, raised by said annual tax, a sum sufficient to pay the semi-annual interest on said bonds, and also to provide a Sinking Fund sufficient for the redemption of the same at maturity.

SEC. 7. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXVI.

1871-2, 901.

An Act to provide for the repair and improvement of roads and highways in the City and County of San Francisco.

[Approved April 1, 1872.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco is hereby authorized and empowered to repair and improve the public roads within the said City and County, outside the charter line of eighteen hundred and fifty-one.

SEC. 2. It shall be the duty of the Superintendent of Public Streets and Highways to carefully examine all the public roads in said City and County, and report the condition of the same, from time to time, to the Board of Supervisors; *provided*, that from the month of November to May of each year, such report shall be made on the first Monday of each month; and said report shall specify the kind of repairs and the portion or portions of the road or roads in which they are required, together with an estimate of the cost.

SEC. 3. Upon presentation to the Board of Supervisors of the report and estimate of the said Superintendent of Public Streets and Highways, as herein provided, the said Board of Supervisors shall direct the Clerk of said Board to advertise, inviting sealed proposals for doing the work required, and shall award the contract for doing said work to the lowest responsible bidder, the proceedings in relation hereto to be the same as is provided by law for the letting of contracts for the improvement of streets and highways in said City and County; *provided*, that the amount of all appropriations authorized by this Act shall not exceed ten thousand dollars for any one fiscal year.

SEC. 4. For the purpose of this Act, public roads and highways shall include all roads that have been open to the public, and used as public highways long enough to evince their utility and necessity, but shall not include any road or highway when, in the judgment of the Board of Supervisors, the same should be kept in order by the owners of the property fronting on said road or highway.

SEC. 5. Whenever any improvement or repairs require to be made to any public road or highway, for which, in the judgment of the Board of Supervisors, the owners of the property fronting thereon should be assessed to defray the cost of the same, then and in that case the Board of Supervisors shall acquire jurisdiction, and shall have power to proceed in the same manner as is

now provided by law for the improvement of streets within said City and County; and all provisions of law in relation to the improvement of streets within said City and County, and for the making and collection of the assessment for the cost of the work performed, shall apply to the collection of the sums of money so assessed as aforesaid.

SEC. 6. The Superintendent of Public Streets and Highways is hereby authorized and it is made his duty to superintend all repairs made on public roads and highways, and, when authorized by the Board of Supervisors, to purchase all necessary timber, plank or other material for the construction and repair of bridges, and to hire at just and reasonable rates all necessary labor, tools or implements for grading or otherwise improving such roads and highways.

SEC. 7. An Act entitled "An Act to create certain road districts in the City and County of San Francisco and to provide for the repair and improvement of roads therein," approved May twentieth, eighteen hundred and sixty-one, and all Acts or parts of Acts conflicting with any of the provisions of this Act, or authorizing any expenditure upon public roads or highways within the City and County of San Francisco, other than is provided in this Act, are hereby repealed.

SEC. 8. This Act shall take effect from and after its passage.

SUPPLEMENT LXVII.

1873-4, 271.

An Act in relation to the Industrial School Department of the City and County of San Francisco.

[Approved March 4, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. All Acts and parts of Acts, relating to the Industrial School Department of the City and County of San Francisco, which were in force on the thirty-first day of December, eighteen hundred and seventy-two, are hereby declared to be and the same are in full force.

SEC. 2. Any person duly convicted of a crime and duly committed to the Industrial School of said City and County, shall there remain until he arrives at the age of twenty-one years, unless sooner discharged according to law, or unless a shorter term shall be prescribed in the order of commitment.

SEC. 3. If any person who has been duly convicted of a crime, and is

called for sentence, shall state to the Court or Judge that he is under the age of eighteen years, and shall thereupon be committed to said Industrial School, such statement shall be recited in the order of commitment, and shall, as against such person, be conclusive as to his age in all questions relating to his connection with said school.

SEC. 4. If any person committed to said Industrial School, upon conviction of a crime, shall escape therefrom, and be thereafter arrested, he shall be brought before the Court or Judge by whom he was so committed, and the said Court or Judge may recommit him to said school, or may punish him by fine or imprisonment, or both, as might have been originally done upon such conviction; but this section shall not apply in case of conviction of a crime committed prior to the passage of this Act.

SEC. 5. It shall be the duty of every Sheriff and police officer to arrest any person who has been committed to said Industrial School upon conviction of a crime, and has escaped therefrom, and to bring him before the Court or Judge by whom he was so committed, that he may be dealt with as provided in the next preceding section.

SEC. 6. This Act shall take effect from and after its passage.

SUPPLEMENT LXVIII.

1873-4, 333.

An Act concerning certain Public Reservations of the City and County of San Francisco.

[Approved March 11, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. So much of the land situated around the sheet of water known as "Mountain Lake," marked "Park" on the official map of the outside lands of the City and County of San Francisco, as lies within the official survey of the lands confirmed by Acts of Congress and the decisions of the Federal Courts confirming said lands to said City and County, shall be hereafter known as "Mountain Lake Park." Also, that strip of land bounded west by the Pacific Ocean, referred to in the first section of an Act of the Legislature of this State, approved March twenty-seventh, eighteen hundred and sixty-eight, entitled "An Act to confirm a certain order passed by the Board of Supervisors of the City and County of San Francisco," which is particularly described in the ninth section of the order confirmed by said last

mentioned Act, and which, on said official map, is designated as "Great Highway," shall be hereafter known and designated by such name. All the provisions of an Act entitled "An Act to provide for the improvement of public parks in the City of San Francisco," approved April fourth, eighteen hundred and seventy, and also all the provisions of an Act amendatory of and supplemental to the same, approved March thirtieth, eighteen hundred and seventy-two, so far as the same may be applicable, shall apply to all and singular the lands in this section described, and also to the lands referred to in section two of this Act.

SEC. 2. The Park Commissioners, appointed or elected, or to be appointed or elected, under and by virtue of said Acts of April fourth, eighteen hundred and seventy, and March thirtieth, eighteen hundred and seventy-two, are hereby authorized to purchase, or if unable to purchase at what they may deem a reasonable price, to condemn and appropriate to the public use, lands suitable for a reservoir for irrigation, connected with the improvements upon said park.

SEC. 3. For the purpose of condemning and appropriating land for a reservoir, the said Park Commissioners shall have and enjoy all powers and privileges that are by law accorded to water companies in general, or to any particular water company or companies, and shall exercise that power in the manner and form now provided, or hereafter to be provided in cases of condemnation and appropriation of land by such water companies. In like manner the said Commissioners may proceed to obtain all necessary rights of way for flumes, pipes, and other contrivances for conveying water to and from said reservoir. And all rights and privileges which are now or hereafter may be granted by the State, or by said City and County, to any water company, to use the public streets or highways for laying pipes, erecting gates, hydrants and other appliances needful for the conveyance and control of water, are hereby granted to the said Park Commissioners, but subject to the same conditions, regulations and restrictions.

SEC. 4. The Mayor, Auditor and Treasurer of the City and County of San Francisco, are hereby authorized and directed, upon any requisition which the said Park Commissioners may make, to issue park bonds of the denomination of one thousand dollars, not to exceed in the aggregate the sum of two hundred and fifty thousand dollars. Said bonds shall be signed by the Mayor, Auditor and Treasurer of the said City and County, and shall be payable in thirty years from the first day of April, eighteen hundred and seventy-four, bearing interest at the rate of six per cent. per annum; the principal and interest payable at the said City and County. The interest shall be payable semi-annually, viz.: on the first of October and April of each year. The coupons attached to said bonds shall be signed by the said Treasurer.

SEC. 5. The principal and interest of the said bonds shall be payable in

gold coin of the United States of America. The faith and credit of the City and County of San Francisco are hereby pledged for the redemption of said bonds and the payment of said principal and interest in said gold coin.

SEC. 6. All and singular the parks, avenue, highway, and reservoir, described or referred to in said Acts of April fourth, eighteen hundred and seventy, and March thirtieth, eighteen hundred and seventy-two, and in this Act, are hereby pledged, and shall be deemed mortgaged as security for the redemption of said bonds, and of all bonds hitherto created and issued by said Commissioners.

SEC. 7. As soon as said bonds are prepared, the Treasurer of said City and County may, and if requested by said Park Commissioners, shall sell, from time to time, so many thereof as the said Commissioners direct, to the highest bidder therefor, for cash, in gold coin of the United States of America, after having first advertised the same for four weeks, in two daily papers in said City and County, and two weeks in two daily newspapers of general circulation in the City of New York; but said bonds shall not be sold or disposed at less than ninety per cent. of their par value, and the proceeds thereof shall be immediately placed in the treasury of said City and County, and credited to the Park Improvement Fund; *provided*, the Mayor, Auditor, and Treasurer may reject any and all bids for said bonds.

SEC. 8. The Board of Supervisors of the City and County of San Francisco are hereby authorized and required to levy upon all taxable property within said City and County, a special tax, for the purpose of meeting said interest, and of providing for the gradual or ultimate redemption of said bonds. Said tax shall be levied annually, and shall be assessed and collected in the same manner and at the same time as other city taxes. All moneys received from this tax shall be placed to the credit of the Park Interest and Sinking Fund.

SEC. 9. Whenever after A. D. eighteen hundred and eighty-four, there shall be in the Park Interest and Sinking Fund a balance of at least ten thousand dollars over and above what may be necessary for the payment of said interest, said Treasurer shall endeavor to redeem outstanding bonds, by advertising for proposals. Said Treasurer, Mayor, and Auditor shall meet and consider all proposals, and they, or a majority of them, shall accept or reject; but no proposal shall be accepted for a higher rate than par. Whenever any proposal shall be accepted, the usual notice and demand shall be given and made; the amount due on the proposal so accepted shall be audited and paid, and the redeemed bonds with their coupons canceled. Should no proposal be accepted or made, the amount of said balance shall, according as said Mayor, Auditor, and Treasurer, or a majority of them, shall deem best, be paid over to the Park Improvement Fund, or invested in securities of the said City and County, of this State, or of the United States.

SEC. 10. The Park Commissioners are hereby prohibited from contracting any debt or debts, liability or liabilities, which, together with existing liabili-

ties, shall exceed the amount of money that may be realized from the sale of the bonds provided for in this Act. Any violation of this provision shall be a misdemeanor, and shall be punished as provided by law; and all contracts made or debts contracted in violation of this section shall be void.

SEC. 11. This Act shall take effect immediately.

SUPPLEMENT LXIX.

1873-4, 910.

An Act concerning the State Harbor Commissioners, and for other purposes.

[Approved March 30, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Harbor of San Francisco is hereby placed under the control of the Board of State Harbor Commissioners, and they are authorized to regulate the position of ships, their moorings and anchorage, and generally to make rules and regulations concerning them, with power to enforce the same as fully as that formerly used and exercised by the Harbormaster of the City and County of San Francisco.

SEC. 2. The Commissioners shall keep the routes of the ferry boats, passing in and out of said harbor, free and open at all times, so that ferry boats can conveniently make their trips without impediment on the part of vessels at anchor, or other obstacles.

SEC. 3. The present Harbormaster of the City and County of San Francisco shall continue in office as such until the end of the term for which he was elected, and draw the salary allowed him by law. He shall, during such term, perform such services in and about the management and regulation of said harbor as the Commissioners may require of him. At the end of said term said office shall become extinct, and all laws requiring the election of such an officer shall be deemed to be repealed and abolished, and thereafter all harbor regulations and management shall be performed by the Commissioners as hereinafter [hereinbefore] provided.

SEC. 4. At the end of the term of office of the present Harbormaster of San Francisco, either by lapse of time, resignation or otherwise, the State

Harbor Commissioners shall require said duties to be performed by the Chief Wharfinger, or other executive officer of said Board, as they may deem most advantageous to the public interests, but no special office shall be created for that purpose alone.

SEC. 5. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXX.

1873-4, 942.

An Act providing for a paid fire department in the City and County of San Francisco.

[Approved March 30, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The fire department of the City and County of San Francisco shall consist of such engine, hook and ladder and hose companies, as shall be recommended by the Board of Fire Commissioners, and be determined by the Board of Supervisors of said City and County, with the approval of the Mayor, to be necessary to afford protection against fire; *provided*, that as auxiliary thereto, patent fire extinguishers may also be purchased and employed, if, in the judgment of said Board, deemed advisable; *provided*, that no hand engines shall hereafter be purchased for the use of said department; but those now in possession of said City and County may be used in such localities and under such regulations as the Board of Fire Commissioners, with the approval of the Board of Supervisors, may prescribe.

SEC. 2. The officers of said fire department shall be a Board of Fire Commissioners, a Chief Engineer, four Assistant Engineers, one Clerk (who shall be Clerk of the Board of Fire Commissioners and Chief Engineer), one Superintendent of Steam Fire Engines, and one Assistant Superintendent of Steam Fire Engines.

SEC. 3. The employees and members of said Fire Department shall be as follows, viz.: One veterinary surgeon, one corporation yard keeper, one corporation yard drayman, two hydrant men, and such foremen, assistant foremen, engineers, drivers, firemen, hosemen, tillermen, stewards, clerks, and such volunteer companies and members as shall be organized and authorized to perform duty under the provisions of this Article. The companies of said department shall be organized as follows: Each steam fire engine company

shall consist of one foreman, one engineer, one driver, one fireman, and eight hosemen; one of whom shall act as assistant foreman, and one as clerk. Each hook and ladder company shall consist of one foreman, one driver, one tillerman, and twelve hook and ladder men; one of whom shall act as assistant foreman, and one as clerk. Each hose company shall consist of one foreman, one driver, one steward, and six hosemen; one of whom shall act as assistant foreman, and one as clerk. The clerk of each company shall receive the sum of five dollars per month extra.

SEC. 4. The companies composing said fire department shall be furnished with all the horses, hose, hooks, ladders, apparatus and appurtenances necessary and proper, in the opinion of the Board of Fire Commissioners and Board of Supervisors, to place said department in the most effective condition for service; and should it hereafter, in the judgment of said Board of Supervisors and Board of Fire Commissioners, be deemed advisable and necessary to organize and establish any company or companies to operate and manage any patent fire extinguisher, or appliance for extinguishing fire, that may be purchased for the use and more effectual working of said fire department, said company or companies shall be organized, officered and manned as said Boards may, by regulation or order, direct. Volunteer companies may be organized for outside districts of said City and County, upon the recommendation of the Board of Fire Commissioners, and approval of the Board of Supervisors, and when so organized, they shall be under the provisions of this Article, and subject to such rules and regulations as the Board of Fire Commissioners may prescribe; but none of the members thereof, except the steward of the company, shall receive any salary, which salary shall be fixed by the Board of Supervisors, upon the application of the Board of Fire Commissioners.

SEC. 5. The Clerk, Chief Engineer, and Assistant Engineers, shall be appointed by the Board of Fire Commissioners, each for a term of two years from and after their appointment, subject, however, to removal at the pleasure of said Board, under such rules and regulations as may be established by said Board, and approved by the Board of Supervisors. And all subordinate officers, employees, and members shall be appointed by said Board of Fire Commissioners, and be removable at its pleasure, under like rules and regulations; but no officer or member of said fire department shall be removed for political reasons. The first term of two years, above mentioned, shall be deemed to mean from the first Monday in December, one thousand eight hundred and seventy-three, and then every two years thereafter, but the terms of office of the persons now entitled to the above named offices shall not be deemed to be altered, changed, or affected by the provisions of this article.

SEC. 6. All the paid members of said fire department, except the veterinary surgeon, foreman, assistant foreman, company clerks, hosemen, hook and ladder men, and stewards of volunteer companies, shall give their undivided attention to their respective duties; but the foreman, assistant foreman, company clerks, hosemen, hook and ladder men, and stewards of volunteer

companies, shall perform such duties as may be prescribed from time to time by said Board of Fire Commissioners, and ordered to be executed by the Chief Engineer.

SEC. 7. The Board of Supervisors of said City and County shall have power to contract for and locate all cisterns, hydrants, engine, hose, and hook and ladder houses required; to contract for and furnish all supplies; to direct and control all alterations and repairs; and to [?] all orders for the government and control of said fire department, as they shall deem for the best interest thereof. And said Board of Fire Commissioners shall have power to prescribe the duties of the officers and members of said fire department, and to adopt rules and regulations for the management and discipline thereof; *provided*, that such rules and regulations shall first be approved by said Board of Supervisors. And said Board of Supervisors are authorized and required to provide and furnish, for the use of said Board of Fire Commissioners, a suitable room or rooms in some of the public buildings of said City and County, to serve as an office for their meetings and the transaction of business relating to said fire department, in which their clerk shall be in attendance daily, during office hours. The Chief and Assistant Engineers of said Department shall also make it their headquarters daily, during office hours, when not otherwise engaged in official duties.¹⁰⁵

SEC. 8. The persons composing the present Board of Fire Commissioners shall continue in office as such Commissioners until the expiration of their present terms of office respectively, except in the case of the person elected or appointed to fill the vacancy occasioned by the resignation of John C. Merrill, who shall continue in office only until the first Monday in December, eighteen hundred and seventy-five, when he shall be succeeded by the person elected by the people of said City and County at the general election to be held that year, as hereinafter provided. At the general election to be held in said City and County in the year one thousand eight hundred and seventy-five, there shall be elected by the qualified electors thereof three persons as Fire Commissioners, to hold office for the term of four years each, from the first Monday of December of said year, who shall enter upon the discharge of their duties as such Fire Commissioners upon that date, and shall hold office until their successors are elected and qualified. At the general election to be held in the year one thousand eight hundred and seventy-seven, there shall be elected by the qualified voters of said City and County two persons as Fire Commissioners, to hold office for the term of four years each, from

¹⁰⁵ The Act of March 30, 1874; 1873-4, 863; provides that:

Section 1. The Board of Supervisors of the City and County of San Francisco is hereby authorized and empowered to appoint a suitable person to act as Messenger and Janitor to the Board of Fire Commissioners and Chief Engineer's office of the Paid Fire Department of the City and County of San Francisco, who shall receive a salary not exceeding one hundred dollars per month, payable as the salaries of other employees of the said fire department.

the first Monday of December next ensuing, and until their successors are elected and qualified; and at every general election thereafter there shall be elected by the qualified voters of said City and County, one or more persons (as the case may be) as Fire Commissioners, to fill vacancies then existing in unexpired terms, or for full terms of four years each, or for both such terms, as may be found necessary. Should any vacancy occur in the office of Fire Commissioner by death, resignation or otherwise, the Board of Supervisors of said City and County shall appoint some suitable person to fill the same until the next general election, when a person shall be elected as Fire Commissioner for the unexpired term, by the qualified electors of said City and County.

SEC. 9. Said Board of Fire Commissioners shall supervise and control said fire department, its officers and members, subject to the laws governing the same, and shall see that the officers and members thereof faithfully discharge their duties, and that the laws, orders and regulations relating thereto are carried into operation and effect. They shall not, nor shall either of them, or the Chief or Assistant Engineers of said fire department, be interested in any contract pertaining in any manner to said department, or in the sale or furnishing of apparatus or supplies for the same; and all contracts in violation of this section are declared void, and any of said persons violating the provisions of this section, shall be deemed guilty of felony, and, upon conviction, may be punished accordingly.

SEC. 10. The Chief Engineer shall be the executive officer of said fire department, and it shall be his duty (and that of the Assistant Engineers) to see that the laws, orders, rules, and regulations concerning the same, are carried into effect; and also to attend to such duties as Fire Wardens as may be required, and to see that all laws, orders, and regulations, established in said City and County to secure protection against fire, are enforced. It shall also be his duty to enforce the rules and regulations, made from time to time, to secure discipline in said fire department, and he shall have power to suspend any officer or member for a violation of the same, and shall forthwith report the same to the Board of Fire Commissioners, for their action. He shall diligently observe the condition of the apparatus and working of said department, and shall, from time to time, report to said Board of Fire Commissioners upon the same, and make such recommendations and suggestions respecting it, and for securing its greater efficiency, as he may deem proper.

SEC. 11. The person elected as Clerk by said Board of Fire Commissioners shall, before entering upon the discharge of his duties, execute a bond with two or more sureties, in the penal sum of ten thousand dollars, for the faithful discharge of his duties, which shall be approved by said Board of Fire Commissioners and the Mayor of said City and County, and when so approved shall be filed in the office of the Auditor. The amount of said bond may be increased from time to time, when directed by the Board of Supervisors, should they deem it necessary for the public good. Said Clerk shall attend

daily, during office hours, at the office of the Board of Fire Commissioners (which shall be the office of the Chief and Assistant Engineers), shall perform the duties of Clerk to said Board and Chief Engineer, and perform such other duties as from time to time said Board may prescribe.

SEC. 12. The Mayor of said City and County is hereby authorized to sell at private or public sale, from time to time, with the approval of the Board of Supervisors, any or all of the engines, hose carriages, engine houses, lots on which such houses stand, or parts of lots (or exchanging any of said lots when in their judgment demanded by the public good), or other property which shall not be required for the use of the department, and to execute, acknowledge, and deliver good and sufficient deeds or bills of sale for the same, paying the proceeds of such sales into the General Fund of said City and County; such proceeds to be appropriated to the purchase of lots and erection of engine houses thereon, as the same may be required.

SEC. 13. The Assistant Engineers of said fire department, and Clerk, shall be allowed and paid a monthly salary of one hundred and fifty dollars each.

SEC. 14. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXI.

1875-6, 54.

An Act to establish and maintain a training-ship in the City and County of San Francisco.

[Approved February 15, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco is hereby authorized to procure a ship, of suitable size and tonnage, with all the necessary tackle, furniture, and equipments, provided said ship can be obtained without expense to said City and County, on board of which to instruct boys in practical seamanship and navigation, to be called a training-ship. Said ship shall cruise at least fifteen days in each month, in order that the pupils may acquire a thorough knowledge of nautical evolutions by experience and practice. When not engaged in cruising she shall be anchored in the Bay of San Francisco, within the corporate limits of said City and

County. Said Board shall supply said ship with all the materials and implements necessary to give to said boys a proper and efficient nautical education; and the said Board is hereby authorized to apply to the United States Government for the use of a vessel and supplies for the purposes above mentioned, and to accept therefrom any vessel, together with its necessary tackle, furniture, and equipments, which the said Government may assign to said City and County, to be used for the purposes contemplated by this Act; and to accept the services of any officers or men which said Government may detail for service on board of any such vessel, and upon such terms and conditions, consistent with the provisions of this Act, as the said Government may prescribe.

SEC. 2. Said training-ship shall be under the general management of the Board of Supervisors of the City and County of San Francisco, who shall appoint as one of their standing committees a committee of three of their members, to be called the "Training-ship Committee," who shall, subject to the approval of the said Board of Supervisors, prescribe terms and conditions of service; *provided*, that no boys shall be received on board of said ship as punishment, or in commutation of punishment for crime; *and further provided*, that all boys received on board said ship shall be examined by a competent physician and prove to be in sound bodily health, and shall not be under fourteen or over eighteen years of age. Said committee shall, under the directions of said Board of Supervisors, adopt rules and regulations for the government of said boys, and appoint all necessary instructors and employees, and fix their compensation; and shall require the Principal or Superintendent to furnish to said Board quarterly reports of the number of pupils, their character, progress, and such other matters as said Board shall direct.

SEC. 3. Said Board is hereby authorized and empowered to indenture or transfer from the training-ship, after any semi-annual examination, and with his consent, and that of his parents or guardian, any boy thereon, to any merchant ship or vessel of the United States, for service thereon, upon such terms and conditions as said Board shall prescribe, consistent with the original enlistment of said boys.

SEC. 4. Any person who shall aid any boy in escaping or deserting from said training-ship shall be guilty of a misdemeanor, and be punished by fine not exceeding one thousand dollars, or imprisonment in the County Jail for a term not exceeding one year, or by both such fine and imprisonment.

SEC. 5. The Board of Supervisors of said City and County is hereby authorized and required to direct to be paid, out of the General Fund of said City and County, the amount of money necessary to carry out fully all the provisions of this Act, not exceeding twenty-five thousand dollars per annum, and the Auditor of said City and County is hereby required to audit all claims passed by said Board in pursuance of the provisions of this Act, and the Treasurer of the said City and County is hereby directed to pay the same.

SEC. 6. The ship known as the training-ship shall be exempt from all charges for pilotage when going into or out of any port of this State. When the commander of said ship applies for the services of a pilot, said pilot refusing the same free of charge, the power appointing said pilot may revoke his license.

SEC. 7. An Act entitled "An Act to establish and maintain a training-ship or ships in the City and County of San Francisco," approved March sixteenth, eighteen hundred and seventy-four, and all Acts or parts of Acts, so far as the same may be inconsistent with the provisions of this Act, are hereby repealed.

SEC. 8. This Act shall take effect from and after its passage, and the Board of Supervisors of said City and County is hereby authorized to accept the ship "Jamestown," or any vessel substituted therefor, from the Government of the United States, if fully equipped for the purposes indicated in this Act.

SUPPLEMENT LXXII.

1875-6, 71.

An Act granting power to the Judge of the Municipal Criminal Court of the City and County of San Francisco to call in a County Judge to preside, under certain circumstances.

[Approved February 25, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Judge of the Municipal Criminal Court of the City and County of San Francisco is hereby authorized and empowered, in the event of his inability, from sickness, or other just and legal cause, to serve, to call in the County Judge of said County to preside in his stead. Should said County Judge, from any cause, be unable to preside, then the Judge of the Municipal Criminal Court shall designate a County Judge of a neighboring County to so preside. The County Judge so designated and serving instead of the Municipal Judge shall perform any and all of the duties, hear, try, adjudicate, and determine all causes and matters as are authorized and permitted to said Judge of the Municipal Criminal Court.

SEC. 2. This Act shall take effect immediately after its passage.

SUPPLEMENT LXXIII.

1875-6, 73.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved February 28, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. * * * [Omitted portions of this section relate to allowance of appropriations heretofore made in excess of the amounts allowed by law, or to private claims.] Provided, that nothing contained in this Act shall be construed as increasing hereafter the annual appropriations allowed by law for the maintenance of the municipal government of the City and County of San Francisco, and the Board of Supervisors thereof shall not hereafter allow, in any one month, any demand or demands against any funds in the treasury of said City and County, to a greater amount than one-tenth part of the sum or sums allowed by law to be expended annually by said Board, and the Auditor shall not audit, nor the Treasurer pay, or in any manner register, recognize, or take official notice of any appropriation or allowance made in contravention of this section. * * * * * * *

SEC. 2. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXIV.

1875-6, 82.

An Act to establish water rates in the City and County of San Francisco.

[Approved March 1, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. There shall be appointed, in the manner hereinafter provided, a Board, to be called the "Board of Water Commissioners of the City and

County of San Francisco," to consist of five members, whose duty it shall be to determine and fix, annually, the rates at which pure fresh water shall be furnished by any individual, company or association engaged therein, or which may hereafter engage in the business of supplying water to the inhabitants of the City and County of San Francisco.

SEC. 2. Within thirty days after the passage of this Act, the Mayor of the City and County of San Francisco shall appoint, subject to the confirmation of the Board of Supervisors, five citizens of good repute, not interested in water companies nor in water rights, to act as Water Commissioners, who shall hold their office during the pleasure of said Board of Supervisors from the date of their confirmation and until their successors are qualified.

SEC. 3. The Board of Supervisors shall vote *viva voce* on the confirmation of each member of the Board of Water Commissioners, and a majority of the whole number of the former shall be necessary to a confirmation.

SEC. 4. The Commissioners, before entering upon their duties, shall take and subscribe an oath or affirmation, that they will faithfully perform such duties and establish such rates as shall be just and reasonable to the consumers, which rates shall be confirmed by ordinance of the Board of Supervisors before taking effect; and it shall be the duty of any individual, company or association engaged in, or who may hereafter engage in the business of supplying water to the inhabitants of San Francisco, to furnish the same at the rates which may be established under the provisions of this Act, and to furnish water to the extent of their means to said City and County in case of fire or other great necessity, free of charge. [*Amended, April 3, 1876; 1875-6, 760.*]

SEC. 5. The Board of Water Commissioners shall keep an office in some convenient locality, to be designated by the Board of Supervisors, and the Clerk of the Board of Supervisors shall be the Clerk of said Board of Water Commissioners, at a salary of one thousand dollars per annum in addition to his present salary (payable out of the General Fund of said City and County), who shall keep a record of the proceedings of the Board, which shall be open to the inspection of any citizen desiring to examine the same. He shall also keep a journal, in which shall be entered the complaint of any tax-payer regarding the quality or quantity of water furnished to him by any individual, company, or association supplying water under the provisions of this Act. The Board of Supervisors are hereby fully authorized and empowered, by order or resolution, to fix the penalty to be imposed on any individual, company, or association neglecting or refusing to furnish the quantity or quality of water to any consumer at the rates established by the said Board of Water Commissioners, to be collected in any Court of competent jurisdiction, at the suit of the City and County of San Francisco.

SEC. 6. The Board of Water Commissioners shall ascertain, from actual inspection by some of their members, that a constant supply of water is maintained in the reservoirs, mains, and pipes, to meet the ordinary wants of

the inhabitants of the City and County, and the emergencies produced by fire, or for hygienic purposes.

SEC. 7. The Board of Supervisors of the City and County of San Francisco are hereby fully authorized and empowered to determine and establish, by order or resolution, the size of the pipes or mains to be laid down in the streets, highways, public squares, and parks of said City and County, and to regulate the pressure and amount of water to be kept flowing in and through said pipes and mains at all times, and to fix and determine the fine to be imposed, not exceeding five hundred dollars, for any violation of the provisions of this section, at the suit of the City and County of San Francisco, to be collected in any court of competent jurisdiction; and every day's failure to maintain a proper supply of water to meet the public requirements shall be deemed a new offense, and punished accordingly; and all fines collected for a violation of the provisions of this Act, and of the orders passed by the Board of Supervisors to carry out its provisions, shall be paid into the City and County treasury.

SEC. 8. The Water Commissioners shall be allowed no compensation for their services.

SEC. 9. This Act shall take effect and be in force from and after its passage; and all Acts or parts of Acts conflicting with the provisions of this Act are hereby repealed.

[The Act of April 3, 1876; 1875-6, 760; is both amendatory of and supplementary to the foregoing; the amendments are incorporated therein, the supplementary portions are given below.]

SEC. 2. The said Board of Water Commissioners of the City and County of San Francisco, and the Clerk thereof, shall have free access to any records, books, and papers in the offices of any individuals, corporations, companies, or associations engaged, or that may hereafter engage, in the business of supplying water to the inhabitants of the City and County of San Francisco; and said Board of Water Commissioners of the City and County of San Francisco, and the several members thereof, and the Clerk thereof, shall have the same power as courts of record to administer oaths and affirmations, to examine witnesses and compel their attendance before the Board last aforesaid, and the production of papers, by subpœna, and attachment for contempt in case of their refusal to appear or to testify when lawfully required for the purposes of said Act and of this Act.

SEC. 3. The Board of Supervisors of said City and County are hereby empowered, by ordinance, to provide regulations to prevent waste, by consumers, of the waters supplied for their use, as hereinbefore mentioned; and any violation of the provisions of such ordinance is hereby declared to be a misdemeanor, punishable by such penalty as may be prescribed by said Board of Supervisors.

SEC. 4. The provisions of the Act to which this Act is amendatory and supplementary, and this Act, shall be applicable to all corporations engaged in, or which may hereafter engage in the business of supplying water to the inhabitants of the City and County of San Francisco.

SEC. 5. This Act shall take effect immediately.

SUPPLEMENT LXXV.

1875-6, 153.

An Act to authorize the appointment of an additional Interpreter for the Criminal Courts of the City and County of San Francisco.

[Approved March 8, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Police Judge and County Judge and Mayor of the City and County of San Francisco shall have power to appoint an additional Interpreter for the Criminal Courts of said City and County, of the Portuguese, Italian and Slavonian languages.

SEC. 2. The salary of such Interpreter shall be of the same amount, not exceeding one hundred and twenty-five dollars per month, and shall be paid in the same manner, and at the same time, as the other Interpreters of said Courts are now or shall hereafter be paid.

SEC. 3. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXVI.

1875-6, 310.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize certain appropriations of money by said Board.

[Approved March 16, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco is hereby authorized and empowered to appropriate, allow, and order paid out of the General Fund, the sum of ten thousand dollars, for preparing a comprehensive and intelligent system of sewerage for that portion of the City and County of San Francisco where the grades have been established, and for making surveys, and preparing a map showing the size and materials of all sewers constructed and to be constructed by order of the Board of Supervisors, and for reporting upon the mode to be adopted to secure ventilation of sewers, with plans and rules as to the construction and connection of private sewers with the public sewers, etc.

SEC. 2. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXVII.

1875-6, 325.

An Act to provide for the care and maintenance of inebriates and certain insane persons in the City and County of San Francisco.

[Approved March 17, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The fines and forfeitures, not exceeding eight hundred dollars in the aggregate, in any one month, imposed and collected by the Police Judge's Court, in and for the City and County of San Francisco, from persons arrested for being drunk or under the influence of liquor, shall be, by the Clerk of said Police Judge's Court, immediately paid to the President, Secretary, and Treasurer, or a majority of them, of the Home for the Care of

Inebriates, of said City and County, for the support and maintenance of said Home for the Care of Inebriates, and the construction and improvement of a building for said Home for the Care of Inebriates; and the said President, Secretary, and Treasurer, and each of them, shall give a good and sufficient bond in the sum of ten thousand dollars, with two or more sufficient sureties, to be approved by the County Judge of said City and County, for the faithful management and disbursement of the moneys received by them under the provisions of this Act; and the said President, Secretary, and Treasurer shall, semi-annually, and as often as they may be required by the Board of Supervisors of said City and County, report, under oath, to said Board, a detailed statement of all their receipts and disbursements of said moneys; and neither the President, Secretary, Treasurer, nor any Trustee of said Home shall be entitled to or receive any fee, salary, emolument, or reward of any kind whatsoever, for any services rendered by them or either of them as such officers.

SEC. 2. The Clerk of said Police Judge's Court shall take from the President, Secretary, and Treasurer aforesaid, or a majority of them, a receipt in duplicate for all money paid to them under the provisions of this Act, one of which he shall file in the said Police Judge's Court and the other with the Clerk of the Board of Supervisors of said City and County.

SEC. 3. All persons in said City and County charged with being insane, and pending their examination, or found to be insane and en route for a State Insane Asylum, shall be placed in the said Home, and shall be cared for by the officers thereof while in said Home, without charge to said City and County.

SEC. 4. All Acts and parts of Acts in conflict with the provisions of this Act are hereby repealed, and an Act entitled "An Act to confer further powers upon the Board of Supervisors of the City and County of San Francisco," approved April twenty-fifth, eighteen hundred and sixty-three, is hereby repealed.

SEC. 5. This Act shall take effect immediately.

SUPPLEMENT LXXVIII.

1875-6, 360.

An Act in relation to the manufacture of acids and explosive chemicals in the City and County of San Francisco, and for other purposes.

[Approved March 20, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. From and after the passage of this Act, the Board of Supervisors of the City and County of San Francisco shall have full power and

authority to fix limits in said City and County, within which the manufacture of gunpowder, giant powder, dynamite, nitro-glycerine, or other combustible or explosive chemicals, and the maintenance of acid works, shall be prohibited; and to make such rules and regulations in relation to the manufacture and transportation of such substances and the maintenance of acid works in any part of said City and County as they may deem proper and advisable.

SEC. 2. This Act shall take effect immediately.

SUPPLEMENT LXXIX.

1875-6, 461.

An Act to provide for the completion of the building in the City and County of San Francisco known as the New City Hall.

[Approved March 24, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Mayor, City and County Attorney, and Auditor of the City and County of San Francisco, and their successors in office, are hereby authorized to act as a Board to be known as the Board of New City Hall Commissioners for the City and County of San Francisco. And the said Board are hereby authorized, empowered, and directed to take possession of the premises bounded by Larkin Street on the west, McAllister Street on the north, and Park Avenue on the south and southeast, and the improvements thereon, and to proceed with the construction of the building on said premises known as the New City Hall, according to the plans heretofore adopted for a permanent building, as contemplated by "An Act of the Legislature of the State of California to provide for the erection of a City Hall in the City and County of San Francisco," approved April fourth, eighteen hundred and seventy. And the Board of Supervisors of the City and County of San Francisco are hereby authorized, empowered, and directed to turn over and deliver to the Board of New City Hall Commissioners, all and singular, the site, superstructure, and material of said City Hall, as well as all the plans, specifications, books, papers, contract rights, privileges, machinery, tools and appliances, and property of every description and nature belonging to the same.

SEC. 2. Before entering upon the discharge of their duties, the said Com-

missioners shall take and subscribe, before an officer authorized to administer oaths, the oath of office; and shall each give a bond in the sum of ten thousand dollars, with two good and sufficient sureties, to be approved by the Judge of the Municipal Court of the City and County of San Francisco, conditioned for the faithful discharge of the duties as herein prescribed; and the said oaths of office and bonds shall be filed in the office of the County Treasurer of the City and County of San Francisco.

SEC. 3. As soon as said Commissioners are qualified as herein provided, they shall proceed to organize the Board. The Mayor shall be President of the Board, and keep a record of its proceedings until a Secretary is duly appointed and qualified. The Board shall appoint a Secretary, in the manner herein provided, who shall take the oath of office, and give a bond, conditioned for the faithful discharge of his duties, in the sum of five thousand dollars, with two good and sufficient sureties, to be approved by the Judge of the Municipal Court of the City and County of San Francisco; which bond shall be filed in the office of the County Treasurer of said City and County. The Secretary shall hold office at the pleasure of the Board.

SEC. 4. As soon after the organization of the Board as the Commissioners may deem expedient, they shall proceed to appoint an Architect and a Superintendent of Works, who shall hold their respective offices at the pleasure of the Board. The Architect and Superintendent of Works shall each take and subscribe the oath of office, and each shall give a bond; the Architect in the sum of twenty-five thousand dollars, and the Superintendent of Works in the sum of twenty thousand dollars, with two good and sufficient sureties, to be approved by the Judge of the Municipal Court, conditioned for the faithful discharge of their respective duties. The Superintendent of Works shall be a master builder, and have been a resident of the City and County of San Francisco for at least five years.

SEC. 5. It shall be the duty of the Secretary to take charge of and safely keep the books, papers and records of the Board of Commissioners, to attend all meetings of the Board, and keep full and correct minutes of their proceedings, to keep an accurate account of the receipts and disbursements of the Commission, keep an accurate account with each officer, clerk, contractor, and employee, and perform such other services as are herein provided, and such as may be required of him by the Board of Commissioners. He shall keep his office open every day (Sundays and holidays excepted), from eight o'clock A. M. until five o'clock P. M.

SEC. 6. It shall be the duty of the Architect, under the direction and control of the Commissioners, to draw specifications of the work to be done, to make the necessary drawings for the same, to judge of the quality and durability of the materials that may be furnished for the construction of the said City Hall, and to take special care that all work be done in a good, substantial, and workmanlike manner, and in accordance with the specifications.

SEC. 7. It shall be the duty of the Superintendent of Works, herein au-

thorized to be appointed, when work is being done upon said building, or materials to be used in the construction are being furnished, to be in constant attendance at the said building to see that the work is done in a good, and substantial, and workmanlike manner, and that the materials used are of the description and quality called for by the specifications. All work upon the said building shall be done under the immediate supervision of the Superintendent of Works, and all materials used in its construction shall also be furnished under his immediate supervision. He shall also perform such other and further duties connected with the construction of said City Hall as shall be required of him by the Board of Commissioners hereby created.

SEC. 8. The salary of each Commissioner shall be one hundred dollars per month. The salary of the Secretary shall be one hundred and fifty dollars per month. The salary of the Architect shall be two hundred and fifty dollars per month. The salary of the Superintendent shall be two hundred and fifty dollars per month. The salaries herein provided shall be in full compensation for all services rendered under this Act, and no other or greater compensation shall at any time be allowed or paid to either of the officers herein named.

SEC. 9. All meetings of the Board shall be held in the room in which the meetings of the Board of Supervisors of the City and County of San Francisco are held, and shall be public; and the records and proceedings of the Board shall be open to the inspection of the public at any time during office hours.

SEC. 10. The Board shall appoint officers, award contracts, allow claims, and authorize the expenditure of money, by resolutions entered in the minutes of the Board. All resolutions appointing an officer, awarding a contract, allowing a claim, or authorizing the expenditure of money, after its introduction, and before it is finally acted upon by the Board, shall be published for at least five successive days (Sundays and holidays excepted), in at least two daily newspapers, published in the City and County of San Francisco, of general circulation. At any time after the first and before the last publication of a resolution, as herein provided, any citizen may protest in writing against the adoption of such resolution by the Board, and the Board shall consider and dispose of such protest before acting upon the resolution. All resolutions shall be voted upon by ayes and nays, which shall be entered in the minutes of the Board.

SEC. 11. In the event that the Board of Supervisors of the City and County of San Francisco shall deem it expedient to continue the construction of the New City Hall in the mode and manner prescribed by this Act, they are hereby authorized and empowered to express such judgment by resolution or order, in such form as they may deem proper. And for the purpose of raising the money necessary to complete said building, the said Board of Supervisors are hereby authorized and empowered to levy and collect annually, for the fiscal year commencing July first, eighteen hundred and seventy-six, and end-

ing June thirtieth, eighteen hundred and seventy-seven, and each and every fiscal year thereafter, during the four fiscal years next ensuing, in the same manner and at the same times as other taxes in said City and County are levied and collected, an ad valorem property tax, on real and personal property within said City and County, of fifteen cents on each one hundred dollars of value, as shown by the assessment roll of said City and County for the current fiscal year.

SEC. 12. The money arising from the tax hereby authorized to be levied and collected shall be kept by the City and County Treasurer in a fund to be known as the "New City Hall Fund," and out of which said fund all claims for work, labor, and materials used in the construction of said building, and the salaries of the Commissioners, the Secretary, the Architect, the Superintendent of Works, and others employed in and about the construction of said building, and necessary office expenses of the Board of Commissioners, shall be paid. All claims against the said fund shall be allowed by the Board of Commissioners, by resolution entered upon their minutes, before the Auditor shall be authorized to audit the same, and in no case shall any portion of said fund be used or expended for any other purpose than that herein indicated, nor shall any part of the cost of the construction of said building be paid out of any other or different fund; nor shall any lien for work, labor, or material at any time attach to the said building, nor the land upon which the same is located, in any manner whatever. The Board of Commissioners, in each fiscal year, may make contracts and expend in the construction of said building a sum equal to the estimated receipts of the fund during the current fiscal year, but no larger or greater sum.

SEC. 13. The first moneys coming into the fund hereby authorized to be created shall be applied by the said Board of Commissioners to completing, so that it may be immediately occupied, that part of the said City Hall which is intended to be used as the Hall of Records, or office of the City and County Recorder, and other moneys coming into the said fund shall be expended, as far as practicable, without increasing the cost of the work, in completing, from time to time, other parts of the said building; and the parts so completed shall be used for the purposes for which they were constructed, as soon as they are ready for occupancy.

SEC. 14. When work is to be done upon said building, or materials to be furnished, it shall be the duty of the Board of Commissioners to advertise, for at least thirty days, in the official paper, and in the morning and the evening newspapers published in said City and County, having the largest circulation, for sealed proposals for doing said work or furnishing said material, or for doing both said work and furnishing said material, as they may deem best. The said work and materials shall be of the best quality. The advertisement shall contain a general description of the work to be done and the materials to be furnished, the time within which the same is to be done or furnished, and may refer to plans and specifications for such other details as may be necessary to give a correct understanding regarding the work or materials. The

advertisement shall also state the day and an hour on said day within which bids will be received. At the time named in the advertisement the Board shall assemble and remain in session for at least one hour, and all bids shall be delivered to the Board whilst it is in session, and within the hour named in the advertisement. No bids not so delivered to the Board shall be considered. All bids called for by the advertisement shall be on blanks to be furnished by the Secretary of the Board; each bid, as it is received, shall be numbered and marked "Filed" by the President. At the expiration of the hour stated in the advertisement within which bids will be received, the Board shall proceed to open the bids in the presence of the bidders, and an abstract of each shall be recorded in the minutes of the Board by the Secretary. Before adjourning, the Commissioners shall compare the bids with the record made by the Secretary, and fix the day and hour for a meeting of the Board to consider the bids and award the contract. An abstract of said bids, showing the name of each bidder, the price at which work, labor, or materials is offered by each, and such other things as may be necessary to show or explain the offer, shall be made by the Secretary, and published for five days in a daily newspaper published in the City and County of San Francisco, of general circulation. At the expiration of five days after the first publication of the abstract, on the day and at the hour fixed by the Board, the said Board of Commissioners, with the aid and assistance of the Architect and Superintendent of Works, shall proceed to consider the several bids, and award the contract for doing the work or supplying the materials for which proposals were invited, and for none other, to the lowest bidder who shall furnish sufficient sureties to guarantee the performance of the contract; *provided*, the said Board of Commissioners shall have the right to reject any and all bids when, in their judgment, the public interests are thereby promoted; *and provided further*, that no contract shall be awarded, except by the final passage of the resolution awarding said contract by the Board, in the manner herein prescribed. No change or modification in the place or specification shall be made after proposals for doing work or furnishing materials have been called for; nor shall a contractor be allowed a claim for work done, or materials furnished, not embraced in his contract. All contracts shall be in writing, and shall be carefully drawn by the District Attorney, in and for said City and County, and shall contain detailed specifications of the work to be done, the manner in which the same shall be executed, the quality of the material, and the time in which the same shall be completed, with such penalty for the non-performance of such contract as the said Board of Commissioners shall deem just and reasonable. Every contract entered into by the said Board, under the provisions of this Act, shall be signed by the Commissioners and by the other contracting party. All contracts shall be signed in triplicate—one copy of which, with the plans and specifications of the work to be done, shall be filed with the Clerk of the Board of Supervisors, and shall at all times, in office hours, be open to the inspection of the public; one, with the plans and specifications, shall be kept in the office of the Board, or placed in the hands of the Architects, and the other copy, with plans and specifications, shall be

delivered to the contractor. All bids made, and all contracts entered into for the construction of any portion of the said City Hall, shall contain an express condition that no Chinaman or Mongolian shall be employed in the factory, mill, foundry, workshop, or by the firm, company, or person in doing any of the work bid and contracted for; and a failure to comply with said provision of said contract shall work a forfeiture of said contract.

SEC. 15. The Board of Commissioners may make payments to contractors from time to time, as work progresses or materials are furnished. But until the contract is completed, at no time shall such payment exceed seventy-five per cent. of the value of the labor or materials furnished, which said value shall be ascertained and determined by the Architect and Superintendent of Works, subject to the approval of the Board of Commissioners.

SEC. 16. It shall be the duty of the Board of Commissioners, on the second Monday of July, eighteen hundred and seventy-seven, and on the second Monday of July in each and every year thereafter, to and including the year eighteen hundred and eighty-one, to make out and publish in two of the daily newspapers published in the City and County of San Francisco, a tabular statement, showing as follows, to wit:

First. The receipts of the New City Hall Fund during the fiscal year ending June thirtieth preceding.

Second. The amount to which the said fund is entitled for the same fiscal year, but not yet received.

Third. The amount paid out of the fund during the same fiscal year.

Fourth. The amount due upon contracts awarded during said fiscal year.

Fifth. The amount credited to the fund in each previous fiscal year.

Sixth. The amount paid out of the fund in each previous fiscal year.

Seventh. The estimated amount required to complete the City Hall; and such other matters and things as go to show the condition of the fund and its management, and the progress that has been made in the construction of the said City Hall, together with a list of all contracts that have been awarded under the provisions of this Act.

SEC. 17. When the said City Hall shall be erected and completed, as in this Act provided, the said Commissioners shall turn over to the Board of Supervisors of the City and County of San Francisco, all their books, papers and vouchers, and property of every description, and, at the same time, shall render a full and final account of their transactions, which said account shall be examined by said Board of Supervisors, and if found correct, approved, and thereupon the office of said Commissioners, and their powers and duties, shall cease and determine; *provided*, the sureties on their official bonds shall not be discharged from liability until such accounts shall have been so examined and found correct.

SEC. 18. The Commissioners authorized by this Act shall not, nor shall either of them, or the Architect, the Superintendent of Works, or the Secretary, be interested, directly or indirectly, in any contract for work, labor or materials

furnished in the construction of the City Hall; nor shall either of them be allowed to receive any gratuity or advantage from any contractor, laborer or person furnishing labor or materials for the same. A violation of the provisions of this section shall be a felony, and upon conviction thereof, the party so offending shall be punished by a fine not exceeding five thousand dollars, or imprisonment in the State Prison for a period not exceeding five years, or by both fine and imprisonment, in the discretion of the Court.

SEC. 19. Any public officer or employee of the City and County of San Francisco, in any way connected with the construction of the City Hall, who shall willfully aid or assist a bidder for a contract to furnish labor or materials to be used in the construction of said City Hall, to secure the award of a contract at a higher price or rate than another bidder had proposed to contract to do the work or furnish the material, when sealed proposals have been advertised for, or who shall in any way favor one bidder for a contract over another, by giving or withholding information relative to the plans or specifications, or who shall willfully mislead any bidder with regard to the plans and specifications, and every person who shall change or modify the plans or specifications of work or materials, after proposals have been solicited, or shall aid a contractor in obtaining compensation for work or material not embraced in his contract, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by imprisonment in the County Jail of the City and County of San Francisco for a period of not less than six months, or by a fine of five hundred dollars, or by fine and imprisonment, at the discretion of the Court.

SEC. 20. Any officer or employee of the City and County of San Francisco, whose duty it is to superintend, supervise, direct, or control a contractor on the said City Hall, who shall willfully or carelessly accept other or different material, or permit other or different material than such as is called for by the specifications to be used in the construction of the City Hall, or who shall permit unskilled or inferior labor to be employed in the construction of the said building or shall accept on behalf of the City and County work which is not good, substantial, and workmanlike, or who shall knowingly or carelessly certify to the correctness of a claim of a contractor, or other, for work, or labor, or material, for more than such contractor is lawfully entitled, or who shall willfully or carelessly certify that a greater amount of work or labor has been performed than has actually been done, or a larger or greater amount of material, or different material has been furnished than has actually been furnished, with the intention of defrauding or permitting another to defraud the City and County, or who shall be interested directly or indirectly in any contract for work, labor, or for furnishing material to be used in the construction of said City Hall, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment in the County Jail of the City and County of San Francisco for a period of not less than six months, or fined in a sum of not less than five hundred dollars, or by fine and imprisonment, at the discretion of the Court.

SEC. 21. This Act shall take effect from and after its passage.

SUPPLEMENT LXXX.

1875-6, 501.

An Act to authorize the City and County of San Francisco to provide and maintain public water-works for said City and County, and to condemn and purchase private property for that purpose.

[Approved March 27, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Mayor, District Attorney, and the Auditor of the City and County of San Francisco, are hereby authorized to act as a Board of Commissioners, with the power and authority to acquire, by purchase or otherwise, for the City and County of San Francisco, as provided for in this Act, a sufficient supply of pure fresh water for the use of the inhabitants of said City and County.

SEC. 2. Said Commissioners shall have the right to employ a competent, disinterested engineer, who shall be one of the Corps of Engineers of the United States army stationed in San Francisco, or, if the officers of said corps cannot serve, a competent, disinterested engineer, who, together with said Commissioners, shall proceed immediately to make a careful and thorough examination of all the water, water-rights, water-works, appurtenances, and sources of water supply on the peninsula of San Francisco, or wherever convenient to supply San Francisco with water, after which said Commission shall enter into negotiation with the owners and claimants of any such water, water rights, water-works, sources of supply, land, and appurtenances, deemed by them requisite and necessary, and may purchase of such owners and claimants any and all such rights and property, at such a fair and equitable valuation as may be agreed upon between them, when ratified and confirmed by a majority of the votes cast at the election hereinafter provided; *provided*, that no water, water-works, or water rights in the Counties of Nevada, Santa Clara, Placer, Alameda, El Dorado, Tulare, or Kern, shall be subject to condemnation under the provisions of this Act.

SEC. 3. If a majority of said Commissioners should fail to agree upon the amount to be paid to the owners and claimants of said water, water rights, water-works, sources of supply, and land and appurtenances necessary and requisite, or any part thereof, then, in that event, the Mayor, Auditor, and District Attorney may each appoint one competent and disinterested citizen, tax-payer of the City and County of San Francisco, to be approved by the Board of Supervisors, to represent said City and County; and the owners and claimants of

the rights and property sought to be acquired by this Act shall have the right to appoint three competent and disinterested citizens, tax-payers of the State; and the Judge of the County Court of said City and County shall appoint a seventh, having like qualifications; and the seven citizens shall constitute said Commission, with full power to assess the value and the amount to be paid to the party and parties entitled thereto, for all the rights and property acquired and to be acquired under this Act; and the consent of at least five of said seven Commissioners shall be signed to the award.

SEC. 4. Each Commissioner, in addition to his oath of office, shall swear that he is entirely disinterested, and unconnected with any one who is interested in the subject-matter for which he is appointed; and that he will perform the duties of said Commission without fear, favor or partiality, and, to the best of his ability, will report the true value of the rights, property and privileges to be acquired under this Act; and that he will do equal and exact justice to the whole subject and matter committed to him.

SEC. 5. Said last mentioned Commissioners shall, in case of their appointment, immediately organize, select a suitable place for meetings, and proceed at once, together with the engineer heretofore provided for, to examine carefully all the rights, property, and privileges sought be acquired by this Act. They shall have the power to summon witnesses, take testimony, and obtain all the information necessary to enlighten them in the matter submitted to them. They may employ a short-hand reporter, and have all the testimony taken written out. They may call upon the City and County Attorney to aid them, if necessary, in their proceedings. Should the owners or claimants of any of the rights or property sought to be acquired and appropriated to the public use, under the provisions of this Act, refuse or neglect to appoint three Commissioners on their behalf within twenty days after having been requested in writing, by the Mayor, so to do, then the four Commissioners, as before provided for, shall proceed in all things as required of the seven, and the majority of said Commissioners must agree upon and sign their report. The Commissioners shall transmit, with their report, a copy of all the evidence and proof taken by them in the course of the discharge of their duties as Commissioners, and file the same with the County Clerk within three months from and after their appointment; and such report shall be binding on and conclusive as to all parties in interest, unless set aside for actual fraud, in which case the Judge of said County Court can modify said report, or appoint new Commissioners, and direct them to proceed as provided in sections three and five of this Act. The Commissioners and engineer shall be paid such just compensation, together with necessary expenses, as the Supervisors of said City and County shall deem proper; and the Treasurer of said City and County shall pay out of the General Fund the amount so awarded by the Supervisors of said City and County.

SEC. 6. In order to raise means necessary to carry into effect the provisions of this Act, the Board of Supervisors of said City and County shall be

and they are hereby authorized to issue bonds of said City and County. Said bonds shall be issued in sums of one thousand dollars each, with coupons for interest, and shall draw interest at the rate of six per cent. per annum from the date thereof; and the principal shall be made payable at a specified day, to be named in said bonds, which shall be thirty years after their date, at the office of the Treasurer of said City and County, both principal and interest payable in gold coin of the United States. The interest on said bonds shall be payable semi-annually, on the first day of January and the first day of July of each year, at said Treasurer's office.

SEC. 7. Said bonds shall be signed by the Mayor and Auditor of said City and County, and registered in numerical order in books kept for that purpose by the Auditor and Treasurer of said City and County respectively, and when so signed, shall be presented by the Mayor to the Clerk of the Board of Supervisors of said City and County, who shall, in the presence of the Mayor, countersign the same as such Clerk, impress the corporate seal of said City and County on each, and redeliver them to the Mayor, who shall thereupon report to said Board of Supervisors, at a meeting thereof, the number, date, and amount of each bond so signed and countersigned, which report shall be entered upon the journals of said Board as said bonds shall be issued or disposed of, in the order in which the same shall be numbered.

SEC. 8. Said bonds, or the portion thereof necessary to purchase and pay for the rights acquired under this Act, shall be issued to the party or parties entitled thereto, as a majority vote of the Board of Supervisors may direct, and be delivered by the Mayor to the owner and owners of all the rights acquired, and a good and sufficient deed of the rights so acquired shall be conveyed to the City, to be approved of by the City and County Attorney, and recorded in the office of the County Recorder. If the owner or owners of the rights to be acquired should decline to accept the bonds of said City, the Mayor shall have the right to dispose of so many bonds as will be necessary to pay for the rights to be acquired, under such restrictions as the Board of Supervisors may adopt.

SEC. 9. The Board of Supervisors of said City and County shall, by order, after the purchase of such water rights and privileges, from time to time fix the rates to be paid by consumers of water, which rates shall not exceed an amount sufficient to pay interest on the cost of acquiring the real estate, water, water rights and property hereby authorized to be acquired, and also interest on the cost of laying down mains and buildings, reservoirs, and also the actual amount for keeping the same in repair and maintaining a complete system of water-works.

SEC. 10. The money acquired from the consumers of the water shall be kept in a separate fund by the County Treasurer, devoted exclusively to the paying of the interest of the bonds and necessary expenses of maintaining the water-works, and to be called the "Water, Interest and Expense Fund;" and no taxes for the Sinking Fund shall be levied until ten years from and

after the time of the issuance of said bonds, when the Board of Supervisors shall then regulate the rates to be charged consumers of water so far as to create annually a Sinking Fund to liquidate the said bonds; and all the money in the Water Fund shall be applied, by the Treasurer, to the purposes of this Act:

First. To the payment of the interest on said bonds as the same shall fall due.

Second. To the redemption of said bonds as hereinbefore provided for.

Said bonds shall, until paid, be a lien upon all the real estate, water, water rights and property acquired under the provisions of this Act. In case the money in said fund shall at any time be insufficient to meet the payments herein provided for, the deficiency shall be raised by a tax upon the real and personal property taxable in said City and County, to be assessed, levied and collected at the time and in the manner provided for the assessing, levying and collecting of other municipal taxes.

SEC. 11. The Mayor, to be confirmed by the Board of Supervisors of said City and County, shall have power to appoint three Water Commissioners, and to fix their compensation, who shall have full and complete management of the real estate, water and water-works provided for and acquired under this Act, and who shall hold office for the term of four years and until their successors shall be appointed. Said Water Commissioners may appoint competent and reliable persons to supervise and carry into effect, to the best possible advantage to the inhabitants of the City and County of San Francisco, the provisions of this Act. They may fix the salary and term of office of such appointees, under such orders and resolutions as the Board of Supervisors of said City and County may from time to time adopt.

SEC. 12. The Board of Supervisors of said City and County may, by ordinance, after such purchase, pass such rules and regulations as, in their judgment, may be proper, to provide for the collection of water rates and water dues, and in case default be made in the payment of such water rates, to cut off the supply from consumers who shall make default in the payment thereof; to prevent any interference with the mains, reservoirs, sources of supply and pipes of the water-works; to prevent any impure, deleterious or foul matter from being dumped or thrown into any water-course or water supply connected with such water-works, or the conduct of any business, art or trade which by drainage may injuriously affect the water supply, and to prevent the erection or maintenance of any nuisance that may affect the same.

SEC. 13. Said City and County of San Francisco shall not be permitted to take possession, unless with consent of owner or owners, of any real estate, water, or water rights hereby authorized to be acquired, until the compensation agreed upon or determined, as hereinafter provided, shall have been paid, either to the person, persons, or corporation determined to be entitled thereto, or deposited with the Treasurer of said City and County of San Francisco, who shall hold the same subject to an order of the Judge of the County Court, to pay the amount so deposited to the party or parties entitled thereto.

SEC. 14. Said City and County is authorized to lay down and maintain mains and water-pipes in the peninsula, and in the streets and highways of said City and County, and do all things necessary to maintain and carry on a complete system of water-works. If any person or persons, company or corporation, shall bring water within the corporate limits of said City and County, such person or persons, company or corporation, shall have the right to lay down mains, pipes, maintain water-works, and supply the inhabitants of said City and County, conditioned that the person or persons, company or corporation, shall place all the streets in which such mains, pipes, and works are laid, in good order and condition, and comply with all the requirements and regulations in that particular of the Board of Supervisors.

SEC. 15. Within thirty days after said Commissioners have agreed upon the amount to be paid for the rights acquired under the provisions of this Act, the Board of Supervisors of said City and County shall order a special election upon said question, to be held in said City and County, within a period of not less than thirty (30) days from and after the date of making such order. Said order shall be published in at least three of the daily newspapers in said City and County, for said period of thirty days, and shall state the time when said special election shall be held and the question to be voted upon at such election. Said Board of Supervisors shall make all necessary provisions therefor. Said election shall be governed by and conducted under the general election laws of this State, so far as the same are applicable thereto. Said Board shall cause two sets of tickets, equal in numbers, to be printed with the following words, "The purchase of Water Rights—Yes," on one set of tickets, and the words, "The purchase of Water Rights—No," on the other set of tickets, and the majority of all the votes cast at such special election shall be final and conclusive upon the question; and if a majority of all the votes cast shall be against the proposed purchase of water rights, then no further proceedings shall be had under such proposed purchase, but said Commissioners shall have the right, and it shall be their duty to again proceed, under this Act, to negotiate, agree upon terms, and submit the same to the people; a sufficient number of said tickets shall be furnished at each polling-place in said City and County, by persons appointed for that purpose by the Board of Supervisors. The persons so appointed shall be required to remain in the vicinity of their respective polling-places from the opening to the closing of the polls, and shall be sworn to faithfully discharge the duties devolving upon them under this section. The failure of the first or any subsequent attempt to acquire property under this Act, for the purposes herein named, at any stage of the proceedings, shall not operate to extinguish the power of said City and County to acquire water rights, water-works, and property for the purposes, and in the mode and manner herein provided; but new proceedings may be had for the purposes, and in the mode and manner prescribed in this Act, and by the authorities herein provided, as often as may be

necessary, until a sufficient supply of pure, fresh water shall be secured for the use of the inhabitants of said City and County.

SEC. 16. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXXI.

1875-6, 507.

An Act to confer further powers upon the Superintendent of Public Streets, Highways and Squares, of the City and County of San Francisco.

[Approved March 28, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The owners of the majority of front feet in any block of the City and County of San Francisco may, within five days after the award of any contract for paving, sewerage, piling, and capping on such block, select and recommend in writing to the Superintendent of Public Streets, Highways and Squares of said City and County, a competent person as Inspector, to superintend the construction or improvement of each and every sewer, and of piling and capping, or repiling and recapping, paving and repaving, and thereupon it shall be the duty of said Superintendent to appoint the person so selected as such Inspector; and the person so selected and appointed shall make oath before the said Superintendent to faithfully perform his duties as such Inspector. In case such owners shall fail or neglect, for the period of five days after the award of any contract, to select and recommend a person as Inspector as aforesaid, the said Superintendent shall appoint a competent person as such Inspector. It shall be the duty of such Inspector to remain on the work continuously during the performance thereof, and to see that the contract for any such work is strictly fulfilled in every respect, and in case of any departure from said contract, it shall be his duty to report the same to the said Superintendent of Public Streets, Highways and Squares. The Inspector shall be allowed, for his time actually employed in the discharge of his duties, compensation not to exceed five dollars per day, to be paid by the contractor before the issuance of the assessment, and included therein as part of the expenses of the improvements therein mentioned.

SEC. 2. All Acts and parts of Acts in conflict with this Act are hereby repealed.

SEC. 3. This Act shall take effect from and after its passage.

SUPPLEMENT LXXXII.

1875-6, 632.

An Act to utilize the prison labor and govern the House of Correction of the City and County of San Francisco.

[Approved March 31, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby empowered to make all necessary arrangements, as hereinafter provided, to utilize the labor of the prisoners committed to the Jail or House of Correction of said City and County, for a term of imprisonment, by the Judges of said City and County.

SEC. 2. All prisoners convicted by the Judge of the Police Judge's Court and sentenced to a term in the County Jail or House of Correction, shall be deemed to have been also sentenced to labor during such term, unless said Judge, for good cause, orders otherwise, or for reasons hereafter provided in this Act.

SEC. 3. The Judge of the Municipal Criminal Court of said City and County may sentence criminals to the House of Correction, when in his judgment the criminal is too young to be sentenced to the State Prison, or where it is deemed better for the well-being of the prisoner; *provided*, no prisoner so sentenced shall be sent to the House of Correction by said Judge of the Municipal Criminal Court, whose term, if sentenced to the State Prison, would be more than two years.

SEC. 4. The Board of Supervisors of the City and County of San Francisco are hereby intrusted with the government of the House of Correction, and are hereby empowered to carry out the provisions of this Act, and to see that they are strictly enforced. They shall, on the passage of this Act, appoint a competent Superintendent for the House of Correction of said City and County, who shall also be Treasurer of said House of Correction, and who shall give good and sufficient bonds in a sum, and with sureties to be approved by said Supervisors, for the faithful discharge of his duties, and to whom shall be paid a salary to be fixed by them, not to exceed two hundred dollars per month, paid monthly. Said Superintendent shall only be removed for just and sufficient legal cause, after a fair and impartial investigation of his case by said Supervisors. He shall, immediately after his appointment, and when authorized by said Supervisors, appoint, subject to the approval of the Supervisors of said City and County, such subordinates as may be deemed

necessary by the Supervisors, and the pay of such subordinates shall be fixed by said Supervisors, not exceeding one hundred dollars per month to each party so appointed.

SEC. 5. The Superintendent shall manage the general interests of the institution; see that its affairs are conducted in accordance with the requirements of this Act, and of such by-laws as the Board of Supervisors may from time to time adopt for the orderly and economical management of its concerns; to see that strict discipline is maintained therein; to provide employment for the inmates; adjust and certify all claims against the institution; and all by-laws made by said Supervisors for the management of said institution, and not contrary to the laws of this State, shall be binding in all respects upon said Superintendent, officers, and inmates; and said Superintendent shall each year prepare and submit, under oath, to the Board of Supervisors, a report of the concerns of said institution.

"SEC. 6. The Superintendent shall reside at the House of Correction, have charge of its inmates and property, and be its Treasurer; keep accounts of all his receipts and expenditures, and of all such property, and account in such manner as the said Board of Supervisors may require; hold all books and papers open to their inspection.

SEC. 7. The Board of Supervisors of said City and County shall provide the House of Correction with yard, of sufficient extent for the convenient employment of the persons confined therein, and inclosed by fences of sufficient height and strength to prevent escapes, and also to prevent all persons from without from access to or communication with any persons confined therein.

SEC. 8. The Board of Supervisors shall cause to be provided, at the expense of said City and County, suitable material and implements sufficient to keep at work all the persons committed to the House of Correction. Said Board of Supervisors, from time to time as the Superintendent may require, shall furnish such raw material, within the yard of said House of Correction, as may be deemed necessary for the constant occupation of the prisoners.

SEC. 9. The Superintendent shall manage the House of Correction, subject to the rules of the said Board of Supervisors and their written orders, and shall be assisted by such police officers as may be required, and whose service shall be obtained by an order by the Board of Supervisors on the Chief of Police, given at least twenty-four hours in advance. The Superintendent shall keep all prisoners employed in such labor, on the public or other works, as may be included in the sentence of the Judge committing the prisoner; and in case the prisoners are disobedient or disorderly, or do not faithfully perform their task, the officers in charge may put fetters and shackles on them, or confine them in dark and solitary cells, and the officers so punishing shall keep a record of the punishment, showing its cause, mode and degree, and duration of such punishment, and furnish the same to the Superintendent, who shall make monthly report to the Board of Supervisors

of such punishment, together with a detailed statement of the workings of the House of Correction. A like record of the conduct of each prisoner shall be kept by the Superintendent, and similarly returned to said Board of Supervisors at the end of each month.

SEC. 10. For each month in which the prisoner appears, by the record provided for in section nine of this Act, to have been obedient, orderly and faithful, three days shall, with the consent of the said Board of Supervisors, be deducted from his term of sentence, and for each month that it shall appear from such record that his conduct has been positively good, and that he has rendered a prompt and cheerful obedience to the rules of the House of Correction, five days shall be deducted from such term.

SEC. 11. The Superintendent shall see that the prisoners are at all times kept at labor on the public works in the City and County of San Francisco at least six hours a day, during six days of the week, when the weather will permit. By the public works, as used in this Act, is understood the construction, or repair, or cleaning of any streets, road, dock, wharf, public square, park, building, cutting away hills, grading, or other work whatever, which is authorized to be done by and for the use of the said City and County, and the expense of which is not to be borne exclusively by individuals or property particularly benefited thereby.

SEC. 12. The Superintendent may, with the consent of the said Board of Supervisors, let out the labor of the prisoners to good and responsible parties, at a sum per day to be determined by the said Board; *provided*, the prisoners so laboring shall be duly and sufficiently secured at all times while at work. No prisoner or prisoners shall be allowed to go from the walls of the prison without a proper and sufficient guard.

SEC. 13. When any contract shall be entered into between the Board of Supervisors and others for the labor of the prisoners, as provided in the last section, the Superintendent shall keep an exact account of all such hired labor, the number of days' work done, and for whom, and the amount collected or due on such work. The said Board of Supervisors are hereby authorized to apply the proceeds of such labor to defraying the expenses of the House of Correction.

SEC. 14. If any prisoner shall abscond, or escape, or depart from the House of Correction without license, the Superintendent shall have power to pursue, retake, and bring him back, and to require all necessary aid for that purpose; the Superintendent may confine him to his work by fetters or shackles, or in such manner as he may judge necessary, or may put him in close confinement until he shall submit to the regulations of the House of Correction, and for every escape each offender shall be holden to labor in the House of Correction for the term of one month, in addition to the time for which he was first committed.

SEC. 15. Male and female prisoners shall be confined and kept separately in the House of Correction.

SEC. 16. The Superintendent shall keep the female prisoners at such work at all times as they are able to perform, and shall provide them with necessary material and means whereby they may be enabled to occupy their time in mending or making clothing, etc., for the public or charitable institutions under the charge of said City and County; or the said Board of Supervisors may, from time to time, when in their judgment it may be beneficial or profitable, hire out the work of such women to the highest bidder, and under like circumstances as are provided for in section thirteen of this Act.

SEC. 17. When any person is committed to said House of Correction and is too sick for immediate work, the Superintendent shall order him or her to be well taken care of, in such comfortable quarters as may be provided in the institution for the care of the sick by said Board of Supervisors. Should the attending physician deem any prisoner too sick to remain in the House of Correction, the Superintendent may order him or her to be sent to the City and County Hospital until cured, when he or she must be retained to serve out his or her unexpired term of imprisonment.

SEC. 18. The Board of Supervisors shall fix the salaries of the Superintendent and the other officers of the House of Correction, and shall certify to the Board of Supervisors, every month, the amount of each officer's salary, and said Board of Supervisors are instructed to order the same paid out of the City and County treasury, as other salaries are paid.

SEC. 19. The provisions of this Act requiring prisoners to labor are made applicable to prisoners who may be confined in the County Jail on commitments from the Police or Municipal Criminal Court, for punishment for misdemeanor. But nothing in this Act shall be so construed as to require labor from such defendants as may be detained in said County Jail or House of Correction to await trial in any court, or who may be committed there for contempt of court, or witnesses in any suit, civil or criminal, or on any civil process.

SEC. 20. The City and County Physician shall be required to visit the House of Correction at regular prescribed times to be fixed by the Board of Supervisors, and without additional salary.

SEC. 21. All Acts and parts of Acts in conflict with this Act are hereby repealed.

SEC. 22. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT LXXXIII.

1875-6, 795.

*An Act to confer additional powers upon the Board of Supervisors
of the City and County of San Francisco.*

[Approved April 3, 1876.]

*The People of the State of California, represented in Senate and Assembly, do enact
as follows :*

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to have the streets in said City and County kept clean, in the following manner: From the first of October to the first of April, in each year, they may employ not to exceed twenty horses and carts, with drivers, and twenty-five additional men, as scrapers and sweepers; and from the first of April to the first of October, in each year, fifteen horses and carts, with drivers, and twenty additional men, as scrapers and sweepers.

SEC. 2. The Board of Supervisors shall appoint two competent persons to superintend said work, at a salary not to exceed one hundred dollars per month per man. Said Superintendents shall each day report, at the office of Superintendent of Public Streets, the names of all men, and men and teams employed the previous day, and where employed. The report shall also contain the license number on said carts employed.

SEC. 3. The Board of Supervisors are hereby authorized and empowered to employ not to exceed ten men and three horses, carts and men, to clean out and remove all sand and dirt that may accumulate in the public sewers.

SEC. 4. The said Board are hereby authorized and empowered to appoint a suitable person to take charge of the work named in section three of this Act, who shall receive a salary not to exceed one hundred dollars per month; said person shall report each day to the Superintendent of Public Streets, as required in section two of this Act.

SEC. 5. All the work specified in this Act shall be done under the supervision of the Street Committee of the Board of Supervisors and of the Superintendent of Public Streets of the City and County of San Francisco.

SEC. 6. The Board of Supervisors are hereby invested with full power and authority to cause the persons sentenced or committed to the House of Correction to be employed in cleaning the public streets, highways and sewers of said City and County of San Francisco.

SEC. 7. This Act shall take effect immediately.

SUPPLEMENT LXXXIV.

1875-6, 829.

An Act to create a City Criminal Court in and for the City and County of San Francisco, to define its powers and jurisdiction.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. There is hereby created and established, in and for the City and County of San Francisco, a Court to be known and designated as the City Criminal Court, which Court shall have concurrent jurisdiction of all preliminary examinations of persons charged with felony in said City and County of San Francisco.

SEC. 2. Whenever any person, who is charged with misdemeanor in the Police Judge's Court of the City and County of San Francisco, shall demand a jury trial, the case shall be assigned and certified for trial to the City Criminal Court; and all persons indicted by the Grand Jury of said City and County of San Francisco for misdemeanor shall be tried for said offense in the City Criminal Court. The mode of examination, trial, and procedure in the City Criminal Court shall in all cases be governed by the same rules prescribed by law for other Courts in similar cases.

SEC. 3. A Judge of the City Criminal Court shall be elected at the judicial election to be held in eighteen hundred and seventy-seven, and every four years thereafter, whose term of office shall be four years. The Governor of the State of California shall, within thirty days after the passage of this Act, appoint some suitable person as Judge of the City Criminal Court, who shall hold such office until his successor shall have been elected and qualified. The compensation of the Judge of the City Criminal Court shall be four thousand dollars per annum, payable in the same manner as the salary of the Police Judge of said City and County is now paid.

SEC. 4. The City Criminal Court shall hold its session in the City and County of San Francisco, in such central or convenient place as shall be provided for that purpose by the Board of Supervisors of said City and County. The said Board of Supervisors shall also, within thirty days after the passage of this Act, elect some suitable person as Prosecuting Attorney of the City Criminal Court, at a salary of two thousand four hundred dollars per annum, and shall elect a Clerk for said Court, at a salary of eighteen hundred dollars per annum, payable in the same manner as the salaries of the Judge and Clerk of the Police Judge's Court of said City and County are now paid.

SEC. 5. The Judge of the City Criminal Court shall be a conservator of the peace in said City and County of San Francisco, and may exercise all the powers conferred by law upon the Police Judge as magistrate.

SEC. 6. The Chief of Police shall assign a police officer to act as Bailiff of said City Criminal Court, who shall receive no extra compensation for such services.

SEC. 7. The Judge of said City Criminal Court and the County Judge of said City and County of San Francisco are hereby made *ex-officio* Police Commissioners of said City and County, with the same powers and duties as are now exercised by the other members of said Board of Police Commissioners, which Board shall, from and after the passage of this Act, consist of the Mayor, Police Judge, Chief of Police, the Judge of the City Criminal Court, and the County Judge of said City and County of San Francisco. No compensation shall be paid to or received by said officers as Police Commissioners.

SEC. 8. This Act shall take effect from and after its passage.

SUPPLEMENT LXXXV.

1875-6, 854.

An Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. If at the beginning of any month any money remains unexpended in any of the funds set apart for maintaining the municipal government of the City and County of San Francisco, and which might lawfully have been expended the preceding month, such unexpended sum or sums may be carried forward and expended by order of the Board of Supervisors in any succeeding month; *provided*, that said Board of Supervisors shall not hereafter make any contract for any purpose, binding said city for a longer period than two years.

SEC. 2. This Act shall take effect from and after its passage.

SUPPLEMENT LXXXVI.

1875-6, 858.

An Act to confer additional power on the Board of Supervisors of the City and County of San Francisco.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and directed to appropriate, from the General Fund of said City and County, the sum of five thousand dollars for the improvement of Hamilton Square of said City and County; also, to allow and order paid, out of the General Fund, the sum of fifteen thousand dollars for the maintenance of the Golden Gate Park, said sum to be expended in such manner as the Board of Park Commissioners may direct.

SEC. 2. The Auditor of said City and County is hereby directed to audit, and the Treasurer of said City and County is hereby directed to pay out of the General Fund of said City and County, upon the order of the Board of Supervisors of said City and County, in accordance with the provisions of section one of this Act.

SEC. 3. This Act shall take effect immediately.

SUPPLEMENT LXXXVII.

1875-6, 859.

An Act to confer further powers upon the Board of Supervisors of the City and County of San Francisco.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to appropriate and order to be

paid, out of the General Fund of said City and County, the following sums, for the purposes hereinafter named: Ten thousand dollars for grading and otherwise improving Jefferson Square, in said City and County; ten thousand dollars (\$10,000) for grading, fencing, and otherwise improving Alta Plaza, in said City and County; five thousand dollars (\$5,000) for fencing and otherwise improving Pioneer Park, on Telegraph Hill, in said City and County; *provided*, that the absolute title to said park shall be first granted to the said City and County by deed of gift; *and provided further*, that no money be appropriated or paid out of any fund for the purchase of said Pioneer Park.

SEC. 2. The Auditor of said City and County is directed to audit, and the Treasurer of said City and County to pay, upon the order of the said Board, the several sums hereinbefore mentioned, for the purposes specified.

SEC. 3. This Act shall take effect from and after its passage.

SUPPLEMENT LXXXVIII.

1875-6, 860.

An Act concerning the office of Collector of Licenses for the City and County of San Francisco.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Collector of Licenses, the Deputy Collector of Licenses, and the Assistant Collectors of Licenses of the City and County of San Francisco shall, from and after the first day of the month next succeeding the passage of this Act, receive as salaries, payable out of the General Fund, the following sums, namely: Collector of Licenses, the sum of two hundred dollars per month; the Deputy Collector of Licenses, one hundred and fifty dollars per month; and the Assistant Deputy Collector, one hundred and twenty-five dollars each, payable in the same manner as the salaries of the other City and County officers are paid.

SEC. 2. From and after the first day of the month next succeeding the passage of this Act there shall be as many Assistant Collectors of Licenses for the City and County of San Francisco as the Collector of Licenses, with the advice and consent of the Mayor, Auditor and Treasurer, may deem necessary, not exceeding twelve in number, who, together with the Deputy Collector

of Licenses, shall hold their offices by the appointment and during the pleasure of the Collector of Licenses of said City and County.

SEC. 3. Not more than thirty days prior to the first day in July, eighteen hundred and seventy-seven, and biennially thereafter, not more than thirty days prior to the first Monday in July of such biennial year, the Mayor, the Auditor and the Treasurer of the said City and County shall appoint, subject to the confirmation by the Board of Supervisors of said City and County, a suitable person as Collector of Licenses for the City and County of San Francisco, who shall hold office for the term of two years from, on, and after the first Monday in July succeeding his appointment and confirmation, and until his successor shall, in the same manner, be appointed and confirmed, and shall have qualified.

SEC. 4. In case of a vacancy occurring by death or otherwise, in the office of the Collector of Licenses of said City and County, holding his office under the provisions of the last preceding section, the same shall be filled for the remainder of the unexpired term by appointment of the Mayor, Treasurer and Auditor, and confirmation of the Board of Supervisors of said City and County; and in case of the inability of said Collector of Licenses to act, his place shall, in the same manner, be temporarily filled until such disability is removed.

SEC. 5. All Acts and parts of Acts, so far as they are in conflict with this Act, are hereby repealed.

SEC. 6. This Act shall take effect and be in force immediately.

SUPPLEMENT LXXXIX.

1875-6, 861.

An Act to provide for the preservation and improvement of Golden Gate Park, in the City and County of San Francisco.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have the power to levy and collect, in the mode prescribed by law for the assessment and collection of taxes, by tax each year, upon all property in said City and County, the sum of one and one-half cents upon

each one hundred dollars' valuation of taxable property therein, for the purpose of preserving and improving Golden Gate Park, in said City and County. Said sum of money so raised shall be so disbursed by the Park Commissioners for the purposes in like manner as the moneys heretofore disbursed by said Commissioners.

SEC. 2. The Park Commissioners shall employ one general Superintendent, who shall perform the duties of overseer and managing gardener, and shall receive a salary not to exceed the sum of two hundred dollars per month for his services. The City and County Surveyor shall be *ex officio* the engineer for said park, and perform such engineering work as the Commissioners may require of him. Said Commissioners, in addition to said general Superintendent, may from time to time employ at wages such laborers and other workmen as may be necessary to properly carry on the duties herein provided for, and no others except as provided in this Act. They shall in no year incur any greater liability or disburse moneys beyond the amount raised by the tax provided for in section one for such year. No employees shall be kept by said Commissioners except as herein prescribed.

SEC. 3. This Act shall take effect immediately.

SUPPLEMENT XC.

1875-6, 902.

An Act to authorize the Board of Education of the City and County of San Francisco to provide for the support of the Common Schools of said City and County.

[Approved April 3, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. It shall be the duty of the Board of Education of the City and County of San Francisco, on or before the second Monday of September in each year, to report to the Board of Supervisors of said City and County an estimate of the amount of money which will be required during the year for the purpose of meeting the current annual expenses of public instruction in said City and County, specifying the amount required for supplies furnished to pupils, for purchasing and procuring sites, for leasing rooms or buildings, or erecting buildings, and for furnishing, fitting up, altering, en-

larging, and repairing the buildings and premises under their charge, for the support of schools which shall have been organized by the Board since the last annual apportionment, for salaries of teachers, janitors, clerks, and other employees of the Board, and for such further sum or sums as may be necessary for any of the purposes authorized by this Act; but the aggregate amount so reported shall not exceed the sum of thirty-five dollars for each pupil who shall have actually attended and been taught in the preceding year in the schools entitled to participate in the apportionments. The number of pupils who shall be considered as having attended the schools during any one year shall be ascertained by adding together the number of days' attendance of all the pupils in the common schools during the year, and dividing the same by the number of school days in the year. Said Board of Supervisors are hereby authorized and empowered to levy and cause to be collected, at the time and in the manner of levying State and other City and County taxes, the amount of tax, not to exceed thirty-five dollars per pupil, determined and reported by the Board of Education. The amount so levied and collected by said Board of Supervisors shall not include the amounts annually received from poll-taxes. *

SEC. 2. The Board of Education of the City and County of San Francisco is hereby authorized to order paid, out of the School Funds for the fiscal year eighteen hundred and seventy-six [and] eighteen hundred and seventy-seven, any deficiency which may arise in the School Fund during the fiscal year eighteen hundred and seventy-five-seventy-six; *provided*, the amount of said deficiency so ordered paid shall not exceed the sum of one hundred thousand dollars.

SEC. 3. The Auditor of the City and County of San Francisco is hereby authorized to audit all duly signed warrants issued and ordered paid by said Board of Education, covering the deficiency mentioned in section two of this Act.

SEC. 4. The Treasurer of the City and County of San Francisco is hereby authorized to pay out of the School Fund in his hands, for the fiscal year eighteen hundred and seventy-six-seventy-seven, all duly issued and audited warrants drawn to cover the deficiency mentioned in sections two and three of this Act.

SEC. 5. This Act shall be in force from and after its passage.

SUPPLEMENT XCI.

POLITICAL CODE, PART III, TITLE VII, CHAPTER II, ARTICLE III.

HEALTH AND QUARANTINE REGULATIONS FOR THE CITY AND HARBOR OF
SAN FRANCISCO.

3004. The quarantine grounds of the bay and harbor of San Francisco are at the anchorage of Saucelito.

3005. The Board of Health for the City and County of San Francisco consists of the Mayor of the City and County and four physicians in good standing residing in the City and County of San Francisco, appointed by the Governor and holding their offices for the term of five years.

3006. The Mayor is *ex-officio* President of the Board. The Board must meet monthly, and at such other times as the President may direct. In the absence of the President, the Board may elect a Chairman, who is clothed with the same powers as the President.

3007. The Health Officer for the City and County and port of San Francisco is elected by the Board of Health, and holds office at its pleasure. He must be a graduate of some medical college, in good standing, and must reside within the city limits of San Francisco.

3008. The Health Officer may perform all acts which quarantine officers are usually authorized to perform, and he is the executive officer of the Board of Health.

3009. The Board of Health must appoint a Deputy Health Officer,¹⁰⁶ who shall be a physician in good standing, a Secretary, two Health Inspectors,¹⁰⁷ one Market Inspector, and one Messenger, whose duties must be fixed by the Health Officer. They must also appoint one Resident Physician, one Assistant Resident Physician, one Steward, one Matron, one First Apothecary, one Second Apothecary, two Visiting Physicians, two Visiting Surgeons, as officers of the City and County Hospital in and for the City and County of San Francisco; one each of said Visiting Physicians and Surgeons to be nominated by the Faculty of the Medical Department of the University of California, and one each of said Visiting Physicians and Surgeons to be nominated by the Medical College of the Pacific. The said Board shall also have the power to appoint one Superintendent, one Resident Physician, one Matron,

¹⁰⁶ Now known as Quarantine Officer, sec. 1, Act of March 16, 1876; 1875-6, 305; Supplement XCIII, *post*.

¹⁰⁷ Four Health Inspectors required by sec. 2, Act of March 16, 1876; 1875-6, 305; Supplement XCIII, *post*.

and such other employees as are now authorized by law to be employed in and for the Almshouse in said City and County. The appointing power aforesaid is vested solely in said Board of Health, and said Board shall have power to prescribe the duties of said appointees, and to remove the same at pleasure. [*Amended, March 23, 1874; Amendments to Codes, 1873-4, 132.*]

3010. The following annual salaries are hereby allowed to the officers of the Health Department, and such other officers as are mentioned in section one of this Act, viz.: Health Officer, twenty-four hundred dollars; Deputy Health Officer, eighteen hundred dollars; Secretary, two thousand one hundred dollars; Health Inspectors, one thousand and two hundred dollars each; Market Inspector, one thousand and two hundred dollars; Messenger, nine hundred dollars. All of said salaries must be paid in equal monthly installments out of the General Fund of the City and County of San Francisco, in the same manner as the salaries of the other officers of the said City and County are paid. There shall be paid to the officers and employees of the City and County Hospital and Almshouse the following annual salaries, viz.: Resident Physician, two thousand and four hundred dollars; Assistant Resident Physician, fifteen hundred dollars; Steward, fifteen hundred dollars; Matron, seven hundred and twenty dollars; First Apothecary, twelve hundred dollars; Second Apothecary, six hundred dollars; Visiting Physicians and Surgeons, twelve hundred dollars each; Superintendent of Almshouse, eighteen hundred dollars; Resident Physician of Almshouse, fifteen hundred dollars; Matron of the Almshouse, six hundred dollars; and all other employees of said institutions are to be paid such sums as are now authorized by law, all to be paid in equal monthly installments out of the Hospital and Almshouse Fund of said City and County of San Francisco and the Auditor of said City and County is hereby directed to audit the said demands, payable out of the Funds aforesaid, upon the approval of the same by the said Board of Health, and also to audit all demands for salaries of medical attendants and employees appointed by the Board of Health, in accordance with this Chapter, for the amounts authorized by law to be paid when the same shall have been approved by said Board. [*Amended, March 23, 1874; Amendments to Codes, 1873-4, 132.*]

3011. The Health Officer, in addition to his salary, receives such sums for the necessary expenses of his office as the Board of Health may direct, and the Auditor must audit and the Treasurer pay such sums out of the General Fund. The Board of Supervisors must provide proper offices for the Health Department.

3012. The Board of Health have general supervision of all matters appertaining to the sanitary condition of the City and County, including the City and County Hospital, the County Jail, Almshouse, Industrial School, and all public health institutions provided by the City and County of San Francisco; and may adopt such orders and regulations, and appoint or discharge such medical attendants and employees, as to them seems best to promote the

public welfare; and may appoint as many Health Inspectors as they deem necessary in time of epidemics.

3013. Shipmasters bringing vessels into the harbor of San Francisco, and masters, owners, or consignees having vessels in the harbor which have on board any cases of Asiatic cholera, small-pox, yellow, typhus, or ship fever, must report the same, in writing, to the Health Officer before landing any passengers, casting anchor, or coming to any wharf, or as soon thereafter as they, or either of them, become aware of the existence of either of these diseases on board of their vessel.

3014. No captain or other officer in command of any vessel sailing under a register arriving at the port of San Francisco, nor any owner, consignee, agent, or other person having charge of such vessel, must, under a penalty of not less than one hundred dollars nor more than one thousand dollars, land or permit to be landed any freight, passengers, or other persons from such vessel until he has reported to the Health Officer, presented his bill of health, and received a permit from that officer to land freight, passengers, or other persons.

3015. Every pilot who conducts into the port of San Francisco any vessel subject to quarantine or examination by the Health Officer, must:

1. Bring the vessel no nearer the City than is allowed by law;
2. Prevent any person from leaving and any communication being made with the vessel under his charge until the Health Officer has boarded her and given the necessary orders and directions;
3. Be vigilant in preventing any violation of the quarantine laws, and report without delay all such violations that come to his knowledge to the Health Officer;
4. Present the master of the vessel with a printed copy of the quarantine laws, unless he has one;
5. If the vessel is subject to quarantine by reason of infection, place at the masthead a small yellow flag.

3016. Every master of a vessel, subject to quarantine or visitation by the Health Officer, arriving in the port of San Francisco, who refuses or neglects either:

1. To proceed with and anchor his vessel at the place assigned for quarantine, when legally directed so to do; or,
 2. To submit his vessel, cargo and passengers, to the Health Officer, and furnish all necessary information to enable that officer to determine what quarantine or other regulations they ought, respectively, to be subject; or,
 3. To report all cases of disease, and of deaths occurring on his vessel, and to comply with all the sanitary regulations of the bay and harbor;
- Is liable in the sum of five hundred dollars for every such neglect or refusal.

3017. All vessels arriving off the port of San Francisco from ports which have been legally declared infected ports, and all vessels arriving from ports where there is prevailing, at the time of their departure, any contagious, in-

fectious or pestilential diseases, or vessels with decaying cargoes, or which have unusually foul or offensive holds, are subject to quarantine, and must be by the master, owner, pilot or consignee reported to the Health Officer without delay. No such vessel must cross a right line drawn from Meiggs Wharf to Alcatraz Island, until the Health Officer has boarded her and given the order required by law.

3018. The Health Officer must board every vessel subject to quarantine or visitation by him, immediately on her arrival, make such examination and inspection of vessel, books, papers or cargo, or of persons on board, under oath, as he may judge expedient, and determine whether the vessel should be ordered to quarantine, and if so, the period of quarantine.

3019. No captain or other officer in command of any passenger-carrying vessel of more than one hundred and fifty tons burden, nor of any vessel of more than one hundred and fifty tons burthen having passengers on board, nor any owner, consignee, agent or other person having charge of such vessel or vessels, must, under a penalty of not less than one hundred dollars nor more than one thousand dollars, land, or permit to be landed, any passenger from the vessel until he has presented his bill of health to the Health Officer, and received a permit from that officer to land such passenger, except in such cases as the Health Officer deems it safe to give the permit before seeing the bill of health.

3020. The following fees may be collected by the Health Officer: For giving a permit to land freight or passengers, or both, from any vessel of less than one thousand tons burden, from any port out of this State, two and a half dollars; from any port in this State, one dollar and a quarter; from any passenger-carrying vessel of more than one thousand tons burden, three dollars and seventy-five cents; for vessels of more than one thousand tons burden, carrying no passengers, two dollars and fifty cents; for vaccination, from each person, one dollar.

3021. The Board of Health may enforce compulsory vaccination on passengers in infected ships or coming from infected ports.

3022. The Board of Health may provide suitable hospitals, to be situated at or near Saucelito, and furnish and supply the same with nurses and attachés, and remove thereto all persons afflicted with cholera, small-pox, yellow, typhus, or ship fever.

3023. The Health Officer must keep a record of all births, deaths and interments occurring in the City and County of San Francisco. Such records, when filled, must be deposited in the office of the County Recorder, and produced when required for public inspection.

3024. Physicians and midwives must, on or before the fourth day of each month, make a return to the Health Officer of all births, deaths and the number of stillborn children occurring in their practice during the preceding month. In the absence of such attendants, the parent must make such report within thirty days after the birth of the child. Such returns must be made in

accordance with rules adopted and upon blanks furnished by the Board of Health.¹⁰⁸

3025. No person must inter in the City and County of San Francisco any human body without having first obtained a physician's or Coroner's certificate, setting forth as near as possible the name, age, color, sex, place of birth, date, locality, and cause of death of the deceased; and physicians, when deaths occur in their practice, must give such certificates.

3026. Superintendents of cemeteries within the boundaries of the City and County of San Francisco must return to the Health Officer, on each Monday, the names of all persons interred within their respective cemeteries for the preceding week, together with the certificates mentioned in the preceding section.

3027. No Superintendent of a cemetery can remove or cause to be removed, disinter or cause to be disinterred, any corpse that has been deposited in the cemetery, without a permit from the Health Officer, or by order of the Coroner.

3028. Whenever a nuisance exists on property of any non-resident of the City and County, the Board of Supervisors may, on the recommendation of the Board of Health, cause the nuisance to be abated, and may allow and order paid out of the General Fund all proper charges and expenses incurred in abating such nuisance; and all sums so allowed and paid become a charge upon the property on which the nuisance existed, and may be recovered by an action against such property.¹⁰⁹

3029. The Health Officer must keep in his office a book in which he must make an entry of all fees collected by him. He must pay all fees collected to the City and County Treasurer weekly, to the credit of the General Fund.

3030. The Health Officer must execute an official bond, to be approved by the Board of Health, in the sum of ten thousand dollars.

3031. Any member of the Board of Health, Deputy Health Officer or Secretary of the Health Department, is empowered to administer oaths on business connected with that Department.

3032. Whenever any cause of action arises under any of the provisions of this Chapter, suit may be maintained therein, in the name of the Health Officer, in any District Court of this State.

¹⁰⁸ This section re-enacts the substance of sec. 26 of the Act of April 4, 1870; 1869-70, 716, with additions; but see in this connection sec. 5, Act of March 16, 1876; 1875-6, 305; Supplement XCIII, *post*.

¹⁰⁹ In connection with this section see Section 3, Act of March 16, 1876; 1875-6, 305; Supplement XCIII, *post*.

SUPPLEMENT XCII.

AMENDMENTS TO CODES 1873-4, 135.

An Act to amend an Act entitled "An Act to amend sections three thousand and nine and three thousand and ten of the Political Code," approved March twenty-third, eighteen hundred and seventy-four.

[Approved March 30, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Health of the City and County of San Francisco shall alone have the power to appoint one City Physician, who shall receive an annual salary of nine hundred dollars, which must be paid in equal monthly installments out of the General Fund of the City and County of San Francisco, in the same manner as the salaries of the other officers of said City and County are paid.

SEC. 2. The said Board of Health of the City and County of San Francisco may, in their discretion, appoint one engineer and plumber, one first cook, one second cook, one third cook, one baker, one butcher, one clerk and interpreter, one ambulance driver, one gate-keeper, one dresser and sixteen nurses as employees and medical attendants of the City and County Hospital of San Francisco.

SEC. 3. The following monthly salaries are hereby allowed to said employees and medical attendants mentioned in section two of this Act: Engineer and plumber, one hundred dollars per month; first cook, seventy dollars per month; second cook, forty dollars per month; third cook, thirty-five dollars per month; baker, seventy-five dollars per month; butcher, forty dollars per month; clerk and interpreter, forty dollars per month; ambulance driver, forty dollars per month; dresser, fifty dollars per month; nurses, forty dollars per month each. All of said sums must be paid monthly out of the Hospital and Almshouse Fund of said City and County of San Francisco, and the Auditor of said City and County is hereby directed to audit the said demands, payable out of the fund aforesaid, upon the approval of the same by the said Board of Health.

SEC. 4. This Act shall take effect and be in force from and after its passage.

SUPPLEMENT XCIII.

1875-6, 305.

*An Act amendatory of and supplementary to an Act entitled "An Act to establish a quarantine for the bay and harbor, and sanitary laws for the City and County of San Francisco," approved April fourth, eighteen hundred and seventy.*¹¹⁰

[Approved March 16, 1876.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. From and after the passage of this Act, the Deputy Health Officer of the City and County of San Francisco shall be known as the Quarantine Officer. He shall have power to perform all acts which he has heretofore performed under the title of Deputy Health Officer, and all acts which quarantine officers are usually authorized to perform. He shall give bonds, with good and sufficient security, to be approved by the Board of Health, in the sum of five thousand dollars.

SEC. 2. There shall be four Health Inspectors for the City and County of San Francisco, who shall be appointed by the Board of Health, and shall receive twelve hundred dollars per annum each, to be paid in the same manner as is provided for the payment of the salaries of the other appointees of the Board of Health.

SEC. 3. Section thirty of said Act is amended to read as follows:

Section 30. Whenever a nuisance shall exist on the property of any non-resident, or any property the owner or owners of which cannot be found by either Health Inspector, after diligent search, it shall be the duty of the Board of Health to cause the said nuisance to be at once removed, and to draw upon the General Fund for such sums as may be required for its removal, not to exceed two hundred dollars; *provided*, that whenever a larger expenditure is found necessary to be made for the removal or suppression of any nuisance, the Board of Supervisors of said City and County may, upon the written application of the Board of Health, by ordinance, appropriate, allow, and order paid out of the General Fund such sum or sums as may be necessary for that purpose; *provided further*, that in all cases where such

¹¹⁰ The Act of which this is amendatory and supplementary is by implication repealed by Pol. Code, § 3004 to § 3032, inclusive; Supplement XCI; but these amendments, having been enacted later than the repealing Act, would seem to be the existing law as to the subject-matter that they cover.

expenditure will exceed five hundred dollars, no appropriation shall be made for that purpose, unless the City and County Attorney shall first give his opinion, in writing, that such expenditure would be a legal charge against the property affected thereby. The Auditor shall audit and the Treasurer shall pay all appropriations of money made in pursuance of this section, in the same manner as is now provided by law for auditing and paying demands upon the treasury.

SEC. 4. No person, master, captain, or conductor, in charge of any boat, vessel, railroad car, or public or private conveyance, shall receive for transportation, or shall transport, the body of any person who has died within the limits of the City and County of San Francisco, without obtaining a permit for the same from the Health Officer, which permit must accompany the body to its destination; and no person, master, captain, or conductor, as aforesaid, shall bring into or transport through the said City and County the dead body of any person, unless it be accompanied with a certificate from some proper authority of the place whence it came, stating name, age, sex, and cause of death, which certificate shall be filed at the Health Office; *provided*, that in no case shall the body of any person who died of a contagious disease be brought to the City within one year of the day of death.

SEC. 5. Section twenty-six of said Act is amended to read as follows: Section 26. It shall be the duty of the parent or parents, or, in the case of their death, then of the next of kin in attendance, or, if there be no relative in attendance, then of the person having charge or control of any child born within the limits of the City and County of San Francisco, to report the same to the Health Officer within ten days of its birth, giving name (if named), date of birth, sex, color; name, birthplace, and occupation of father; maiden name and birthplace of mother; and place of birth. Blanks for this purpose shall be kept at the Health Office. All persons failing to comply with the provisions of this section shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by fine of not less than five dollars nor more than fifty dollars.

SEC. 6. All Acts and parts of Acts in conflict with the provisions of this Act are hereby repealed.

SEC. 7. This Act shall take effect from and after its passage.

POLITICAL CODE, PART III, TITLE VII, CHAPTER XV.

LICENSES.

ARTICLE I.

GENERAL PROVISIONS.

3356. Each County Auditor must prepare and have printed blank licenses of all classes mentioned in this Chapter for terms of three, six, and twelve months, and for such shorter terms as are herein authorized to be issued, with a blank receipt attached for the signature of the Tax Collector¹¹¹ when sold.

3357. The County Auditor must affix his official seal to, number, and sign all licenses, and from time to time deliver them to the Tax Collector in such quantity as may be required, taking his receipt therefor, and charge him therewith, giving in the entry the numbers, classes, and amount thereof.

3358. The Auditor must keep in his office the stumps of all licenses by him delivered to the Tax Collector, and a ledger in which he must keep the Collector's account for all licenses delivered to him, sold, or returned unsold by him. A correct statement of the Collector's license account must be certified to the County Treasury each month by the Auditor.

3359. A license must be procured immediately before the commencement of any business or occupation liable to a license tax, from the Tax Collector of the County where the applicant desires to transact the same, which license authorizes the party obtaining the same in his town, city, or particular locality in the County to transact the business described in such license; separate licenses must be obtained for each branch establishment or separate house of business located in the same County. No license issued under this Chapter authorizes any person to carry on any business within the limits of any incorporated city or town having power by its charter to impose or levy city or town license taxes, unless such person, in addition to the license provided by this Chapter, also procures the license required by the ordinances or orders of such city or town.

3360. Against any person required to take out a license who fails, neglects, or refuses to take out such license, or who carries on or attempts to carry on business without such license, the Collector may direct suit in the name of the people of the State of California as plaintiff, to be brought for the recov-

¹¹¹ See in connection with this Chapter, the Act of March 30, 1872; 1871-2, 736; Supplement LXI *ante*, by which the Collector of Licenses is to perform the duties of the Tax Collector herein for the City and County of San Francisco.

ery of the license tax; and in such case either the Collector or attorney may make the necessary affidavit for and a writ of attachment may issue without any bonds being given on behalf of the plaintiff; and in case of a recovery by the plaintiff, fifteen dollars damages must be added to the judgment and costs to be collected from the defendant, and when collected five dollars thereof must be paid to the Collector, and ten dollars to the attorney prosecuting the suit.

3361. Each Tax Collector must make diligent inquiry as to all persons in his county liable to pay license as provided in this Chapter, and must require each person to state, under oath or affirmation, the probable amount of business which he or the firm of which he is a member, or for which he is an agent or attorney, or the association or corporation of which he is President, Secretary, or managing agent, will do in the next succeeding three months; and thereupon, such person, agent, President, Secretary, or other officer must procure a license from the Tax Collector for the term desired, and the class for which such party is liable to pay; and in all cases where an underestimate has been made by the party applying, the party making such underestimate, or the company he represented, are required to pay for a license for the next quarter double the sum otherwise required.

3362. Upon the trial of any action authorized by this Chapter, the defendant is deemed not to have procured the proper license unless he either produces it or proves that he did procure it; but he may plead in bar of the action a recovery against him and the payment by him in a civil action of the proper license tax, together with the damages and costs.

3363. On the first Monday in each month the Collector must return to the Auditor all licenses, unsold, and be credited therewith, and must, with the Auditor, appear at the Treasurer's office and pay into the County Treasury, for the use of the County General Fund, all moneys collected for licenses sold during the preceding month, take the Treasurer's receipt therefor, and file duplicates thereof with the Auditor. The Auditor must credit the Collector, and charge the Treasurer therewith.

3364. For each license issued, the Collector must collect a fee of one dollar, which must be paid into the Salary Fund of the county, unless the Auditor and Collector are paid by fees instead of salaries, in which case the dollar must be equally divided between them. The license issued must be for a term designated by the person taking it, not to exceed twelve months, and not less than the shortest term fixed in this Chapter. [*Amended, March 30, 1874; Amendments 1873-4, 44.*]

ARTICLE II.

CLASSIFICATION AND TAXES.

3376. Auctioneers are divided into eight classes, and must obtain licenses from the Tax Collector as follows:

1. Those whose average monthly sales amount to one hundred thousand dollars and upwards constitute the first class, and must pay a license of four hundred dollars per quarter;

2. Those whose average monthly sales amount to seventy-five thousand dollars, and less than one hundred thousand dollars, constitute the second class, and must pay a license tax of three hundred dollars per quarter;

3. Those whose average monthly sales amount to fifty thousand dollars, and less than seventy-five thousand dollars, constitute the third class, and must pay a license tax of two hundred dollars per quarter;

4. Those whose average monthly sales amount to thirty thousand dollars, and less than fifty thousand dollars, constitute the fourth class, and must pay a license tax of one hundred and twenty-five dollars per quarter;

5. Those whose average monthly sales amount to twenty thousand dollars, and less than thirty thousand dollars, constitute the fifth class, and must pay a license tax of one hundred dollars per quarter;

6. Those whose average monthly sales amount to ten thousand dollars, and less than twenty thousand dollars, constitute the sixth class, and must pay a license tax of sixty dollars per quarter;

7. Those whose average monthly sales amount to twenty-five hundred and less than ten thousand dollars, constitute the seventh class, and must pay a license tax of twenty-five dollars per quarter;

8. Those whose average monthly sales are less than twenty-five hundred dollars constitute the eighth class, and must pay a license tax of seven dollars and a half per quarter.

3377. [*Repealed by Sec. 53, Act of April 1, 1872, on file in the Secretary of State's office.*]

3378. Licenses to take tolls on bridges, ferries, wharves, chutes, or piers are fixed annually by the Boards of Supervisors. The licenses therein provided for are issued by the County Auditor, and must be obtained from the Tax Collector of the County.

3379. Persons engaged in banking, loaning money at interest, or in buying or selling notes, bonds, or other evidences of indebtedness of private persons; or in buying or selling State, county, or city stocks, or other evidences of State, county, or city indebtedness; or stocks, or notes, bonds, or other evidences of indebtedness of incorporated companies; or in buying or selling gold dust, gold or silver bullion, or gold or silver coin, are divided into six classes, and must pay licenses as follows:

1. Those doing business in the aggregate to the amount of two hundred and fifty thousand dollars per quarter and over, constitute the first class, and must pay a license of one hundred dollars per quarter;

2. Those doing business to the amount of two hundred thousand dollars, and less than two hundred and fifty thousand dollars per quarter, constitute the second class, and must pay a license of eighty dollars per quarter;

3. Those doing business to the amount of one hundred thousand dollars, and less than two hundred thousand dollars per quarter, constitute the third class, and must pay a license of forty dollars per quarter;

4. Those doing business to the amount of fifty thousand dollars, and less than one hundred thousand dollars per quarter, constitute the fourth class, and must pay a license of twenty-five dollars per quarter;

5. Those doing business in any amount under fifty thousand dollars, and over five thousand dollars per quarter, constitute the fifth class, and must pay a license of fifteen dollars per quarter;

6. Those doing business in any amount under five thousand dollars per quarter, constitute the sixth class, and must pay a license of three dollars per quarter.

3380. Licenses must be obtained for the purposes hereinafter named, for which the Tax Collector must require payment as follows:

1. From each proprietor of a billiard table not kept exclusively for family use, for each table five (5) dollars per quarter; and for a bowling alley, five (5) dollars per quarter for each alley; but no license must be granted for a term less than three months.

2. Theatres are divided into two classes; those seating nine hundred and seventy-five or more, are of the first class; those seating less than nine hundred and seventy-five are of the second class; one seat is twenty-two inches. Licenses shall be granted to theatres and other places of amusement according to the following schedule:

If for less than one month.	If for one month and less than three mo's.	If for three months and less than one year.	If for one year.
1st class, \$5 per day.	\$100 per month.	\$300 per quarter.	\$600 00
2d class, \$5 per day.	\$75 per month.	\$200 per quarter.	\$400 00

3. For each exhibition, for pay, for a caravan or menagerie, or any collection of animals, circus or other acrobatic performance, ten dollars; and for each show, for pay, of any figures, jugglers, necromancers, magicians, wire or rope dancing, or sleight of hand exhibition, five (5) dollars each day.

4. From each pawnbroker, thirty (30) dollars per quarter.

5. From each keeper of all intelligence offices, fifteen (15) dollars per quarter.

3381. Every person who sells spirituous, malt, or fermented liquors or wine, in less quantities than one quart, must obtain a license from the Tax Collector as prescribed in this Chapter, and make therefor the following payment:

1. Those making sales to the amount of ten thousand dollars or more as a monthly average, constitute the first class, and must pay forty dollars per month;

2. Those making sales to the amount of five thousand dollars, and not exceeding ten thousand dollars as a monthly average, constitute the second class, and must pay twenty dollars per month;

3. And those making sales of less than five thousand dollars, constitute the third class, and must pay five dollars per month.

3382. Every person who, at a fixed place of business, sells any goods, wares or merchandise, wines or distilled liquors, drugs or medicines, jewelry or wares of precious metals, whether on commission or otherwise (except agricultural or vinicultural productions, or the productions of any stock, dairy or poultry farm of this State, when sold by the producer thereof, and except such as are sold by auctioneers at public sale under license), and all persons who keep horses or carriages for hire (except such as are used in the transportation of goods), must obtain from the Tax Collector of the county in which the business is transacted, and for each branch of such business, license, and pay quarterly therefor an amount of money to be determined by the class in which such person is placed by the Tax Collector; such business to be classified and regulated by the amount of the average monthly sales made or hiring done, and at the rates following:

1. Those who are estimated to make average monthly sales or hiring to the amount of one hundred thousand dollars or more, constitute the first class, and must pay fifty dollars per month.

2. Of seventy-five thousand dollars, and less than one hundred thousand dollars, constitute the second class, and must pay thirty-seven dollars and fifty cents per month.

3. Of fifty thousand dollars, and less than seventy-five thousand dollars, constitute the third class, and must pay twenty-five dollars per month.

4. Of forty thousand dollars, and less than fifty thousand dollars, constitute the fourth class, and must pay twenty dollars per month.

5. Of thirty thousand dollars, and less than forty thousand dollars, constitute the fifth class, and must pay fifteen dollars per month.

6. Of twenty thousand dollars, and less than thirty thousand dollars, constitute the sixth class, and must pay ten dollars per month.

7. Of ten thousand dollars, and less than twenty thousand dollars, constitute the seventh class, and must pay seven dollars and fifty cents per month.

8. Of five thousand dollars, and less than ten thousand dollars, constitute the eighth class, and must pay five dollars per month.

9. Of two thousand five hundred dollars, and less than five thousand dollars, constitute the ninth class, and must pay three dollars per month.

10. Of all amounts over twelve hundred and fifty dollars, and under two thousand five hundred dollars per month, constitute the tenth class, and must pay one dollar and fifty cents per month.

11. Of all amounts less than twelve hundred and fifty dollars per month, constitute the eleventh class, and must pay one dollar per month. [*Amended, March 10, 1874; Amendments 1873-4, 137.*]

3383. The sale of liquors and wines by persons licensed under the preceding section must not be in less quantity than one quart measure. No license must be required of physicians, surgeons, apothecaries, or chemists for any wines or spirituous liquors they may use in the preparation of medicines.

3384. Every traveling merchant, hawker, or peddler, who carries a pack and vends goods, wares, or merchandise of any kind other than the manufactures or productions of this State, must pay for a license five dollars per month; and every such traveling merchant, hawker, or peddler, who uses a wagon, or one or more animals, for the purpose of vending such goods, wares, or merchandise of any kind, must pay for a license fifteen dollars per month; and every traveling merchant, hawker, or peddler who uses a trading boat or other water craft only, shall pay a merchant's license according to the provisions and classifications of section three thousand three hundred and eighty-two of this Code. [*Amended, March 20, 1876; Amendments 1875-6, 55.*]

3385. Every person who keeps a stallion, jack, or bull, and who permits the same to be used for the purpose of propagation for hire, must annually obtain a license therefor from the Tax Collector, and pay therefor as follows:

1. Horses that are hired for the purpose of propagation, by the season, at one hundred dollars or more, constitute the first class, and require a license of seventy-five dollars.

2. At seventy-five dollars and less than one hundred dollars, constitute the second class, and require a license of sixty dollars.

3. At fifty dollars and less than seventy-five dollars, constitute the third class, and require a license of forty dollars.

4. At thirty dollars and less than fifty dollars, constitute the fourth class, and require a license of twenty-five dollars.

5. At fifteen dollars and less than thirty dollars, constitute the fifth class, and require a license of fifteen dollars.

6. All at less than fifteen dollars, constitute the sixth class, and require a license of ten dollars.

7. For each jack, ten dollars.

8. For each bull, ten dollars.

A license so obtained from the Tax Collector, under the provisions of this Act, shall entitle the holder thereof [to] the right to go into any county of this State for the purposes of propagation, without further license or expense. [*Amended, March 7, 1876; Amendments 1875-6, 56.*]

3386. The provisions of Subdivisions 2 and 3 of Section 3380 do not apply to exhibitions or entertainments given for the benefit of churches, schools, or other charitable entertainments, by any amateur dramatic association or literary society of the town or district in which such exhibition or entertainment is given.

3387. In every county in this State where any officer other than the Tax Collector is charged with the collection of license taxes, such officer must, until after the expiration of the term of the present incumbent, discharge the duties cast upon the Tax Collector under the provisions of Articles I and II of this Chapter.

SUPPLEMENT XCV.

1861, 412.

An Act to authorize the Board of Supervisors of the City and County of San Francisco to regulate and license Intelligence Offices in said City and County.

[Approved May 17, 1861.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to direct the Auditor of said City and County to issue licenses to so many and to such persons as they shall deem properly qualified to keep intelligence offices in the said City and County.

SEC. 2. Each license shall designate the house in which the person or persons licensed shall keep his or their office, and said license shall be paid for quarterly, in advance, and shall continue and be in force during the current quarter and no longer, unless revoked by order of the Board of Supervisors.

SEC. 3. Every person so licensed, under and by virtue of the provisions of this Act, shall pay to the Treasurer of said City and County the sum of fifty dollars per quarter, one-half for the use of said City and County, and the other half for State purposes.¹¹²

SEC. 4. Each and every keeper of an intelligence office, licensed under the provisions of this Act, shall keep his books in the English language, and, on the receipt of any money from any person applying for a situation, or other intelligence, for which fees are demanded, shall furnish to the said applicant a statement in writing of the amount received, on what account received, and what the said intelligence office keeper agrees to do for and on account of said payment, with the date thereof, and to be signed by the said intelligence office keeper with his signature.

SEC. 5. Any person violating the provisions of this Act, or keeping an intelligence office within the limits of said City and County, without being duly licensed, or after the same shall have been revoked by order of the Board of Supervisors of said City and County, or at any other house or place than is designated in such license, shall be deemed guilty of a misdemeanor, and on

conviction thereof shall be fined not less than fifty dollars, nor more than five hundred dollars, or imprisonment in the county jail for not less than twenty days nor more than three months.

SEC. 6. Any person who shall obtain information of employment from an intelligence office keeper, and who shall communicate the same to another person, or send another person in his or her stead, with intent fraudulently to obtain the return of the money paid for such information, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by fine not exceeding one hundred dollars.

SEC. 7. This Act shall take effect and be in force on and after the first day of June, eighteen hundred and sixty-one.

SUPPLEMENT XCVI.

POLITICAL CODE, PART III, TITLE IX.

REVENUE.

CHAPTER I.

PROPERTY LIABLE TO TAXATION.

3607. All property within this State, except the property of the United States, of the State, and of municipal corporations, is subject to taxation.

CHAPTER II.

DEFINITIONS.

3617. Whenever the terms mentioned in this section are employed in this Title, they are employed in the senses hereafter affixed to them.

First. The term "real estate" includes:

1. The ownership of, claim to, possession of, or right to the possession of land.

2. All mines, minerals, and quarries in and under the land, and all rights and privileges appertaining thereto.

3. Improvements.

Second. The term "improvements" includes:

1. All buildings, structures, fixtures, fences, and improvements erected upon or affixed to the land.

2. All fruit, nut-bearing, or ornamental trees and vines not of natural growth.

Third. The term "personal property" includes everything which is the

subject of ownership, not included within the meaning of the term "real estate."

Fourth. The term "full cash value" means the amount at which the property would be appraised if taken in payment of a just debt due from a solvent debtor. [*Amended, April 3, 1876; Amendments 1875-6, 58.*]

CHAPTER III.

ASSESSMENT OF PROPERTY.

3627. All property must be assessed at its full cash value.

3628. The Assessor must, between the first Monday in March and the first Monday of July,¹¹³ in each year, ascertain the names of all taxable inhabitants, and all the property in his county subject to taxation, and must assess such property to the persons who own, claim, have the possession or control thereof.

3629. He must exact from each person a statement in writing showing separately:

1. All property belonging to, claimed by, or in the possession or under the control or management of such person;
2. All property belonging to, claimed by, or in the possession or under the control or management of any firm of which such person is a member;
3. All property belonging to, claimed by, or in the possession or under the control or management of any corporation of which such person is President, Secretary, Cashier, or Managing Agent;
4. The county in which such property is situated, or in which it is liable to taxation;
5. An exact description of all lands, improvements, and personal property, including all vessels, steamers, and other water craft, and deposits of money or gold dust, and the names of the persons with whom such deposits are made, and the places in which they may be found;
6. All other facts required by the State Board of Equalization or by the Assessor.

Whenever one member of a firm or one of the proper officers of a corporation has made a statement showing the property of the firm or corporation, another member of the firm or another officer need not include such property in the statement made by him, but his statement must show the name of the person or officer who made the statement in which such property is included.

3630. The Board of Supervisors must furnish the Assessor with "blank

¹¹³ Assessment book of Personal Property in the City and County of San Francisco must be prepared on or before the first Monday of June; sec. 2, Act of March 18, 1874; 1873-4, 477; Supplement XCVII.

forms" of the statements provided for in the preceding section, affixing thereto an affidavit, which must be substantially as follows:

"I, ———, do swear that I am a resident of the County of (naming it); that the above list contains a full and correct statement of all property subject to taxation which I, or any firm of which I am a member, or any corporation, association or company of which I am President, Cashier, Secretary or Managing Agent, own, claim, possess, or control, and which is not already assessed this year, and that I have not, in any manner whatsoever, transferred or disposed of any property, or placed any property out of said county or my possession, for the purpose of avoiding any assessment upon the same, or of making this statement." [*Amended, March 24, 1874; Amendments 1873-4, 143.*]

3631. The Assessor may fill out the statement at the time he presents it, or he may deliver it to the person and require him, within an appointed time, to return the same to him, properly filled out.

3632. Every Assessor shall have power:

First. To require any person found within such Assessor's respective county to make and subscribe an affidavit, giving his name and place of residence.

Second. To subpœna and examine any person in relation to any statement furnished to him, or which discloses property which is assessable in his respective county; and he may exercise this power in any county where the persons whom he desires to examine may be found, but shall have no power to require such persons to appear before him in any other county than that in which the subpœna is served upon them. Every person who shall refuse to furnish the statement hereinbefore required in this Chapter, or to make and subscribe such affidavit respecting his name and place of residence, or to appear and testify when requested so to do by the Assessor, as above provided, shall, for each and every refusal, and as often as the same is repeated, forfeit to the people of the State the sum of one hundred dollars, in gold coin of the United States, to be recovered by action brought in their name by the respective Assessor in any Police or Justice's Court. In case such affidavit shall show the residence of the person making the same, to be in any county other than that in which it is taken, or the statement shall disclose property in any county other than that in which it is made, the Assessor shall, in the respective case, file the affidavit or statement in his office, and transmit a copy of the same, certified by him, to the Assessor of the county in which such residence or property is therein shown to be. One-half of all moneys recovered by any Assessor under the provisions of this section must by him be paid into the treasury of his county, and the other half may be retained by the Assessor for his own use. [*Amended, March 24, 1874; Amendments 1873-4, 144.*]

3633. If any person, after demand made by the Assessor, neglects or refuses to give under oath the statement herein provided for, or to comply with the other requirements of this Title, the Assessor must note the refusal on

the assessment book, opposite his name, and must make an estimate of the value of the property of such person; and the value so fixed by the Assessor must not be reduced by the Board of Supervisors.

3634. Whenever the Assessor deems it necessary to obtain an accurate description of any tract or lot of land in his county, he may require the owner or his agent to furnish the same, with any title papers he may have in his possession; and if on demand the owner or agent neglects or refuses to furnish the same, the Assessor may employ the County Surveyor to make out a description of the boundaries and location thereof, and a statement of the quantity of land therein; and the expenses of such survey must be returned by the Assessor to the County Auditor, who must add the amount to the taxes assessed upon the property, which amount so added must, when collected by the Collector of the county, be paid over to the County Surveyor.

3635. If the owner or claimant of any property, not listed by another person, is absent or unknown, the Assessor must make an estimate of the value of such property.

3636. If the name of the absent owner is known to the Assessor, the property must be assessed in his name; if unknown, the property must be assessed to "unknown owners."

3637. The Assessor, as soon as he receives a statement of any taxable property situated in another county, must make a copy of such statement for each county in which the same is situated, and transmit the same, by mail or express, to the Assessor of the proper county, who must assess the same as other taxable property therein.

3638. All personal property consigned for sale to any person within this State from any place out of this State must be assessed as other property.

3639. When a person is assessed as agent, trustee, bailee, guardian, executor or administrator, his representative designation must be added to his name, and the assessment entered on a separate line from his individual assessment.

3640. The owner or holder of stock in any firm or corporation, the entire capital or property whereof is assessed, must not be assessed individually for his stock in such firm or corporation.

3641. The property of every firm and corporation must be assessed in the county where the property is situate, and must be assessed in the name of the firm or corporation.

3642. The undistributed or unpartitioned property of deceased persons may be assessed to the heirs, guardians, executors, or administrators; and a payment of taxes made by either binds all the parties in interest for their equal proportions.

3643. Ferries and toll bridges must be assessed in the County where the tolls are collected.

3644. All vessels of every class which are by law required to be registered,

must be assessed and the taxes thereon paid only in the county, or city and county, where the same are registered, enrolled, or licensed.

3645. Vessels registered, licensed or enrolled out of and plying in whole or in part in the waters of this State, the owners of which reside in this State, must be assessed in this State.

3646. All boats and small craft not required to be registered, must be assessed in the County where their owner resides.

3647. Money and property in litigation in possession of a County Treasurer, of a Court, County Clerk, or Receiver, must be assessed to such Treasurer, Clerk, or Receiver, and the taxes be paid thereon under the direction of the Court.

3648. Any property willfully concealed, removed, transferred, or misrepresented by the owner or agent thereof, to evade taxation, upon discovery must be assessed at not exceeding ten times its value, and the assessment so made must not be reduced by the Board of Supervisors.

3649. Any property discovered by the Assessor to have escaped assessment for the last preceding year, if such property is in the ownership or under the control of the same person who owned or controlled it for such preceding year, may be assessed at double its value.

3650. The Assessor must prepare an assessment book, with appropriate headings, alphabetically arranged, in which must be listed all property within the county, and in which must be specified in separate columns, under the appropriate head:

1. The name of the person to whom the property is assessed.
2. Land by township, range, section, or fractional section; and when such land is not a congressional division or subdivision, by metes and bounds, or other description sufficient to identify it, giving an estimate of the number of acres, locality, and the improvements thereon.
3. City and town lots, naming the city or town, and the number, block, according to the system of numbering in such city or town, and improvements thereon.
4. All personal property, showing the number, kind, amount, and quality; but a failure to enumerate in detail such personal property does not invalidate the assessment.
5. The cash value of real estate, other than city or town lots.
6. The cash value of improvements on such real estate.
7. The cash value of city and town lots.
8. The cash value of improvements on city and town lots.
9. The cash value of improvements on real estate assessed to persons other than the owners of the real estate.
10. The cash value of all personal property, exclusive of money.
11. Amount of money.
12. The total value of all property.

13. The figure one (1), in separate columns, opposite the name of every person liable to pay a road poll-tax, or a poll-tax.

14. Such other things as the State Board of Equalization may require. The State Board of Equalization may direct the book to be otherwise than alphabetically arranged in the City and County of San Francisco. [*Amended, April 1, 1876; Amendments 1875-6, 11.*]

3651. The form of the assessment-book must be substantially as follows:

* * * * *
In the City and County of San Francisco, the form-book shall be such as may be directed by the State Board of Equalization. [*Amended, April 1, 1876; Amendments 1875-6, 12.*]

3652. On or before the first Monday of July¹¹⁴ in each year, the Assessor must complete his assessment-book. He and his deputies must take and subscribe an affidavit in the assessment-book, to be substantially as follows:

"I, —, Assessor of (or Deputy Assessor, as the case may be) — County, do swear that between the first Monday in March and the first Monday in July, eighteen hundred and —, I have made diligent inquiry and examination to ascertain all the property within the county (or within the subdivision thereof assessed by me, as the case may be), subject to taxation, and that I have assessed it on the assessment-book, equally and uniformly, according to the best of my judgment, information, and belief, at its full cash value; and that I have faithfully complied with all the duties imposed on the Assessor under the revenue laws; and that I have not imposed any unjust assessment through malice or ill-will, nor allowed any one to escape a just and equal assessment through favor or reward."

But the failure to take or subscribe such an affidavit or any affidavit, will not in any manner affect the validity of the assessment.

3653. The Assessor must, when directed so to do by the Board of Supervisors, in a map book make a plan of the various blocks within any incorporated city or town, and mark thereon in each subdivision the name of the person to whom it is assessed.

3654. As soon as completed the assessment book, together with the map book and statements, must be delivered to the Clerk of the Board of Supervisors, who must immediately give notice thereof and of the time the Board will meet to equalize assessments, by publication in a newspaper, if any is printed in the county; if none, then in such manner as the Board may direct; and in the meantime the assessment book must remain in his office for the inspection of all persons interested.

3655. On the first Monday of July in each year the Assessor of each county must transmit to the State Board of Equalization a statement showing:

1. The several kinds of personal property;

¹¹⁴ See note 113, *ante*.

2. The average and total value of each kind;
3. The number of live stock, number of bushels of grain, number of gallons of wines or liquors, number of pounds or tons of any article sold by the pound or ton;
4. When practicable, the separate value of each class of land, specifying the classes and the number of acres in each.

3656. Every Assessor who fails to complete his assessment book or who fails to transmit the statement mentioned in the preceding section to the State Board of Equalization, forfeits the sum of one thousand dollars, to be recovered on his official bond, for the use of the county.

3657. Lands once described on the assessment book need not be described a second time, but any person claiming the same, and desiring to be assessed therefor, may have his name inserted with that of the person to whom such land is assessed.

3658. The Board of Supervisors must provide maps for the use of the Assessor, showing the private lands owned or claimed in the county, and, if surveyed under authority of the United States, the divisions and subdivisions of the survey; if held under Spanish grants, the exterior boundaries of such grants and the number of acres claimed. Maps of cities and villages, or school districts, may in like manner be provided. The cost of making such maps is a county charge, and must be paid from the county General Fund.

3659. On or before the first Monday in March in each year the Surveyor General of the State and the Tide Land Commissioners must make out and transmit to the Assessor of each county where lands or lots lie that may have been sold by the State, for which certificates of purchase, patents, or deeds have issued during the year preceding, certified lists of such lands or lots, giving a description thereof by congressional divisions or subdivisions, or lots and blocks, together with the names of the purchasers thereof.

3660. The Assessor and his sureties are liable on his official bonds for all taxes on property within the county, which, through his willful failure or neglect, is unassessed.

3661. The District Attorney must, after the Assessor completes the assessment book for the year, commence an action on the Assessor's bond for the amount of taxes lost from such willful failure or neglect.

3662. On the trial of such action, the value of the property unassessed being shown, judgment for the amount of taxes that should have been collected thereon must be entered.

3663. Where the railroad of a railroad corporation lies in several counties, its rolling stock must be apportioned between them so that a portion thereof may be assessed in each county, and each county's portion must bear to the whole rolling stock the same ratio which the number of miles of the road in such county bears to the whole number of miles of such road lying in this State. The land occupied and claimed as the right of way, with the track and all the substructures and superstructures which support the same, must be

assessed as a whole, and as real estate, without separating the same into lands and improvements, at a certain sum per mile. The improvements, other than the track and the substructures and superstructures which support the same, whether situated upon land occupied and claimed as the right of way, or on other lands, must be separately assessed. Water ditches constructed for mining, manufacturing, or irrigation purposes, and wagon or turnpike toll-roads, with all improvements attached to such properties, must be listed by the Assessor as real estate, and as a whole, without separating the land and the improvements, either in the description or valuation of the same. [*Amended, March 30, 1874; Amendments 1873-4, 158.*]

CHAPTER IV.

EQUALIZATION OF TAXES.

ARTICLE I.

COUNTY BOARDS OF EQUALIZATION.

3672. The Board of Supervisors of each county must meet on the first Monday of July¹¹⁵ in each year, to examine the assessment book and equalize the assessment of property in the county. It must continue in session for that purpose from time to time until the business of equalization is disposed of, but not later than the fourth Monday in July.¹¹⁶

3673. The Board has power to determine all complaints in regard to the assessed value of property, and may, except as prohibited in this Title, correct any valuation by adding or deducting such sum as may be necessary to make it conform to the actual cash value.

3674. No reduction must be made in the valuation of property, unless the party affected thereby or his agent makes and files with the Board a written application therefor, verified by his oath showing the facts upon which it is claimed such reduction should be made.

3675. Before the Board grants the application or makes any reduction applied for, it must first examine, on oath, the person or the agent making the application touching the value of the property of such person. No reduction must be made unless such person or the agent making the application attends and answers all questions pertinent to the inquiry.

¹¹⁵ Second Monday in June as to personal property in San Francisco; sec. 3, Act of March 18, 1874; 1873-4, 477; Supplement XCVII.

¹¹⁶ Fourth Monday in June as to personal property in San Francisco. See reference in note 115, *ante*.

3676. Upon the hearing of the application the Board may subpoena such witnesses, hear and take such evidence in relation to the subject pending, as in its discretion it may deem proper.

3677. During the session of the Board the Assessor and any deputy whose testimony is needed must be present, and may make any statement, or introduce and examine witnesses on questions before the Board.

3678. The County Recorder must, when required during the session, attend on the Board with an abstract of all unsatisfied mortgages and trust deeds given to secure the payment of loans and other liens on record in his office.

3679. The Board must use the abstract and all other information it may gain from the records of the County Recorder or elsewhere in equalizing the assessment of the property of the county, and may require the Assessor to enter upon the assessment book any property which has not been assessed; and any assessment made as prescribed in this section has the same force and effect as if made by the Assessor before the delivery of the assessment book to the Clerk of the Board; but no person must be assessed under this section except a resident of the county.

3680. In all cases where the Board either adds to, or decreases, or alters the valuation of property made by the Assessor, the Clerk of the Board must note down and preserve, substantially, the evidence upon which such addition, decrease, or alteration was based. [*Amended, March 30, 1874; Amendments 1873-4, 159.*]

3681. During the session of the Board, it may direct the Assessor to assess any taxable property that has escaped assessment, or to add to the amount, number or quantity of property when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time canceling previous entries) when any assessment made by him is deemed by the Board so incomplete as to render doubtful the collection of the tax; but the Clerk must notify all persons interested, by letter deposited in the post office or express, postpaid and addressed to the person interested, at least ten days before action taken, of the day fixed when the matter will be investigated.

3682. The Clerk of the Board must record in a book to be kept for that purpose all changes, corrections, and orders made by the Board, and during its session, or as soon as possible after its adjournment, must enter upon the assessment book all changes and corrections made by the Board, and on or before the first Monday of August must deliver the assessment so corrected to the County Auditor, and accompany the same with an affidavit thereto affixed, subscribed by him, as follows:

"I, ———, do swear that, as Clerk of the Board of Supervisors of ——— County, I have kept correct minutes of all the acts of the Board touching alterations in the assessment book; that all alterations agreed to or directed to be made have been made and entered in the book, and that no changes or alterations have been made therein except those authorized."

ARTICLE II.

[*Relates to Powers and Duties of the State Board of Equalization only, and is therefore omitted.*]

CHAPTER V.

LEVY OF TAXES.

3713. The State Board of Equalization must, for State purposes, for the twenty-eighth and twenty-ninth fiscal years, fix such an ad valorem rate of taxation upon each one hundred dollars of taxable property of this State as will raise for the twenty-eighth fiscal year, first, for the General Fund, two millions two hundred and twenty thousand dollars; second, for the School Fund, one million two hundred and one thousand dollars; third, for the Interest and Sinking Fund, three hundred and fifteen thousand dollars; and for the twenty-ninth fiscal year, first, for the General Fund, one million six hundred and eight thousand dollars; second, for the School Fund, one million three hundred thousand dollars; third, for the Interest and Sinking Fund, three hundred and fifteen thousand dollars. [*Amended, April 3, 1876; Amendments 1875-6, 60.*]

3714. The Board of Supervisors of each county must, on the first Monday of October,¹¹⁷ fix the rate of county taxes, designating the number of cents on each hundred dollars of property levied for each Fund; and must levy the State and county taxes upon the taxable property of the county.

3715. The action of the State Board of Equalization, in fixing the rate of taxation for State purposes, is, in the absence of action by the Board of Supervisors, a valid levy of the rate so fixed, and imposes upon the Auditor, Tax Collector, and all other officers charged with the performance of any duties under the revenue law, the same obligations as if the Board of Supervisors had made the levy at the proper time.

3716. Every tax has the effect of a judgment against the person, and every lien created by this Title has the force and effect of an execution duly levied against all property of the delinquent; the judgment is not satisfied nor the lien removed until the taxes are paid or the property sold for the payment thereof.

¹¹⁷ Fourth Monday of June in San Francisco; sec. 4, Act of March 18, 1874; 1873-4, 477; Supplement XC VII.

3717. Every tax due upon personal property is a lien upon the real property of the owner thereof, from and after the time the same becomes delinquent. [*Amended, March 30, 1874; Amendments 1873-4, 159.*]

3718. Every tax due upon real property is a lien against the property assessed; and every tax due upon improvements upon real estate assessed to others than the owner of the real estate, is a lien upon the land and improvements; which several liens attach as of the first Monday of March in each year.

3719. The State Board of Equalization must levy, annually, at the time other State taxes are levied, a tax of such number of cents on each one hundred dollars' value of taxable property in the State, as will produce a net sum equal to the amount reported to them by the Controller as being necessary to be raised by an ad valorem tax for school purposes; and the assessment and collection of said tax shall be performed in the same manner, and at the same time, as other State taxes are assessed and collected. [*New section. March 13, 1874; Amendments 1873-4, 84.*]

CHAPTER VI.

DUTIES OF THE AUDITOR IN RELATION TO REVENUE.

3727. The County Auditor, as soon as the assessment book is delivered to him by the Clerk of the Board of Supervisors, must proceed to add up the valuations, and enter the total valuation of each kind of property and the total valuation of all property on the assessment book. The column of acres must show the total acreage of the county.

3728. The Auditor must, on or before the third Monday in August of each year, prepare from the "assessment book" of such year, as corrected by the Board of Supervisors, duplicate statements, showing in separate columns:

1. The total value of all property;
2. The value of real estate;
3. The value of improvements thereon;
4. The value of personal property, exclusive of money;
5. The amount of money;
6. The number of acres of land.

3729. The Auditor must, as soon as such statements are prepared, transmit by mail or express one to the Controller of State and one to the State Board of Equalization.

3730. The Auditor must disregard any action of the Board of Supervisors which is prohibited by section three thousand six hundred and thirty-three of this Code. [*Amended, April 1, 1876; Amendments, 1875-6, 13.*]

3731. The Auditor must compute and enter in a separate money column in the assessment book the respective sums, in dollars and cents, rejecting

the fractions of a cent, to be paid as a tax on the property therein enumerated, and foot up the column, showing the total amount of such taxes. [Amended, April 1, 1876; Amendments, 1875-6, 14.]

3732. On or before the fourth Monday of October,¹¹⁸ he must deliver a copy of the assessment book, to be styled "duplicate assessment book," to the Tax Collector, with an affidavit attached thereto, and by him subscribed, as follows:

"I, ———, Auditor of the County of ———, do swear that I received the assessment book of the taxable property of the county from the Clerk of the Board of Supervisors, with his affidavit thereto affixed; that I have reckoned the respective sums due as taxes, and have added up the columns of valuations, taxes, and acreage, as required by law, and that the copy to which this affidavit is affixed is a full, true, and correct copy thereof, made in the manner prescribed by law." [Amended, April 1, 1876; Amendments, 1875-6, 14.]

3733. The original assessment book must remain in the office of the Auditor.

3734. On delivering the "duplicate assessment book" to the Tax Collector, the Auditor must charge the Tax Collector with the full amount of the taxes levied, and forthwith transmit by mail to the Controller of State a statement of the amount so charged.

3735. The Auditor must verify by his affidavit attached thereto, all statements made by him under the provisions of this Title.

3736. The Auditor, if the "duplicate assessment book" or the delinquent tax list is transferred from one Collector to another, must credit the one and charge the other with the amount then outstanding on the tax list.

3737. If the County Auditor fails or neglects to perform the duties prescribed by sections three thousand seven hundred and twenty-eight and three thousand seven hundred and twenty-nine of the Political Code, he shall forfeit to the State five hundred dollars, to be recovered by action in the name of the State Board of Equalization. [New section, March 24, 1874; Amendments, 1873-4, 156.]

3738. The Board of Supervisors of any county may, in their discretion, dispense with the making or use of any Duplicate Assessment Book mentioned in any part of this Code; and in all cases where said Duplicate Assessment Book is referred to it shall be lawful to use and consider the original Assessment Book in all the requirements of every part of this Code referring to the same, and all affidavits, or other statements in reference to said Duplicate Assessment Book, shall be substantially worded to conform to the use of the original Assessment Book. [New section, March 24, 1874; Amendments, 1873-4, 156.]

¹¹⁸ "Duplicate assessment book of personal property" to be delivered to Tax Collector, in San Francisco, on or before the second Monday of July; form of affidavit also changed; sec. 4, Act of March 18, 1874; 1873-4, 477; Supplement XCVII. See also sec. 7, same Act.

CHAPTER VII.

COLLECTION OF PROPERTY TAXES.

3746. Within ten days after the receipt of the "Duplicate Assessment Book," the Tax Collector must publish a notice specifying:

One—That taxes will be delinquent¹¹⁹ on the first Monday in January next thereafter, and that unless paid prior thereto, five per cent. will be added to the amount thereof.

Two—The time and place at which payment of taxes may be made. [*Amended, April 3, 1876; Amendments, 1875-6, 59.*]

3747. In the City and County of San Francisco the notice must specify the office of the Collector as the place where taxes may be paid.

3748. In other counties the notice must specify a time and place within each township in the county when and where the Collector will attend to receive payment of taxes.

3749. The notice in every case must be published for two weeks in some weekly or daily newspaper published in the county, if there is one; or if there is not, then by posting it in three public places in each township.

3750. The Tax Collector must mark the date of the payment of any tax in the assessment book, opposite the name of the person paying.

3751. He must give a receipt to the person paying any tax, specifying the amount of the assessment and the tax paid, with a description of the property assessed.

3752. The Probate Judge must require every administrator and executor to pay out of the funds of the estate all taxes due from such estate; and no order or decree for the distribution of any property of any decedent among the heirs or devisees must be made until all taxes against the estate are paid.

3753. On the first Monday in each month the Tax Collector must settle with the Auditor for all moneys collected for the State or county, and pay the same to the County Treasurer, and on the same day must deliver to and file in the office of the Auditor a statement, under oath, showing:

1. An account of all his transactions and receipts since his last settlement;
2. That all money collected by him as Tax Collector has been paid.

3754. A Tax Collector refusing or neglecting for a period of five days to make the payments and settlements required in this Title, is liable for the full amount of taxes charged upon the assessment roll.

3755. The District Attorney must bring suit against the Tax Collector and his sureties for such amount, and in case of neglect, the Controller of State

¹¹⁹ Personal property taxes, in San Francisco, delinquent on first Monday of August; sec. 6, Act of March 18, 1874; 1873-4, 477; Supplement XCVII.

or the Board of Supervisors may require him to do so; and when the suit is commenced, no credit or allowance must be made to the Collector for the taxes outstanding.

3756. On the first Monday in January of each year, at six o'clock P. M., all unpaid taxes are delinquent,¹²⁰ and thereafter the Tax Collector must collect thereon, for the use of the county, an addition of five per cent. [*Amended, January 12, 1876; Amendments 1875-6, 60.*]

3757. [*Repealed, December 23, 1873; Amendments 1873-4, 160.*]

3758. On the third Monday in January of each year, in each of the counties other than San Francisco, and on the first Monday in February of each year, in the City and County of San Francisco, the Tax Collector must attend at the office of the Auditor with the duplicate assessment book, and carefully compare the duplicate with the original assessment book, and every item marked "Paid" in the former must be marked "Paid" in the latter. [*Amended, January 15, 1876; Amendments 1875-6, 61.*]

3759. The Tax Collector must, at the time specified in the preceding section, deliver to the Auditor a complete "delinquent list" of all persons and property then owing taxes.

3760. In the list so delivered must be set down in numerical or alphabetical order all matters and things contained in the assessment book and relating to delinquent persons or property.

3761. The Auditor must carefully compare the list with the assessment book, and if satisfied that it contains a full and true statement of all taxes due and unpaid, he must foot up the total amount of taxes so remaining unpaid, credit the Tax Collector who acted under it therewith, and make a final settlement with him of all taxes charged against him on the assessment book, and must require from him the Treasurer's receipt, or if the Treasurer is the Collector, require from him an immediate account for any existing deficiency.

3762. After settlement with the Tax Collector, as prescribed in the preceding section, the Auditor must charge the Tax Collector then acting with the amount of taxes due on the delinquent tax list, with the five per cent. added thereto, and within three days thereafter deliver the list, duly certified, to such Tax Collector.

3763. Within ten days after the final settlement, the Auditor must transmit, by mail or express, a statement to the Controller of State, in such form as he requires, of each kind of property assessed and delinquent, and the total amount of delinquent taxes.

3764. On or before the first Monday in February the Tax Collector must publish the delinquent list, which must contain the names of the persons, and a description of the property delinquent, and the amount of taxes and costs due, opposite each name and description, with the taxes due on personal

¹²⁰ See note 119, *ante*.

property added to taxes on real estate, where the estate is liable therefor, or the several taxes are due from the same person. The expense of the publication to be a charge against the county. [*Amended, April 3, 1876; Amendments, 1875-6, 59.*]

3765. The Tax Collector must append and publish with the delinquent list a notice that unless the taxes delinquent, together with the costs and percentage, are paid, the real property upon which such taxes are a lien will be sold at public auction.

3766. The publication must be made once a week for three successive weeks, in some newspaper, or supplement thereto, published in the county; or if there is none, then by posting a copy of the list in three public places in each township.

3767. The publication must designate the time and place of sale.

3768. The time of sale must not be less than twenty-one nor more than twenty-eight days from the first publication, and the place must be in front of the County Court-House, or, if in the City and County of San Francisco, in or in front of the Tax Collector's office, for all State and county taxes; and for all other taxes, in front of the Tax Collectors' offices in their respective towns, cities, and local districts. [*Amended, March 16, 1876; Amendments 1875-6, 62.*]

3769. The Collector, as soon as he has made the publication required by sections three thousand seven hundred and sixty-four, three thousand seven hundred and sixty-five, three thousand seven hundred and sixty-six, and three thousand seven hundred and sixty-seven, must file with the County Recorder and County Clerk respectively, a copy of the publication, with an affidavit attached thereto that it is a true copy of the same; that the publication was made in a newspaper or supplement thereto, stating its name and place of publication, and the date of each appearance; and in case there was no newspaper published in his county, that notices were put up in three public places in each of the townships, designating the township and places therein, which affidavit is primary evidence of all the facts stated therein.

3770. The Collector must collect, in addition to the taxes due on the delinquent list and five per centum added thereto, fifty cents on each lot, piece, or tract of land separately assessed, and on each assessment of personal property, one-half of which must go to the county and the other to the Collector in full for preparing the list.

3771. On the day fixed for the sale, or on some subsequent day to which he may have postponed it, of which he must give notice, the Collector, between the hours of ten o'clock A. M. and three P. M., must commence the sale of the property advertised, commencing at the head of the list, and continuing alphabetically or in the numerical order of lots and blocks until completed.

3772. He may postpone the day of commencing the sale, or the sale from day to day; but the sale must be completed within three weeks from the day first fixed.

3773. The owner or person in possession of any real estate offered for sale for taxes due thereon, may designate, in writing, to the Tax Collector, prior to the sale, what portion of the property he wishes sold, if less than the whole; but if the owner or the possessor does not, then the Collector may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of the interest, and pay the taxes and costs due, including fifty cents to the Collector for the duplicate certificate of sale, is the purchaser. But in case there is no purchaser in good faith for the same, as provided in this Chapter, on the first day that the property is offered for sale, then when the property is offered thereafter for sale, and there is no purchaser in good faith of the same, the whole amount of the property assessed shall be struck off to the people of the State as the purchaser, and the duplicate certificate delivered to the County Treasurer, and filed by him in his office. No charge shall be made for the duplicate certificate when the State is a purchaser; and in such case the Tax Collector shall make an entry, "Sold to the State," on the Duplicate Assessment Book opposite the tax, and he shall be credited with the amount thereof in his settlement, made pursuant to sections three thousand seven hundred and ninety-seven, three thousand seven hundred and ninety-eight, and three thousand seven hundred and ninety-nine of this Code. [*Amended, March 24, 1874; Amendments 1873-4, 148.*]

3774. If the purchaser does not pay the taxes and costs before ten o'clock A. M. of the following day, the property, on the next sale day, before the regular sale, must be resold for the taxes and costs.

3775. The bid of any person refusing to make the payment for property purchased by him must not be received on the sale of any property advertised in the delinquent list of that year.

3776. After receiving the amount of the taxes and costs, the Collector must make out in duplicate a certificate, dated on the day of sale, stating (when known) the name of the person assessed, a description of the land sold, the amount paid therefor, that it was sold for taxes, giving the amount and year of the assessment, and specifying the time when the purchaser will be entitled to a deed.

3777. The certificates must be signed by the Collector, and one copy delivered to the purchaser, and the other filed in the office of the County Recorder.

3778. The Collector, before delivering any certificate, must in a book enter a description of the land sold corresponding with the description in the certificate, the date of sale, purchaser's name, and amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection without fee, during office hours, when not in actual use.

3779. On filing the certificate with the County Recorder the lien of the State vests in the purchaser, and is only divested by the payment to him,

or to the County Treasurer for his use, of the purchase money and fifty per cent. thereon.

3780. A redemption of the property sold may be made by the owner, or any party in interest, within twelve months from the date of the purchase. [*Amended, January 13, 1876; Amendments, 1875-6, 62.*]

3781. Redemption must be made in gold or silver coin, and when made to the County Treasurer he must credit the amount paid to the person named in the Collector's certificate, and pay it on demand to the person or his assignees. [*Amended, March 24, 1874; Amendments, 1873-4, 157.*]

3782. In each report the Treasurer makes to the Supervisors he must name the persons entitled to redemption money, and the amount due to each.

3783. On receiving the certificate of sale the Recorder must file it, and make an entry in a book similar to that required of the Collector.

3784. On the presentation of the receipt of the person named in the certificate, or of the County Treasurer for his use, of the total amount of redemption money, the Recorder must mark the word "Redeemed," the date, and by whom redeemed, on the certificate and in the margin of the book where the entry of the certificate is made.

3785. If the property is not redeemed within the time allowed by law for its redemption, the Collector, or his successor in office, must make to the purchaser or his assignee a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption. In counties where no fee for making said deeds is provided by law, the Collector shall be entitled to receive from the purchaser three dollars for making such deed. No charge must be made by the Collector for the making of any such deed where the State is the purchaser; and the acknowledgment of all of said deeds, as provided in section thirty-seven hundred and seventy-three, shall be taken by the County Clerk free of charge. [*Amended, February 15, 1876; Amendments, 1875-6, 62.*]

3786. The matters recited in the certificate of sale must be recited in the deed, and such deed, duly acknowledged or proved, is primary evidence that:

1. The property was assessed as required by law;
2. The property was equalized as required by law;
3. The taxes were levied in accordance with law;
4. The taxes were not paid;
5. At a proper time and place the property was sold as prescribed by law, and by the proper officer;
6. The property was not redeemed;
7. The person who executed the deed was the proper officer;
8. Where the real estate was sold to pay taxes on personal property, that the real estate belonged to the person liable to pay the tax.

3787. Such deed, duly acknowledged or proved, is (except as against actual fraud) conclusive evidence of the regularity of all other proceedings, from the assessment by the Assessor, inclusive, up to the execution of the deed.

3788. The deed conveys to the grantee the absolute title to the lands described therein, free of all incumbrances, except when the land is owned by the United States or this State, in which case it is prima facie evidence of the right of possession. Deeds to the State, of State lands sold for delinquent taxes, shall be recorded by the Recorders of the several counties as prescribed in section three thousand eight hundred and sixteen of this Code, and a copy of said deeds, duly certified by the County Recorder and acknowledged before the County Clerk, shall without delay be filed in the office of the Surveyor General, and thereupon the land shall again become subject to entry and sale, in the same manner and subject to the same conditions as apply to other State lands of like character, except that the former possessors of lands thus deeded to the State, their heirs or assigns, shall be preferred purchasers thereof for three months after the deeds are filed with the Surveyor General, as prescribed in this section, but the Surveyor General shall not permit an entry, nor make a sale of any lands thus deeded to the State, except upon the previous payment into the State treasury, in addition to the price of said land as compared with the price fixed for other State lands of a like character, by the person or persons proposing to make the entry or purchase, of a sum equal to the delinquent taxes, costs, and penalties, by virtue whereof the State became a purchaser of the lands thus sought to be entered or purchased. The money thus paid into the State Treasury shall be distributed in the manner prescribed in section three thousand eight hundred and sixteen of this Code. [*Amended, March 9, 1876; Amendments, 1875-6, 63.*]

3789. The Assessment Book, Duplicate Assessment Book, or Delinquent List, or a copy thereof certified by the County Auditor, showing unpaid taxes against any person or property, is prima facie evidence of the assessment, the property assessed, the delinquency, the amount of taxes due and unpaid, and that all the forms of law in relation to the assessment and levy of such taxes have been complied with. [*Amended, March 24, 1874; Amendments, 1873-4, 149.*]

3790. The Tax Collector may, after the first Monday in February in each year, in each of the counties of this State, except in the City and County of San Francisco, and may, after the first Monday in March in each year, in said City and County of San Francisco, collect the taxes due on personal property, except when real estate is liable therefor, by seizure and sale of any personal property owned by the delinquent. [*Amended, January 15, 1876; Amendments, 1875-6, 61.*]

3791. The sale must be at public auction, and of a sufficient amount of the property to pay the taxes, percentage and costs.

3792. The sale must be made after one week's notice of the time and place thereof, given by publication in a newspaper in the county, or by posting in three public places.

3793. For seizing or selling personal property, the Tax Collector may charge

in each case the sum of three dollars, and the same mileage as is allowed by law to the Sheriff of the county.

3794. On payment of the price bid for any property sold, the delivery thereof, with bill of sale, vests the title thereto in the purchaser.

3795. All excess over the taxes, per cent. and costs of the proceeds of any such sale, must be returned to the owner of the property sold, and until claimed must be deposited in the County Treasury, subject to the order of the owner, heirs or assigns.

3796. The unsold portion of any property may be left at the place of sale at the risk of the owner.

3797. The Tax Collector must, annually, on the third Monday of March, attend at the office of the Auditor with the delinquent list, and the Auditor must then carefully compare the list with the assessments of persons and property not marked "Paid" on the assessment book, and when taxes have been paid, must note the fact in the appropriate column in the assessment book.

3798. The Auditor must then administer to the Tax Collector an oath, to be written and subscribed in the delinquent list, that every person and all property assessed in the delinquent list on which taxes have been paid has been credited in the list with such payment.

3799. The Auditor must then foot up the amount of taxes remaining unpaid, and credit the Tax Collector with the amount, and have a final settlement with him; and the delinquent list must remain on file in the Auditor's office. In the City and County of San Francisco the Auditor must charge the Collector with the amount due on such list, and must return to such Collector the copy of the assessment book. [*Amended, April 3, 1876; Amendments, 1875-6, 59.*]

3800. At the time mentioned in Section 3797, the Collector must make an affidavit, indorsed on the list, that the taxes not marked "Paid" have not been paid, and that he has not been able to discover any property belonging to, or in possession of, the persons liable to pay the same whereof to collect them.

3801. [*Repealed, March 24, 1874; Amendments, 1873-4, 150.*]

3802. [*Repealed, April 3, 1876; Amendments, 1875-6, 59.*]

3803. Interest at the rate of two per cent. per month must be collected on such delinquent taxes from the time they were first delinquent until paid.

3804. Any taxes, per centum, and costs erroneously or illegally collected, may by the order of the Board of Supervisors, be refunded by the County Treasurer.

3805. When the Collector discovers that any property has been assessed more than once for the same year, he must collect only the tax justly due, and make return of the facts under affidavit to the County Auditor.

3806. If the Collector discovers before the sale that on account of irregular assessment, or of any other error, any land ought not to be sold, he must

not offer the same for sale; and the Board of Supervisors must cause the Assessor to enter the uncollected taxes upon the assessment book of the next succeeding year, to be collected as other taxes entered thereon.

3807. When land is sold for taxes correctly imposed as the property of a particular person, no misnomer of the owner, or supposed owner, or other mistake relating to the ownership thereof, affects the sale, or renders it void or voidable.

3808. If any person removes from one county to another, after being assessed on personal property, the Collector of the county in which he was assessed may employ an attorney to sue for and collect the same in the Assessor's name.

3809. On the trial a certified copy of the assessment, signed by the Auditor of the county where the same was made, with the affidavit of the Collector thereto attached, that the tax has not been paid, describing it as on the assessment book or delinquent list, is primary evidence that such tax and the per centum is due, and entitles him to judgment, unless the defendant proves that the tax was paid.

3810. The Treasurer and Auditor must allow the expenses of collecting such tax, and permit a deduction thereof from the amount collected, if they do not exceed one-third of the amount of the tax collected.

3811. Whenever property is advertised for sale for the non-payment of delinquent taxes, and the assessment is valid in part and void for the excess, the sale shall not for that cause be deemed invalid, nor any grant subsequently made thereunder be held to be insufficient to pass a title to the grantee, unless the owner of the property, or his agent, shall, not less than six days before the time at which the property is advertised to be sold, deliver to the Tax Collector a protest in writing, signed by the respective owner or agent, specifying the portion of the tax which he claims to be invalid, and the grounds upon which such claim is based. [*New Section, March 24, 1874; Amendments, 1873-4, 150.*]

3812. In case any owner of property, advertised to be sold for delinquent taxes, shall, at least six days before the time advertised for the sale to take place, deliver to the Tax Collector his protest in writing against such sale, signed by himself or his agent, claiming that the assessment is void in whole or in part—and if in part only, for what portion, and in either case specifying the grounds upon which such claim is founded—it shall be the duty of the Tax Collector, either:

First. To sell the property assessed for the whole amount appearing upon the duplicate assessment book; or,

Second. Withdraw the property from sale, and report the case to the State Board of Equalization for its direction in the premises; and in such case the Board of Equalization may either direct the foreclosure of the lien of such tax by action, which proceeding is hereby authorized to be had, or direct the

Collector to proceed with the sale. [*New section, March 24, 1874; Amendments, 1873-4, 150.*]

3813. In case property assessed for taxes is purchased by the State, pursuant to the provisions of section three thousand seven hundred and seventy-three of this Code, it shall be assessed the next year for taxes in the same manner as if it had not been so purchased. But it shall not be exposed for sale, and the sale thereof, under such assessment, shall be adjourned until the time of redemption, under the previous sale, shall have expired. [*New section, March 24, 1874; Amendments, 1873-4, 151.*]

3814. In case an assessment is made under the provisions of section three thousand eight hundred and thirteen of this Code, and the lands are not redeemed from a previous sale had under section three thousand seven hundred and seventy-three, as provided by law, no sale shall be had under the assessment authorized by said section three thousand eight hundred and thirteen, unless directed by the State Board of Equalization. [*New Section, March 24, 1874; Amendments, 1873-4, 151.*]

3815. In case property is sold to the State as purchaser, pursuant to section three thousand seven hundred and seventy-three of this Code, and is subsequently assessed pursuant to section three thousand eight hundred and sixteen [thirteen?] of this Code, no person shall be permitted to redeem from such sale, except upon payment also of the amount of such subsequent assessment, costs, fees, and interest. [*New section, March 24, 1874; Amendments, 1873-4, 151.*]

3816. Whenever property sold to the State, pursuant to the provisions of this chapter, shall be redeemed, as herein provided, the moneys received on account of such redemption shall be distributed between the State Treasurer and the County Treasurer, and to the respective Funds, in the same manner as if the same had been paid in the first instance to the Tax Collector. The County Treasurer shall keep an account of such taxes so represented by such sales, and shall, on the first Monday of March in each year, make a detailed report of each account, year for year, to the State Treasurer. Whenever the State shall receive from the Tax Collector any grant of property so sold for taxes, the same shall be recorded, at the request of the County Treasurer, free of charge by the County Recorder, and shall be immediately reported by the County Treasurer to the Board of Equalization. [*New section, March 24, 1874; Amendments, 1873-4, 152.*]

CHAPTER VIII.

COLLECTION OF TAXES BY THE ASSESSOR ON CERTAIN PERSONAL PROPERTY.

3820. The Assessor must collect the taxes on all personal property when, in his opinion, said taxes are not a lien upon real property sufficient to se-

cure the payment of the taxes; *provided*, that in the City and County of San Francisco the Tax Collector shall collect such taxes at any time after the assessment. [*Amended, March 24, 1874; Amendments 1873-4, 152.*]

3821. In the case provided for in the preceding section at the time of making the assessment, or at any time before the first Monday of July, the Assessor may collect the taxes by seizure and sale of any personal property owned by the person against whom the tax is assessed.

3822. The provisions of sections 3791, 3792, 3793, 3794, 3795 and 3796 apply to such seizure and sale.

3823. The Assessor and Collector are governed, as to the amount of taxes to be by him collected on personal property, by the State and county rate of the previous year. [*Amended, March 24, 1874; Amendments 1873-4, 152.*]

3824. When the rate is fixed for the year in which such collection is made, then if a sum in excess of the rate has been collected, the excess must be repaid to the person from whom the collection was made, or to his assignee.

3825. If a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

3826. The Assessor, on the first Monday of each month, must make a settlement with the Auditor, and must pay into the County Treasury all moneys collected by him for such taxes during the preceding month, less the compensation allowed him for making such collection.

3827. The Auditor must, as soon as the "assessment book" for the year comes into his hands, note opposite the names of each person from whom taxes have been collected the amount thereof.

3828. As soon as the rate of taxation for the year is fixed, the Auditor must note, in connection with the entry made under the provisions of the preceding section, the amount of the excess or deficiency.

3829. For services rendered in the collection of taxes, the Assessor shall receive one per cent. on the amount by him collected; *provided*, that all fees or commissions collected under this or any other Act by the salaried officers in and for the City and County of San Francisco, shall be by said officers paid into the County Treasury for the use of said City and County. [*Amended, March 24, 1874; Amendments 1873-4, 153.*]

3830. In every county in this State where any officer other than the Assessor is charged with the collection of taxes upon personal property not a lien upon real property, such officer must, until after the expiration of the term of the present incumbent, discharge the duties cast upon the Assessor under the provisions of this chapter.

CHAPTER IX.

POLL TAXES.

3839. Every male inhabitant of this State, over twenty-one and under sixty years of age, must annually pay a poll tax of two dollars; *provided*, the same be paid between the first Monday in March and the first Monday in July; but if not paid prior to the first Monday in July, then it shall be three dollars. [*Amended, March 30, 1874; Amendments, 1873-4, 161.*]

3840. Poll tax must be collected by the Assessors between the first Monday in March and the second Monday in January of the ensuing year. [*Amended, March 30, 1874; Amendments, 1873-4, 161.*]

3841. The County Treasurer must, before the first Monday of March and the first Monday in July of each year, cause to be printed, respectively, of two and three dollars, blank poll tax receipts, a sufficient number for the use of the Assessor. [*Amended, March 30, 1874; Amendments, 1873-4, 161.*]

3842. The style of such blanks must be changed every year.

3843. The Treasurer must, before the first Monday in March of each year: First—Number and sign the two-dollar blanks, and before the first Monday in July, number and sign the three-dollar blanks. Second—At the time of signing make an entry of the whole number thereof, and of the first and last number placed thereon, in a book by him kept for that purpose. Third—Deliver all such blanks to the Auditor, and charge him therewith. [*Amended, March 30, 1874; Amendments, 1873-4, 161.*]

3844. The Auditor upon the receipt thereof must sign the same, and make in a book to be kept by him for that purpose, a similar entry to that prescribed in Subdivision 2 of the preceding section.

3845. He must, at any time after the first Monday in March and the first Monday in July, upon demand deliver to the Assessor, in their order, the two and three-dollar blanks, and charge him therewith. [*Amended, March 30, 1874; Amendments, 1873-4, 162.*]

3846. The Assessor must demand payment [of] poll tax of every person liable therefor, and on the neglect or refusal of such person to pay the same, he must collect by seizure and sale of any personal property owned by such person. [*Amended, March 30, 1874; Amendments, 1873-4, 162.*]

3847. The sale may be made after three hours verbal notice of time and place, and the provisions of sections thirty-seven hundred and ninety-one, thirty-seven hundred and ninety-three, thirty-seven hundred and ninety-four, thirty-seven hundred and ninety-five, and thirty-seven hundred and ninety six, apply to such seizure and sale. [*Amended, March 30, 1874; Amendments, 1873-4, 162.*]

3848. Every person indebted to one who neglects or refuses, after demand, to pay a poll tax, becomes liable therefor, and must pay the same for such other person after service upon him by the Collector of a notice in writing, stating the name of such person.

3849. Every officer authorized to draw the warrants for or to pay the salary or fees of any officer is the debtor of such officer within the meaning of the preceding section.

3850. Every person paying the poll tax of another may deduct the same from any indebtedness to such other person.

3851. The Assessor must deliver the poll tax receipt, filled out with the name of the person owing the taxes, to the purchaser of property at any such sale; in other cases he must deliver it, filled out in like manner, to the person paying the tax.

3852. The receipt so delivered is the only evidence of payment.

3853. On the first Monday in each month the Assessor must make oath, before the Auditor, of the total amount of poll taxes collected by him during the last preceding month, and must, at the same time, settle with the Auditor for the same, and pay into the County Treasurer's office the total amount of poll taxes collected, less the per centum allowed for fees.

3854. On the first Monday in July the Assessor must return to the Auditor all two-dollar blank poll-tax receipts received by him and not used, and pay to the Treasurer the total amount collected and not before paid in, less the amount of his fees, and the Auditor must deliver to him the three-dollar receipts; and on the second Monday in January of each year he must return to the Auditor all the three-dollar poll-tax receipts received by him and not used, and must make final settlement with the Auditor and Treasurer therefor. [*Amended, March 30, 1874; Amendments, 1873-4, 163.*]

3855. The Auditor must, as soon as the settlement is made, return to the Treasurer the receipts not used.

3856. The Treasurer must credit the Auditor with the receipts so returned, and must thereupon seal them up securely and deposit and keep them in his office.

3857. The Assessor must keep a roll of the names and local residence or place of business of all persons subject to or liable for poll-tax, and, if paid, date and amount of each payment, and, if not paid, cause of non-payment; *provided*, that no person shall be returned as delinquent on such roll unless a personal demand has been made upon him. [*Amended, March 30, 1874; Amendments, 1873-4, 163.*]

3858. On the second Monday in January of each year, the Assessor must deliver to the Auditor the roll so made up, and the Auditor must add to the total poll-tax delinquent on such roll thirty-three and one-third per centum additional, and without delay deliver such list to the Tax Collector, and

charge the Collector therewith. [*Amended, March 30, 1874; Amendments, 1873-4, 163.*]

3859. [*Repealed, March 30, 1874; Amendments, 1873-4, 164.*]

3860. If any person, assessed for a property tax, has not paid to the Assessor the poll-tax due from him, or for which he is liable, it, with thirty-three and one-third per cent. in addition thereto, constitutes a lien upon the property assessed to such person, to attach from the first Monday in March in each year, and must be collected in the same manner and at the same time as delinquent taxes are collected. [*Amended, March 30, 1874; Amendments, 1873-4, 164.*]

3861. The proceeds of the poll-tax must be paid into the School Fund of the county.

3862. The Assessor, for services rendered in the collection of poll-taxes, shall receive the sum of fifteen (15) per cent., and the Collector, for services rendered in the collection of poll-taxes on the delinquent list (including the publication), shall receive the sum of twenty-five (25) per cent. on all delinquent poll tax collected by him; *provided*, that in the City and County of San Francisco all moneys collected under the provisions of this Act, by the Tax Collector, shall be paid into the public treasury and belong thereto as other public funds. [*Amended, March 30, 1874; Amendments, 1873-4, 164.*]

CHAPTER X.

SETTLEMENTS WITH THE CONTROLLER AND PAYMENTS INTO THE STATE TREASURY.

3865. The Treasurers of the respective counties must at any time, upon the order of the Controller and Treasurer of State, settle with the Controller, and pay over to the Treasurer all moneys in their possession belonging to the State.

3866. The Treasurers of the Counties of Amador, Alameda, Contra Costa, Calaveras, El Dorado, Nevada, Placer, Sierra, Solano, Yolo, San Francisco, Sacramento, San Joaquin, Santa Clara, Tuolumne, and Yuba, respectively, must, between the fifteenth and thirtieth days of January, April, June, and October of each year, and the County Treasurers of the Counties of Humboldt, Del Norte, and Modoc, must, between the fifteenth and thirtieth days of October and April in each year, and the County Treasurers of other counties of this State must, between the fifteenth and thirtieth days of January and June, respectively, in each year, proceed to the State Capital and settle in full with the Controller of State, and pay over, in cash, to the Treasurer of State, all funds which have come into their hands, as County Treasurers, before the close of business at the end of the previous month. If sufficient property tax has not been reported by the Auditor to pay all charges and commissions allowed by law, the Controller shall defer the settle-

ment until the next regular settlement. No mileage shall be allowed any Treasurer for any deferred settlement. [*Amended, March 30, 1876; Amendments, 1875-6, 64.*]

3867. Every County Treasurer who neglects or refuses to appear at the office of the Controller and Treasurer at the times specified in this Chapter, and then and there to settle and make payment as required by this Chapter, forfeits all fees, percentage, and mileage which would have otherwise been due him on such settlement; and the Controller is required to withhold all such fees, percentage, and mileage, and require the same to be paid into the Treasury for the use and benefit of the State.

3868. The Auditor of each county, between the first and fifteenth day of each month in which the Treasurer of his county is required to settle with the Controller, must make in duplicate and verify by his affidavit a report to the Controller of State, showing specifically the amount due the State from each particular source of revenue at the close of business on the last day of the preceding month.

3869. The Auditor must at once transmit by mail or express to the Controller one copy of the report, and must deliver the other copy to the Treasurer of his county.

3870. Every Auditor who fails to make and transmit the report required by this Chapter, or any report or statement required by this Title, forfeits all compensation which would be otherwise due him from the State; and the Controller is required to withhold such compensation.

3871. In the settlement the Controller must deduct the commissions and mileage allowed to the County Treasurer for his services, the State's portion of the repayments made under section thirty-eight hundred and twenty-four, and any other amount due the county or the officers thereof.

3872. The manner of making payments into the State Treasury is prescribed by sections four hundred and thirty-three, four hundred and thirty-four, four hundred and fifty-two, and four hundred and fifty-three of this Code.

3873. The Controller must, after the Treasurer has made settlement and payment, enter upon each copy of the Auditor's report a statement showing:

1. The amount of money by the County Treasurer paid into the State Treasury;

2. The amount deducted for commissions and other allowances;

And must then return one copy of the report to the County Treasurer.

3874. The County Treasurer must file with the Auditor of his county the copy returned to him by the Controller.

3875. The Auditor must then make the proper entries in his account with the Treasurer.

3876. The Controller must, in the settlement, allow the Treasurer for

mileage at the rate of forty cents per mile from the county seat to the capital, such mileage not to exceed at any settlement one hundred dollars.

3877. The Controller may examine the books of any officer charged with the collection and receipt of State taxes.

3878. If he believes any officer has been guilty of defrauding the State of revenue, or has neglected or refused to perform any duty relating to the revenue, he must direct the District Attorney or other counsel to prosecute the delinquent.

3879. When any law in relation to the revenue of the State has been so far violated as to require the prosecution of the offender for a criminal offense, or proceedings against him by civil action, the Controller may designate the county in which the prosecution or proceeding may be had.

3880. The Controller or Attorney General may employ other counsel than the District Attorney, and the expenses must be audited by the Board of Examiners and be paid out of the State Treasury.

CHAPTER XI.

MISCELLANEOUS PROVISIONS.

3881. Omissions, errors, or defects in form in any original or duplicate assessment book, when it can be ascertained therefrom what was intended, may, with the written consent of the District Attorney, be supplied or corrected by the Assessor at any time prior to the sale for delinquent taxes, and after the original assessment was made. In the City and County of San Francisco, the written consent of the City and County Attorney shall have the same force and effect as the written consent of the District Attorney. [*Amended, April 3, 1876; Amendments, 1875-6, 59.*]

3882. When the omission, error, or defect has been carried into a delinquent list or any publication, the list or publication may be republished as amended, or notice of the correction may be given in a supplementary publication.

3883. The publication must be made in the same manner as the original publication, and for not less than one week.

3884. In the assessment of land, advertisement, and sale thereof for taxes, initial letters, abbreviations, and figures may be used to designate the township, range, section, or parts of section.

3885. No assessment or Act relating to assessment or collection of taxes is illegal on account of informality, nor because the same was not completed within the time required by law.

3886. The fines, forfeitures, and penalties incurred by a violation of any of the provisions of this Title must be paid into the Treasury for the use of the county where the person against whom the recovery is had resides.

3887. Personal property, mortgaged or pledged, is deemed the property of the person in possession, and the mortgagor or lessor of real estate is liable for the taxes thereon.

3888. Taxes must be paid in legal coin of the United States. A tax levied for a special purpose may be paid in such funds as may be directed.

3889. Every Assessor, District Attorney, and County Treasurer must annually, on the first Monday of January, make a settlement with the County Auditor of all transactions connected with the revenue for the previous year.

3890. The Treasurer, Tax Collector, Assessor, Clerk of the Board of Supervisors, and each member of the Board must separately perform the duties required of him in his office, and must not, except in the cases provided by law, perform the duties required of any other officer under this Title.

3891. With relation to the Acts passed at the present session of the Legislature, the provisions of this Title must, after this Title takes effect, be construed as though this Code had been passed and approved on the last day of the present session. But the provisions of this section do not apply to any Act expressly amendatory of either of the Codes, or putting into effect any part of either; nor to an Act approved March sixteenth, eighteen hundred and seventy-two, entitled an Act to put into immediate effect certain parts of the Political and Penal Codes; nor to an Act approved March twenty-second, eighteen hundred and seventy-two, entitled an Act to put into effect certain parts of the Codes and provide for their publication.

3892. All taxes assessed before this Code takes effect must be collected under the laws in force at the time the assessment was made, and in the same manner as if this Code had not been passed.

3893. The Board of Supervisors of each county must make to the Assessor and Auditor thereof a reasonable allowance, not to exceed eight cents per folio, for making the statements required by sections three thousand six hundred and fifty-five and three thousand seven hundred and twenty-eight, and for making the duplicate assessment book mentioned in section three thousand seven hundred and thirty-two of the Political Code.

3894. The Board of Supervisors of each county in this State must allow the Assessor thereof such a number of Deputies, to be appointed by him in addition to the number now fixed, or where no Deputies are now allowed, so many Deputies as will, in the judgment of the Board, enable the Assessor to complete the assessment within the time prescribed by law.

3895. The Board must fix the compensation of the Deputies so allowed; and such compensation must be paid out of the General Fund in the County Treasury. The compensation must not exceed five dollars per day for each Deputy for the time actually engaged; nor must any allowance be made but

for work done between the first Monday in March and the first Monday in July of each year.

3896. The State Board of Equalization may, by an order entered upon its minutes, and certified to the County Auditor of any county in the State, dispense with the duplicate assessment book in such county, in which event the original assessment book shall perform all the offices of such duplicate, and shall have like force and effect.

3897. Whenever the State shall become the purchaser of property sold for taxes, and shall receive a grant of the same, the State Board of Equalization may direct the District Attorney of the county, or the Attorney General, to bring an action to recover possession of the same. In case of judgment for the recovery of the same, or of any part thereof, the Board of Equalization may order the property so recovered to be sold by the County Treasurer, under such regulations and on such terms as they may prescribe, and a grant from the people of the State, executed by the County Treasurer to the purchaser, reciting the facts necessary to authorize such sale and conveyance, shall convey all the interest of the State in such property, and be prima facie evidence of such facts. But no bid shall be received at such sale for less than twice the amount of all the taxes levied upon such property, and of all interest, costs, and expenses, up to the date of such sale. [*New Section, March 24, 1874; Amendments, 1873-4, 153.*]

3898. In case sales are made under the provisions of the next preceding section, the proceeds of such sale shall be paid into the County Treasury. The Treasurer shall retain and distribute to the respective Funds the portion belonging to the county, and shall pay the balance to the State Treasurer, who must place it in the General Fund. The attorney and counsel fees, costs and expenses of the litigation for the recovery of the property, and of sales by the same, when audited by the Board of Examiners, must be paid out of the General Fund; *provided*, that the allowances in any one case shall not exceed the amount of said balance in such case. [*New Section, March 24, 1874; Amendments, 1873-4, 154.*]

3899. The Controller may, at any time after a delinquent list has been delivered to a Collector, direct such Collector not to proceed in the collection of any tax on said list, amounting to three hundred dollars, further than to offer for sale but once any property upon which such tax is a lien. Upon such direction, the Collector, after offering the property for sale once, and there being no purchaser in good faith, must make out and deliver to the Controller a certified copy of the entries upon the delinquent list relative to such tax; and the Tax Collector, or the Controller, in case the Tax Collector refuses or neglects for fifteen days after being directed to bring suit for collection by the Controller, may proceed, by civil action in the proper Court, and in the name of the people of the State of California, to collect such tax and costs. [*New Section, March 24, 1874; Amendments 1873-4, 154.*]

3900. In such action a complaint in the following form is sufficient:
(Title of Court.)

The People of the State of California

vs.

(Naming the defendant.)

Plaintiff avers that the defendant is indebted to plaintiff in the sum of \$—, State and county taxes for the fiscal year 18—, with five per cent. added for the non-payment of such taxes, and — dollars, costs of collection, to date. Plaintiff demands judgment for said several sums, and prays that an attachment may issue in form as prescribed in section five hundred and forty of the Code of Civil Procedure.

(Signed by the Tax Collector, or Controller, or his attorney.)

On the filing of such complaint, the Clerk must issue the writ of attachment prayed for, and such proceedings shall be had thereunder as under writs of attachment issued in civil actions. If in such action the plaintiff recover judgment, there shall be included in such judgment an attorney's fee of ten per cent. on the amount of the tax. In such action the certified copy mentioned in the preceding section, made by the Collector and delivered to the Controller, is *prima facie* evidence that the person against whose property the tax was levied is indebted to the people of the State of California in the amount of such tax. In case of payment of any such taxes after suit as above mentioned shall have been commenced, or after the recovery of judgment therefor, such payment must be made to the County Treasurer of the county in which such taxes are due, whereupon the Treasurer, after distributing to the several funds of the county the portions belonging to it, and paying to the Controller or his attorney the portion received as attorney's fees, and other costs, must pay the remainder to the State Treasurer at the times and in the manner prescribed by law for the payment of other State taxes. [*New Section, March 24, 1874; Amendments, 1873-4, 155.*]

SUPPLEMENT XCVII.

1873-4, 477.

An Act in relation to the assessment and collection of taxes upon personal property in the City and County of San Francisco.

[Approved March 18, 1874.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The City and County of San Francisco is hereby exempted from the provisions of the Political Code relating to the assessment and

equalization of personal property for taxation, and the collection of taxes thereon, but only in so far as to give force and effect to the provisions of this Act hereinafter contained.

SEC. 2. The Assessor of said City and County must complete the assessment of personal property on or before the first Monday of June in each year, and enter the same in a separate assessment book, to be known as "The Assessment Book of Personal Property." As soon as completed, the said assessment book must be delivered to the Clerk of the Board of Supervisors, who must immediately give notice thereof, and of the time the Board will meet to equalize said assessment, by publication in some daily newspaper printed in said City and County; and in the mean time, until the Board meets to equalize said assessments, the assessment book must remain in his office, for the inspection of all persons interested.

SEC. 3. The Board of Supervisors shall meet on the second Monday in June, and must examine and equalize said assessment, in the same manner as required by the Political Code, and must complete the equalization of said assessment on or before the fourth Monday in June; and the Clerk of the Board must record, in a book to be kept for that purpose, all changes, corrections, and orders made by the Board, and, during its session, must enter in said assessment book all changes and corrections made by the Board, and must deliver the said assessment book, so corrected, to the Auditor of said City and County, on the fourth Monday of June, with an affidavit, in substance the same as that required by section three thousand six hundred and eighty-two of the Political Code.

SEC. 4. The Board of Supervisors must, on the fourth Monday of June, fix the rate of City and County taxes for the current fiscal year, and the Auditor must, on or before the second Monday of July, prepare and deliver to the Tax Collector a copy of said corrected assessment book, to be styled "Duplicate Assessment Book of Personal Property," in which shall be computed and entered, in separate money columns, the respective sums, in dollars and cents, rejecting the fractions of a cent, to be paid as a tax on the property therein enumerated, and to which must be attached his affidavit, subscribed and sworn to as follows: "I, ———, Auditor of the City and County of San Francisco, do swear that I received the assessment book of the personal property of the City and County of San Francisco, from the Clerk of the Board of Supervisors, with his affidavit thereto affixed, and that I have corrected it and made it conform to the requirements of the Board of Supervisors; that I have reckoned the respective sums due as taxes, and have added up the columns of valuations and taxes, as required by law, and that the copy to which this affidavit is attached is a true, full, and correct copy thereof." Said duplicate assessment book must contain columns for entry as hereinafter provided, for the State tax upon the property therein assessed.

SEC. 5. The said duplicate assessment book must thereupon be delivered to the Tax Collector; and all the acts required by the Political Code to be

performed by the Auditor and Tax Collector in relation to the duplicate assessment book and the taxes therein mentioned, must be performed by said officers, in relation to the assessment book herein provided, so far as the same can be made applicable.

SEC. 6. The Tax Collector, immediately upon receiving said assessment roll, must publish in one or more of the daily newspapers of said City and County that the taxes therein mentioned are due and payable at the office of the Tax Collector of said City and County, and will become delinquent on the first Monday of August, and that unless paid on or before the last mentioned date five per cent. will be added to the amount thereof. The Tax Collector may, at any time after said taxes become delinquent, collect the same by seizure and sale of any personal property owned by the delinquent, and in proceedings for that purpose must be governed by sections from three thousand seven hundred and ninety-one to three thousand seven hundred and ninety-six, inclusive, of the Political Code.

SEC. 7. On the Wednesday following the fourth Monday of September the Tax Collector must return the said duplicate assessment roll to the Auditor, who must, at the time provided in the Political Code for computing and entering the State and county taxes, add to or deduct from the valuation of the property enumerated in said assessment book, any per centum which may have been required by the State Board of Equalization, and compute the State taxes to be paid on said personal property, and enter the same, with all delinquent taxes which may appear in said book, in the proper columns. After completing such computations and entries, the Auditor must annex his affidavit to said book, stating that he has truly and correctly made all reductions and additions required by the State Board of Equalization, and computed, entered, and added all the State taxes, and all the delinquent City and County taxes, and the per centum due on the property therein enumerated, and return the same to the Tax Collector at the time when the duplicate assessment book of taxes upon real estate is required by law to be delivered.

SEC. 8. The Tax Collector must collect said State taxes, and said delinquent City and County taxes and per centum, at the time and in the same manner as he is by law required to collect other State and county taxes.

SEC. 9. The Assessor may, at any time prior to the fourth Monday in October in each year, specially assess any property which may have been omitted and which shall not be entered upon the regular assessment roll; and, if he makes any such special assessment, he shall forthwith deliver a copy thereof to the Tax Collector, and the original to the Auditor, who shall charge the Tax Collector with the amount of taxes due thereon; and all such special assessments shall be as valid and shall have the same force and effect as regular assessments.

SEC. 10. All the provisions of the Political Code and other laws relating to State and county revenue, except where they are in conflict with, are made part of this Act.

SEC. 11. This Act shall take effect immediately.

SUPPLEMENT XCVIII.

CIVIL CODE, DIVISION 1, PART IV, TITLE IV.

STREET RAILROAD CORPORATIONS.

497. Authority to lay railroad tracks through the streets and public highways of any incorporated city or town may be obtained for a term of years, not exceeding fifty, from the Trustees, Council, or other body to whom is intrusted the government of the city or town, under such restrictions and limitations, and upon such terms, and payment of license tax, as the city or town authority may provide. In no case must permission be granted to propel cars upon such tracks otherwise than by horses, mules, or by wire ropes running under the streets and moved by stationary steam engines, unless for special reasons as hereinafter provided. [*Amended, March 3, 1876; Amendments, 1875-6, 76.*]

498. The city or town authorities, in granting the right of way to street railroad corporations, in addition to the restrictions which they are authorized to impose, must require a strict compliance with the following conditions, except in the cases of prismoidal or other elevated railways. In such cases, said railway shall be required to be constructed in such a manner as will present the least obstruction to the freedom of the streets on which it may be erected, when allowed by the granting power:

First. To construct their tracks on those portions of streets designated in the ordinance granting the right, which must be as nearly as possible in the middle thereof.

Second. To plank, pave, or macadamize the entire length of the street, used by their track, between the rails, and for two feet on each side thereof, and between the tracks, if there be more than one, and to keep the same constantly in repair, flush with the street, and with good crossings.

Third. That the tracks must not be more than five feet wide within the rails, and must have a space between them sufficient to allow the cars to pass each other freely. [*Amended, April 3, 1876; Amendments, 1875-6, 77.*]

499. Two corporations may be permitted to use the same street, each paying an equal portion for the construction of the track; but in no case must two railroad corporations occupy and use the same street or track for a distance of more than five blocks.

500. Any proposed railroad track may be permitted to cross any track already constructed, the crossing being made as provided in Chapter II, Title III, of this Part. In laying down the track and preparing therefor, not more than one block must be obstructed at any one time, nor for a longer period than ten working days.

501. The rates of fare on the cars must not exceed ten cents for one fare, for any distance under three miles. The cars must be of the most approved construction for comfort and convenience of passengers, and provided with brakes to stop the same, when required. The rate of speed must not be greater than eight miles per hour. A violation of the provisions of this section subjects the corporation to a fine of one hundred dollars for each offense.

502. Work to construct the railroad must be commenced within one year from the date of the ordinance granting the right of way and the filing of articles of incorporation, and the same must be completed within three years thereafter. A failure to comply with these provisions works a forfeiture of the right of way as well as of the franchise, unless the uncompleted portion is abandoned by the corporation, with the consent of the authorities granting the right of way—such abandonment and consent to be in writing.

503. Cities and towns in or through which street railroads run may make such further regulations for the government of such street railroads as may be necessary to a full enjoyment of the franchise and the enforcement of the conditions provided herein.

504. Any corporation, or agent or employee thereof, demanding or charging a greater sum of money for fare on the cars of such street railroad than that fixed, as provided in this Title, forfeits to the person from whom such sum is received, or who is thus overcharged, the sum of two hundred dollars, to be recovered in a civil action, in any Justice's Court having jurisdiction thereof, against the corporation.

505. Every street railroad corporation must provide, and, on request, furnish to all persons desiring a passage on its cars, any required quantity of passenger tickets or checks, each to be good for one ride. Any corporation failing to provide and furnish tickets or checks to any person desiring to purchase the same at not exceeding the rate hereinbefore prescribed, shall forfeit to such person the sum of two hundred dollars, to be recovered as provided in the preceding section. [*Amended, March 30, 1874; Amendments, 1873-4, 213.*]

506. Upon the trial of an action for any of the sums forfeited, as provided in the two preceding sections, proof that the person demanding or receiving the money as fare, or for the sale of the ticket or check, was at the time of making the demand or receiving the money, engaged in an office of the corporation, or vehicle belonging to the corporation, shall be prima facie evidence that such person was the agent, servant or employee of the corporation, to receive the money, and give the ticket or check mentioned. [*Amended, March 30, 1874; Amendments, 1873-4, 213.*]

507. In every grant to construct street railroads, the right to grade, sewer, pave, macadamize or otherwise improve, alter or repair the streets or highways, is reserved to the corporation, and cannot be alienated or impaired; such work to be done so as to obstruct the railroad as little as possible, and,

if required, the corporation must shift its rails so as to avoid the obstructions made thereby. [*Amended, March 30, 1874; Amendments, 1873-4 214.*]

508. Each street railroad corporation must pay to the authorities of the city, town, county, or city and county, as a license upon each car, such sum as the authorities may fix, not exceeding fifty dollars per annum in the City of San Francisco, nor more than twenty-five dollars per annum in other cities or towns. Where any street railroad connects or runs through two or more cities or towns, a proportionate or equal share of such license tax must be paid to each of the cities or towns; and no such license tax is due the county authorities where the same is paid to any city or town authority.

509. The right to lay down a track for grading purposes, and maintain the same for a period not to exceed three years, may be granted by the corporate authorities of any city or town, or city and county, or Supervisors of any city or county, but no such track must remain more than three years upon any one street; and it must be laid level with the street, and must be operated under such restrictions as not to interfere with the use of the street by the public. The corporate authorities of any city or town, or city and county, may grant the right to use steam or any other motive power in propelling the cars used on such grading track, when public convenience or utility demands it, but the reasons therefor must be set forth in the ordinance, and the right to rescind the ordinance at any time reserved.

510. Street railroads are governed by the provisions of Title Three of this Part, so far as they are applicable, unless such railroads are therein specially excepted. [*Amended, March 30, 1874; Amendments, 1873-4, 214.*]

511. When a street railroad is constructed, owned or operated by any natural person, this Title is applicable to such person in like manner as it is applicable to corporations.

SUPPLEMENT XCIX.

1869-70, 815.

*An Act concerning Gas companies.*¹²⁰

[Approved April 4, 1870.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. From and after the passage of this Act, it shall be lawful for the corporate authorities of every city and town in this State, and for the

¹²⁰ See. on this subject, Civil Code, Division I, Part IV, Title XV, § 628 to § 632, inclusive, "GAS CORPORATIONS."

Supervisors of the City and County of San Francisco, to grant to any gas company the privilege of laying down pipes in the streets or alleys of such towns and cities, including San Francisco, as aforesaid, and supplying gas for the lighting of the streets and buildings thereon; such privilege to continue for a term not exceeding twenty-five years.

SEC. 2. Every such license or privilege shall be upon condition that the authorities shall have the right at any time to allow similar privileges to other companies; and upon the further condition that the laying down of such pipes shall be subject to the reasonable direction of the said authorities, and shall do as little injury as possible to the paving, planking or macadamizing of the streets and alleys aforesaid; and that whenever the paving, planking or macadamizing of such streets or alleys is displaced for the purpose of laying down pipes or removing the same, or making connections therewith or repairs thereto, such paving, planking or macadamizing shall be replaced in as good order as practicable by such company.

SEC. 3. The authorities of every such town or city, including San Francisco, as aforesaid, may contract with any gas company for lighting the streets thereof; but no such contract shall be made at a fixed rate for a longer term than five years, nor at a variable or other rate for a longer term than ten years; nor shall any such contract be made at a higher rate than that now paid in the City of San Francisco.

SEC. 4. In addition to the foregoing provisions, the authorities of such towns and cities shall affix to every license or contract such conditions as will be for the benefit of the public, and may secure their enforcement by any orders or ordinances which they may deem necessary. They may, also, control the location and construction of works so that they may be erected in suitable localities to give the least discomfort or annoyance to the public.

SEC. 5. This Act shall take effect immediately.

SUPPLEMENT C.

1858, 52.

An Act concerning the City of San Francisco, and to ratify and confirm certain Ordinances of the Common Council of said City.

[Approved March 11, 1858.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. *Whereas*, The Common Council of the City of San Francisco passed an ordinance, approved by the Mayor on the twentieth day of June,

A. D. one thousand eight hundred and fifty-five, which ordinance is in the words and figures following, to wit:

Number eight hundred and twenty-two—Ordinance for the settlement and quieting of the land titles in the City of San Francisco.

The People of the City of San Francisco do ordain as follows:

§ 1. It shall be the duty of the Mayor to enter, at the proper land office of the United States, at the minimum price, all the lands above the natural high-water mark of the Bay of San Francisco, at the time of the admission of California into the Union as a State, situated within the corporate limits of the City of San Francisco, as defined in the Act to incorporate said city, passed April fifteenth, one thousand eight hundred and fifty-one, in trust for the several use, benefit and behoof of the occupants or possessors thereof, according to their respective interests.

§ 2. The City of San Francisco hereby relinquishes and grants all the right and claim of the city to the lands within the corporate limits, to the parties in the actual possession thereof, by themselves or tenants, on or before the first day of January, A. D. one thousand eight hundred and fifty-five, and to their heirs and assigns forever; excepting the property known as the slip property, and bounded on the north by Clay street, on the west by Davis street, on the south by Sacramento street, and on the east by the water-lot front. And excepting, also, any piece or parcel of land situated south, east or north of the water-lot front of the City of San Francisco, as established by an Act of the Legislature of March twenty-sixth, A. D. one thousand eight hundred and fifty-one; *provided*, such possession has been continued up to the time of the introduction of this ordinance in the Common Council; or, if interrupted by any intruder, or trespasser, has been, or may be, recovered by legal process; and it is hereby declared to be the true intent and meaning of this ordinance, that when any of the said lands have been occupied and possessed under and by virtue of a lease or demise, they shall be deemed to have been in the possession of the landlord or lessor under whom they were so occupied or possessed; *provided*, that all persons who hold title to lands within said limits by virtue of any grant made by any ayuntamiento, town council, alcalde or justice of the peace of the former pueblo of San Francisco, before the seventh day of July, one thousand eight hundred and forty-six; or grants to lots of land lying east of Larkin street and northeast of Johnston street made by any ayuntamiento, town council, or alcalde, of said pueblo, since that date, and before the incorporation of the City of San Francisco by the State of California; and which grant, or the material portion thereof, was registered or recorded in a proper book of record deposited in the office, or custody, or control of the Recorder of the County of San Francisco, on or before the third day of April, A. D. one thousand eight hundred and fifty; or by virtue of any conveyance duly made by the commissioners of the funded debt of the City of San Francisco, and recorded on or before the first day of January, one thousand eight hundred and fifty-five, shall, for all the purposes

contemplated by this ordinance, be deemed to be the possessors of the land so granted, although the said lands may be in the actual occupancy of persons holding the same adverse to the said grantees.

§ 3. The patent issued, or any grant made by the United States to the city, shall inure to the several use, benefit and behoof of the said possessors, their heirs and assigns, mentioned in the preceding section, as fully and effectually, to all intents and purposes, as if it were issued or made directly to them individually and by name.

§ 4. The city, however, as a consideration annexed to the next two preceding sections, reserves to itself all the lots which it now occupies, or has already set apart for public squares, streets, and sites for school houses, city hall, and other buildings belonging to the corporation; and also such lots and lands as may be selected and reserved for streets and other public purposes, under the provisions of the next succeeding sections.

§ 5. The city shall have the right to proceed to lay out and open streets, as soon as the corporation may deem it expedient, in that part of the city west of Larkin street and southwest of Johnston street, and reserves the right to take possession of such lands as it may be necessary to occupy for that purpose, without compensation; and to assess, in the manner provided by the present or any existing charter of the city, upon the lands bounded on such streets, the whole expense of laying out, opening, grading and constructing the same; and payment of the costs of said improvements shall be deemed a charge upon the lands mentioned in this section, to which the City of San Francisco relinquishes her right and title by the second and third sections of this ordinance.

§ 6. The city shall also have the right to select and set apart, from the lands west of Larkin street and southwest of Johnston street, as many lots, not exceeding one hundred and thirty-seven and a half feet square each, as the Mayor and Common Council may, by ordinance, determine to be necessary for sites for school-houses, hospitals, fire-engine-houses, and other public establishments necessary and proper for the use of the corporation; and may lay out and reserve upon the said lands, at convenient and suitable points and distances, public squares, which shall not embrace more than one block, corresponding in size to the adjoining blocks; *provided*, that the selection shall be made within six months from the time of the passage of this ordinance; and that the city shall not, without due compensation, occupy, for the purposes mentioned in this section, after the laying out the streets aforesaid, more than one-twentieth part of the land in the possession of any one person; and that such possessor shall voluntarily assent thereto; or, refusing to do so, shall not be entitled to the benefit of any concession contained in the second and third sections of this ordinance.

§ 7. The lots and lands reserved for the use of the corporation, under the provisions of the next preceding section, shall be selected in localities likely to be most convenient and suitable for their respective uses, and in

such proportion to the quantity in the possession of the respective occupants as to make the apportionment as nearly equal as circumstances will admit.

§ 8. The selection of said lands and lots shall be made by a commission, to consist of three persons, who shall be chosen by the Common Council, in joint convention, who shall report the same to the Common Council for its approval; and, upon such approval, deeds of release to the corporation for the lands thus selected shall be executed, acknowledged and recorded, in which deeds shall be specified the uses for which they are granted, reserved, and set apart, respectively.

§ 9. Although the city hereby renounces in favor of the actual possessors, in accordance with the provisions of section second, any right or claim of its own, nothing in this ordinance is intended to prejudice any other outstanding title to the said lands adverse to the said possessors.

§ 10. Application shall be made to the Legislature to confirm and ratify this ordinance, and to Congress to relinquish all the right and title of the United States to the said lands, for the uses and purposes hereinbefore specified.

§ 11. Nothing contained in this ordinance shall be construed to prevent the city from continuing to prosecute, to a final determination, her claim now pending before the United States Land Commission, for pueblo lands, for the several use, benefit, and behoof, of the said possessors mentioned in section two, as to the lands by them so possessed, and for the proper use, benefit, and behoof, of the corporation as to all other lands not hereinbefore released and confirmed to the said possessors.

§ 12. That all ordinances, or parts of ordinances, conflicting with this ordinance, or any of its provisions, be and the same are hereby repealed.

[Approved, June twentieth, one thousand eight hundred and fifty-five.

S. P. WEBB, Mayor.]

And whereas, the said Common Council passed another ordinance, approved by the Mayor of said city, September twenty-seventh, A. D. one thousand eight hundred and fifty-five, which last mentioned ordinance is in the words and figures following, to wit:

Number eight hundred and forty-five—Ordinance providing for selecting and designating public squares and reservations for hospitals, fire-engines, and school purposes, and for adopting the plan of streets in the western and south-western portion of the city, according to the provisions of ordinance number eight hundred and twenty-two, and confirmatory of said ordinance number eight hundred and twenty-two.

The People of the City of San Francisco do ordain as follows:

§ 1. Under and by virtue of the provisions of the ordinance of the Common Council number eight hundred and twenty-two, entitled "an ordinance for the settlement and quieting of land titles in the City of San Francisco, approved June twentieth, one thousand eight hundred and fifty-five," the

Board of Aldermen and Board of Assistant Aldermen shall meet in joint convention, at their next regular meeting after the passage of this ordinance, and proceed to elect three commissioners, who shall have the powers, and proceed to discharge the duties specified in section eight of said ordinance number eight hundred and twenty-two.

§ 2. It shall be the duty of the City Surveyor, acting in conjunction with the said commissioners, and with their concurrence, to furnish, by way of recommendation to the Common Council, within one month from the date of their appointment, a plan for the location and dimensions of the streets to be laid out within the city limits, west of Larkin, and southwest of Johnston streets, upon which plan shall also be designated the lots and grounds selected by the said commissioners for the use of the city under the provisions of the aforesaid ordinance number eight hundred and twenty-two; *provided*, that the compensation of said commissioners shall not exceed the sum of one hundred dollars each, payable when the Common Council may legally make an appropriation therefor.

§ 3. The said ordinance number eight hundred and twenty-two, referred to in the preceding section one, is hereby re-ordained, ratified, and confirmed in all its parts.

[Approved September twenty-seventh, one thousand eight hundred and fifty-five.

JAMES VAN NESS, Mayor.]

And whereas, in pursuance of the aforesaid ordinances, commissioners were appointed by the Common Council, who in conjunction with the City Surveyor of said city, agreed upon and reported, for the approval of the Common Council, a plan for the location of streets, public squares, and lots for public uses, to be laid out west of Larkin and south-west of Johnston streets, in said city, accompanied by a map of the same, which said plan and map was, by the justices of the peace, exercising the powers of a Board of Supervisors of the City and County of San Francisco, adopted, approved, and ratified by an order bearing date the sixteenth day of October, A. D. one thousand eight hundred and fifty-six, which is in the words and figures following, to wit:

The Board of Supervisors of the City and County of San Francisco do ordain as follows:

§ 1. That the plan or map of the Western Addition, reported by the commission created under an ordinance of the last Common Council of the City of San Francisco, be adopted by this Board, and be declared to be the plan of the city, in respect to the location and establishment of streets and avenues, and the reservation of squares and lots for public purposes in that portion of the then incorporated limits of said city, lying west of Larkin and south-west of Johnston streets.

Be it therefore enacted, that the within and before-recited order and ordinances be, and the same are hereby, ratified and confirmed; and all the land entered, or to be entered, in the United States Land office, in pursuance of

section one of the first recited of said ordinances, in trust, shall pass and inure to, and be deemed to have immediately vested in the occupants thereof, for their several use and benefit, according to their respective interests, in execution of the trust designated in an act of Congress, entitled an act for the relief of citizens of towns upon the public lands of the United States, under certain circumstances, approved May twenty-third, one thousand eight hundred and forty-four, as extended and applied by an act of Congress, entitled an act to provide for the survey of the public lands in California, the granting of pre-emption rights therein, and for other purposes, approved March third, one thousand eight hundred and fifty-three; and it shall be the duty of all courts and officers to take judicial notice of the said order and ordinances, as hereinbefore recited, without further proof, as fully and effectually, to all intents and purposes, as if they were public acts of the State Legislature.

SEC. 2. That the grant or relinquishment of title made by the said city in favor of the several possessors, by sections two and three of the ordinance first above recited, shall take effect as fully and completely, for the purpose of transferring the city's interest, and for all other purposes whatsoever, as if deeds of release and quit-claim had been duly executed and delivered to and in favor of them individually and by name; and no further conveyance or other act shall be necessary to invest the said possessors with all the interest, title, rights, benefits, and advantages, which the said order and ordinances intend or purport to transfer or convey, according to the true intent and meaning thereof; *provided*, that nothing in this act shall be so construed as to release the City of San Francisco, or City and County of San Francisco, from the payment of any claim or claims due or to become due this State against said City, or City and County, nor to effect or release to said City and County any title this State has or may have to any lands in said City and County of San Francisco.
